ARTICLE XI. ESTABLISHMENT OF PROPOSED STREET LINES

Sec. 11.1. Authorized; Notice and Hearing. Whenever, in the opinion of the Board of Aldermen, it is for the best interest of the City that any street should be widened or extended, or both, or that a new street should be opened, the Board may pass an ordinance declaring that such street should be widened or extended, or both, or that such new street should be opened, and shall lay out in the ordinance the lines within which such streets should be widened, extended or opened. If any street under the provisions of such ordinances is to be widened, it need not be widened on both sides; and if it is to be widened on both sides, the distance to be widened on both sides need not be the same. Any ordinance introduced for the purpose of widening, extending, or opening any street under the provisions of this Charter, may not be adopted until the proposed ordinance is published in a newspaper having general circulation in the City and qualified to carry legal notices at least two times, on separate days, at least ten days before the passage of the ordinance, or, if there be not such newspaper, posted in three public places in the City. There shall be posted or published with the ordinance a notice stating when property owners may be heard by the Board. A public hearing on the question of the adoption of such ordinance shall be held prior to the passage of the ordinance. The City shall file with the Register of Deeds of Lee County an original thoroughfare map showing all proposed streets as the same may be amended from time to time. Such amendments shall be made within 20 days following any change in the thoroughfare plan.

Sec. 11.2. Notice to City Prerequisite to Improvement in Proposed Street Lines. After the passage of such ordinance, it shall be unlawful for any land within the proposed street lines established by such ordinance to be built upon or improved, or for any part of any existing building within such lines to be repaired or otherwise improved until the City shall have been given an opportunity to purchase or otherwise acquire such property for street purposes as provided in this Charter. To that end, any person proposing to build upon such land or to make repairs or improvements to that part of any existing building situated thereon shall, in writing, notify the Board of Aldermen of the nature and estimated cost of such building, repairs, or improvements. The Board shall then determine whether it will take the necessary steps to acquire such property prior to the construction of such building or the making of such repairs or improvements and if it fails from 60 days from date of receipt of such notice to acquire, or to institute condemnation proceedings to acquire, such property, the owner or other person giving such notice may proceed to erect the building in accordance with the ordinances and regulation of the City, or to make the repairs or improvements described in such notice.

Sec. 11.3. Failure to Give Notice Bars Recovery for Improvements. If any person, firm, or corporation builds upon any land included within

proposed street lines, or repairs or otherwise improves that part of any existing building within the proposed street lines without giving the City an opportunity to acquire such land free from such improvements, as provided in the preceding Section, the City shall not be required to pay for the value of the building, repairs, or improvements in any proceedings subsequently brought to acquire such land for the purpose set out in the preceding Section.

Sec. 11.4. Acquisition of Land Prior to Improvement. If upon receiving a notice in compliance with Section 11.2 the Board of Aldermen determines to acquire such land immediately, it may acquire the same by grant, purchase, or condemnation. In no case shall an effort to purchase such land be necessary to the institution of condemnation proceedings. If the Board determines to proceed by condemnation, the condemnation shall be as set forth in this Charter.

Sec. 11.5. Cost of Land Acquired to be Assessed as Part of Improvements. After any land has been purchased or condemned for the purpose of widening, extending, or opening any street, and land purchased or condemned lies within the limits of an improvement directed in such proceedings, then the amount paid by the City for the land purchased or condemned, together with the cost of the condemnation proceeding and interest paid on such amount, and other costs shall be included in the cost of such improvement and shall be assessed as provided by law against the property to be assessed for the improvements.

Sec. 11.6. Exercise of Condemnation Power After Failure of City to Acquire Following Notice of Improvement. The failure of the City to acquire any land within 60 days after receiving notice that the same is to be built upon, or that a building thereon is to be repaired or otherwise improved, or its failure within such time to institute proceedings to condemn same, shall not limit the right of the City at any subsequent time to condemn the same; but in such case the owner shall be entitled to compensation as now provided by law for the building, repairs, or improvements made after the giving of the required notice and the failure of the City to acquire such land free of such improvements.

ARTICLE XII. STREET IMPROVEMENTS: ASSESSMENT OF COSTS

Sec. 12.1. Authority. In addition to any authority which is now or may hereafter be granted by general law to the City for making street improvements, the Board of Aldermen is hereby authorized to make street improvements and to assess the cost thereof against abutting property owners in accordance with the provisions of this Article.

Sec. 12.2. When Petition Unnecessary. The Board of Aldermen may order street improvements and assess the cost thereof, exclusive of the costs incurred at street intersections, against the abutting property owners at an equal rate per front foot, without the necessity of a petition, upon the finding by the Board as a fact:

(a) That the street improvement project does not exceed one thousand linear feet, and

Sec. 12.3. Street Improvement Defined. For the purpose of the preceding Section, the term 'street improvement' shall include grading, regrading, surfacing, widening, paving, repaving, the acquisition of right of way, and the construction or reconstruction of curbs, gutters and street drainage facilities.

Sec. 12.4. Assessment Procedure. In ordering street improvements without a petition and assessing the cost thereof under authority of this Article, the Board of Aldermen shall comply with the procedure provided by Article 9, Chapter 160 of the General Statutes, except those provisions relating to the petition of property owners and the sufficiency thereof.

Sec. 12.5. Effect of Assessments. The effect of the act of levying assessments under authority of this Article shall for all purposes be the same as if the assessments were levied under authority of Article 9, Chapter 160 of the General Statutes.

The Board of Aldermen may by ordinance establish a procedure whereby the City forces may clean, cut, and remove any weeds, trash, refuse or other offensive matter from any property upon failure of the owner or occupant after ten days' notice to do so. In such event the cost of such cleaning, cutting and removal shall become a lien upon the particular property equal to the lien for ad valorem taxes and may thereafter be collected either by suit in the name of the City or by foreclosure of the lien in the same manner and subject to the same rules, regulations, costs and penalties as provided by law for the foreclosure of the lien on real property for ad valorem taxes.

To assure compliance with such requirements, the ordinance may require the posting of bond or such other method as will offer guarantee of compliance.

Sec. 15.2. Regulatory Codes. The Board of Aldermen is hereby authorized to make effective and to enforce within the territory lying outside the corporate limits and within one mile thereof all ordinances and codes of the City regulating the construction and repair of buildings, including building codes, plumbing codes, electrical codes, heating and air conditioning codes, fire prevention codes, minimum housing codes adopted pursuant to Article 15 of Chapter 160 of the General Statutes, and ordinances adopted pursuant to G. Unless the claim or demand is so presented within 90 days after the cause of action accrues, any action thereon is barred.

(b) No action shall be instituted against the City on account of damages to or compensation for real property taken or used by the City for any

public purpose or for the ejectment of the City therefrom, or to remove a cloud upon the title thereof, unless, within three years after such alleged use, the owner, his executor, administrator, guardian, or next friend, shall have given notice in writing to the Board of Aldermen of the claim, stating in the notice the date that the alleged use commenced, a description of the property alleged to have been used, and the amount of the damage or compensation claimed.

(c) Notwithstanding the provisions of subsections (a) and (b) of this Section, if a complainant suffers from physical or mental incapacity that renders it impossible for him to give notice, his action shall not be barred if notice of claim is given by him or on his behalf within six months after the termination of his incapacity; provided, that minority shall not of itself constitute physical or mental incapacity. The City may at any time request the appointment of a next friend to represent any person having a potential claim against the City and known to be suffering from physical or mental incapacity.

(d) Within the time limit, claims may be filed with the Board in session, with the City Manager, the City Clerk, or with the Mayor.

Sec. 16.2. Settlement of Claims by City Manager. The City Manager may settle claims against the City for (1) personal injuries or damages to property when the amount involved does not exceed the sum of one hundred dollars ($100.00) and does not exceed the actual loss sustained, including loss of time, medical expenses, and any other expense actually incurred and (2) the taking of small portions of private property which are needed for the rounding of corners at intersections of streets, when the amount involved in any such settlement does not exceed five hundred dollars ($500.00) and does not exceed the actual loss sustained. Settlement of a claim by the City Manager pursuant to this Section shall constitute a complete release of the City from any and all damages sustained by the person involved in such settlement in any manner arising out of the accident, occasion, or taking complained of. All such releases shall be approved in advance by the City Attorney."

Sec. 2. The purpose of this Act is to revise the Charter of the City of Sanford and to consolidate herein certain Acts concerning the property, affairs, and government of the City. The award of the Industrial Commission, as provided in § 97-84, if not reviewed in due time, or an award of the Commission upon such review, as provided in § 97-85, shall be conclusive and binding as to all questions of fact; but either party to the dispute may, within 30 days from the date of such award or within 30 days after receipt of notice to be sent by registered mail or certified mail of such award, but not thereafter, appeal from the decision of said Commission to the Court of Appeals for errors of law under the same terms and conditions as govern appeals from the Superior Court to the Court of Appeals in ordinary civil actions. The appellant shall cause to be prepared a statement of the case as required by the rules of the Court of Appeals. A copy of this statement shall be served on the respondent within 45 days from the entry of the appeal taken; within 20 days after such service, the respondent shall return the copy with his approval or specified amendments endorsed or attached; if the case be approved by the respondent, it shall be filed with the clerk of the Court of Appeals as a part of the record; if not returned with objections within the time prescribed, it shall be deemed approved. At the time and place stated, the Chairman of the Industrial Commission shall settle and sign the case and deliver a copy to the attorneys of each party. The appellant shall within five days thereafter file it with the clerk of the Court of Appeals, and if he fails to do so the respondent may file his copy.

The Industrial Commission of its own motion may certify questions of law to the Court of Appeals for decision and determination by said Court. In case of an appeal from the decision of the Commission, or of a certification by said Commission of questions of law, to the Court of Appeals, said appeal or certification shall operate as a supersedeas, and no

AN ACT AUTHORIZING THE CITY OF CHARLOTTE TO PRESERVE THE INTEGRITY OF MUNICIPAL PLANS BY THE REGULATION OF BUILDINGS IN MAPPED STREETS.

The General Assembly of North Carolina do enact:

Section 1. Platting of Street Lines. From and after the time when the City Council shall have adopted a master plan which includes at least a major street plan or shall have progressed in its master planning to the stage of the making and adoption of a major street or thoroughfare plan, said City Council shall have the power to make or cause to be made by its city engineer, from time to time, surveys for the exact location of the lines of new, extended, widened, or narrowed streets in the whole or in any portion of the municipality, or its authorized planning area, and to make and certify to Council a plat or plats of the area or areas thus surveyed on which are indicated the locations of the lines recommended as the planned or mapped lines of future streets, street extensions, street widenings, or street narrowings. The making or certifying of a plat by the city engineer shall not in and of itself constitute or be deemed to constitute the opening or establishment of any street or the taking or acceptance of any land for street purposes.

Sec. 2. Establishment of Official Map. From and after the time when the City Council shall have adopted a master plan which includes a major street plan or shall have progressed in its master planning to the stage of the making and adoption of a major street plan, and shall have certified a copy of such major street plan, said Council may establish an official map of the municipality showing the location of the streets of the whole or of any part or parts of the municipality theretofore existing and established by law as public streets. Such official map may also show the location of the lines of streets on plats of subdivisions which shall have been approved by the planning commission of the municipality. Such official map may also show the location of the lines of streets on plats of subdivisions which, previous to the establishment of the official map shall have been approved under and in accordance with the provisions of the subdivision ordinance. Council shall certify the fact of the establishment of the official map to the recorder of the county in which such municipality is situated.

Sec. 3. Official Map: Additions and Changes. In the event that the official map established under Section 2 of this Act does not include the whole of the municipality, but only certain part or parts thereof, then the Council of the municipality may add to the official map by placing thereon, from time to time, the lines of the streets which, at the date of the establishment of the official map, existed and were established by law as public streets in other part or parts of the municipality or had been approved as public streets, in such other part or parts of the municipality under the provisions of the subdivision ordinance. Said Council may also add to the official map by placing thereon, from time to time, the lines of streets in accordance with the plat of any subdivision which shall have been approved by the planning commission of the municipality. Said

Council may make, from time to time, other additions to or modifications of the official map by placing thereon the lines of planned new streets or street extensions, widenings, narrowings, or vacations; provided, however, that before taking any such action, Council shall hold a public hearing thereon, notice of the time and place of which shall be given not less than 10 days previous to the time fixed therefor by one publication in a newspaper of general circulation in the municipality and, insofar as their addresses appear in the municipal directory or on municipal records or are otherwise known to the clerk of the municipal Council, by mail to the record owners of the lands on or abutting which the proposed street lines are located, and provided further that such proposed addition to or modification of the official map shall be submitted to the planning commission, the city engineer, and the traffic engineer of the City of Charlotte for its approval. The placing of any street or street line upon the official map shall not in and of itself constitute or be deemed to constitute the opening or establishment of any street or the taking or acceptance of any land for street purposes.

Sec. 4. Regulations of Buildings in Bed of Mapped Streets. For the purpose of preserving the integrity of the official map, no permit shall be issued for any building or structure or part thereof on any land located between the mapped lines of any street as shown on the official map. The Board of Adjustment shall have the power, upon an appeal filed with it by the owner of such land, to authorize the grant of a permit for a building or structure or part thereof within any such mapped-street location in any case in which such Board finds, upon the evidence and arguments presented to it upon such appeal, (a) that the property of the appellant of which such mapped-street location forms a part will not yield a reasonable return to the owner unless such permit be granted, or (b) that, balancing the interest of the municipality in preserving the integrity of the official map and the interest of the owner in the use and benefits of his property, the grant of such permit is required by considerations of justice and equity. Before taking any such action, the Board of Adjustment shall hold a hearing thereon, at least 10 days' notice of the time and place of which shall be given to the appellant by mail at the address specified by the appellant in his appeal petition. In the event that the Board of Adjustment decides to authorize a building permit, it shall have the power to specify the exact location, ground area, height, and other details and conditions of extent and character, and also the duration, of the building, structure, or part thereof to be permitted, and the method of their removal.

Sec. 4.5. In the event condemnation proceedings have not been filed with the Clerk of Superior Court or actual purchase has not been made of the property lying within the boundaries of any street shown on the official map within three years from the date on which such street is added to the map, then the property lying within the boundaries of such street shall be deemed conclusively to have been abandoned for street purposes by the City of Charlotte, and thereafter the owner thereof shall have the right to construct within its boundaries any type of building or structure permitted by the applicable zoning laws and restrictions.

In addition, the below named categories of property lying within the boundaries, or right of way, of such streets, whichever is greater, shall

be removed from the city and county tax scrolls when said land is placed under the effect of this Act by action of the City Council as in Sections 2 and 3. The categories would be: (1) Vacant land (2) Unoccupied residential and commercial buildings and structures. If structures under Section 4 (2) are occupied at time of the City Council approval of the streets for inclusion in this Act, but subsequently become vacant, but prior to filing of condemnation or purchase, then property is to be removed from city and county tax scrolls on date said property became vacant. An appeal from any decision of the Board of Adjustment shall be to the City Council.

Sec. 5. Municipal Improvements in Streets: Buildings Not on Mapped Streets. Excepting in streets existing and established by law as public streets at the date of the establishment of the official map, no public water facilities, sewer, or other public utility or improvement shall be constructed after said date in any street until such street is duly placed on the official map. No permit for the erection of any building shall be issued unless a street giving access to such proposed building existed and was established by law as a public street at the time of the establishment of the official map or shall have been duly placed on the official map in accordance with the provisions of Sections 2 and 3 of this Act; provided, however, that the applicant for such permit may appeal to the Board of Adjustment. The Board of Adjustment shall hold a hearing thereon after 10 days' notice of the time and place and shall have the authority to authorize a permit, subject to such conditions as the Board may impose, where the circumstances of the case do not require the proposed building to be related to existing streets or to streets as shown on the official map and where the permit would not tend to distort or increase the difficulty of carrying out the official map or master plan of the municipality.

Sec. 6. Definitions. For the purposes of this Act, the term "street" or "streets" means, relates to, and includes streets, avenues, boulevards, roads, and other ways which have been accepted for maintenance by an agency of local government; "Council" means the chief legislative body of the municipality whether designated council, commission, board of aldermen, or by other title; and the term "municipality" or "municipal" includes and relates to the City of Charlotte.

Sec. 8. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 9. This Act shall become effective upon its ratification.

Article 2.

Time of Elections to Fill Vacancies.

§ 163-8. Filling Vacancies in State Executive Offices. If the office of Governor or Lieutenant Governor shall become vacant, the provisions of § 147-11.1 shall apply. If the office of any of the following officers shall be vacated by death, resignation, or otherwise than by expiration of term, it shall be the duty of the Governor to appoint another to serve until his successor is elected and qualified: Secretary of State, Auditor, Treasurer, Superintendent of Public Instruction, Attorney General, Commissioner of Agriculture, Commissioner of Labor, and Commissioner of Insurance. Each such vacancy shall be filled by election at the first election for members of the General Assembly that occurs more than 30 days after the vacancy has taken place, and the person chosen shall hold the office for the remainder of the unexpired four-year term: Provided, that when a vacancy occurs in any of the offices named in this Section and the term expires on the first day of January succeeding the next election for members of the General Assembly, the Governor shall appoint to fill the vacancy for the unexpired term of the office.

Upon the occurrence of a vacancy in the office of any one of these officers for any of the causes stated in the preceding paragraph, the Governor may appoint an acting officer to perform the duties of that office until a person is appointed or elected pursuant to this Section and Section 13, Article III, of the State Constitution, to fill the vacancy and is qualified.

§ 163-9. Filling Vacancies in State and District Judicial Offices. Vacancies occurring in the offices of Justice of the Supreme Court and Judge of the Superior Court for causes other than expiration of term shall be filled by appointment of the Governor. An appointee shall hold his place until the next election for members of the General Assembly that is held more than 30 days after the vacancy occurs, at which time an election shall be held to fill the unexpired term of the office: Provided, that when the unexpired term of the office in which the vacancy has occurred expires on the first day of January succeeding the next election for members of the General Assembly, the Governor shall appoint to fill that vacancy for the unexpired term of the office.

Vacancies in the office of district judge which occur before the expiration of a term shall not be filled by election. Instead, such a vacancy shall be filled for the unexpired term by appointment of the Governor from nominations submitted by the bar of the judicial district in which the vacancy occurs. If the district bar fails to submit nominations within two weeks from the date the vacancy occurs, the Governor may appoint to fill the vacancy without waiting for nominations.

§ 163-10. Filling Vacancy in Office of Solicitor. Any vacancy occurring in the office of solicitor for causes other than expiration of term shall be filled by appointment of the Governor. (b) Nominating Procedures: If a congressional vacancy occurs within eight months preceding the next succeeding general election, candidates for the special election to fill the vacancy shall not be nominated in primaries. Instead, nominations may be made by the political party congressional district executive committees in the district in which the vacancy occurs. The chairman and secretary of each political party congressional district executive committee nominating a candidate shall immediately certify his name and party affiliation to the State Board of Elections so that it may be printed on the special election ballots.

If the congressional vacancy occurs more than eight months prior to the next succeeding general election, the Governor shall call a special primary for the purpose of nominating candidates to be voted on in a special election called by the Governor in accordance with the provisions of subsection (a) of this Section. Each county board of elections shall possess full power to maintain order, and to enforce obedience to its lawful commands during its sessions, and shall be constituted an inferior court for that purpose. If any person shall refuse to obey the lawful commands of any county board of elections, or by disorderly conduct in its hearing or presence shall interrupt or disturb its proceedings, it may, by an order in writing, signed by its chairman, and attested by its secretary, commit the person so offending to the common jail of the county for a period not exceeding 30 days. Such order shall be executed by any sheriff or constable to whom the same shall be delivered, or if a sheriff or constable shall not be present, or shall refuse to act, by any other person who shall be deputed by the county board of elections in writing, and the keeper of the jail shall receive the person so committed

Article 5.

Precinct Election Officials.

§ 163-41. Precinct Registrars and Judges of Election; Special Registration Commissioners; Appointment; Terms of Office; Qualifications; Vacancies; Oaths of Office. (a) Appointment of Registrar and Judges. At the meeting required by § 163-31 to be held on the seventh Saturday before each primary election, the county board of elections shall appoint one person to act as registrar and two other persons to act as judges of election for each precinct in the county. Their terms of office shall continue for two years from the specified date of appointment and until their successors are appointed and qualified. It shall be their duty to conduct the primaries and elections within their respective precincts. Persons appointed to these offices must be registered voters and resident of the precinct for which appointed, of good repute, and able to read and write. Not more than one judge in each precinct shall belong to the same political party as the registrar, provided, however, that in a primary election in which only one political party participates all of the precinct officials shall be chosen from that party. For purposes of this Section, the second primary provided for in § 163-111 shall be considered part of the first primary and not a separate primary election.

No person holding any office or place of trust or profit under the government of the United States, or of the State of North Carolina, or any political subdivision thereof, shall be eligible to appointment as a precinct election official: Provided, that nothing herein contained shall

extend to officers in the militia, notaries public, commissioners of public charities, or commissioners for special purposes.

No person who is a candidate for nomination or election shall be eligible to serve as a registrar or judge of election.

The chairman of each political party in the county shall have the right to recommend from three to five registered voters in each precinct, who are residents of the precinct, and who have good moral character and are able to read and write, for appointment as registrar and judges of election in that precinct. If such recommendations are received by the county board of elections before the seventh Saturday before the primary is to be held, it may make precinct appointments from the names thus recommended, although it shall not be required to do so.

If, at any time other than on the day of a primary or election, a registrar or judge of election shall be removed from office, or shall die or resign, or if for any other cause there be a vacancy in a precinct election office, the chairman of the county board of elections shall appoint another in his place, promptly notifying him of his appointment. In filling such a vacancy, the chairman shall appoint a person who belongs to the same political party as that to which the vacating member belonged when appointed.

If any person appointed registrar shall fail to be present at the voting place at the hour of opening the polls on primary or election day, or if a vacancy in that office shall occur on primary or election day for any reason whatever, the precinct judges of election shall appoint another to act as registrar until such time as the chairman of the county board of elections shall appoint to fill the vacancy. If a judge of election shall fail to be present at the voting place at the hour of opening the polls on primary or election day, or if a vacancy in that office shall occur on primary or election day for any reason whatever, the registrar shall appoint another to act as judge until such time as the chairman of the county board of elections shall appoint to fill the vacancy. Persons appointed to fill vacancies shall, whenever possible, be chosen from the same political party as the person whose vacancy is being filled, and all such appointees shall be sworn before acting.

Before entering upon his duties each registrar shall take and subscribe the following oath of office to be administered by an officer authorized to administer oaths and file it with the county board of elections:

"I, ..., do solemnly swear (or affirm) that I will support the Constitution of the United States; that I will be faithful and bear true allegiance to the State of North Carolina, and to the constitutional powers and authorities which are or may be established for the government thereof; that I will endeavor to support, maintain and defend the Constitution of said State not inconsistent with the Constitution of the United States; that I will administer the duties of my office as registrar of ..... precinct, ... County, without fear or favor; that I will not in any manner request or seek to persuade or induce any voter to vote for or against any particular candidate or proposition; and that I will not keep or make any memorandum of anything occurring within a voting booth, unless I am called upon to testify

in a judicial proceeding for a violation of the election laws of this State; so help me, God."

Before the opening of the polls on the morning of the primary or election, the registrar shall administer the oath set out in the preceding paragraph to each judge of election and assistant, substituting for the word "registrar" the words "judge of elections in" or "assistant in", whichever is appropriate.

(b) Appointment of Special Registration Commissioners. In counties which adopt full-time and permanent registration the county board of elections may, in addition to registrars, select persons of good repute to act as special registration commissioners. Persons appointed as registration commissioners shall serve for two years, but their authority may be terminated by the county board of elections at any time without cause.

In counties which adopt full-time and permanent registration the chairman of each political party shall have the right to recommend registered voters who are residents of the county for appointment as special registration commissioners. If such recommendations are received by the county board of elections before the seventh Saturday before the primary is to be held, that board may make appointments from the names thus recommended, although it shall not be required to do so.

Before entering upon his duties each special registration commissioner shall take and subscribe the following oath of office to be administered by an officer authorized to administer oaths and file it with the county board of elections:

"I, ..., do solemnly swear (or affirm) that I will support the Constitution of the United States; that I will be faithful and bear true allegiance to the State of North Carolina, and to the constitutional powers and authorities which are or may be established for the government thereof; that I will endeavor to support, maintain and defend the Constitution of said State, not inconsistent with the Constitution of the United States; that I will administer the duties of my office as special registration commissioner for ..... County without fear or favor, to the best of my knowledge and ability, according to law; so help me, God."

(c) Publication of Names of Precinct Officials. Immediately after appointing registrars, judges, and special registration commissioners as herein provided, the county board of elections shall publish the names of the persons appointed in some newspaper having general circulation in the county or, in lieu thereof, at the courthouse door, and shall notify each person apointed of his appointment, either by letter or by having a notice served upon him by the sheriff.

§ 163-42. Assistants at Polls; Appointment; Term of Office; Qualifications; Oath of Office. Within the limits set by this Section, the county board of elections shall have authority to appoint an assistant or assistants for each precinct within the county to aid the registrar and judges. Assistants shall, in all cases, be qualified voters of the precinct for which appointed. No other assistants shall be appointed for any precinct. Assistants serve for the primary or election for which appointed and no longer.

No person who is a candidate for nomination or election shall be eligible to serve as an assistant.

In a precinct in which voting machines are not used, the county board of elections may appoint one assistant for each 300 voters registered in that precinct. In a precinct in which voting machines are used, the board may appoint one assistant for each 500 voters registered in that precinct.

Before entering upon the duties of his office, each assistant shall take the oath prescribed in § 163-41(a) to be administered by the registrar of the precinct for which the assistant is appointed.

§ 163-43. Ballot Counters; Appointment; Qualifications; Oath of Office. The county board of elections of any county may authorize the use of precinct ballot counters to aid the registrars and judges of election in the counting of ballots in any precinct or precincts within the county. The county board of elections shall appoint the ballot counters it authorizes for each precinct or, in its discretion, the board may delegate authority to make such appointments to the precinct registrar, specifying the number of ballot counters to be appointed for each precinct.

Upon acceptance of appointment, each ballot counter shall appear before the precinct registrar at the voting place immediately at the close of the polls on the day of the primary or election and take the following oath to be administered by the registrar:

"I, ..., do solemnly swear (or affirm) that I will support the Constitution of the United States; that I will be faithful and bear true allegiance to the State of North Carolina, and to the constitutional powers and authorities which are or may be established for the government thereof; that I will endeavor to support, maintain and defend the Constitution of said State, not inconsistent with the Constitution of the United States; that I will honestly discharge the duties of ballot counter in ..... precinct, ... County, for the primary (or election) held this day, and that I will fairly and honestly tabulate the votes cast in said primary (or election); so help me, God."

The names and addresses of all ballot counters serving in any precinct, whether appointed by the county board of elections or by the registrar, shall be reported by the registrar to the county board of elections at the county canvass following the primary or election.

§ 163-44. Markers for General Elections; Appointment; Qualifications; Oath of Office. Before each general election, a sufficient number of markers, whose duty it shall be to assist voters in the preparation of their ballots, shall be appointed for each precinct. The appointments shall be made by the county board of elections in consultation with the precinct registrar. In appointing markers, fair representation shall be given to each political party whose candidates appear upon the ballot. To this end, not more than 10 days before any election, the chairman of each political party in the county shall have the right to recommend not fewer than 10 registered voters in each precinct for appointment as markers to represent the party at the election in the precinct. All markers shall be appointed from the names thus recommended.

Persons appointed as markers must be registered voters and residents of the precinct for which appointed, of good moral character, and able

to read and write. Elected officers and candidates for elective office shall be ineligible to serve as markers, but all other governmental employees shall be eligible to serve as markers.

Before the opening of the polls on the morning of the election, the registrar shall administer the following oath to each marker:

"I, ..., do solemnly swear (or affirm) that I will support the Constitution of the United States; that I will be faithful and bear true allegiance to the State of North Carolina, and to the constitutional powers and authorities which are or may be established for the government thereof; that I will endeavor to support, maintain and defend the Constitution of said State, not inconsistent with the Constitution of the United States; that I will administer the duties of my office as marker in ..... precinct, ... County, to the best of my knowledge and ability; that I will not in any manner request or seek to persuade or induce any voter to vote for or against any particular candidate or proposition; and that I will not keep or make any memorandum of anything occurring within the voting booth, and will not disclose the same, unless I am called upon to testify in a judicial proceeding for a violation of the election laws of this State; so help me, God."

The provisions of this Section shall not apply to primary elections, nor shall they apply to counties which adopt full-time and permanent registration.

§ 163-45. Watchers; Appointment. The chairman of each political party in the county shall have the right to appoint two watchers to attend each voting place at each primary and election: Provided, that in a primary this right shall not extend to the chairman of a political party unless that party is participating in the primary. In any election in which an independent candidate is named on the ballot, he or his campaign manager shall have the right to appoint two watchers for each voting place. Watchers serve also as challengers. Persons appointed as watchers must be registered voters of the precinct for which appointed and must have good moral character. Watchers shall take no oath of office.

Individuals authorized to appoint watchers must submit in writing to the registrar of each precinct a signed list of the watchers appointed for that precinct. The registrar and judges of election for the precinct may for good cause reject any appointee and require that another be appointed.

A watcher shall do no electioneering at the voting place, and he shall in no manner impede the voting process or interfere or communicate with or observe any voter in casting his ballot, but, subject to these restrictions, the registrar and judges of elections shall permit him to make such observation and take such notes as he may desire.

§ 163-46. Compensation of Precinct Officials and Assistants. The precinct registrar shall be paid the sum of fifteen dollars ($15.00) per day for his services on the day of a primary or election and for each Saturday during the period of registration that he attends the voting place for the purpose of registering voters. Judges of election and assistants shall each be paid for their services on the day of a primary or election the sum of ten dollars ($10.00). Registrars and judges of election shall be paid at the per diem rate specified above for attending any meeting called by the

chairman of the county board of elections relating to their duties in any primary or election. A person appointed to serve as registrar or judge of election when a previously appointed registrar or judge fails to appear at the voting place or leaves his post on the day of an election or primary, shall be paid the same compensation as a registrar or judge appointed prior to that date. In its discretion, the board of commissioners of any county may provide funds with which the county board of elections may pay registrars, judges, and assistants compensation in addition to the per diem provided in this Section. Ballot counters, markers, and watchers shall be paid no compensation for their services.

Counties which adopt full-time and permanent registration shall not be bound by the provisions of the preceding paragraph; in such counties the compensation of precinct registrars, judges of election, assistants, and ballot counters shall be determined by the county board of elections within budget appropriations.

§ 163-47. Powers and Duties of Registrars and Judges of Election. (a) The registrars and judges of election shall conduct the primaries and elections within their respective precincts fairly and impartially, and they shall enforce peace and good order in and about the place of registration and voting.

(b) The registrar shall have in his charge the actual registration of voters within his precinct and shall not delegate this responsibility. On the days required by law, he shall attend the voting place for the registration of new voters and for hearing challenges, but in the performance of these duties the registrar shall be subject to the observance of such reasonable rules and regulations as the county board of elections may prescribe, not inconsistent with law. On the day of an election or primary, the registrar shall have charge of the registration book for the purpose of passing on the registration of persons who present themselves at the polls to vote.

(c) The registrars and judges shall hear challenges of the right of registered voters to vote as provided by law.

(d) The registrars and judges shall count the votes cast in their precincts and make such returns of the same as is provided by law.

(e) The registrars and judges shall make such an accounting to the chairman of the county board of elections for ballots and for election supplies as is required by law.

(f) The registrar and judges of election shall act by a majority vote on all matters not assigned specifically by law to the registrar or to a judge.

§ 163-48. Maintenance of Order at Place of Registration and Voting. The registrar and judges of election shall enforce peace and good order in and about the place of registration and voting. They shall especially keep open and unobstructed the place at which voters or persons seeking to register or vote have access to the place of registration and voting. They shall prevent and stop improper practices and attempts to obstruct, intimidate, or interfere with any person in registering or voting. They shall protect challengers and witnesses against molestation and violence in the performance of their duties, and they may eject from the place of registration or voting any challenger or witness for violation of any

provisions of the election laws. They shall prevent riots, violence, tumult, or disorder.

In the discharge of the duties prescribed in the preceding paragraph of this Section, the registrar and judges may call upon the sheriff, the police, or other peace officers to aid them in enforcing the law. They may order the arrest of any person violating any provision of the election laws, but such arrest shall not prevent the person arrested from registering or voting if he is entitled to do so. The sheriff, constables, police officers, and other officers of the peace shall immediately obey and aid in the enforcement of any lawful order made by the precinct election officials in the enforcement of the election laws. The registrar and judges of election of any precinct, or any two of such election officials, shall have the authority to deputize any person or persons as police officers to aid in maintaining order at the place of registration or voting.

§ 163-49 through § 163-53 reserved for future use.

SUBCHAPTER III.

QUALIFYING TO VOTE

Article 6.

Qualifications of Voters.

§ 163-54. Registration a Prerequisite to Voting. Only such persons as are legally registered shall be entitled to vote in any primary or election held under this chapter.

§ 163-55. Qualifications to Vote; Exclusion from Electoral Franchise. Every person born in the United States, and every person who has been naturalized, and who shall have resided in the State of North Carolina for one year and in the precinct in which he offers to register and vote for 30 days next preceding the ensuing election shall, if otherwise qualified as prescribed in this chapter, be qualified to register and vote in the precinct in which he resides: Provided, that removal from one precinct to another in this State shall not operate to deprive any person of the right to vote in the precinct from which he has removed until 30 days after his removal.

The following classes of persons shall not be allowed to register or vote in this State:

1. Persons under 21 years of age.
2. Idiots and lunatics.
3. Persons who have been convicted, or who have confessed their guilt in open court, upon indictment, of any crime the punishment for which is now or may hereafter be imprisonment in the State's Prison, unless he shall have had his rights of citizenship restored in the manner prescribed by law.

§ 163-56. State Residence Requirement Shortened for Presidential Elections. A person who has been a resident of this State for not less than 60 days immediately prior to the date of a presidential election shall be entitled to register and vote for presidential and vice presidential electors in such election but for no other offices, provided he is then qualified to register and vote in this State except for the fact that he has not resided in this State for one year prior to the election. The procedure

by which new resident voters shall register under the provisions of this Section is prescribed in § 163-73.

§ 163-57. Residence Defined for Registration and Voting. All registrars and judges, in determining the residence of a person offering to register or vote, shall be governed by the following rules, so far as they may apply:

(1) That place shall be considered the residence of a person in which his habitation is fixed, and to which, whenever he is absent, he has the intention of returning.

(2) A person shall not be considered to have lost his residence who leaves his home and goes into another State or county of this State, for temporary purposes only, with the intention of returning.

(3) A person shall not be considered to have gained a residence in any county of this State, into which he comes for temporary purposes only, without the intention of making such county his permanent place of abode.

(4) If a person removes to another State or county within this State, with the intention of making such State or county his permanent residence, he shall be considered to have lost his residence in the State or county from which he has removed.

(5) If a person removes to another State or county within this State, with the intention of remaining there an indefinite time and making such State or county his place of residence, he shall be considered to have lost his place of residence in this State or the county from which he has removed, notwithstanding he may entertain an intention to return at some future time.

(6) If a person goes into another State or county, or into the District of Columbia, and while there exercises the right of a citizen by voting in an election, he shall be considered to have lost his residence in this State or county.

(7) School teachers who remove to a county for the purpose of teaching in the schools of that county temporarily and with the intention or expectation of returning during vacation periods to live in the county in which their parents or other relatives reside, and who do not have the intention of becoming residents of the county to which they have moved to teach, for purposes of registration and voting shall be considered residents of the county in which their parents or other relatives reside.

(8) If a person removes to the District of Columbia or other federal territory to engage in the government service, he shall not be considered to have lost his residence in this State during the period of such service unless he votes there, and the place at which he resided at the time of his removal shall be considered and held to be his place of residence.

(9) If a person removes to a county to engage in the service of the State government, he shall not be considered to have lost his residence in the county from which he removed, unless he demonstrates a contrary intention.

§ 163-58. Literacy. Only such persons as are able to read and write any Section of the Constitution of North Carolina in the English language shall be entitled to register and vote in any primary or election held under this chapter.

§ 163-59. Right to Participate or Vote in Party Primary. No person shall be entitled to vote or otherwise participate in the primary election of any political party unless he

1. Is a registered voter, and

2. Has declared and has had recorded on the registration book or record the fact that he affiliates with the political party in whose primary he proposes to vote or participate, and

3. Is in good faith a member of that party.

Any person who will become qualified by age or residence to register and vote in the general election for which the primary is held, even though not so qualified by the date of the primary election, shall be entitled to register while the registration books are open during the regular registration period prior to the primary and then to vote in the primary after being registered. In counties which adopt full-time and permanent registration, such an individual may register not earlier than 60 days nor later than 21 days prior to the primary.

§ 163-60 through § 163-64 reserved for future use.

Article 7.

Registration of Voters.

§ 163-65. Registration Books and Records. (a) Precinct Records. The county board of elections shall furnish each precinct registrar with a proper book or books in which to record registrations. This book shall be prepared to contain all of the information pertaining to a registered voter required by § 163-72, including the registrant's political party affiliation, if any. On each page of the book shall be printed a column index giving the first two letters of the surnames and the pages on which persons bearing those names are registered.

In lieu of a bound book, the county board of elections, with the approval of the board of county commissioners, is authorized to install a loose leaf registration book system in any or all of the precincts of the county.

(b) Special Register for Chairman of Board of Elections. The State Board of Elections shall furnish the chairman of the county board of elections with a book in which he shall register qualified persons prior to the regular registration period under the provisions of § 163-68. This book shall be prepared to contain all the information pertaining to a registered voter required by § 163-72, including the registrant's political party affiliation and also a record of the precinct in which he resides.

(c) Registration Record in County With Full-time and Permanent Registration. In counties which adopt full-time and permanent registration, the applicant's application to register, when approved by the county board of elections, as provided in § 163-67, shall become an official registration certificate. All original registration certificates shall be kept by the county board of elections in a safe place to be provided by the board of county commissioners. The county board of elections shall place an exact duplicate or copy of each original registration certificate in the proper precinct registration book, and certify each such book as containing the registration certificates of all persons entitled to vote in that precinct. Duplicate registration certificates filed in the precinct registration books, when properly

certified by the county board of elections, shall be used in the precincts for purposes of all primaries and elections; provided, however, that the original registration certificates shall at all times be the official and final evidence of registration, and the county board of elections shall have power to correct the duplicates in the precinct registration books to conform to the original registration certificates at any time, including the day of any primary or election.

§ 163-66. Custody of Registration Records and Poll Books; Access; Obtaining Copies. When not in use for a primary or election, all registration and poll books shall be in the custody and safekeeping of the chairman of the county board of elections. It shall be his duty to keep these books in a safe and secure place where they may not be tampered with, stolen or destroyed. If possible, he shall keep them in a fireproof vault. While the registration and poll books are in the custody of the chairman of the county board of elections, he may, in his discretion, permit them to be inspected or copied, but only under his supervision.

The precinct registrar shall be responsible for the safekeeping of the registration and poll books while in his custody. While these books are in the hands of the precinct registrar prior to a primary or election, it shall be his duty, on application of any candidate or the county chairman of any political party, to permit the registration and poll books to be copied at the registrar's residence or at the voting place. The registrar shall not release the registration and poll books from his custody for this purpose. In lieu of permitting these books to be copied, the registrar may furnish an accurate list of all names appearing therein, for which service he shall be paid by the candidate or party chairman to whom the list is furnished, at a rate not to exceed two cents (2¢) for each name listed.

In counties which adopt full-time and permanent registration, the registration books, registration certificates, indexes, and other records of registration shall be and remain in the possession of the county board of elections. The board may exercise supervision and control of these records through its properly designated officers and employees. In such counties, it shall be the duty of the county board of elections, on application of any candidate, or the county chairman of any political party, or any other person, to furnish a list of the persons registered to vote in the county or in any precinct or precincts therein. In such a county no registrar shall furnish lists of registered voters or permit the registration records of his precinct to be copied. The county board of elections may furnish such lists upon sheets, cards, postal cards, or envelopes, and, upon request, it shall furnish selective lists according to party affiliation, sex, race, date of registration, or any other reasonable category. In all instances, however, the county board of elections shall require persons to whom such lists are furnished to make full reimbursement for the expense incurred in preparing them.

Any person wilfully failing or refusing to comply with the provisions and requirements of this Section shall be guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than fifty dollars ($50.00) or imprisoned not more than 30 days.

§ 163-67. Time and Place for Registration. (a) Registration Periods. Before each primary and election qualified persons shall be given an opportunity to register to vote during a registration period prescribed by this Section. If a new county-wide registration of all voters is ordered by the county board of elections, the registration books shall be opened for the registration of qualified persons at 9:00 a.m. on the fifth Saturday before the primary or election, otherwise, the registration books shall be opened at 9:00 a.m. on the fourth Saturday before the primary or election. The period for registration shall be closed at 6:30 p.m. on the second Saturday before the primary or election.

Between the hours of 9:00 a.m. and 6:30 p.m. on each day during the period in which registration is conducted, the registrar shall be available with the registration book for registration of qualified persons residing in his precinct. On each Saturday during the period of registration the registrar shall be present, with the registration book, at the voting place in his precinct between the hours of 9:00 a.m. and 6:30 p.m. for the registration of qualified persons.

(b) Full-time Registration. In a county which has installed a loose leaf registration book system in all precincts as permitted by § 163-65, the county board of elections, with the approval of the board of county commissioners, shall have power to establish by resolution a full-time system of registration under which the registration books, process, and records shall be open continuously for the acceptance of registration applications and for the registration of voters at all reasonable hours and times. In such counties no registration shall be a qualification to vote in a particular primary, general, or special election, unless the registrant shall have made application for registration not less than 21 days next preceding the primary, general, or special election next to be held.

When full-time registration has been established in a county, the official record of registration shall be made and kept in the form of an application to register which, as prescribed by the county board of elections, shall contain all information necessary to show the applicant's qualifications to register. In such a county, no person shall be registered to vote without first making a written, sworn, and signed application to register upon the form perscribed by the county board of elections. If the applicant cannot write because of physical disability, his name shall be written on the application for him by the election official to whom he makes application, but the specific reason for the applicant's failure to sign shall be clearly stated upon the face of the application.

Registrars and special registration commissioners appointed under the provisions of § 163-41 may take registration applications from and administer registration oaths to qualified applicants without regard to the precinct residence of the registrar, special registration commissioner, or applicant: Provided, however, the county board of elections shall have power to limit the areas in which registrars and special registration commissioners may exercise the authority conferred in this paragraph.

Applications to register which have been completed by persons who have taken the required oath shall be forwarded promptly to the county board of elections. An application to register shall constitute a valid

registration unless the county board of elections shall notify the applicant of its rejection.

For the purpose of receiving registration applications, registrars shall attend the voting places in their precincts only on such days and at such hours as may be fixed by the county board of elections: Provided, the county board of elections shall not require registrars to be present at the voting places for this purpose on any day less than 21 days prior to a primary or election. In its discretion, the county board of elections may require no attendance by registrars at the voting places for the purpose of receiving registration applications.

The county board of elections is authorized to make reasonable rules and regulations, not inconsistent with law, to insure full-time registration as provided in this Section.

(c) No Registration on Day of Primary or Election; Exception. No person shall be permitted to register on the day of an election or primary, unless he shall have become qualified to register and vote between the date the registration period expired and the date of the succeeding primary or election. No one shall be permitted to register on the day of a second primary unless he shall have become qualified to register and vote between the date of the first primary and the date of the succeeding second primary.

§ 163-68. Registration of Persons Expecting to be Absent During Registration Period. Any citizen of the State, not duly registered, who may be qualified to vote under the Constitution and laws of this State, and who expects to be absent from the precinct in which he resides during the period for registration established by § 163-67, may be registered as provided in this Section.

It shall be the duty of the chairman of the county board of elections to register any person possessing the qualifications to vote who presents himself for registration at any time other than the usual registration period, and who expects to be absent from the precinct in which he resides during all of the usual registration period. The chairman shall follow the registration procedure set out in § 163-72 for the registration of voters before the precinct registrar, except that he shall record each such registration in the book furnished him for that purpose by the State Board of Elections under the provisions of § 163-65.

Immediately after registrars are appointed for any primary or election to be held in the county, or in any political subdivision of the county, the chairman of the county board of elections shall certify to the registrar of each precinct the name, age, race, residence, and place of birth of each person he has registered who is entitled to vote in the particular precinct. It shall then be the duty of the registrar to enter upon the regular registration record of his precinct all names and accompanying information certified to him by the chairman of the county board of elections, writing opposite each name entered the words "Registered before Chairman of County Board of Elections."

Persons registered in accordance with the provisions of this Section shall be entitled to vote in primaries and elections held in the precinct in which registered in the same manner as if they had been registered by the precinct registrar.

§ 163-69. Permanent Registration. In counties which adopt full-time registration as authorized by § 163-67, the registration certificates shall be a permanent public record of registration and qualification to vote, and they shall not thereafter be cancelled. In such a county no new registration shall be ordered, either by precinct or county-wide, unless the permanent registration certificates have been lost or destroyed by theft, fire, or other hazard.

In the event of any division of precincts or change in precinct boundaries, the board of elections in such a county shall not cancel the existing registration or order a new registration, but it shall immediately correct the existing precinct registration certificates to conform to the division or change.

To the end that the permanent registration records shall be purged of the names of registrants who have died or who have become disqualified to vote since registration, the register of deeds of the county shall furnish to the county board of elections a certification of all death certificates as soon as they are recorded in his office. Upon receipt of such a certification from the register of deeds, the county board of elections shall cause to be removed from the permanent registration records of the county the name of any person appearing on the register of deeds' death certificate certification. In addition, the county board of elections is authorized to remove from the permanent registration records the names of all persons who have failed to vote, according to the poll or other record of voting, for a period of four years. Prior to removing any person's name from the registration records for failure to vote for four consecutive years, as authorized in this Section, the county board of elections shall cause to be mailed to the person affected, at the address shown on the permanent registration records, a notice to show cause why his registration should not be voided. If such a person shall appear and show that his qualifications to register and vote remain as they were when he was first registered, his name shall not be removed from the permanent registration record. Any person whose name has been removed from the permanent registration record for failure to vote for four consecutive years shall be permitted to re-register at any time he can demonstrate that he is qualified to register and vote.

Nothing in this Section shall prohibit the county board of elections from restoring to the permanent registration records the name of any person upon proof that he is not dead or that he has voted in the county within the four-year period.

§ 163-70. Registrar to Certify Number Registered in Precinct. At the close of the registration period, each registrar shall promptly certify to the county board of elections the number of voters registered in his precinct.

The requirement of this Section shall not apply in counties which adopt full-time and permanent registration.

§ 163-71. Municipal Corporations Authorized to use County Registration Records. Upon such terms as may be mutually agreed to by the governing body of any city, town, or other municipality and the boards of commissioners and elections of the county in which the municipality is

situated, the municipality is authorized to use the registration books, process, or records of the county as the official record of registration of persons qualified to vote in municipal elections. If such an agreement is reached, the provisions of law applicable to the registration of voters in the county shall also apply to the city, town, or other municipal corporation for the purpose of its primary, general, regular, and special elections.

All elections heretofore held or ordered to be held by any city, town, or other municipal corporation in which the registration books, process, or records of the county in which the municipal corporation is located were used or ordered to be used are hereby in all respects ratified, validated, and confirmed.

§ 163-72. Registration Procedure; Oath. Before questioning any applicant for registration as to his qualifications, the registrar shall administer the following oath to him:

"You swear (or affirm) that the statements and information you shall give me with respect to your identity and qualifications to register to vote shall be the truth, the whole truth, and nothing but the truth; so help you, God."

After being sworn, the applicant shall state as accurately as possible his name, age, place of birth, place of residence, political party affiliation, if any, under the provisions of § 163-74, and any other information which may be material to a determination of his identity and qualification to be admitted to registration. The registrar, if in doubt as to the right of the applicant to register, may require other evidence satisfactory to him as to the applicant's qualifications.

If the registrar finds the applicant duly qualified and entitled to be registered, he shall administer the following registration oath to him:

"I, ..., do solemnly swear (or affirm) that I will support the Constitution of the United States, and the Constitution of the State of North Carolina not inconsistent therewith; that I have been or will have been a resident of the State of North Carolina for one year, and of this precinct for 30 days by the date of the next general election; that I am at least 21 years of age or will be by the date of the next general election; and that I have not registered to vote in any other precinct. So help me, God."

If the registrar finds the applicant qualified and entitled to be registered, and if the applicant has taken the oath prescribed in the preceding paragraph, the registrar shall register him by recording his name, age, race, residence, place of birth, and the precinct, county, or State from whence he has removed in the event of a removal, in appropriate columns of the registration book or other registration record.

The registration book or other record containing the information required by the preceding paragraph shall be evidence against the applicant in any court of law in a proceeding for false or fraudulent registration.

If an applicant for registration has removed from another precinct in the same county since his last registration, he shall, before being registered fill out and sign a transfer certificate in the form prescribed in the following paragraph.

Prior to the opening of each registration period, the chairman of the county board of elections shall furnish each precinct registrar with an adequate supply of registration transfer certificates printed in substantially the following form:

"To the Registrar of ..... Precinct ..... County, N. C.

I hereby certify that I have removed my residence from ..... voting precinct, where I was a registered voter, to ..... voting precinct within the same county, and I have this day applied for registration before the undersigned registrar of this precinct in which I now reside, and I hereby request and authorize you to remove my name from the registration book of your precinct as I am no longer qualified to vote in your precinct.

Signed this ..... day of ....., 19.....

(Signature of applicant)

.....

Witness:

.....Registrar

.....Precinct

.....Address"

When an applicant has completed and signed a transfer certificate the registrar shall sign the certificate as a witness to the applicant's signature. Immediately after the close of the registration period the registrar shall mail all completed transfer certificates to the chairman of the county board of elections, who shall immediately mail them to the registrars of precincts from which the applicants have removed. Upon receipt of such certificates, the registrars shall cancel the registration of applicants who have requested and authorized that action on the registration records of their precincts.

In counties which adopt full-time and permanent registration, no registered voter shall be required to re-register upon moving from one precinct to another in the same county. In lieu thereof, in accordance with regulations prescribed by the county board of elections, not less than 21 days before any primary or election in which the removing elector desires to vote, he shall file with the county board of elections, or with a registrar or special registration commissioner, an affidavit setting forth his former residence, his new residence, the date of his removal to the new residence, and a statement that all his other qualifications to register and vote remain as they were at the time he was registered. If the county board of elections finds the facts asserted in the affidavit to be true, it shall immediately transfer the voter's registration to the precinct of his new residence. Thereafter the voter shall be considered registered and qualified to vote in his new precinct of residence.

§ 163-73. Registration and Voting of New Residents in Presidential Elections. A person qualifying under § 163-56 and desiring to vote for presidential and vice presidential electors shall appear in person to register before the chairman of the board of elections of the county in which he is then residing not more than 20 days before the day set for holding the

presidential election and not later than 5:00 p.m. on Friday preceding the day set for holding that election. For the registration of such persons, the chairman of the county board of elections shall maintain a separate registration book which shall conform in all respects to the registration books used in the precincts of the county.

In registering an applicant under this Section, the chairman of the county board of elections shall adhere to the procedure prescribed for registrars in § 163-72 except that the applicant shall not be required to take the registration oath prescribed in that Section. In lieu thereof, in the presence of the chairman of the county board of elections, the applicant shall make application for a presidential ballot by completing, signing, and swearing to an application form substantially as follows. The chairman of the county board of elections shall administer the oath thereto:

Application and Affidavit of New Residents for
Voting for Presidential and Vice Presidential Electors

"State of North Carolina
County of .....

I, ..., do solemnly swear (or affirm) that I am a citizen of the United States; that I am at least 21 years of age or will become 21 by the date of the next Presidential Election; that I have been a legal resident of the State of North Carolina since ...., 19.....; that I now reside at ..... (Street or other address) in the City (or Town) of ..... in ..... precinct, of the County of ....., North Carolina; that I will have been a resident thereof at least 60 days prior to the date of the next Presidential Election; that I will be qualified to vote in said precinct for electors for President and Vice President of the United States; that I have not voted, nor will I vote in the State of my former residence, or elsewhere in North Carolina; and I do now hereby make application for an official presidential ballot for my use in voting in said election in the State of North Carolina.

Subscribed and sworn to before me this ..... day of ....., 19.....

Chairman, County Board of Elections of
..... County, N. C."

If the chairman of the county board of elections is satisfied that the application provided for above is in proper order and that the applicant is qualified to vote under the provisions of § 163-56 for electors for President and Vice President, he shall then give to the applicant one of the official presidential and vice presidential ballots furnished by the State Board of Elections. Upon receiving the ballot, the applicant shall mark it in the presence of the chairman, but in such manner as not to disclose to the chairman how he has marked it. The applicant shall then fold the ballot, concealing the marking thereon, and deliver it to the chairman, who shall write his initials and a consecutive number on the top margin of

the ballot and then place the ballot in a container envelope similarly numbered and seal it. On the face of the envelope there shall be printed or typed the following:

"This envelope contains the presidential ballot of ....., a new resident of this county and State, presently residing in .... precinct in ..... County, North Carolina, and being voted pursuant to the provisions of Article 18 of Chapter 163 of the General Statutes of North Carolina."

The chairman of the county board of elections shall safely keep the sealed envelope containing the marked ballot of the new resident voter until the morning of the day of the election in which the ballot is to be voted. Before noon on that day the chairman shall deliver the ballot or cause it to be delivered to the registrar of the precinct in which the applicant is then residing, together with a list of all new resident voters voting in the presidential election and residing in that precinct.

§ 163-74. Record of Political Party affiliation; Changing Recorded Affiliation; Correcting Erroneous Records. (a) Record of Party Affiliation. When any person applies for registration during a regular registration period prior to any primary or election, it shall be the duty of the registrar to request the applicant to state his political party affiliation and to record the affiliation in the registration book or appropriate record. Such recorded party affiliation shall thereafter be permanent unless, or until, the registrant changes it under the provisions of subsection (b) of this Section.

If the applicant refuses to declare his party affiliation upon request, the registrar shall register his name, if he is otherwise qualified, without indicating any party affiliation opposite the name. The registrar shall then advise the applicant that, although registered, he cannot vote in any party primary but only in general elections held thereafter.

If the applicant states to the registrar that he is an Independent indicating affiliation with no political party, the registrar shall register his name, if he is otherwise qualified, entering the designation "Independent" in the proper place on the registration record. The registrar shall then advise the applicant that, although registered, he cannot vote in any party primary but only in general elections held thereafter.

In all cases in which no party affiliation has been recorded in the registration book opposite the name of any registered elector, but not including those registered as Independents, the registrant may, on primary election day, appear before the registrar of his precinct and have his political party affiliation recorded by taking the following oath to be administered by the registrar:

"I, ..., do solemnly swear (or affirm) that I desire in good faith to have my affiliation with the ..... Party recorded in the registration book of this precinct, so help me, God." When the registrant has taken the prescribed oath, the registrar shall record his declared party affiliation opposite the registrant's name in the registration book and permit him to vote in the primary of the party with which he is affiliated.

(b) Change of Party Affiliation. No registered elector shall be permitted to change the record of his party affiliation for a primary or second primary after the close of the registration period immediately prior to the primary. Any registrant who desires to have the record of his party affiliation changed on the registration book shall, during a regular registration period only, go to the registrar of his precinct and request that the change be made. Before being permitted to have the change made, the registrar shall require the registrant to take the following oath, and it shall be the duty of the registrar to administer it:

"I, ..., do solemnly swear (or affirm) that I desire in good faith to change my party affiliation from the ..... Party to the ..... Party, and that such change of affiliation be made on the registration records in the manner provided by law, so help me, God."

In counties which adopt full-time and permanent registration, any registered voter who desires to have his party affiliation changed on the registration records of the county shall, not less than 21 days prior to any primary election, file an affidavit in the form of the oath set out in the preceding paragraph with the county board of elections, a registrar, or a special registration commissioner, in accordance with regulations to be adopted by the county board of elections. Upon receipt of the required oath, the county board of elections shall immediately change the record of the registrant's party affiliation to conform to that stated in the oath. Thereafter the voter shall be considered registered and qualified to vote in the primary elections of the political party which he designated in the oath.

(c) Correction of Erroneous Record of Party Affiliation. If at any time the chairman of the county board of elections or the registrar of any precinct shall be satisfied that an error has been made in designating the party affiliation of any voter on the registration book of his precinct then, and in all such events, the chairman of the county board of elections or the registrar, having custody of the registration book, may make the necessary correction after first administering to the voter the following oath:

"I, ..., do solemnly swear (or affirm) that I desire in good faith to have the erroneous entry of my affiliation with the ..... Party in the registration book of this precinct corrected in the manner provided by law to show that I affiliate with the .... Party, so help me, God."

§ 163-75. Appeal From Denial of Registration. Any person who is denied registration for any reason may appeal the decision of the precinct registrar to the board of elections of the county in which the precinct is located. The person appealing shall file notice of his appeal with the county board of elections and with the registrar who refused to register him by 5:00 p.m. on the day following the day of denial. The notice of appeal shall be in writing, signed by the appealing party, and shall set forth the name, age, and address of the appealing party; it shall also state the reasons for the appeal.

§ 163-76. Hearing on Appeal Before County Board of Elections. Any registrar receiving a notice of appeal from denial of registration shall file the notice with the county board of elections by 5:00 p.m. on the day following the day on which he receives it. Every person appealing to the county board of elections from denial of registration shall be entitled to a prompt and fair hearing on the question of his right and qualifications to register as a voter. All cases on appeal to a county board of elections shall be heard de novo.

Two members of the county board of elections shall constitute a quorum for the purpose of hearing appeals on questions of registration. The decision of a majority of the members of the board shall be the decision of the board. The board is authorized to subpoena witnesses and to compel their attendance and testimony under oath, and it is further authorized to subpoena papers and documents relevant to any matters pending before the board.

If at the hearing the board shall find that the person appealing from the decision of the registrar is able to read and write any Section of the Constitution of North Carolina in the English language, and if the board further finds that the appellant meets all other requirements of law for registration as a voter in the precinct in which application was made, the board shall enter an order to the precinct registrar directing that the appellant be registered as a voter in the precinct from which the appeal was taken. The county board of elections shall not order the applicant registered in any precinct other than that from which the appeal was taken. Not later than five days after an appeal is heard before the county board of elections, the board shall give notice of its decision to the appealing party.

§ 163-77. Appeal From County Board of Elections to Superior Court. Any person aggrieved by a final decision of a county board of elections denying registration may at any time within 10 days from the date on which he receives notice of the decision appeal therefrom to the Superior Court of the county in which the board is located. Upon such an appeal, the appealing party shall be the plaintiff and the county board of elections shall be the defendant, and the matter shall be heard de novo in the Superior Court in the manner in which other civil actions are tried and disposed of therein.

If the decision of the court be that the order of the county board of elections shall be set aside, then the court shall enter its order so providing and adjudging that the plaintiff is entitled to be registered as a qualified voter in the precinct in which he originally made application to register, and in such case the plaintiff's name shall be entered in the registration book of that precinct. The court shall not order the registration of any person in a precinct in which he did not apply to register prior to the proceeding in court.

From the judgment of the Superior Court an appeal may be taken to the Supreme Court in the same manner as other appeals are taken from judgments of that court in civil actions.

§ 163-78. New Registrations; Registration when Books Multilated or Destroyed; Revisions of Registration Books. (a) New Registration. The

30

county board of elections shall have power from time to time to order a new registration of all qualified persons for any or all precincts in the county to be conducted in the period prescribed by § 163-67(a). Upon adoption of a resolution ordering a new registration, the county board of elections shall give 20 days' notice thereof prior to the opening of the registration period by advertising in a newspaper having general circulation in the county, or in lieu thereof, at the courthouse door and at three other public places in the county. When a new registration is ordered, however, the names of persons who have been registered since the last preceding primary or general election by the chairman of the county board of elections under § 163-68 shall remain upon the registration books unless those so registered have died or otherwise become disqualified.

(b) Registration when Books Multilated or Destroyed. In the event the registration books for any precinct shall, prior to 30 days preceding any primary, general, or special election, be destroyed by fire or other cause or shall become mutilated to the extent they can no longer be used, the county board of elections shall provide the precinct registrar with a new registration book, and shall order a new registration of qualified persons in the precinct at the times and places and in the manner prescribed in § 163-67(a). The county board of elections shall give notice of the new registration at least 10 days before the date on which the books will be opened by advertisement in a newspaper having general circulation in the county, or in lieu thereof, at the courthouse door and at three public places in the precinct affected. The notice shall state the opening and closing dates for registration, the location of the voting place, and the name of the precinct registrar. If time does not permit challenge day to be held on a separate Saturday, the county board of elections may combine it with the last Saturday for registration, so specifying in the notice of the new registration.

Should the destruction or mutilation of the precinct registration book occur less than 30 days before any primary, general, or special election, the county board of elections shall, insofar as time will permit, adhere to the provisions of the first paragraph of this Section. If the time available makes it impossible to conduct a new registration in the affected precinct, each person presenting himself to vote in the precinct on the day of the ensuing general or special election shall be allowed to cast his ballot after signing and delivering to the registrar an affidavit in the following form:

"I, ..., do solemnly swear (or affirm) that I will support the Constitution of the United States, and the Constitution of the State of North Carolina not inconsistent therewith; that I have been a resident of the State of North Carolina for one year, and of this precinct for 30 days; that I am at least 21 years of age; and that I have not registered to vote in any other precinct. So help me, God."

If the ensuing election is a primary rather than a general or special election, the following affidavit shall be used:

"I, ..., do solemnly swear (or affirm) that I will support the Constitution of the United States, and the Constitution of the State of North Carolina not inconsistent therewith; that I have been or will have been a resident of the State of North Carolina for one

year, and of this precinct for 30 days by the date of the next general election; that I am at least 21 years of age or will be by the date of the next general election; and that I have not registered to vote in any other precinct. So help me, God."

Persons permitted to vote under this procedure may be challenged in accordance with the provisions of § 163-87 and § 163-88. The registrar shall deliver all affidavits deposited with him to the county board of elections on canvass day. The affidavits shall not be deemed to constitute a new record of registration for the precinct for subsequent primaries and elections.

(c) Revision of Registration Books. The county board of elections shall have power from time to time to order a revision of the registration books of any or all precincts in the county by requiring that they be purged of illegal or disqualified voters, after notice to such registrants as herein directed.

When the county board of elections makes an order of revision it shall be directed to the registrar and judges of election of the precinct to which it relates, directing them to meet at the precinct voting place on the first Saturday of the registration period before any primary or election, and to prepare from the registration books a list of those registrants, with their names and addresses as they appear on the registration books, who are, in the opinion of the precinct officials, dead or disqualified to vote by removal from the precinct. When the list is prepared the precinct officials shall, within 48 hours, deliver it to the chairman of the county board of elections.

Upon receipt of the list described in the preceding paragraph, the chairman of the county board of elections shall cause to be mailed to each listed person, at the address shown on the list, a notice requiring him to appear at the precinct voting place on the Saturday prescribed for challenge day, and show that he is legally entitled to vote in that precinct. In lieu of a personal appearance on challenge day, the registrant may furnish evidence by mail or otherwise that he is qualified to vote in the precinct.

Upon failure of such a person to make a personal appearance on challenge day, or upon failure of such a person to offer satisfactory evidence that he is qualified to vote in the precinct in the approaching primary or election, the precinct officials shall strike his name from the registration book.

However, in the event that any person whose name has been removed from the registration book of a precinct under the provisions of this Section should appear at the voting place on primary or election day and give satisfactory evidence to the registrar and judges that he has never received any notice by mail or otherwise that his name has been placed on the list of disqualified voters in that precinct, and can satisfy the precinct officials that he is qualified to vote in that precinct, then his name shall be re-entered on the registration book, and he shall be allowed to vote in that precinct as before.

§ 163-79 through § 163-83 reserved for future use.

Article 8.

Challenges.

§ 163-84. Right to Challenge; to Whom Challenge Made. The right of any person to register, to remain registered, or to vote in a precinct may be challenged by any registered voter of that precinct, including the precinct registrar and judges of election: Provided, however, that in counties which adopt full-time and permanent registration, any person registered to vote in the county may challenge the right of any other person to register, to remain registered, or to vote in that county. In all counties challenges shall be made to the appropriate precinct registrar, except that in counties which adopt full-time and permanent registration challenges made on days other than the day of a primary or election shall be made to the county board of elections. Challenges shall be made, heard, and decided as provided in this Article.

§ 163-85. Special Times for Challenge; Challenge Procedure; Notice of Hearing. It shall be the duty of the registrar to bring the registration books of his precinct to the precinct voting place on the Saturday immediately preceding each primary and election, and keep them open there from 9:00 a.m. until 3:00 p.m. for inspection by the registered voters of the precinct. During those hours any registered voter of the precinct shall be allowed to challenge the registration and voting rights of any person whose name appears on the books. When an objection is entered, the registrar shall write the word "challenged" in pencil upon the registration book opposite the name of the person objected to, then he shall appoint a time and place at which he, together with the precinct judges of election, shall hear and decide the challenge. The hearing shall in all events be held before the date of the immediately succeeding primary or election. The registrar shall prepare a written notice of each challenge, stating succinctly the grounds asserted and the time and place at which the challenge will be heard, and serve or have it served on the challenged registrant. If personal service is not possible, a copy of the notice shall be left at the residence of the challenged registrant. The registrar shall also furnish the challenger with a copy of the notice of hearing.

In counties which adopt full-time and permanent registration there shall be no single challenge day. In such counties the registration records shall be open to inspection by any registered voter of the county at reasonable hours on one or more days each week to be set by regulation of the county board of elections, at which time the registration of any elector of the county shall be subject to objection and challenge. Written notice of each challenge and hearing shall be prepared and served by the county board of elections in the manner in which registrars prepare and serve such notices in counties without full-time and permanent registration.

§ 163-86. Hearing on Challenge Made Prior to Primary or Election Day. A challenge entered on a day other than the day of a primary or election shall be heard and decided before the date of the next ensuing primary or election. Challenges shall be heard and decided by the registrar and judges of election of the precinct in which the challenged registrant is registered, except in counties which adopt full-time and permanent registration where challenges entered on a day other than the day of a

primary or election shall be heard and decided by the county board of elections.

At the time and place set for the hearing on a challenge entered prior to the date of a primary or election, the election officials conducting the hearing shall explain to the challenged registrant the qualifications for registration and voting in this State. The officials conducting the hearing shall then administer the following oath to the challenged registrant:

"You swear (or affirm) that the statements and information you shall give in this hearing with respect to your identity and qualifications to be registered and to vote shall be the truth, the whole truth, and nothing but the truth; so help you, God."

After being sworn, the officials conducting the hearing shall examine the challenged registrant as to his qualifications to be registered and to vote. If the challenged registrant insists that he is qualified, the officials conducting the hearing shall tender to him the following oath or affirmation:

"You do solemnly swear (or affirm) that you are a citizen of the United States; that you are at least 21 years of age or will become 21 by the date of the next general election; that you have or will have resided in this State for one year, and in the precinct for which registered for 30 days by the date of the next general election; that you are not disqualified from voting by the Constitution and laws of this State; that your name is ....., and that in such name you were duly registered as a voter of ..... precinct; and that you are the person you represent yourself to be. So help you, God."

If the challenged registrant refuses to take the tendered oath, the challenge shall be sustained, and the officials conducting the hearing shall delete his name from the registration records. If the challenged registrant takes the tendered oath, the officials conducting the hearing may, nevertheless, sustain the challenge unless they are satisfied that the challenged registrant is a legal voter. If they are satisfied that he is a legal voter, they shall overrule the challenge and erase the word "challenged" which appears by the voter's name in the registration book.

Election officials conducting hearings on challenges shall have authority to administer the necessary oaths or affirmations to all witnesses brought before them to testify to the qualifications of the person challenged.

§ 163-87. Challenges Allowed on Day of Primary or Election. On the day of a primary or election, at the time a registered voter offers to vote, any other registered voter of the precinct may exercise the right of challenge, and when he does so may enter the voting enclosure to make the challenge, but he shall retire therefrom as soon as the challenge is heard.

On the day of a party primary, any voter of the precinct who is registered as a member of the political party conducting the primary may, at the time any registrant proposes to vote, challenge his right to vote upon the ground that he does not affiliate with the party conducting the primary or does not in good faith intend to support the candidates nominated in that party's primary, and it shall be the duty of the registrar and judges of election to determine whether or not the challenged registrant has a right to vote in that primary according to the procedures prescribed in § 163-88.

§ 163-88. Hearing on Challenge Made on Day of Primary or Election. A challenge entered on the day of a primary or election shall be heard and decided by the registrar and judges of election of the precinct in which the challenged registrant is registered before the polls are closed on the day the challenge is made. When the challenge is heard the precinct officials conducting the hearing shall explain to the challenged registrant the qualifications for registration and voting in this State, and shall examine him as to his qualifications to be registered and to vote. If the challenged registrant insists that he is qualified, and if, by the sworn testimony of at least one registered voter of the precinct, he shall prove his identity with the person in whose name he offers to vote and his continued residence in the precinct since he was registered, one of the judges of election or the registrar shall tender to him the following oath or affirmation, omitting the portions in brackets if the challenge is heard on the day of an election other than a primary:

"You do solemnly swear (or affirm) that you are a citizen of the United States; that you are at least 21 year of age [or will become 21 by the date of the next general election]; that you have [or will have] resided in this State for one year, and in this precinct for 30 days [by the date of the next general election]; that you are not disqualified from voting by the Constitution and laws of this State; that your name is ...., and that in such name you were duly registered as a voter of this precinct; that you are the person you represent yourself to be; [that you are affiliated with the ..... Party]; and that you have not voted in this [primary] election at this or any other voting place. So help you, God."

If the challenged registrant refuses to take the tendered oath, the challenge shall be sustained, and the precinct officials conducting the hearing shall mark the registration records to reflect their decision, and they shall erase the challenged registrant's name from the poll book if it has been entered therein. If the challenged registrant takes the tendered oath, the precinct officials conducting the hearing may, nevertheless, sustain the challenge unless they are satisfied that the challenged registrant is a legal voter. If they are satisfied that he is a legal voter, they shall overrule the challenge and permit him to vote. Whenever any person's vote is received after having taken the oath prescribed in this Section, the registrar or one of the judges of election shall write on the registration record and on the poll book opposite the registrant's name the word "sworn."

Precinct election officials conducting hearings on challenges on the day of a primary or election shall have authority to administer the necessary oaths or affirmations to all witnesses brought before them to testify to the qualifications of the person challenged.

§ 163-89. Procedure for Challenging Absentee Ballot and Presidential Ballot of New Resident Voter; Right to Appeal. On election day any person registered to vote in a precinct may challenge an absentee voter's ballot or the presidential ballot of a new resident voter in his precinct. Each such ballot challenged shall be challenged separately. The challenge shall be addressed to the registrar, shall be written, and shall set out the specific reasons for the challenge, specifying why the ballot fails to comply

with the law or why the absentee or new resident voter is not entitled to vote in the election.

When a challenge has been filed in accordance with the preceding paragraph, the registrar and judges shall proceed to hear the challenger's reasons for the challenge and make their decision without opening or removing the ballot from the container envelope. The burden of proof shall be upon the challenger in each case. The precinct officials conducting the hearing shall have authority to administer the necessary oaths or affirmations to all witnesses brought before them to testify to the qualifications of the voter challenged or to the validity or invalidity of the ballot.

If the challenge is sustained, the absentee or new resident voter's ballot shall not be counted; the container envelope shall not be opened but shall be marked "Challenge Sustained." All envelopes so marked shall be filed with the county board of elections at the time of the county canvass when the precinct returns are filed. They shall be preserved intact by the chairman of the county board of elections for a period of six months, or longer if any contest shall then be pending concerning the validity of any absentee or new resident's ballot delivered to him.

If the challenge is not sustained, the absentee ballot or new resident's ballot shall be removed from the container envelope, deposited in the appropriate ballot box, counted, and tallied as provided in § 163-234.

Any voter whose ballot has been challenged under the provisions of this Section may, if the challenge is sustained, either personally or through a duly authorized representative, appeal to the county board of elections on the day of the county canvass to sustain the validity of the voter's ballot, and if its validity is sustained, his ballot shall be counted and added by the board to the returns from the proper precinct.

In primary elections the provisions of this Section shall apply to the ballots of servicemen seeking to avail themselves of the right to vote by absentee ballot under this chapter.

§ 163-90. Challenge as Felon; Answer Not to be Used on Prosecution. If any registered voter is challenged as having been convicted of any crime which excludes him from the right of suffrage, he shall be required to answer any question in relation to the alleged conviction, but his answers to such questions shall not be used against him in any criminal prosecution.

§ 163-91 through § 163-95 reserved for future use.

SUBCHAPTER IV.

POLITICAL PARTIES

Article 9.

Political Party Definition.

§ 163-96. Political Party Defined; Creation of New Party. (a) Definition. A political party within the meaning of the election laws of this State shall be either:

1. Any group of voters which, at the last preceding general State election, polled for its candidate for governor, or for presidential electors, at least ten per cent (10%) of the entire vote cast in the State for governor or for presidential electors; or

2. Any group of voters which shall have filed with the State Board of Elections petitions for the formation of a new political party which are signed by 10,000 persons who, at the time they sign, are registered and qualified voters in this State, and which comply with the conditions prescribed in subsection (b) of this Section. To be effective, the petitioners must file their petitions with the State Board of Elections before 12:00 noon on the first day of July preceding the day on which is to be held the first general State election in which the new political party desires to participate. The State Board of Elections shall forthwith determine the sufficiency of petitions filed with it and shall immediately communicate its determination to the State chairman of the proposed new political party.

(b) Petitions for New Political Party. Petitions for the formation of a new political party must declare that the signers intend to organize a new political party on a State-wide basis, that they intend to participate as a political party in the next succeeding general election, and that they intend to affiliate with the new party by voting for its nominees.

The petitions must specify the name selected for the proposed political party. The State Board of Elections shall reject petitions for the formation of a new party if the name chosen contains any word that appears in the name of any existing political party recognized in this State or if, in the Board's opinion, the name is so similar to that of an existing political party recognized in this State as to confuse or mislead the voters at an election.

The petitions must state the name and address of the State chairman of the proposed new political party.

The validity of the signatures on the petitions shall be proved in accordance with one of the following alternative procedures:

1. The signers may acknowledge their signatures before an officer authorized to take acknowledgments, after which that officer shall certify the validity of the signatures by appropriate notation attached to the petition, or

2. A person in whose presence a petition was signed may go before an officer authorized to take acknowledgments and, after being sworn, testify to the genuineness of the signatures on the petition, after which the officer before whom he has testified shall certify his testimony by appropriate notation attached to the petition.

Each petition shall be presented to the chairman of the board of elections of the county in which the signatures were obtained, and it shall be the chairman's duty:

1. To examine the signatures on the petition and place a check mark on the petition by the name of each signer who is qualified and registered to vote in his county.

2. To attach to the petition his signed certificate (a) stating that the signatures on the petition have been checked against the registration records and (b) indicating the number found qualified and registered to vote in his county.

3. To return each petition, together with the certificate required by the preceding paragraph, to the person who presented it to him for checking.

The group of petitioners shall pay to the chairman of the county board of elections a fee of five cents (5¢) for each signature he is required to examine and verify under the provisions of this subsection.

§ 163-97. Termination of Status as Political Party. When any political party fails to poll for its candidate for governor, or for presidential electors, at least ten per cent (10%) of the entire vote cast in the State for governor or for presidential electors at a general election, it shall cease to be a political party within the meaning of the primary and general election laws and all other provisions of this chapter.

§ 163-98. General Election Participation by New Political Party. In the first general election following the date on which a new political party qualifies under the provisions of § 163-96, it shall be entitled to have the names of its candidates for State, congressional, and national offices printed on the official ballots, but it shall not be entitled to have the names of candidates for other offices printed on State, district, or county ballots at that election.

For the first general election following the date on which it qualifies under § 163-96, a new political party shall select its candidates by party convention. Following adjournment of the nominating convention, but not later than the first day of August prior to the general election, the president of the convention shall certify to the State Board of Elections the names of persons chosen in the convention as the new party's candidates for State, congressional, and national offices in the ensuing general election. The State Board of Elections shall print names thus certified on the appropriate ballots as the nominees of the new party.

SUBCHAPTER V.

NOMINATION OF CANDIDATES

Article 10.

Primary Elections.

§ 163-104. Primaries Governed by General Election Laws; Authority of State Board of Elections to Modify Time Schedule. Unless otherwise provided in this chapter, primary elections shall be conducted as far as practicable in accordance with the general election laws of this State. All provisions of this chapter and of other laws governing elections, not inconsistent with this Article and other provisions of law dealing specifically with primaries, shall apply as fully to primary elections and to the acts and things done thereunder as to general elections. Nevertheless, for purposes of primary elections the State Board of Elections may, by general rule, modify the general election law time schedule with regard to ascertaining, declaring, and reporting results.

All acts made criminal if committed in connection with a general election shall likewise be criminal, with the same punishment, when committed in a primary election held under the provisions of this chapter.

§ 163-105. Payment of Expense of Conducting Primary Elections. The expense of printing and distributing the poll and registration books, blanks, and ballots for those offices required by § 163-108(b) to be furnished by

the State, and the per diem and expenses of the State Board of Elections while engaged in the discharge of primary election duties imposed by law upon that Board, shall be paid by the State.

The expenses of printing and distributing the ballots for those offices required by § 163-108(c) to be furnished by counties, and the per diem (or salary) and expenses of the county board of elections and the registrars and judges of election, while engaged in the discharge of primary election duties imposed by law upon them, shall be paid by the counties.

§ 163-106. Notices of Candidacy; Pledge; With Whom Filed; Date for Filing; Withdrawal. (a) Notice and Pledge. No one shall be voted for in a primary election unless he shall have filed a notice of candidacy with the appropriate board of elections, State or county, as required by this Section. To this end every candidate for selection as the nominee of a political party shall file with and place in the possession of the board of elections specified in subsection (c) of this Section, a notice and pledge in the following form:

"Date.....

I hereby file notice as a candidate for nomination as ..... in the ..... Party Primary Election to be held on ....., 19..... I affiliate with the ..... Party, [and I certify that I am now registered on the registration records of the precinct in which I reside as an affiliate of the ..... Party.] I pledge to abide by the results of the primary and to support in the next general election all candidates nominated by the ..... Party.

I further pledge that if I am defeated in the primary I will not run for any office as a write-in candidate in the next general election.

(Signed).....

Name of candidate

Witness:

.....

.....

(Title of witness)"

Each candidate shall sign his notice of candidacy in the presence of the chairman or secretary of the board of elections, State or county, with which he files. In the alternative, a candidate may have his signature on the notice of candidacy acknowledged and certified to by an officer authorized to take acknowledgments and administer oaths, in which case the candidate may mail his notice of candidacy to the appropriate board of elections.

In signing his notice of candidacy the candidate shall use only his legal name and, in his discretion, any nickname by which he is commonly known.

A notice of candidacy signed by an agent or any person other than the candidate himself shall be invalid.

Prior to the seventh Saturday before the primary, at State expense the State Board of Elections shall print and furnish to each county board of elections a sufficient number of the notice of candidacy forms prescribed by this subsection for use by candidates required to file with county boards of elections.

(b) Eligibility to File. No person shall be permitted to file as a candidate in a primary if, at the time he offers to file notice of candidacy, he is registered on the appropriate registration book or record as an affiliate of a political party other than that in whose primary he is attempting to file.

A person registered as an Independent shall be ineligible to file as a candidate in a primary election.

A person registered with no record of party affiliation shall be ineligible to file as a candidate in a primary election.

An unregistered person who desires to become a candidate in a party primary may do so if, at the time he files notice of candidacy, he signs and deposits with the election official with whom he files, a written pledge that he will, during the registration period prior to the next primary, register as an affiliate of the political party in whose primary he intends to run as a candidate. This may be accomplished by inserting in lieu of the bracketed phrase in the notice form set out in subsection (a) of this Section, the following: "and I certify that I will register on the registration book or record of the precinct in which I reside as an affiliate of the ..... Party prior to the date of the primary in which I seek nomination."

(d) Within two days after he receives each of the letters of certification from the chairman of the State Board of Elections required by subsections (b) and (c) of this Section, each county elections board chairman shall acknowledge receipt by letter addressed to the chairman of the State Board of Elections.

§ 163-109. Primary Ballots; Printing and Distribution. (a) General. In primary elections there shall be as many kinds of official State, district, county and township ballots as there are legally recognized political parties, members of which have filed notice of their candidacy for nomination. The ballots for each political party shall be printed to conform to the requirements of § 163-140(c) and to show the party's name, the name of each party member who has filed notice of candidacy, and the office for which each aspirant is a candidate.

Only those who have filed the required notice of candidacy and pledge with the proper board of elections, and who have paid the required filing fee, shall have their names printed on the official ballots of the political party with which affiliated.

(b) Ballots to be Furnished by State Board of Elections. It shall be the duty of the State Board of Elections to print official ballots for each political party having candidates for the following offices to be voted for in the primary:

United States Senator,
Member of the House of Representatives of the United States Congress,

All other State offices, except Superior Court Judge, District Court Judge, and solicitor.

In its discretion, the State Board of Elections may print separate primary ballots for each of these offices, or it may combine some or all of them on a single ballot.

At least 30 days before the date of the primary, the State Board of Elections shall deliver a sufficient number of these ballots to each county board of elections. The chairman of the county board of elections shall furnish the chairman of the State Board of Elections with a written receipt for the ballots delivered to him within two days after their receipt.

(c) Ballots to be Furnished by County Board of Elections. It shall be the duty of the county board of elections to print official ballots for each political party having candidates for the following offices to be voted for in the primary:

Superior Court Judge,
District Court Judge,
solicitor,
State Senator,
Member of the House of Representatives of the General Assembly,
All county offices, and
All township offices.

In printing primary ballots, the county board of elections shall be governed by instructions of the State Board of Elections with regard to width, color, kind of paper, form, and size of type.

In its discretion, the county board of elections may print separate primary ballots for the district, county, and township offices listed in this subsection, or it may combine some or all of them on a single ballot. In a primary election, if there shall be 10 or more candidates for nomination to any one office, the county board of elections in its discretion may prepare a separate ballot for said office.

Three days before the primary election, the chairman of the county board of elections shall distribute official State, district, county, and township ballots to the registrar of each precinct in his county, and the registrar shall give him a receipt for the ballots received. On the day of the primary it shall be the registrar's duty to have all the ballots delivered to him available for use at the precinct voting place.

§ 163-110. Sole Candidate Declared Nominee. If only one aspirant files notice of candidacy for nomination for a given office by the party with which he affiliates, the appropriate board of elections shall, upon the expiration of the time fixed by § 163-106 for filing notice of candidacy for that office, declare him the nominee of his party. For the following offices, this declaration shall be made by the county board of elections with which the aspirant filed notice of candidacy: all county offices, all township offices, State Senators in single-county senatorial districts, and members of the State House of Representatives in single-county representative districts. For all other offices, this declaration shall be made by the State Board of Elections. When the sole aspirant has been declared his party's nominee for an office as provided in this Section, his name shall not be printed on the primary ballot, but it shall be printed on the ballot to be voted at the general election as his party's candidate for that office.

§ 163-111. Determination of Primary Results; Second Primaries. (a) Nomination Determined by Majority; Definition of Majority. Except as otherwise provided in this Section, nominations in primary elections shall be determined by a majority of the votes cast. A majority within the meaning of this Section shall be determined as follows:

1. If a nominee for a single office is to be selected, and there is more than one person seeking nomination, the majority shall be ascertained by dividing the total vote cast for all aspirants by two. Any excess of the sum so ascertained shall be a majority, and the aspirant who obtains a majority shall be declared the nominee.

2. If nominees for two or more offices (constituting a group) are to be selected, and there are more persons seeking nomination than there are offices, the majority shall be ascertained by dividing the total vote cast for all aspirants by the number of positions to be filled, and by dividing the result by two. Any excess of the sum so ascertained shall be a majority, and the aspirants who obtain a majority shall be declared the nominees. If more candidates obtain a majority than there are positions to be filled, those having the highest vote (equal to the number of positions to be filled) shall be declared the nominees.

(b) Right to Demand Second Primary. If an insufficient number of aspirants receive a majority of the votes cast for a given office or group of offices in a primary, a second primary, subject to the conditions specified in this Section, shall be held:

1. If a nominee for a single office is to be selected and no aspirant receives a majority of the votes cast, the aspirant receiving the highest number of votes shall be declared nominated by the appropriate board of elections unless the aspirant receiving the second highest number of votes shall request a second primary in accordance with the provisions of subsection (c) of this Section. In the second primary only the two aspirants

who received the highest and next highest number of votes shall be voted for.

2. If nominees for two or more offices (constituting a group) are to be selected and aspirants for some or all of the positions within the group do not receive a majority of the votes, those candidates equal in number to the positions remaining to be filled and having the highest number of votes shall be declared the nominees unless some one or all of the aspirants equal in number to the positions remaining to be filled and having the second highest number of votes shall request a second primary in accordance with the provisions of subsection (c) of this Section. In the second primary to select nominees for the positions in the group remaining to be filled, the names of all those candidates receiving the highest number of votes and all those receiving the second highest number of votes and demanding a second primary shall be printed on the ballot.

(c) Procedure for Requesting Second Primary.

1. An aspirant entitled to demand a second primary for one of the offices listed below, and desiring to do so, shall file a request for a second primary in writing or by telegram with the State Board of Elections by 12:00 noon, on the third day after the result of the first primary has been officially declared:

Governor,
Lieutenant Governor,
All State executive officers,
Justices of the Supreme Court,
Judges of the Superior Courts,
Judges of the District Courts,
United States Senators,
Members of the United States House of Representatives,
solicitors,
State Senators in multi-county senatorial districts not having rotation agreements,
members of the State House of Representatives in multi-county representative districts.

2. An aspirant entitled to demand a second primary for one of the offices listed below, and desiring to do so, shall file a written request for a second primary with the board of elections in the county in which he filed notice of candidacy by 12:00 noon, on the fifth day after the result of the first primary has been officially declared:

State Senators in single-county senatorial districts,
State Senators in multi-county senatorial districts having rotation agreements,
members of the State House of Representatives in single-county representative districts,
all county officers,
all township officers.

(d) Tie Votes; How Determined.

1. In the event of a tie for the highest number of votes in a first primary between two candidates for party nomination for a single county, township, or single-county legislative district office (or for the State

Senate in a multi-county district having a rotation agreement), the board of elections of the county in which the two candidates were voted for shall conduct a recount and declare the results. If the recount shows a tie vote, a second primary shall be held on the date prescribed in subsection (e) of this Section between the two candidates having an equal vote, unless one of the aspirants, within three days after the result of the recount has been officially declared, files a written notice of withdrawal with the board of elections with which he filed notice of candidacy. Should that be done, the remaining aspirant shall be declared the nominee. In the event of a tie for the highest number of votes in a first primary among more than two candidates for party nomination for one of the offices mentioned in this paragraph, no recount shall be held, but all of the tied candidates shall be entered in a second primary.

2. In the event of a tie for the highest number of votes in a first primary between two candidates for a State office, for United States Senator, or for any district office (including State Senator in a multi-county senatorial district having no rotation agreement and member of the State House of Representatives in a multi-county representative district), no recount shall be held by reason of the tie, but the two candidates having an equal vote shall be entered in a second primary to be held on the date prescribed in subsection (e) of this Section, unless one of the two candidates files a written notice of withdrawal with the State Board of Elections within three days after the result of the first primary has been officially declared and published. Should that be done, the remaining aspirant shall be declared the nominee. In the event of a tie for the highest number of votes in a first primary among more than two candidates for party nomination for one of the offices mentioned in this paragraph, no recount shall be held, but all of the tied candidates shall be entered in a second primary.

3. In the event one candidate receives the highest number of votes cast in a first primary, but short of a majority, and two or more of the other candidates receive the second highest number of votes cast in an equal number, the proper board of elections shall declare the candidate having the highest vote to be the party nominee, unless all but one of the tied candidates give written notice of withdrawal to the proper board of elections within three days after the result of the first primary has been officially declared. If all but one of the tied candidates withdraw within the prescribed three-day period, and the remaining candidate demands a second primary in accordance with the provisions of subsection (c) of this Section, a second primary shall be held between the candidate who received the highest vote and the remaining candidate who received the second highest vote.

(e) Date of Second Primary; Procedures. If a second primary is required under the provisions of this Section, the appropriate board of elections, State or county, shall order that it be held four weeks after the first primary.

There shall be no registration of voters between the dates of the first and second primaries. Persons whose qualifications to register and vote mature after the day of the first primary and before the day of the

second primary may register on the day of the second primary and, when thus registered, shall be entitled to vote in the second primary. Subject to this provision for registration, the second primary shall be held under the laws, rules, and regulations provided for the first primary.

(f) No Third Primary Permitted. In no case shall there be a third primary. The candidates receiving the highest number of votes in the second primary shall be nominated. If in a second primary there is a tie for the highest number of votes between two candidates, the proper party executive committee shall select the party nominee for the office in accordance with the provisions of § 163-114.

§ 163-112. Death of Candidate Before Primary; Filling Vacancy. If at the time the filing period closes only two persons have filed notice of candidacy for nomination by a given political party for a given office and thereafter, before the primary, one of the aspirants dies before the primary ballots are printed, the proper board of elections shall, upon notification of the death, immediately re-open the filing period for an additional five days during which additional candidates shall be permitted to file for the same party's nomination for the same office. If the primary ballots have been printed at the time the board of elections receives notice of the aspirant's death, it shall determine whether there will be sufficient time in which to reprint ballots before the primary in the event the filing period is re-opened for five days. If the board determines there will be sufficient time in which to reprint the ballots, it shall immediately re-open the filing period for an additional five days in which additional candidates shall be permitted to file for the same party's nomination for the same office. Should one or more persons file notice of candidacy during the extended filing period their names shall be printed on the primary ballots together with that of the aspirant who filed during the original filing period and shall be voted for in the primary.

If the primary ballots have been printed at the time the board of elections receives notice of the candidate's death, and if the board determines there will not be sufficient time in which to reprint the ballots before the primary if the filing period is re-opened for five days, then, regardless of whether one or more aspirants filed for nomination by the deceased candidate's party for the same office, the primary ballots shall not be reprinted, and the name of the deceased candidate shall not be deleted, stricken, or obliterated from the ballots. In such a case, should the deceased candidate poll the highest number of votes in the primary for party nomination to the office he sought, even though short of a majority, the proper party executive committee shall appoint the party nominee under the provisions of § 163-114. Should no candidate for the party nomination receive a majority of the votes cast in the primary and the second highest vote be cast for the deceased candidate, no second primary shall be held, and the proper board of elections shall declare the candidate receiving the highest vote the party's nominee for the office.

§ 163-113. Nominee's Right to Withdraw as Candidate. A person who has been declared the nominee of a political party for a specified office under the provisions of § 163-175, § 163-192, or § 163-110, shall not be permitted to resign as a candidate unless, at least 30 days before the general

election, he submits to the board of elections which certified his nomination a written request that he be permitted to withdraw.

§ 163-114. Filling Vacancies Among Party Nominees Occurring After Nomination and Before Election. If any person nominated as a candidate of a political party for one of the offices listed below (either in a primary or convention or by virtue of having no opposition in a primary) dies, resigns, or for any reason becomes ineligible or disqualified before the date of the ensuing general election, the vacancy shall be filled by appointment according to the following instructions:

If at the time a nomination is made under this Section the general election ballots have already been printed, the provisions of § 163-139 shall apply.

§ 163-115. Special Provisions for Obtaining Nominations When Vacancies Occur in Certain Offices. In the event a vacancy occurs in the

office of Clerk of Superior Court less than 30 days before a general election, the county executive committee of each political party may make a nomination as provided in § 163-114.

In the event a special election is called to fill a vacancy in the State's delegation in the United States House of Representatives, the provisions of § 163-13 shall apply.

If a vacancy occurs in an elective State or district office (other than member of the United States House of Representatives) during the period opening 10 days before the filing period for the office ends and closing 30 days before the ensuing general election, a nomination shall be made by the proper executive committee of each political party as provided in § 163-114, and the names of the nominees shall be printed on the general election ballots, unless the ballots have already been printed when the nominations are made, in which case the provisions of § 163-139 shall apply.

§ 163-116. Agreements for Rotation of Candidates in Senatorial Districts of More Than One County. When any senatorial district consists of two or more counties, in one or more of which the manner of nominating candidates for legislative offices is regulated by statute, and the privilege of selecting the candidate for Senator, or any one of the candidates for Senator, of any political party (as the words "political party" are defined in § 163-96) in the senatorial district, is, by agreement of the several executive committees representing that political party in the counties constituting the district, conceded to one county therein, such candidate may be selected in the same manner as the party's candidates for county officers in the county, whether in pursuance of statute or under the plan of organization of such party. All nominations of party candidates for the office of Senator, made as hereinbefore provided, shall be certified by the chairman of the county board of elections of the county in which the nomination is made, to each chairman of the county board of elections in all of the counties constituting the senatorial district, and it shall be the duty of each chairman of the other counties to which the nominations are certified to print the name or names of the nominee or nominees on the official county ballot for the general election.

§ 163-117 through § 163-121 reserved for future use.

Article 11.

Nomination by Petition.

§ 163-122. Independent Candidates Nominated by Petition. Any qualified voter who seeks to have his name printed on the general election ballot as an independent or nonpartisan candidate shall:

1. On or before the last Saturday in May preceding the general election, file with the appropriate board of elections, State or county, written petitions requesting him to be a candidate for a specified office, signed by qualified voters of the political division in which the office will be voted for equal in number to twenty-five per cent (25%) of those who, in the last gubernatorial election in the same political division, voted for Governor.

2. At the time of filing the petitions referred to in paragraph 1 of this Section, file with the chairman or secretary of the appropriate board

§ 163-123 through § 163-127 reserved for future use.

Each county shall be divided into a convenient number of precincts for purposes of registration and voting, but no precinct shall encompass territory from more than one township. There shall be one voting place in each precinct conveniently located for a majority of the voters therein.

The county board of elections may adopt the present election precincts and voting places, or by resolution it may establish new ones, but the precincts and voting places fixed in each county shall remain as they now are until altered.

The county board of elections shall have power from time to time, by resolution, to establish, alter, discontinue, or create such new election precincts and voting places as it may deem expedient. Upon adoption of a resolution establishing, altering, or discontinuing a precinct or voting place the county board of elections shall give 20 days' notice thereof prior to the beginning of the registration period at which it is to take effect, by advertising in some newspaper having general circulation in the county, or in lieu thereof, at the courthouse door and at three other public places in the county.

§ 163-129. Structure at Voting Place; Marking Off Limits of Voting Place. At the voting place in each precinct established under the provisions of § 163-128, the county board of elections shall provide or procure by lease or otherwise a suitable structure or part of a structure in which registration and voting may be conducted. To this end, the county board of elections shall be entitled to demand and use any school or other State, county, or municipal building, or a part thereof, for the purpose of conducting registration and voting for any primary or election, and it may require that the requisitioned premises, or a part thereof, be vacated for these purposes.

Primary ballots shall be prepared in accordance with the provisions of § 163-109 and the provisions of this Section as modified by the provisions of this subsection.

(2) Separate Ballots For Each Political Party. For each political party conducting a primary election separate ballots shall be printed, and the paper used for each party's ballots shall be different in color from that used for the ballots of other parties. Primary ballots shall not provide for voting a straight party ticket, but a voting square shall be printed to the left of the name of each candidate appearing on the ballot.

(3) Rotation of Positions on Ballots Among Candidates. The board of elections, State or county, responsible for printing and distributing primary election ballots shall have them printed so that the names of opposing candidates for any office shall, as far as practicable, occupy alternate positions upon the ballot, to the end that the name of each candidate shall occupy with reference to the name of every other candidate for the same office, first position, second position, and every other position, if any, upon an equal number of ballots; and the ballots shall be distributed among the precinct voting places impartially and without discrimination.

§ 163-141. Sample Ballots. Sample ballots of each kind to be voted in each primary and election shall be printed by the board of elections responsible for printing the official ballots. Sample ballots shall be printed on paper of a color different from that used for the official ballots, and each sample ballot shall have the words "Sample Ballot" printed conspicuously on its face. Sample ballots shall be used for instructional purposes and shall not be used as official ballots.

The State Board of Elections shall distribute the sample ballots for which it is responsible to the county boards of elections at the time it distributes the official ballots; and the county board of elections, at the time it is required to distribute official ballots, shall furnish each precinct registrar with an adequate supply of the sample ballots prepared by the State Board of Elections as well as of those the county board is required to prepare.

§ 163-142. Number of Ballots to be Furnished Each Voting Place; Packaging; Date of Delivery; Receipt for Ballots; Accounting for Ballots. The county board of elections shall furnish each precinct voting place with

each kind of ballot to be voted in the primary or election in a number equal to one hundred five per cent (105%) of the number of persons registered to vote in the primary or election in the precinct.

Each kind of ballot shall be wrapped in a separate package or packages for each precinct voting place. The number of ballots to be placed in each package shall be determined by the chairman of the county board of elections, and the outside of each package shall be marked or stamped to show the kind of ballot and the number contained.

Three days before the primary or election, the county board of elections shall deliver to each precinct registrar the required number of ballots of each kind to be voted in his precinct, and the registrar shall immediately give a receipt for the ballots delivered to him in accordance with the information marked or stamped on the ballot packages.

Within three days after the primary or election, the registrar shall deliver to the county board of elections all ballots spoiled in his precinct. At the same time he shall also deliver to the county board of elections all unused ballots from his precinct. Thereupon, the county board of elections shall make a check to ascertain whether the total of spoiled ballots and unused ballots, when added to the number of ballots cast in the precinct, equal the total number of ballots furnished to and receipted for by the registrar prior to the primary or election.

The provisions of this Section shall not apply to voting places at which voting machines are used.

§ 163-143. Ballot Boxes to be Furnished Each Voting Place; Date of Delivery; Receipt for Boxes. The county board of elections shall furnish each precinct voting place with a ballot box for each kind of ballot to be voted in the primary or election, together with one additional box in which spoiled ballots are to be deposited. Each box shall be plainly marked to indicate the ballots to be deposited therein, and the extra box to be delivered to each precinct shall be marked "For Spoiled Ballots."

Each ballot box shall be designed so that it may be locked and sealed and shall be constructed with an opening in the top large enough to allow a single ballot to be easily passed through, but no larger. At the time ballot boxes are delivered to the precinct, the chairman of the county board of elections shall furnish each registrar with a lock and proper seals for each box to be used in his precinct, with instructions as to how each box is to be securely locked and sealed in compliance with § 163-171.

Three days before the primary or election, the county board of elections shall deliver to each precinct registrar the number of ballot boxes required for his precinct, and the registrar shall immediately give a receipt for them.

The provisions of this Section shall not apply to voting places at which voting machines are used.

§ 163-144. Lost, Destroyed, Damaged, and Stolen Ballots; Replacement; Report. Should official ballots furnished to any precinct in accordance with the provisions of this chapter be lost, destroyed, damaged, or stolen, the county board of elections, upon ascertaining that a shortage of ballots exists in the precinct, shall furnish the needed replacement ballots.

Within three days after the primary or election, the registrar of the

precinct in which the loss occurred shall make a written report, under oath, to the county board of elections describing in detail the circumstances of the loss, destruction, damage, or theft of the ballots.

§ 163-145. Voting Booths; Description; Provision. The county board of elections shall furnish each voting place with at least one voting booth for each 100 persons qualified to vote in the precinct. Each voting booth shall be at least three feet square and six feet high; it shall have three sides and a door or curtain in front. The bottom of the door or curtain shall hang two feet above the floor. Each voting booth shall be equipped with a table or shelf on which voters may conveniently mark their ballots.

The provisions of this Section shall not apply to voting places at which voting machines are used.

§ 163-146. Voting Enclosure at Voting Place; Furnishings; Arrangement. At each precinct voting place as described in § 163-129, there shall be a room or area set apart as the voting enclosure. The limits of the voting enclosure shall be defined by walls or guard-rails which at no point stand nearer than 10 feet nor farther than 20 feet from the ballot boxes or voting machines. This enclosure shall be arranged so that a single door or opening (not more than three feet wide) can be used as both the entrance and exit for persons seeking to vote.

Within the voting enclosure and in plain view of the qualified voters present at the voting place shall be placed:

1. A table or desk on which the registrar shall place and use the precinct registration books and records.

2. A table or desk on which the responsible judge shall place and superintend the ballots for distribution and the box for spoiled ballots.

3. A table or desk on which the responsible judge shall place and maintain the poll book.

4. The ballot boxes.

5. The voting booths.

All voting booths and ballot boxes shall be placed in plain view of the registrar and judges as well as of the qualified voters present at the voting place.

The registrar's table shall be placed near the entrance to the voting enclosure.

Each voting booth shall be located and arranged so that it is impossible for a voter in one booth to see a voter in another booth in the act of marking his ballots. Each voting booth shall be kept properly lighted and provided with pencils or pens for marking ballots.

In precincts in which voting machines are used, ballot boxes and voting booths shall not be used. Within the voting enclosure at the voting place in such a precinct, each machine shall be placed so that the exterior from all its sides is visible and so that whenever it is not in use by a voter the ballot labels on its face may be plainly seen by the precinct officials and assistants, and by watchers appointed under the provisions of § 163-45. Precinct election officials and assistants shall not place themselves, nor shall they permit any other person to place himself, in any position that will permit one to see or ascertain how a voter votes on a voting machine except when the voter obtains assistance as provided in this chapter.

No political banner, poster, or placard shall be allowed in or upon the voting place during the day of a primary or election.

§ 163-147. No Loitering or Electioneering Allowed Within 50 Feet of Voting Place. No person shall, while the polls are open at the voting place on the day of a primary or election, loiter about or do any electioneering within the voting place or within 50 feet thereof.

§ 163-148. Procedures at Voting Place Before Polls Are Opened. At least one-half hour before the time set for opening the polls for each primary and election, the judges of elections, assistants, and, if allowed, official markers, shall meet the registrar at the precinct voting place, at which time the registrar shall administer to them the appropriate oaths set out in § 163-41(a), § 163-42, and § 163-44.

The registrar and judges shall arrange the voting enclosure according to the requirements of § 163-146 and the instructions of the county board of elections. They shall then unlock the official ballot boxes, see that they are empty, allow authorized watchers and other voters present to examine the boxes, and then they shall relock them while still empty. They shall open the sealed packages of ballots, and one of the judges, at the registrar's request, shall announce that the polls are open and state the hour at which they will be closed.

If voting machines are used in the precinct, immediately before the polls are opened the registrar and judges shall open each voting machine, examine the ballot labels, and check the counters to see that they are set to indicate that no votes have been cast or recorded; at the same time, the precinct officials shall allow authorized watchers and other voters present to examine the machines. If found to be in order and the ballot labels in proper form, the precinct officials shall lock and seal each machine, and it shall remain locked until after the polls are closed.

§ 163-149. Protection of Ballots, Ballot Boxes, Poll Book, and Registration Records on Day of Primary or Election. When the empty official ballot boxes have been relocked after the inspection required by § 163-148 before the polls are opened on the day of each primary and election, they shall not be unlocked or opened until the polls are closed.

Only official ballots shall be allowed to be deposited in the ballot boxes, and no other articles or matter shall be placed in them.

No person shall purposely deface or tear an official ballot in any manner, and no person shall purposely erase any name or mark written on a ballot by a voter.

From the time the polls are opened until the precinct count has been completed, the returns signed, and the results declared, no person shall take or remove from the voting enclosure the official ballot boxes, the box for spoiled ballots, the poll book, the registration book or records, or any official ballots.

§ 163-150. Voting Procedures. (a) Checking Registration. A person seeking to vote shall enter the voting enclosure at the voting place through the appropriate entrance and shall at once state his name and place of residence to one of the judges of election. In a primary election, the voter shall also state the political party with which he affiliates and in whose primary he desires to vote. The judge to whom the voter gives this in-

formation shall announce the name and residence of the voter in a distinct tone of voice. After examining the precinct registration records, the registrar shall state whether the person seeking to vote is duly registered.

(b) Distribution of Ballots; Information. If the voter is found to be registered and is not challenged, or, if challenged and the challenge is overruled as provided in § 163-88, the responsible judge of election shall hand him an official ballot of each kind he is entitled to vote. In a primary election the voter shall be furnished ballots of the political party with which he affiliates and no others. It shall be the duty of the registrar and judges holding the primary or election to give any voter any information he desires in regard to the kinds of ballots he is entitled to vote and the names of the candidates on the ballots. In response to questions asked by the voter, the registrar and judges shall communicate to him any information necessary to enable him to mark his ballot as he desires.

(c) Act of Voting. When a person is given official ballots by the judge, he shall be deemed to have begun the act of voting, and he shall not leave the voting enclosure until he has deposited his ballots in the ballot boxes or returned them to the precinct officials. When he leaves the voting enclosure, whether or not he has deposited his ballots in the ballot boxes, he shall not be entitled to enter the voting enclosure again for the purpose of voting. On receiving his ballots, the voter shall immediately retire alone to one of the voting booths unless he is entitled to assistance under the provisions of § 163-152, and without undue delay he shall mark his ballots in accordance with the provisions of § 163-151. No voter shall be allowed to occupy a booth already occupied by another, and no voter shall be allowed to occupy a booth more than five minutes if all the booths are in use and other voters are waiting to obtain booths.

(d) Spoiled and Damaged Ballots. If a voter spoils or damages a ballot, he may obtain another upon returning the spoiled or damaged ballot to the registrar. A voter shall not be given a replacement ballot until he has returned the spoiled or damaged ballot, and he shall not be given more than three replacement ballots in all. The registrar shall deposit each spoiled or damaged ballot in the box provided for that purpose.

(e) Depositing Ballots and Leaving Enclosure. When the voter has marked his ballots he shall leave the voting booth and deposit them in the appropriate boxes or hand them to the registrar or a judge who shall deposit them for him. If he does not mark a ballot he shall return it to one of the precinct officials before leaving the voting enclosure. If the voter has been challenged and the challenge has been overruled, before depositing his ballots in the boxes he shall write his name on each of his ballots so they may be identified in the event his right to vote is again questioned. After depositing his ballots in the ballot boxes, the voter shall immediately leave the voting enclosure unless he is one of the persons authorized by law to remain within the enclosure for purposes other than voting.

(f) Maintenance of Poll Book or Other Record of Voting. At each primary and election, one of the judges designated by the registrar shall keep the poll book in which he shall enter the name of every person who shall vote. In a primary election each voter's party affiliation shall be entered

in the proper column of the book opposite his name. The judge shall make each entry at the time ballots are handed to the voter. As soon as the polls are closed and the names of absentee voters have been entered as required by § 163-234, the registrar and judges of election shall sign the poll book immediately beneath the last voter's name entered therein. The registrar or the judge appointed to attend the county canvass shall deliver the poll book to the chairman of the county board of elections at the time of the county canvass, and the chairman shall remain responsible for its safekeeping.

In counties which adopt full-time and permanent registration, no poll book shall be required; in lieu thereof, a permanent poll record shall be kept upon the registration certificates in a form approved by the county board of elections.

§ 163-151. Method of Marking Ballots in Primary and Election. The voter shall adhere to the following rules in marking his ballots:

(a) In Both Primaries and Elections.

1. A voter may designate his choice of candidate by making a cross (X) mark, a check mark, or some other clear indicative mark in the appropriate voting square or circle.

2. A voter should not mark more names for any office than there are positions to be filled by election.

3. A voter should not affix a sticker to a ballot, mark a ballot with a rubber stamp, attach anything to a ballot, wrap or fold anything in a ballot, or do anything to a ballot other than mark it properly with pencil or pen.

4. A voter should follow the instructions printed on the ballot.

(b) In An Election But Not in a Primary.

1. If a voter desires to vote for all candidates of one political party (a straight ticket) he shall either:

a. Make a cross (X) mark in the circle printed below the name of the party at the top of the ballot; or

b. Make a cross (X) mark in the voting square at the left of the name of every candidate of the party printed on the ballot.

2. If a voter desires to vote for candidates of more than one political party (a split ticket), he shall not mark in the circle printed below the name of any party on the ballot; instead, he shall make a cross (X) mark in the voting square at the left of the name of each candidate for whom he desires to vote without regard to the party column in which the names are printed.

3. If a voter desires to vote for a person whose name is not printed on the ballot, he shall write the name of the person for whom he wishes to vote in the space immediately beneath the name of a candidate printed in the section of the ballot assigned to the particular office. In such a situation, the voter shall write the name himself unless he is receiving assistance to which he is entitled under the provisions of § 163-152, in which case the person rendering assistance may write the name for the voter under his direction.

4. In elections for county offices in Bertie County, in elections for municipal offices in the towns of Clayton in Johnston County, Elm City

in Wilson County, Fremont in Wayne County, Gaston in Northampton County, Roseboro in Sampson County, Snow Hill in Greene County, Tarboro in Edgecombe County, and Weldon in Halifax County, and in elections for municipal offices in all the municipalities in Bertie and Franklin counties, if there are multiple positions to be filled in a single office, the voter shall cast his vote for as many candidates as there are positions to be filled in that office.

(c) In a Primary.

1. A voter should not write the name of any person on the official ballot.

2. In primary elections for county offices in the counties of

Bertie	Granville	Onslow
Bladen	Greene	Pender
Catawba	Halifax	Perquimans

Duplin	Northampton	Surry, and
Franklin		Wayne,

in primary elections for municipal offices in the municipalities in those counties, and in primary elections for municipal offices in the towns of Elm City in Wilson County, and Robersonville and Williamston in Martin County, if there are multiple positions to be filled in a single office, the voter shall cast his vote for as many candidates as there are positions to be filled in that office.

§ 163-152. Assistance to Voters in Primaries and Elections.

(a) In Primaries:

(1) Who is entitled to assistance: In a primary election, a registered voter qualified to vote in the primary shall be entitled to assistance in getting to and from the voting booth and in preparing his ballots in accordance with the following rules:

a. Any voter shall be entitled to assistance from a near relative of his choice.

b. If no near relative of the voter's choice is present at the voting place, a voter in any of the following three categories shall be entitled to assistance from any voter of the precinct who has not given aid to another voter at the same primary; or, if no such person be present at the voting place, from the registrar or one of the judges of election:

1. One who, on account of physical disability, is unable to enter the voting booth without assistance.

2. One who, on account of physical disability, is unable to mark his ballots without assistance.

3. One who, on account of illiteracy, is unable to mark his ballots without assistance.

(2) Procedure for Obtaining Assistance. A person seeking assistance in a primary shall, upon arriving at the voting place, first request the registrar to permit him to have assistance, stating his reasons. If the registrar determines that the voter is entitled to assistance, he shall ask the voter to point out and identify the near relative or other voter of the

precinct he desires to help him and to whose assistance he is entitled under this Section. The registrar shall thereupon direct the near relative or other voter indicated to render the requested aid. If no near relative or other voter of the voter's choice is present, the voter entitled to assistance may request and obtain aid from the registrar or one of the judges.

(b) In Elections.

(1) In a County Which Has Not Adopted Full-time and Permanent Registration.

a. Who is entitled to assistance: In any election other than primary, a registered voter shall be entitled to assistance in getting to and from the voting booth and in preparing his ballots in accordance with the following rules:

2. A voter in any of the following four categories shall be entitled to assistance from a marker:

I. One who, on account of physical disability, is unable to enter the voting booth without assistance.

II. One who, on account of physical disability, is unable to mark his ballots without assistance.

III. One who, on account of illiteracy is unable to mark his ballots without assistance.

IV. One who, for any good reason stated to the registrar, desires help in marking his ballots.

b. Procedures for obtaining assistance: A person seeking assistance in an election other than a primary shall, upon arriving at the voting place, first request the registrar to permit him to have assistance, stating his reasons. If the registrar determines that the voter is entitled to assistance, he shall ask the voter to point out and identify the near relative or marker he desires to help him and to whose assistance he is entitled under this Section. The registrar shall thereupon direct the near relative or marker indicated to render the requested aid. Should a voter seeking assistance from a marker fail to indicate the marker he desires to help him, the registrar shall appoint one from the markers present at the voting place to render the requested aid.

(2) In a County Which Has Adopted Full-time and Permanent Registration.

a. Who is entitled to assistance: In any election other than a primary, a registered voter shall be entitled to assistance in getting to and from the voting booth and in preparing his ballots in accordance with the following rules:

1. Any voter shall be entitled to assistance from a near relative of his choice.

2. If no near relative of the voter's choice is present at the voting place, a voter in any of the following three categories shall be entitled to assistance from any voter of the precinct who has not given aid

to another voter at the same election; or if no such person be present at the voting place, from the registrar or one of the judges of election:

I. One who, on account of physical disability, is unable to enter the voting booth without assistance.

II. One who, on account of physical disability, is unable to mark his ballots without assistance.

III. One who, on account of illiteracy, is unable to mark his ballots without assistance.

b. Procedure for obtaining assistance: A person seeking assistance in an election other than a primary shall, upon arriving at the voting place, first request the registrar to permit him to have assistance, stating his reasons. If the registrar determines that the voter is entitled to assistance, he shall ask the voter to point out and identify the near relative or other voter of the precinct he desires to help him and to whose assistance he is entitled under this Section. The registrar shall thereupon direct the near relative or other voter indicated to render the requested aid. If no near relative or other voter of the voter's choice is present, the voter entitled to assistance may request and obtain aid from the registrar or one of the judges.

(c) Conduct of Person Rendering Assistance.

Anyone rendering assistance to a voter in a primary or election under the provisions of this Section shall be admitted to the voting booth with the person being assisted and shall be governed by the following rules:

(1) He shall not in any manner seek to persuade or induce any voter to cast his vote in any particular way.

(2) Except when going to or returning from a voting booth with a voter as authorized by this Section, he shall remain within the voting place but shall not come within 10 feet of the voting enclosure.

(3) Immediately after rendering assistance, he shall vacate the voting booth and withdraw to his place in the voting place outside the voting enclosure.

(4) He shall not accompany the voter from the voting booth to the ballot box unless the voter requires and requests assistance on account of physical disability; if assistance is rendered in this way, he shall not converse with the voter prior to the time he deposits his ballots in the ballot boxes.

(5) He shall not make or keep any memorandum of anything which occurs within the voting booth.

(6) He shall not, directly or indirectly, reveal to any person how, in any particular, the assisted voter marked his ballots, unless he or they are called upon to testify in a judicial proceeding for a violation of the election laws.

(d) Meaning of "Near Relative".

As used in this Section, the words "near relative" shall include the voter's husband, wife, brother, sister, parent, child, grandparent, and grandchild, but no other relative.

(e) Violation of Section.

It shall be unlawful for any person to give, receive, or permit assistance in the voting booth during any primary or election to any voter otherwise than as is allowed by this Section.

§ 163-153. Access to Voting Enclosure. Admission to the voting enclosure while the polls are open shall be governed by the following rules:

1. In counties which have not adopted full-time and permanent registration, only the following persons shall be allowed within the voting enclosure while the polls are open for voting:

d. Watchers appointed under the provisions of § 163-45.

e. Municipal policemen assigned by the municipal authorities to keep the peace at a voting place located within the municipality, but only when requested to come within the voting enclosure by the registrar and judges for the purpose of preventing disorder; at the request of the registrar and judges, they shall withdraw from the voting enclosure and remain at least 10 feet from its entrance.

f. In elections other than primaries, markers appointed under the provisions of § 163-44, but only while assisting a voter as authorized in § 163-152.

d. Any voter of the precinct called upon to assist another voter, but only while assisting him as authorized in § 163-152.

e. Municipal policemen assigned by the municipal authorities to keep the peace at a voting place located within the municipality, but only when requested to come within the voting enclosure by the registrar and judges for the purpose of preventing disorder; at the request of the registrar and judges, they shall withdraw from the voting enclosure and remain at least 10 feet from its entrance.

f. Any voter of the precinct while entering and explaining a challenge.

§ 163-154. Posting Lists of Civilian and Military Absentee Voters and New Resident Presidential Elections Voters. (a) In General Elections. When delivered to the registrar at the voting place on the day of a general election as required by § 163-233, § 163-251, or § 163-73, the registrar shall immediately post in a conspicuous location at the voting place:

1. The list (and any supplemental lists) of absentee ballots to be voted in the precinct which have been received by the chairman of the county board of elections.

2. The list (and any supplemental lists) entitled "List of Applicants for Military Absentee Ballots to Whom Ballots Have Been Issued" prepared in compliance with the provisions of § 163-251.

3. The list of new resident voters of the precinct entitled to cast ballots for presidential electors but for no other offices prepared by the chairman of the county board of elections in compliance with the provisions of § 163-73.

(b) In Primary Elections. When delivered to the registrar at the voting place on the day of a primary election, the registrar shall immediately post in a conspicuous place at the voting place the list (and any supplemental lists) entitled "List of Applicants for Military Absentee Ballots to Whom Ballots Have Been Issued" prepared by the chairman of the county board of elections in compliance with the provisions of § 163-251.

§ 163-155 through § 163-159 reserved for future use.

Article 14.

Voting Machines.

§ 163-160. Voting Machines; Approval; Rules and Regulations. The State Board of Elections shall have authority to approve types and kinds of voting machines for use in primaries and elections held in this State. The use of voting machines which have been approved by the State Board of Elections in any primary or election held in any county or municipality shall be as valid as the use of paper ballots by the voters.

The State Board of Elections shall prescribe rules and regulations for the adoption, handling, operation, and honest use of voting machines, including, but not limited to, rules and regulations governing:

1. Types of voting machines approved for use in this State;
2. Form of ballot labels to be used on voting machines;
3. Operation of and manner of voting on voting machines;
4. Instruction of precinct election officials in the use of voting machines;
5. Instruction of voters in the use of voting machines;
6. Assistance to voters using voting machines;
7. Duties of custodians of voting machines; and
8. Examination of voting machines before use in a primary or election.

§ 163-161. Adoption of Voting Machines by County or Municipality. (a) Discretionary Authority. In whatever manner and upon whatever terms the board of county commissioners deems to be in the best interest of the county, it may adopt and purchase or lease voting machines of a type approved by the State Board of Elections for use in some or all voting places in the county at some or all primaries and elections. Specifically, the board may purchase voting machines upon an installment basis or

otherwise, or it may lease voting machines with or without an option to purchase.

The governing body of any municipality shall have the same authority with respect to the acquisition and use of voting machines for municipal primaries and elections.

In addition, the governing body of any municipality and the board of commissioners of the county in which the municipality is situated shall have authority jointly, upon such terms as they may agree to, to adopt and purchase or lease voting machines for use in some or all voting places of the county and municipality at some or all primaries and elections held in the two units of government.

Before adopting or acquiring voting machines under the authority of this subsection, the commissioners of the county, or the governing body of the municipality, or both jointly, may, at their discretion, submit to the voters of the county, or the municipality, or of both units, the question of whether voting machines should be adopted for use in primaries and elections in the unit or units. The question may be submitted at any general election or special election ordered to be held for some purpose other than the submission of this issue. The results of the referendum authorized under this subsection shall be advisory only and shall not bind the governing body submitting the question.

(b) Referendum Discretionary Upon Petition. Upon receipt of a written petition signed by at least 500 registered voters of the county or municipality, the board of county commissioners or municipal governing body may submit to the voters of the county or municipality the question of adopting voting machines for use in all voting places of the county or municipality at all primaries and elections held in the unit. In such a case, each person signing the petition shall write the name or number of his precinct after his name.

The question may be submitted at any general election or special election ordered or held for some purpose other than the submission of this issue. If a majority of the voters casting ballots in the referendum approve the adoption of voting machines, the board of county commissioners or the governing body of the municipality, may adopt for use in primaries and elections in the unit voting machines of a type or kind approved by the State Board of Elections.

(c) Care and Custody of Voting Machines. When the unit governing body has decided to adopt and purchase voting machines under the provisions of subsection (a) of this Section, or when the adoption of voting machines has been approved in a referendum conducted under the provisions of subsection (b) of this Section, the board of county commissioners or municipal governing body shall, as soon as practical, provide for each voting place in the unit one or more approved voting machines in complete working order. If it is impractical to furnish each voting place with voting machines, those obtained may be placed in voting places chosen, in the case of a county, by the county board of elections, and in the case of a municipality, by the governing body.

The county board of elections or the municipal governing body shall appoint as many voting machine custodians as may be necessary for the

proper preparation of the machines for each primary and election and for their maintenance, storage, and care.

§ 163-162. Use of Paper Ballots Where Voting Machines Used. In counties in which voting machines are used in some or all precincts the county board of elections shall have authority to furnish paper ballots of each kind to precincts using voting machines for use by persons required to sign their ballots under the provisions of G. S. 163-150(e).

§ 163-163 through § 163-167 reserved for future use.

Article 15.

Counting Ballots, Canvassing Votes, and Certifying Results in Precinct and County.

§ 163-168. Proceedings When Polls Are Closed. At 6:30 p.m., on the day of an election or primary, the precinct registrar shall announce that the polls are closed, but any qualified voters who are then in the process of voting or who are in line within the voting enclosure waiting to vote, shall be allowed to mark and cast their ballots.

§ 163-169. Counting Ballots at Precinct; Unofficial Report of Precinct Vote to County Board of Elections. (a) Instructions. Before each primary and election, the chairman of the county board of elections shall furnish each registrar written instructions on how ballots shall be marked and counted. Before starting the counting of ballots in his precinct, the registrar shall instruct all of the judges, assistants, and ballot counters in how differently marked ballots shall be counted and tallied.

(b) General Rule. Only official ballots shall be counted. No ballot shall be counted which is marked contrary to law, but no ballot shall be rejected for a technical error unless it is impossible to determine the voter's choice.

(c) Right to Witness Precinct Count. The counting of the ballots in each box shall be made in the presence of the precinct election officials and witnesses and watchers who are present and desire to observe the count. Observers shall not interfere with the orderly counting of the ballots.

(d) Counting to be Continuous; Precinct Officials Not to Separate. As soon as the polls are closed the registrar and judges shall, without adjournment or postponement, open the ballot boxes and count the ballots. The counting of ballots at the precinct shall be continuous until completed. More than one box may be counted at the same time by the precinct officials, assistants, and ballot counters, but the registrar and judges shall supervise the counting of all boxes and shall be responsible for them. From the time the first ballot box is opened and the count of votes begun until the votes are counted and the statement of returns made out, signed, certified as required by § 163-173, and delivered to the registrar or judge chosen to deliver them to the county board of elections, the precinct registrar and judges shall not separate, nor shall any one of them leave the voting place except for unavoidable necessity.

(e) Counting Primary Ballots. In a primary election only one ballot shall be removed from the ballot box at a time, and it shall be opened in full view of the precinct election officials and witnesses present. The name of each candidate voted for shall be read aloud distinctly, and the vote

received by each candidate shall be tallied on the tally sheet. This procedure shall be followed for all ballot boxes being counted at the same time.

(f) Counting General Election Ballots. In a general election the contents of a ballot box may be emptied upon a table and the ballots divided into two piles: (1) All those ballots marked in the circle of one political party to indicate a vote for all of the candidates of that party, that is, "straight tickets," which shall be so counted and tallied. (2) All those ballots marked for candidates of more than one political party, that is, "split tickets," which shall be called and tallied in the manner prescribed for counting primary ballots in subsection (e) of this Section.

(g) Questioned Ballots. All questions arising with respect to how a ballot shall be counted or tallied shall be referred to the registrar and judges of election for determination before the completion of the counting of the ballots in the box from which the questioned ballot was taken.

(h) Unofficial Report of Precinct Returns. On the night of the primary or election, as soon as the votes have been counted and the precinct returns certified, the registrar, or one of the judges selected by the registrar, shall report the total precinct vote for each candidate, constitutional amendment, and proposition by telephone or otherwise to the county board of elections. This report shall be unofficial and shall have no binding effect upon the official county canvass to follow. As soon as the precinct reports are received, the chairman, secretary, or clerk to the county board of elections shall publish the reports to the press, radio, and television. The costs incurred in executing the provisions of this subsection shall be charged to the operating expense of the county board of elections.

(i) Absentee Ballots. Absentee ballots shall be deposited and voted in accordance with the provisions of § 163-234; they shall be counted and tabulated as provided in this Section and § 163-170.

(j) Presidential Ballots of New Resident Voters. The ballots of all new resident voters cast for presidential electors under the provisions of § 163-56 and § 163-73 which are not challenged or, if the challenge is not sustained, shall be counted and tallied in the manner provided in subsection (i) of this Section for counting and tallying absentee ballots, and shall be made a part of the official precinct returns for presidential electors.

§ 163-170. Rules For Counting Ballots. No ballot shall be counted which is marked contrary to law, but no ballot shall be rejected for a technical error unless it is impossible to determine the voter's choice. In applying this general principle, all election officials shall be governed by the following rules:

1. Only official ballots shall be counted.

2. If for any reason it is impossible to determine a voter's choice for an office to be filled, the ballot shall not be counted for that office but shall be counted for all other offices.

3. If a ballot is marked for more names than there are persons to be elected to an office, it shall not be counted for that office but shall be counted for all other offices.

4. If a ballot has been defaced or torn by a voter it shall not be counted.

5. If a voter has affixed a sticker to a ballot, marked a ballot with a rubber stamp, attached anything to a ballot, wrapped or folded anything in a ballot, or done anything to a ballot other than mark it properly with pencil or pen, it shall not be counted.

6. If a name has been written in on an official general election ballot as provided in § 163-151(b), it shall be counted in accordance with the following instructions:

a. If the name was written in by an election official or by any person other than the voter himself or a person assisting him pursuant to the provisions of § 163-152, the name written in shall not be counted.

b. If the name has been written in the space immediately beneath the name of a candidate for a particular office, it shall be counted as a vote for the person whose name has been written in for that office whether or not the voter has made any mark to the left of the name inserted. Striking out, marking through, or crossing out the name printed above the write-in shall not affect the validity of the write-in, nor shall it serve to invalidate the ballot or the vote for the particular office.

c. If the voter has marked the party circle above the column in which he has entered the write-in, the following instructions shall apply:

(1) If the voter has made no mark to the left of the name written in, his ballot shall be counted as a vote for the person whose name has been inserted and for all other nominees of the party in whose circle he has marked except the one beneath whose printed name the voter has made the write-in: Provided, however, if the person whose name has been written in appears on the ballot as the nominee of a different political party for any office, the write-in shall be ignored, and the ballot shall be counted as a vote for all the nominees of the party in whose circle the voter has marked.

(2) If the voter has made a mark to the left of a name written in, his write-in shall be ignored, and his ballot shall be counted as a vote for all the nominees of the party in whose circle the voter has marked.

d. If the voter has marked the party circle at the top of one column on the ballot and has made a write-in under a name printed in a different column, the write-in shall be ignored, and his ballot shall be counted as a vote for all the nominees of the party in whose circle he has marked.

7. In an election other than a primary, if a voter in one of the counties or municipalities listed in paragraph 4 of § 163-151(b) fails to adhere to the instructions set out in that paragraph, his ballot shall not be counted for any of the candidates for any of the multiple positions to be filled in the single office.

8. In a primary election, if a voter in one of the counties or municipalities listed in paragraph 2 of § 163-151(c) fails to adhere to the instructions set out in that paragraph, his ballot shall not be counted for any of the candidates for any of the multiple positions to be filled in the single office.

§ 163-171. Preservation of Ballots; Locking and Sealing Ballot Boxes; Signing Certificates. When the precinct count is completed after a primary or election, all ballots shall be put back in the ballot boxes from which they were taken, and the registrar and judges shall promptly lock and place a seal around the top of each ballot box, so that no ballot may be

taken from or put in it. The registrar and judges shall then sign the seal on each ballot box.

Ballot boxes in which ballots have been placed and which have been locked and sealed as required by the preceding paragraph shall remain in the safe custody of the registrar, subject to the orders of the chairman of the county board of elections as to their disposition. No ballot box shall be opened except upon the written order of the county board of elections or upon a proper order of court.

Ballots cast in a primary or general election shall be preserved for at least two months after the primary or general election in which voted.

On each precinct return form there shall be printed a statement to be signed by the registrar and judges certifying that, after the precinct count was completed, each ballot box was properly locked, sealed, and the seals signed, as prescribed in this Section, before the precinct officials left the voting place on the night of the primary or election.

Wilful failure to securely lock, seal, and sign the seal on each ballot box on the night of any primary or election, and wilful failure to sign the certificate on the duplicate return forms certifying that this was done, shall constitute a misdemeanor.

§ 163-172. State Board of Elections to Prepare and Distribute Abstract Forms. The State Board of Elections shall prepare and print appropriate abstract of returns forms and, at least 30 days before the time for holding any primary or election, send copies of them to the chairman of the county board of elections and Clerk of Superior Court of each county. At the same time, the State Board of Elections shall furnish directions for completing, certifying, signing, and transmitting abstracts of returns to the State Board of Elections and Secretary of State as required by this chapter after each primary and election.

§ 163-173. How Precinct Returns Are to Be Made. In each precinct, when the results of the counting of the ballots have been ascertained they shall be recorded in original and duplicate statements to be prepared, signed, and certified to by the registrar and judges on forms provided by the county board of elections.

One of the statements of the voting in the precinct shall be placed in a sealed envelope and delivered to the registrar or a judge selected by the precinct officials for the purpose of delivery to the county board of elections at its meeting on the second day after the primary or election. The other copy of the statement shall be mailed immediately to the chairman of the county board of elections by one of the other two precinct election officials.

Any registrar or judge appointed to deliver the certified precinct returns who shall fail to deliver them to the county board of elections by 12:00 noon, on the day the board meets to canvass the returns shall be guilty of a misdemeanor, unless the failure resulted from illness or other good cause.

§ 163-174. Registration and Poll Books to Be Returned to Chairman of County Board of Elections. On the day of the county canvass following each primary and election, the registrar (or judge appointed to bring

in the precinct returns) shall deliver the precinct registration book or records and the poll book to the chairman of the county board of elections.

§ 163-175. County Board of Elections to Canvass Returns and Declare Results. On the second day (Sunday excepted) next after every primary and election, the county board of elections shall meet at 11:00 a.m., at the county courthouse, for the purpose of canvassing the votes cast in the county and preparing the county abstracts. If the returns from any precinct have not been received by the county board by 12:00 noon, on that day, or if the returns of any precinct are incomplete or defective, the board shall have authority to dispatch a peace officer to the residences of the election officials of the delinquent precinct for the purpose of securing proper returns for that precinct.

In the presence of such persons as choose to attend, the members of the county board of elections shall open the precinct returns, canvass and judicially determine the results of the voting in the county, and prepare and sign duplicate abstracts showing:

1. In a primary, the total number of votes cast in each precinct and in the county for each candidate of each political party for each office.

2. In an election, the number of legal votes cast in each precinct for each candidate, the name of each person voted for, the political party with which he is affiliated, and the total number of votes cast in the county for each person for each different office.

In complying with the provisions of this Section, the county board of elections shall have power and authority to judicially pass upon all facts relative to the primary or election, to make or order such recounts as it deems necessary, and to judicially determine the result of the primary or election. The board shall also have power to send for papers and persons and to examine them, and to pass upon the legality of any disputed ballots transmitted to it by any precinct election official.

When, on account of errors in tabulating returns and filling out abstracts, the result of a primary or election in any one or more precincts cannot be accurately known, the county board of elections shall be allowed access to the ballot boxes in such precincts to make or order a recount and to declare the result.

When the county board of elections has judicially determined the result of the primary or election, the chairman of the board shall proclaim the result at the courthouse door, stating the number of votes cast in the county for each candidate for each office.

At the same

time, the Clerk of Superior Court shall also certify under his official seal to the Secretary of State a list of all the persons voted for in his county as members of the State Senate and House of Representatives and all county offices, together with the votes cast for each and their post office addresses.

In a general election, the person having the greatest number of legal votes for a county or township office, or for membership in one of the houses of the General Assembly in a representative or senatorial district composed of only one county, shall be declared elected by the county board of elections: Provided, however, that as a prerequisite to election, a write-in candidate for any office must receive as many as five per cent (5%) of the votes cast for candidates for the United States House of Representatives in the township or county or other jurisdiction in which he is running.

If two or more candidates in the categories listed in this Section, having the greatest number of votes, shall have an equal number, the county board of elections shall determine by lot which shall be elected.

§ 163-180. Chairman of County Board of Elections to Furnish Certificate of Election. (d) Application Forms Issued by Chairman of County Board of Elections. The chairman of the county board of elections shall be sole custodian of all absentee ballot application forms. In accordance with one of the following two procedures, he shall issue and deliver a single application form, upon request, to a person authorized to sign such an application under the provisions of this Section:

1. He may deliver the form to a voter personally at the office of the county board of elections for the voter's own use; or

2. He may mail the form to a voter for his own use upon receipt of a written request from the voter.

The chairman shall not entrust any other person to deliver an application form to a voter, nor shall he mail an application form to a voter who has not made written request for one, except as provided in subsection (e) of this Section.

At the time he issues an application form, the chairman of the county board of elections shall number it and write the applicant's name in the space provided therefor at the top of the form. At the same time the chairman shall insert the applicant's name and the number assigned his application in the Register of Absentee Ballot Applications and Ballots Issued provided for in § 163-228.

The chairman shall issue only one application form to a voter unless a form previously issued is returned to the chairman and marked "Void" by him. In such a situation, the chairman may issue another application form to an authorized person, but he shall retain the voided application form in his records.

(e) Applications for Absentee Ballots Transmitted by Mail or in Person. An application for absentee ballots shall be made and signed only by the voter desiring to use them and shall be valid only when transmitted to the chairman of the county board of elections in person or by the United States mail: Provided, that a voter who becomes sick or physically disabled after 6:00 p.m., on Wednesday before the election may have an application prepared, signed, and transmitted to the chairman of the county board of elections in accordance with the provisions of subsection (c) of this Section.

§ 163-228. Register of Absentee Ballot Applications and Ballots Issued; a Public Record. The State Board of Elections shall furnish the chairman of the board of elections in each county of the State with a book to be called the Register of Absentee Ballot Applications and Ballots Issued in which shall be recorded whatever information and official action may be required by this Article.

The Register of Absentee Ballot Applications and Ballots Issued shall constitute a public record and shall be opened to the inspection of any registered voter of the county at any time within 30 days before and 30 days after a State-wide general election, or at any other time when good and sufficient reason may be assigned for its inspection.

§ 163-229. Absentee Ballots, Container-Return Envelopes, and Instruction Sheets. (a) Absentee ballot form: In accordance with the provisions of § 163-230(c), persons entitled to vote by absentee ballot shall be furnished with regular official ballots; separate or distinctly marked absentee ballots shall not be used.

(b) Container-return envelope: In time for use not later than 45 days before a State-wide general election, the county board of elections shall print a sufficient number of envelopes in which persons casting absentee ballots may transmit their marked ballots to the chairman of the county board of elections. Each container-return envelope shall be printed in accordance with the following instructions:

1. On one side shall be arranged identified spaces in which the chairman of the county board of elections may insert the name of the applicant, the

(c) Instruction sheets: In time for use not later than 45 days before a State-wide general election, the county board of elections shall prepare and print a sufficient number of sheets of instructions on how voters are to prepare absentee ballots and return them to the chairman of the county board of elections.

§ 163-230. Consideration and Approval of Applications and Issuance of Absentee Ballots. The procedure to be followed in receiving applications for absentee ballots, passing upon their validity, and issuing absentee ballots shall be governed by the provisions of this Section.

(a) Record of applications received and ballots issued: Upon receipt of a voter's written application for absentee ballots the chairman of the county board of elections shall promptly enter in the Register of Absentee Ballot Applications and Ballots Issued so much of the following information as he has not already entered thereunder the provisions of § 163-227(d):

1. Name of voter applying for absentee ballots.
2. Number of assigned voter's application when issued.

3. Precinct in which applicant is registered.
4. Address to which ballots are to be mailed.
5. Reason assigned for requesting absentee ballots.
6. Date application for ballots is received by chairman.

(b) Determination of validity of applications for absentee ballots: The county board of elections shall constitute the proper official body to pass upon the validity of all applications for absentee ballots received in the county; this function shall not be performed by the chairman or any other member of the board individually.

1. Required meetings of county board of elections: During the period opening 45 days before a State-wide general election and closing at 6:00 p.m., on Wednesday before the election, the county board of elections shall hold public meetings on Monday and Friday of each week at 10:00 a.m., and it shall also hold public meetings at 10:00 a.m., on both Thursday and Monday immediately preceding election day. These meetings shall be held at the county courthouse or at the elections board's office at the hour fixed by law. At these meetings the county board of elections shall pass upon applications for absentee ballots.

Upon a majority vote, the county board of elections may hold the required public meetings at an hour other than 10:00 a.m., and it may hold more than one session on each Monday and Friday it is required to meet and may set the hours of any additional sessions. If the board desires to exercise either or both of the options granted by the preceding sentence, it shall do so prior to the date on which it is required to hold its first public meeting under the provisions of this subsection and in time to give the notice required by the fourth paragraph of this numbered portion of this subsection; thereafter, no change shall be made in the hours fixed for the board's public meetings on absentee ballot applications.

It shall not be necessary for the chairman of the county board of elections to give notice to other board members of weekly meetings of the board which are fixed as to time and place by this Section.

If the county board of elections changes the time of holding its Monday and Friday meetings or provides for additional meetings on Mondays and Fridays in accordance with the terms of this subsection, notice of the change in hour and notice of the schedule of additional meetings, if any, shall be published in a newspaper circulated in the county, and a notice thereof shall be posted at the courthouse door of the county, at least one week prior to the time fixed for holding the first meeting under this subsection.

The county board of elections shall not be required to hold any of the meetings prescribed by this subsection unless, since its last preceding meeting, it actually has received one or more applications for absentee ballots which it has not passed upon. When no meeting is to be held for this reason, the chairman shall notify each of the other members of the county board of elections that the scheduled public meeting will not be held and state the reasons for its cancellation.

2. Procedure at required meeting; making determination: At each public meeting of the county board of elections the chairman shall present for consideration, and the board shall pass upon, the validity of all ap-

plications for absentee ballots received since its last preceding public meeting held for that purpose. In connection with each application received by mail the chairman shall also present the container envelope in which the application was received. At each such meeting any registered voter of the county shall be heard and allowed to present evidence in opposition to, or in favor of, the issuance of absentee ballots to any voter making application for them.

The county board of elections may consider the registration book evidence of the voter's signature if available and any other evidence that may be necessary to pass upon such an application.

If the board finds that the applicant is a qualified voter of the county, that he is registered in the precinct stated in his application, that the assertions in his application are true, and that his application is in proper form, it shall approve his application for absentee ballots.

3. Record of board's determination; decision final: At the time the county board of elections makes its decision on an application for absentee ballots, the chairman shall enter in the appropriate column in the Register of Absentee Ballot Applications and Ballots Issued opposite the name of the applicant a notation of whether his application was "Approved" or "Disapproved." The decision of the board on the validity of an application for absentee ballots shall be final, subject only to such review as may be necessary in the event of an election contest.

(c) Delivery of absentee ballots and container-return envelope to applicant: When the county board of elections approves an application for absentee ballots, the chairman shall promptly issue and transmit them to the applicant in accordance with the following instructions:

1. On the top margin of each ballot the applicant is entitled to vote, the chairman shall write or type the words "Absentee Ballot No. ....." and insert in the blank space the number assigned the applicant's application in the Register of Applications for Absentee Ballots and Ballots Issued. He shall not write, type, or print any other matter upon the ballots transmitted to the absentee voter.

2. The chairman shall fold and place the ballots (identified in accordance with the preceding instruction) in a container-return envelope and write or type in the appropriate blanks thereon, in accordance with the terms of § 163-229(b), the absentee voter's name, his application number, and the designation of the precinct in which his ballots are to be voted. The chairman shall leave the container-return envelope holding the ballots unsealed.

3. The chairman shall then place the unsealed container-return envelope holding the ballots, together with printed instructions for voting and returning the ballots, in an envelope addressed to the applicant at the post office address stated in his application, seal the envelope, and mail it at the expense of the county board of elections, or deliver it to the applicant in person: Provided, that in case of approval of an application received after 6:00 p.m. on Wednesday before the election under the provisions of § 163-227(c), in lieu of transmitting the ballots to the applicant in person or by mail, the chairman may deliver the sealed envelope containing the instruction sheet and the container-return envelope holding the ballots to the applicant's husband, wife, brother, sister, parent, or child.

§ 163-231. Voting Absentee Ballots and Transmitting Them to Chairman of County Board of Elections. (a) Procedure for voting absentee ballots: In the presence of an officer authorized to administer oaths, having an official seal, the voter shall:

1. Mark his ballots, or cause them to be marked in his presence according to his instructions.

2. Fold each ballot separately, or cause each of them to be folded in his presence.

3. Place the folded ballots in the container-return envelope and securely seal it, or have this done in his presence.

4. Make and subscribe the affidavit printed on the container-return envelope according to the provisions of § 163-229(b).

The officer administering the oath shall then complete the form on the container-return envelope and affix his seal in the place indicated. When thus executed, the sealed container-return envelope, with the ballots enclosed, shall be transmitted in accordance with the provisions of subsection (b) of this Section to the chairman of the county board of elections who issued the ballots.

In the case of voters who are members of the armed forces of the United States, as defined in § 163-245, the signature of any commissioned officer or noncommissioned officer of the rank of sergeant in the Army, petty officer in the Navy, or equivalent rank in other branches of the armed forces, as a witness to the execution of any certificate required by this or any other Section of this Article to be under oath shall have the force and effect of the jurat of an officer with a seal fully authorized to take and administer oaths in connection with absentee ballots.

(b) Transmitting executed absentee ballots to chairman of county board of elections: The sealed container-return envelope in which executed absentee ballots have been placed shall be transmitted to the chairman of the county board of elections who issued them as follows:

1. If the ballots were issued under the provisions of either subsection (a) or subsection (b) of § 163-227, the sealed envelope shall be transmitted by the voter in person or by mail (at the voter's expense) in sufficient time for the executed ballots to reach the chairman of the county board of elections by 12:00 noon, on the Saturday immediately preceding the State-wide general election. If such ballots are received later than that hour they shall not be accepted for voting.

2. If the ballots were issued under the provisions of subsection (c) of § 163-227, the sealed envelope may be transmitted by the voter in person, or by mail (at the voter's expense), or it may be delivered to the chairman by the voter's husband, wife, brother, sister, parent, or child, in sufficient time for the executed ballots to reach the chairman of the county board of elections by 3:00 p.m., on the day of the State-wide general election. If such ballots are received later than that hour they shall not be accepted for voting.

Before noon on the day before a State-wide general election, the chairman of the county board of elections shall send one copy of the list required by this Section, together with the original of all applications for absentee ballots received by him, by registered mail to the Chairman of the State Board of Elections, at Raleigh, North Carolina. He shall post one copy of the list at a conspicuous place at the county courthouse door, and he shall retain the third copy for himself.

§ 163-233. Lists of Absentee Ballots Received; Distribution; Delivering Executed Absentee Ballots to Appropriate Registrars. Before noon on the day of a State-wide general election, the chairman of the county board of elections shall prepare for each precinct a list, in quadruplicate, of all executed absentee ballots which he has received from absentee voters of the particular precinct prior to noon on the Saturday immediately preceding the election, and, in the case of absentee ballots issued under the provisions of § 163-227(c), executed ballots which he has received at any time prior to making the list. The chairman shall cause two copies of the appropriate precinct list, together with the unopened container-return envelopes enclosing absentee ballots to be voted in the precinct, to be delivered to the registrar before noon on the day of the election.

If, after preparing and delivering the lists and unopened container-return envelopes as prescribed in the preceding paragraph, the chairman

should, before 3:00 p.m. on election day, receive additional executed absentee ballots issued under the provisions of § 163-227(c), he shall prepare, in quadruplicate, a supplemental list for each affected precinct. The chairman shall have two copies of the appropriate supplemental precinct list, together with the unopened container-return envelopes enclosing the ballots recorded on the supplemental list, delivered to the precinct registrar before the polls are closed on election day.

The registrar shall post one copy of the list and one copy of the supplemental list, if any, as required by § 163-154. He shall retain the other copy or copies until all challenges of absentee ballots have been heard and decided.

On election day the chairman of the county board of elections shall mail to the Chairman of the State Board of Elections, at Raleigh, North Carolina, one copy of each of the lists prepared under the provisions of this Section. He shall retain the remaining copy or copies for his own use.

§ 163-234. Absentee Ballots Deemed Voted Upon Delivery to Registrar; Opening Container-Return Envelope and Depositing Ballots; Rejected Ballots. An absentee ballot shall be deemed to be voted when delivered to the precinct registrar on the day of the election, but it shall not be deposited in a ballot box and shall not be counted except in accordance with the procedures outlined in this Section.

As soon as the polls are closed, and before they sign the poll book, the precinct officials shall examine the container-return envelopes, record in the poll book the names of absentee voters whose ballots are voted, and deposit their ballots in the proper ballot boxes as follows:

1. The precinct officials shall examine each unopened container-return envelope. If they find that the affidavit and jurat are not executed in due form, or that the voter did not sign his name to the affidavit printed on the envelope, or that the officer before whom the voter executed the affidavit did not affix his seal, the envelope shall be left unopened, and it shall be marked "Rejected."

2. If the examination required by the preceding paragraph reveals that the container-return envelope is in order, one of the judges of election shall call the name of the voter as it appears in the affidavit on the envelope. After examining the registration records, the registrar shall state whether the person bearing that name is duly registered and qualified to vote in the precinct. If the registrar finds him not to be registered, the envelope shall be left unopened, and it shall be marked "Rejected—Not Registered." If the registrar finds him to be registered and qualified, and if his registration or right to vote by absentee ballot is not challenged, the responsible judge shall enter his name in the poll book with the notation "Absentee Voter." If a challenge is entered, the precinct officials shall proceed as provided in § 163-89.

3. When the voter's name has been entered in the poll book under the provisions of the preceding paragraph, one of the judges of election shall open the container-return envelope by slitting it with a sharp instrument so as not to destroy, tear, or obliterate any part of the affidavit thereon. He shall then remove the ballots from the envelope and, without unfolding them and without examining how they are marked, he shall deposit each in the appropriate ballot box.

4. All container-return envelopes shall be filed with the county board of elections at the time of the county canvass when the precinct returns are filed. This requirement shall include those container-return envelopes from which ballots have been removed and deposited in ballot boxes, as well as those left unopened and marked "Rejected" or "Rejected—Not Registered" under the provisions of this Section and those left unopened and marked "Challenge Sustained" under the provisions of § 163-89. They shall be preserved intact by the chairman of the county board of elections for a period of six months, or longer if any contest shall then be pending concerning the validity of any absentee ballot delivered to him.

§ 163-235. Absentee Voting Where Voting Machines Used. Persons entitled to vote by absentee ballot in precincts in which voting machines are used shall vote on paper ballots furnished them in accordance with the provisions of this Article. At voting places at which voting machines are used, container-return envelopes and absentee ballots shall be received, handled, counted, and filed with the county board of elections in accordance with the provisions of this Article for voting places at which voting machines are not used. The total absentee ballot vote for each candidate and proposition shall be added to the totals shown on the voting machines, and the combined totals shall be entered on the official returns for the precinct.

§ 163-236. Violations by Chairman of County Board of Elections. The chairman of the county board of elections shall be sole custodian of blank applications for absentee ballots, official ballots, and container-return envelopes for absentee ballots. He shall issue and deliver blank applications for absentee ballots in strict accordance with the provisions of § 163-227(d). The issuance of ballots to persons whose applications for absentee ballots have been approved by the county board of elections under the provisions of § 163-230(c) is the responsibility and duty of the chairman of the county board of elections.

It shall be the duty of the chairman of the county board of elections to keep current all records required of him by this Article and to make promptly all reports required of him by this Article.

The willful violation of the terms of this Section shall constitute a misdemeanor, and upon conviction, the offender shall be fined not less than one hundred dollars ($100.00), or imprisoned not less than 60 days, or both, in the discretion of the court.

(b) False statements not under oath made misdemeanor. If any person, for the purpose of obtaining or voting any official ballot under the provisions of this Article, shall willfully sign any printed or written false statement which does not purport to be under oath, or which, if it

(c) Fraud in connection with absentee vote; forgery. Any person attempting to aid and abet fraud in connection with any absentee vote cast, or to be cast, under the provisions of this Article, shall be guilty of a misdemeanor, and, upon conviction, be fined or imprisoned, in the discretion of the court. Any person attempting to vote by fraudulently signing the name of a regularly qualified voter shall be guilty of forgery, and be punished accordingly.

(d) Violations not otherwise provided for made misdemeanor. If any person shall willfully violate any of the provisions of this Article, or willfully fail to comply with any of the provisions thereof, for which no other punishment is herein provided, he shall be guilty of a misdemeanor, and upon conviction, shall be fined not less than one hundred dollars ($100.00), or imprisoned not less than six months, or both, in the discretion of the court.

§ 163-238. Reports of Violations to Attorney General and Solicitors. It shall be the duty of the State Board of Elections to report to the Attorney General of North Carolina, and to the solicitor of the appropriate solicitorial district, any violation of this Article, or the failure of any person charged with a duty under its provisions to comply with and perform that duty, and it shall be the duty of the solicitor to cause such a person to be prosecuted therefor.

§ 163-247. Methods of Applying for Absentee Ballots. An individual entitled to exercise the rights conferred by this Article and who is absent from the county of his residence may apply for absentee ballots in either of the ways provided in this Section.

(a) Federal post card application form: At any time prior to the State-wide primary or general election in which he seeks to vote the applicant may make and sign a written application to the Secretary of State for absentee ballots on the post card form prescribed in Public Law 712 of the 77th Congress. In lieu of using a form prepared and furnished by the county board of elections, the voter may apply in an informal writing. § 163-249. Consideration and Approval of Applications and Issuance of Absentee Ballots. The procedure to be followed in receiving applications for absentee ballots under this Article, passing upon their validity, and issuing absentee ballots shall be governed by the provisions of this Section.

(a) Record of applications received and ballots issued: Upon receipt of a voter's written application for absentee ballots in either of the forms permitted by § 163-247, the chairman of the county board of elections shall promptly enter in the Register of Military Absentee Ballot Applications and Ballots Issued:

1. Name of voter applying for absentee ballots.

2. Applicant's political party affiliation as stated in an application for ballots in a primary.

3. Number assigned voter's application. (Numbers assigned applications received under the provisions of this Article shall be chosen so as not to be identical with numbers assigned applications received under the provisions of Article 20.)

4. Precinct in which applicant is registered if he is already registered, or precinct in which applicant is registered by the chairman of the county board of elections under the provisions of subsections (b) and (c) of this Section.

5. Address to which ballots are to be mailed.

6. Statement of basis on which applicant asserts his qualifications for obtaining absentee ballots under the provisions of this Article.

7. Date application for ballots is received by chairman.

(b) Determination of validity of applications for absentee ballots; handling applications for persons not registered: The chairman of the county board of elections shall pass upon the validity of all applications for absentee ballots received under the provisions of this Article, and he shall not delegate this responsibility.

If the chairman finds that the applicant is a qualified voter of the county, that he is registered in the precinct stated in his application, that the assertions in his application are true, that they demonstrate that he is entitled to vote by absentee ballot under the terms of this Article, and that his application is in proper form, the chairman shall approve the application for absentee ballots.

If the chairman finds that the applicant is not registered to vote in the precinct in which he declares he is a resident, the chairman shall make a reasonable investigation as to the applicant's residence. If the chairman determines that the applicant is a resident of the precinct asserted, that he is eligible to register and vote under the Constitution and statutes of this State, and that his application is otherwise in order, the chairman

shall register him according to the procedure specified in subsection (c) of this Section and approve his application for absentee ballots.

(c) Record of chairman's decision; registration by chairman: At the time the chairman of the county board of elections makes his decision on an application for absentee ballots, he shall enter in the appropriate column in the Register of Military Absentee Ballot Applications and Ballots Issued opposite the name of the applicant a notation of whether his application was "Approved" or "Disapproved." In cases in which the chairman determines that an unregistered applicant is entitled to register, he shall also note in the appropriate column of the register the designation of the precinct in which the applicant is entitled to vote. This entry shall constitute registration and shall entitle an otherwise qualified applicant to receive absentee ballots.

(d) Delivery of absentee ballots and container-return envelope to applicant: When the chairman of the county board of elections approves an application for military absentee ballots he shall promptly issue and transmit them in accordance with the following instructions:

1. On the top margin of each ballot the applicant is entitled to vote, the chairman shall write or type the words "Absentee Ballot No. ....." and insert in the blank space the number assigned the applicant's application in the Register of Military Absentee Ballot Applications and Ballots Issued. He shall not write, type, or print any other matter upon the ballots transmitted to the absentee voter.

2. The chairman shall fold and place the ballots (identified in accordance with the preceding instruction) in a container-return envelope and write or type in the appropriate blanks thereon, the absentee voter's name, his application number, and the designation of the precinct in which his ballots are to be voted. The chairman shall leave the container-return envelope holding the ballots unsealed.

3. The chairman shall then place the unsealed container-return envelope holding the ballots, together with printed instructions for voting and returning the ballots, in an envelope addressed to the applicant at the address stated in his application, seal the envelope, and mail it at the expense of the county board of elections.

§ 163-250. Voting Absentee Ballots and Transmitting Them to Chairman of County Board of Elections. (a) Procedure for voting absentee ballots: In the presence of any commissioned officer or noncommissioned officer of the rank of sergeant in the Army, petty office in the Navy, or equivalent rank in other branches of the armed forces of the United States, the voter shall:

2. Fold each ballot separately, or cause each of them to be folded in his presence.

3. Place the folded ballots in the container-return envelope and securely seal it, or have this done in his presence.

The officer witnessing the voter's signature shall then complete the form on the container-return envelope by signing his name in the appropriate place and entering his rank or title and the designation of the unit to which he is assigned.

(b) Transmitting executed absentee ballots to chairman of county board of elections: When executed and witnessed in accordance with the provisions of subsection (a) of this Section, the sealed container-return envelope in which executed absentee ballots have been placed shall be mailed by the voter to the chairman of the county board of elections who issued them.

§ 163-251. Certified List of Approved Military Absentee Ballot Applications; Record of Ballots Received; Disposition of List; List Constitutes Registration. (a) Preparation of list: Before noon on the day of a Statewide primary or general election, the chairman of the county board of elections shall prepare for each precinct a list, in quadruplicate, of all applications for military absentee ballots which he has received, entered in the Register of Military Absentee Ballot Applications and Ballots Issued, and approved. This list shall be entitled "List of Applicants for Military Absentee Ballots to Whom Ballots Have Been Issued." By the name of each applicant whose executed military absentee ballots have been returned to him the chairman shall enter the notation "Ballots Returned." At the end of the list the chairman shall execute the following certificate under oath:

(b) Distribution of list: Before noon on the day of the primary or general election in which the military absentee ballots are to be cast, the chairman of the county board of elections shall send one copy of the list required by this Section, together with the original of all applications for military absentee ballots received by him, by registered mail to the Chairman of the State Board of Elections at Raleigh, North Carolina. Also before noon he shall see that two copies of the appropriate precinct list, together with the unopened container-return envelopes enclosing military absentee ballots to be voted in the precinct, are delivered to the registrar at the voting place. The chairman shall retain one copy for himself.

If, after preparing and delivering the lists, original applications, and unopened container-return envelopes as prescribed in the preceding paragraph, the chairman should, before 3:00 p.m. on primary or election day, receive additional executed military absentee ballots, he shall prepare, in quadruplicate, a supplemental list for each affected precinct. The chairman shall immediately send one copy of the supplemental list required by this Section, together with the original of all applications for military absentee ballots entered thereon, by registered mail to the Chairman of the State Board of Elections, at Raleigh, North Carolina. He shall see that two copies of the appropriate supplemental precinct list, together with the unopened container-return envelopes enclosing the ballots recorded on the supplemental list, are delivered to the precinct registrar before the polls are closed on primary or election day. He shall retain one copy of each supplemental list for himself.

The registrar shall post one copy of the list and one copy of the supplemental list, if any, as required by § 163-154. He shall retain the other copy or copies until all challenges of military absentee ballots have been heard and decided. The precinct posting of this list shall be sufficient to validate the ballots of absentee voters listed thereon when their ballots are in all other respects regular.

(c) List constitutes registration: The "List of Applicants for Military Absentee Ballots to Whom Ballots Have Been Issued" prescribed by this Section, when delivered to the registrars of the various precincts, shall constitute the only precinct registration of the military absentee voters listed thereon whose names are not already entered in the registration records of the appropriate precinct. Registrars shall not add the names of persons listed on the military absentee list to the regular registration books of their precincts.

And in event of the sale of the real estate by the owner before the next scroll or tax books are made up the lien shall follow the real estate and be enforceable against the new owner. Without limiting the generality of the foregoing provisions, they are made especially applicable to the cost of labor done, materials and supplies furnished in connection with any or all of the following: cutting weeds, abating nuisances, remedying dangerous conditions in wells, privies, buildings and houses.

In the sale of real estate the city is authorized to execute deeds in the usual form and containing full covenants of warranty.

Sec. 32. Power to Make Investigations, Subpoena Witnesses, etc. The city council shall have the power to make investigations as to the city's affairs, and for that purpose may subpoena witnesses, administer oaths and compel the production of books and papers. Any person refusing to attend, or to testify, or to produce such books and papers may by summons issued by the city council be summoned before the recorder of the county or the District Court, and upon failure to give a satisfactory explanation of such refusal or failure he shall be guilty of a misdemeanor and may be fined. Any person who shall give false testimony under oath at any investigation shall be liable to prosecution for perjury.

Sec. 34. Corner Lot Assessment. The council shall have authority to determine the amount of applicability of assessment exemptions for corner lots for water and sewer installations, and to distinguish between different classifications of property uses. The exemptions for water mains and sanitary sewers shall not exceed 175 feet. If the corner, formed by two intersecting streets, is rounded into a curve, or is foreshortened for the purpose of providing sight distance or for any other purpose of construction, the footage for assessment purposes shall be calculated to the midpoint of the curve or foreshortened corner.

Sec. 35. Street Improvements—Authority of City Council to Make. In addition to any authority which is or may be granted by general law to the city for making street improvements, the city council is hereby authorized to make street improvements and to assess the cost thereof against abutting property owners in accordance with the provisions of Sections 36 through 38.

Sec. 36. Defined; When Petition Unnecessary. For the purpose of this Section, the term "street improvement" shall including grading, regrading, surfacing, resurfacing, widening, paving, repaving, and the construction or reconstruction of curbs, gutters and street drainage facilities.

The city council may order street improvements and assess the cost thereof, exclusive of the cost incurred at street intersections, against the abutting property owners at an equal rate per front foot, without the necessity of a petition, upon the findings by the council as a fact:

(a) That the street improvement project does not exceed 3000 linear feet for a major or minor thoroughfare and 1,200 linear feet for a residential street, and

(b) That such street or part thereof is unsafe for vehicular traffic and it is in the public interest to make such improvement, or

(c) That it is in the public interest to connect two streets or portions of a street already improved, or

(d) That it is in the public interest to widen a street or part thereof, which is already improved; provided, that assessment for widening any street or portion of street without petition shall be limited to the cost of widening and otherwise improving such street in accordance with the street classification and improvement standards established by the city's thoroughfare or major street plan for the particular street or part thereof to be widened and improved under the authority granted by this Section.

Sec. 37. Assessment Procedure. In ordering street improvements without a petition and assessing the cost thereof, unless otherwise provided by this Charter, the city council shall comply with the procedure provided by Article 9, Chapter 160 of the General Statutes, except those provisions relating to the petition of property owners and the sufficiency thereof.

Sec. 38. Effect. The effect of the act of levying assessments under authority of Sections 35 through 37 shall for all purposes be the same as if the assessments were levied under authority of Article 9, Chapter 160 of the General Statutes.

Sec. 39. Extension of Extraterritorial Zoning and Subdivision Control Beyond One Mile—Extraterritorial Planning Area Defined. The city extraterritorial planning area is defined as boundaries which may be established coincident with, or with reference to, geographic boundaries, either natural or man made; provided, that such boundaries shall be established, insofar as is practicable, to encompass territory lying within a distance of approximately one mile of the corporate limits; but in no event, shall such boundaries be established to encompass territory lying more than one and one-half miles distance from the corporate limits; provided, further, that in the event of land lying outside the corporate limits, within boundaries established pursuant to this Section, and lying within the boundaries of the extraterritorial authority of another municipality, the city council may enact regulations for enforcement within this extraterritorial area as herein provided only upon receipt of a resolution duly adopted by the governing body of such other municipality consenting to the enactment of such regulations.

Sec. 40. Enactment of Regulations. The city is authorized to adopt a building code, plumbing code, electrical code, zoning ordinance, subdivision ordinance, and mapped streets ordinance in accordance with Sections 45 through 50, and other similar regulatory codes not only for the area within the corporate limits as may be provided for in the General Statutes, but for any area within the city extraterritorial planning area as defined by Section 39.

Sec. 41. Enforcement. The city council is hereby authorized to enforce any regulations adopted by ordinance pursuant to the authority granted by this Act within the city extraterritorial planning area as defined by Section 39 in the same manner as the city may now, or hereafter, be authorized to enforce any such regulations within the corporate limits of the city. This authority shall include the authority to require permits prior to the construction, reconstruction or alteration of any building or structure and to fix a schedule of fees therefor. In addition, the administrative officer of the city, designated by the city council to enforce any ordinance or regulation outside the corporate limits, shall have the same power and authority in the performance of this duty outside the city that he now may or hereafter be vested with in performance of the same duties within the corporate boundaries of the city.

Sec. 42. Authority of Zoning Board of Adjustment. The board of adjustment of the city, appointed pursuant to Section 160-178 of the General Statutes shall have the same power and authority within the city extraterritorial planning area as defined by Section 39 outside the corporate limits of the city as may now or hereafter be vested with such board for the area inside the corporate limits, and such board shall be constituted in accordance with the provisions of Section 160-181.2 of the General Statutes.

Sec. 43. Recording Subdivision Plat, etc. (a) Platting Authority. The board of aldermen is hereby authorized to enact an ordinance regulating the subdivision of land as defined by this Article within the city or within the extra territorial planning area and not located in any other municipality. In the event of land lying outside the city within the extraterritorial planning area and lying also within the subdivision control jurisdiction of another municipality, the jurisdiction of the city shall terminate at a boundary line equidistant from the corporate limits of the city and the corporate limits of the other municipality, unless such municipalities shall agree in writing upon a different boundary line based upon geographical features and existing or projected patterns of development within the area. The legislative body may, if it deems wise, decline to exercise its regulatory powers over any part of its extraterritorial jurisdiction which lies in another county, or which is separated from the municipality or from the remainder of the area subject to municipal jurisdiction by a river, inlet, sound, or other major physical barrier to urban growth; such decision shall not affect the validity of any subdivision regulations enacted for the remainder of the area over which the municipality has extraterritorial jurisdiction.

(b) Adoption of Ordinance; Procedure. Before the board shall adopt a subdivision control ordinance or any amendment thereto, it shall hold a public hearing, notice of which shall be given once a week for two successive calendar weeks in a newspaper published within the city, or if no newspaper is so published, by posting such notice at four public places in the city. The notice shall be published the first time, or posted, not less than 15 nor more than 25 days prior to the date fixed for the hearing.

(c) If the board adopts an ordinance regulating the subdivision of land, no subdivision plat shall be filed or recorded until it shall have been sub-

mitted to and approved by the board and such approval entered in writing on the plat by the city clerk, provided a copy of such ordinance shall be filed with the Register of Deeds of Vance County. The register of deeds upon receipt of such ordinance shall not thereafter file or record a plat of a subdivision of land located within the territorial jurisdiction of the city as herein defined without the approval of such plat by the board. The owner of land shown on a subdivision plat submitted for recording, or his authorized agent, shall sign a statement on the plat stating whether or not any land shown thereon is within the territorial jurisdiction of the city as herein defined. The Clerk of Superior Court of Vance County shall not order or direct the recording of a plat where such recording would be in conflict with this Section.

(d) Subdivision Regulations. Prior to exercising the powers granted by this Article, the board shall by ordinance adopted pursuant to this Article adopt regulations governing the subdivision of land within its platting jurisdiction as defined in paragraph (a) of this Section. The ordinance shall require that at least a preliminary plan of every proposed subdivision shall be submitted for a study, recommendation, and tentative approval to the board or to the planning board or commission.

The ordinance may provide for the orderly development of the city and its environs; for the coordination of streets within proposed subdivision with existing or planned streets or with other public facilities; for the dedication or reservations of rights of way or easements for street and utility purposes; and for the distribution of population and traffic which shall avoid congestion and overcrowding, and which shall create conditions essential to public health, safety, and general welfare.

The ordinance may include requirements for the final plat to show sufficient data to determine readily and reproduce accurately on the ground the location, bearing, and length of every street and alley line, lot line, easement boundary line, and other property boundaries, including the radius and other data for curved property lines, to an appropriate accuracy and in conformance with good surveying practice.

The ordinance may provide for the more orderly development of subdivisions by regulating the construction of community service facilities, including water lines; sewer lines; street paving, curbing and guttering; and street drainage facilities in accordance with policies and standards established by the board under authority granted in Section 44 of this Charter and, to assure compliance with such requirements, the ordinance may require the posting of bond or other such method as shall offer guarantee of compliance.

Such ordinance may require that a plat be prepared, approved, and recorded pursuant to its provisions whenever land is subdivided within its jurisdiction, within the definition of "subdivision" in G. S. 160-226.6.

(e) Effect of Plat Approval on Status of Dedications. The approval of a plat by the board shall not be deemed to constitute or effect the acceptance by the city or the public of the dedication of any street or other ground, public utility line, or other public facility shown upon the plat.

However, any municipal legislative body may by resolution accept any dedication made to the public of lands or facilities for streets, parks, public utility lines, or other public purposes, where such lands or facilities are located within its subdivision-regulation jurisdiction.

(f) Penalties for Transferring Lots in Unapproved Subdivisions. If the board adopts an ordinance regulating the subdivision of land as authorized by this Section, any person, who, being the owner or agent of the owner of any land located within the platting jurisdiction of the city as defined by paragraph (a) of this Section, thereafter subdivides his land in violation of such ordinance or transfers or sells such land by reference to or by exhibition of or by other use of a plat showing a subdivision of such land before such plat has been approved by the board and recorded in the register of deeds' office, shall be guilty of a misdemeanor, and the description by metes and bounds in the instrument of transfer or other document used in the process of selling or transferring shall not exempt the transaction from such penalties. The city, through the city attorney or other official designated by the board, may enjoin such transfer or sale by action for injunction.

(g) Definitions. For purposes of this Section, a "subdivision" shall include all divisions of a tract or parcel of land into two or more lots, building sites, or other divisions for the purpose, whether immediate or future, of sale, or building development, and shall include all divisions of land involving the dedication of a new street or a change in existing streets; provided, however, that the following shall not be included within this definition nor be subject to the regulations authorized by this Section:

(1) The combination or recombination of portions of previously platted lots where the total number of lots is not increased and the resultant lots are equal to or exceed the standards of the city as shown in its subdivision regulations;

(2) The division of land into parcels greater than 10 acres where no street right of way dedication is involved;

(3) The public acquisition by purchase of strips of land for the widening or opening of streets;

(4) The division of a tract in single ownership whose entire area is no greater than two acres into not more than three lots, where no street right of way dedication is involved and where the resultant lots are equal to or exceed the standards of the city, as shown in its subdivision regulations.

Sec. 44. Authority to Require Improvements to Comply With City Specifications. In addition to the authority granted by G. S. 160-226.3, the city council is hereby authorized to provide for the more orderly development of subdivisions in the extraterritorial area by including in its subdivsion regulation ordinance provisions requiring the following:

(a) that any streets proposed to be opened shall be graded and stabilized, and adequate storm drainage facilities installed, all in accordance with city standards and specifications;

(b) that any streets proposed to be paved, and any curbs and gutters proposed to be constructed, shall be paved and constructed in accordance with city standards and specifications; and

(c) that any water or sewer lines proposed to be installed shall be installed and constructed in accordance with city standards and specifications.

Sec. 45. Proposed Street Lines—Authority to Establish. Whenever, in the opinion of the city council, it is in the best interest of the city to do so, the council may make provision for the ultimate widening or extension or both of existing streets and for the opening of new streets, and for the gradual acquisition of the lands necessary for such improvements, in accordance with the procedure established by Sections 45 through 50.

Sec. 46. Platting. From and after the time of adoption of a major street plan by the city council and the State Highway Commission pursuant to provisions of G. S. 136-66.2, the city council shall have power to request, make, or cause to be made, from time to time, surveys for the exact locating of the lines of new, extended, widened, or narrowed streets and highways in the whole or any portion of the city and the area outside of its corporate boundaries as may be permitted by Section 45. Personnel making such surveys are empowered to enter upon lands, make examinations or surveys, and place and maintain necessary monuments thereon, at reasonable times and with due care for the property. A plat or plats of the area or areas thus surveyed shall be prepared on which are indicated the locations of the lines recommended as the planned or mapped lines of future streets, street extensions, street widenings, or street narrowings. The preparation of such plat or plats shall not in and of itself constitute or be deemed to constitute the opening or establishment of any street or the taking or acceptance of any land for street purposes.

Sec. 47. Adoption of Official Map, Etc. Following the preparation of plats as required by Section 46, the city council may officially adopt a map or maps of planned new streets and highways, extensions, widenings, narrowings, or vacations of streets within the city and the area outside of its corporate boundaries. Before taking any such action, the council shall hold a public hearing thereon, notice of the time and place of which shall have been given once a week for two successive weeks in a newspaper published in the city, or if there be no newspaper published in the city, by posting such notice at four public places in the city and at four public places within the affected area outside of the corporate boundaries. Said notice shall be published or posted for the first time not less than 15 days prior to the date fixed for said hearing. Following adoption of such a map or maps, the council shall certify a copy to the Register of Deeds of Vance County, which copy shall be duly filed. The placing of any street or street line upon any official map or maps shall not in and of itself constitute or be deemed to constitute the opening or establishment of any street or the taking of acceptance of any land for street purposes.

Sec. 48. Right of City to Acquire Property Before Improvement Upon Proposed Street Lines. From and after the time of adoption and certification to the register of deeds of any such map or maps required by Section 47, it shall be unlawful to build upon any land within the lines of proposed streets shown thereon or to repair or otherwise improve any existing buildings within said lines until the city council shall have been given an opportunity to purchase or otherwise acquire said property for street purposes. To that end, any person proposing to build upon such land or to

make repairs or improvements to any existing building on such land shall, in writing, notify the city council of the nature and estimated cost of such building, repairs, or improvements. The council shall then determine whether it will take the necessary steps to acquire said land prior to construction of said building or the making of said repairs or improvements. If the council fails, within 60 days from the receipt of such notice, to acquire, adopt a formal resolution directing an appropriate officer to acquire, or institute condemnation proceedings to acquire said property, then the owner or other person giving notice may proceed to erect the building or to make the repairs or improvements described in said notice. The building inspector is authorized to withhold and refrain from issuing, for a period not exceeding 60 days from receipt by the council of the notice herein prescribed, any building permit for the erection of any building within the said lines, or for the making of any repairs or improvements to existing buildings within said lines.

Sec. 49. Effect of Failure to Notify City of Improvements. If any person builds upon any land included within said proposed street lines, or repairs or otherwise improves that part of any existing building within said lines, without giving the city council an opportunity to acquire said property free from improvements, as provided in Section 48, the council shall not be required to pay for the value of said building, repairs, or improvements in any proceeding subsequently brought to acquire the land for the purpose shown on the officially adopted map or maps.

Sec. 50. Effect of Failure of City to Act. The failure of the city council to take action under Section 48, within 60 days after notice shall not have the effect of limiting the right of the council at any subsequent time to condemn the same. In such case, however, the owner shall be entitled to full compensation as now provided by law for the building, repairs, or improvements made after the failure of the council to take action within the prescribed period.

Sec. 51. Bonds of City Officers and Employees. In all instances where an officer or employee of the city is required by this Charter or by the City Code or other ordinance to furnish bond for the faithful performance of his duties, or the proper accounting of funds of the city, the premiums upon such bond shall be paid by the city. A new bond shall be given each year to provide for cumulative liability of the bond.

Sec. 52. Damage Claims Against City. No action for damages against the city of any character whatever to either person or property, shall be instituted against the city unless within 90 days after the happening or inflicting of the injury complained of, the complainant, his executors or administrators shall give notice to the city council of such injury in writing, stating in such notice the date and place of happening or infliction of such injury, the manner of such infliction, the character of the injury and the amount of damages claimed therefor, and the city council shall either have declined to pay the same or allowed 20 days to have passed from the date of presentation of the claim and neglected to enter or caused to be entered upon its minutes its determination in regard thereto, but nothing in this Section shall be construed to prevent any statute of limitation from commencing to run at the time such claim accrued or demand arose, or in any manner interfere with its running.

Sec. 53. Procedure for Letting Contracts, etc. All purchases and contracts made by the city council shall be made, let, and executed according to the general laws of the State applicable thereto, as the same may be now or hereafter be enacted; provided, however, that contracts of the city involving more than one thousand dollars ($1,000.00) shall be in writing and G. S. 160-279 shall control and govern only contracts of the city in excess of one thousand dollars ($1,000.00).

Sec. 54. City Code to Remain in Force, etc. All provisions of the City Code or other ordinance not inconsistent with the provisions of this Charter shall remain in full force and effect until altered, amended, or repealed by the city council.

Sec. 55. Effective Date of Charter; Repeal of Certain Acts, etc. The following laws are hereby repealed:

1. Chapter 731, Session Laws of 1953
2. Chapter 904, Session Laws of 1959
3. Chapter 675, Session Laws of 1963
4. Chapter 875, Session Laws of 1963
5. Chapter 651, Session Laws of 1965

No such repeal shall affect any act done, or any right accruing or accrued or established, or any suit had or commenced in any case before the time when such repeal shall take effect; neither shall any rights, estate, duty or obligation possessed by or due to the corporation by its present name from any corporation or person whatever be lost, affected or impaired, but the same shall remain in full force and be possessed, enforced and enjoyed in the name and for the use of the corporation by the name of the City of Henderson. No offense committed and no penalties or forfeitures incurred under any of the Acts or ordinances hereby repealed and before the time when such repeal shall take effect, shall be affected by the repeal, except that when any punishment, penalty or forfeiture shall have been mitigated by the provisions of the Act, such provisions may be extended and applied to any judgment to be pronounced after the repeal; provided, that no suit or prosecution pending at the time of the repeal for any offense committed, or for any penalty or forfeiture incurred under any of the Acts or ordinances hereby repealed shall be affected by such repeal; provided, further, that no law heretofore repealed shall be revived by the repeal of any Act repealing such law; and provided lastly, that all persons who at the time when the said repeal shall take effect shall hold any office under any of the Acts hereby repealed shall continue to hold the same according to the tenure thereof, except as those offices which may have been abolished and those as to which a different provision shall have been made by this Act.

Sec. 56. Severability of Charter Provisions. If any clause, sentence, paragraph, subsection, Section or any part of this Act shall, for any reason, be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such judgment shall not affect, impair, or invalidate the remainder of this Act, but shall be confined in its operation to the part thereof directly involved in such judgment. If any part or clause of this Act shall be declared unconstitutional and if such part so declared unconstitutional embraces subject matter controlled and provided for by any

law, public or private, in effect at the time of the adoption of this Act, such pre-existing laws shall continue and remain in effect, notwithstanding any repealing clause contained herein.

Sec. 57. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 58. This Act shall be effective upon its ratification.

G. S. 160-77.1. Creation of Regional Councils Authorized. Any two or more municipalities, or counties, or municipalities and counties, may create a Regional Council of local officials to have and exercise such of the powers and duties herein granted as shall be specified in the creating resolutions or in amendments thereto. The membership of any Regional Council of local officials shall be limited to elected members of the governing bodies of the creating governmental units. Creation of a Regional Council shall be accomplished by the adoption of identical resolutions by the governing bodies of the creating governmental units. Such resolutions shall specify the name of the Council and the powers, duties, and functions which the Council may exercise and perform. Such resolutions shall establish the number of Council members to represent the respective governmental units, the terms of members, procedures for replacing members, and the method for determining the financial support to be given the Council by each governmental unit. Such resolutions shall require that the fiscal procedures of the Council substantially comply with the Municipal Fiscal Control Act or the County Fiscal Control Act. Such resolutions may provide for compensation of Council members and for reimbursement of expenses of Council members, and may establish rules and regulations by which the Council shall conduct its business. Any governmental unit may withdraw from a Regional Council at the end of any fiscal year after

having given at least 60 days' notice to the other member units. Any municipality or county may at any time join an existing Regional Council with the concurrence of the member governmental units, by adoption of a resolution identical to the ones under which such Council is then operating.

G. S. 160-77.2. Organization of Council; Rules and Regulations. Upon its creation, a Regional Council shall meet at a time and place agreed upon by the governing bodies of the member governmental units. It shall elect from among its individual members a chairman and such other officers as it may choose, for such terms as may be prescribed in its rules and regulations. The Council shall adopt such rules and regulations for the conduct of its business as it may deem necessary for the proper discharge of its specified duties and the performance of its specified functions, not inconsistent with any rules and regulations established by the resolutions under which it operates. The chairman may appoint such committees as may be authorized in its rules and regulations. The Council shall meet regularly, at such times and places as may be specified in its rules and regulations, and special meetings may be called pursuant to such rules and regulations. All meetings of the Council shall be open to the public.

(b) contract with consultants and other experts for such services as may be required in order for it to perform the duties and functions specified in such resolutions;

(c) contract with the State of North Carolina or the Federal government, or any agency or department thereof, for such services as may be provided by such agencies to assist it in performing the duties and functions specified in such resolutions;

In the event a court of competent jurisdiction should declare that such levy and expenditure is not a necessary expense, then any municipality or county shall have the authority to call and conduct a referendum upon the question of the levy of taxes or the expenditure of tax funds for such purposes, to be conducted in accordance with the laws governing elections for members of its governing body. Services of personnel, use of equipment and office space, and other services may also be made available to the Council, and such services may be accepted from member governmental units as a part of their financial support.

G. S. 160-77.5. Powers and Duties Which May be Granted. (a) A regional Council shall have the power to:

It shall be the duty of every property owner in the city to keep his property free from noxious weeds, trash, and all other forms of offensive animal or vegetable matter or refuse which may be dangerous or prejudicial to the public health or which may constitute a public nuisance.

"Sec. 11.2. Removal of Offensive Matter; Charges a Lien. The city council may by ordinance establish a procedure whereby city forces may clean, cut, and remove any weeds, trash, refuse or other offensive matter from any property upon failure of the owner or occupant after ten days' notice to do so. In such event, the cost of such cleaning, cutting and removal shall become a lien upon the particular property equal to the lien for ad valorem taxes and may thereafter be collected either by suit in the name of the city or by foreclosure of the lien in the same manner and subject to the same rules, regulations, costs and penalties as provided by law for the foreclosure of the lien on real property for ad valorem taxes.

"ARTICLE XII. REGULATORY POWERS

"Sec. 12.1. Subdivision Regulations. Notwithstanding the provisions of G. S. 160-227.1, the city council is hereby authorized to adopt an ordinance regulating the subdivision of land in accordance with the provisions of G. S. 160-226 through 160-227, inclusive. Such ordinance may also provide for the more orderly development of subdivisions by requiring the construction of community service facilities, including water lines; sewer lines; street paving, curbing, and guttering; and street and storm drainage facilities in accordance with city standards and specifications and, to assure compliance with such requirements, the ordinance may require the posting of bond or such other method as will offer guarantee of compliance.

"Sec. 12.2. Regulatory Codes. The city council is hereby authorized to make effective and to enforce within the territory lying outside the corporate limits and within one mile thereof all ordinances and codes of the city regulating the construction and repair of buildings, including building codes, plumbing codes, electrical codes, heating and air conditioning codes, fire prevention codes, minimum housing codes adopted pursuant to Article 15 of Chapter 160 of the General Statutes, and ordinances adopted pursuant to G. In addition, the city council is hereby authorized to enforce in such area the North Carolina State Building Code, the North Carolina State Plumbing Code, and the North Carolina Uniform Residential Building Code, all as published by the North Carolina Building Code Council. Such enforcement powers shall include the power to require that prior to the beginning of any construction, reconstruction, or alteration of any building or structure or any part or system thereof within such area, the appropriate permit or permits be obtained from the city; provided, that the city council may by ordinance require that the contractor or other person charged with such construction, reconstruction, or alteration secure such permit or permits, rather than requiring the owner of the property to do so.

"Sec. 12.3. Zoning Board of Adjustment Rules. The city council may establish by ordinance general and reasonable rules fixing the time within which appeals shall be taken from any order, requirement, decision or determination made by the building inspector or any other administrative official charged with the enforcement of any ordinance adopted pursuant to Article 14 of Chapter 160 of the General Statutes, and general and reasonable rules regulating the procedure for taking such appeals, for the giving of notice to interested parties and to the general public, for the conduct of hearings by the Board of Adjustment, for keeping the records by the Board of Adjustment, and for the issuance of certificates of its decisions by the Board of Adjustments. The city council may prescribe by ordinance the forms of notices, orders, and certificates to be issued by the Board of Adjustment and to be used in proceedings before the board, and may from time to time amend such general rules and regulations. The city council may also require reasonable costs to be advanced by appellants, so as to defray the expenses of the city in connection with such appeals and hearings.

"ARTICLE XIII. CLAIMS AGAINST THE CITY

"Sec. 13.1. Presentation of Claims; Suit Upon Claims.

"(a) All claims or demands against the City of Whiteville arising in tort or in contract shall be presented to the city council in writing, signed by the claimant, his attorney or agent, within 90 days after the claim or demand is due or the cause of action accrues, and no suit or action shall be brought thereon within 30 days or after the expiration of 12 months from the time said claim or demand is so presented. Unless the claim or demand is so presented within 90 days after the cause of action accrues, and unless suit is brought within 12 months thereafter, any action thereon is barred.

"(b) No action shall be instituted against the city on account of damages to or compensation for real property taken or used by the city for any public purpose, or for the ejectment of the city therefrom, or to remove a cloud upon the title thereof, unless, within two years after such alleged use, the owner, his executor, administrator, guardian, or next friend, shall have given notice in writing to the city council of the claim, stating in the notice the date that the alleged use commenced, a description of property alleged to have been used, and the amount of the damage or compensation claimed.

"(c) Notwithstanding the provisions of subsections (a) and (b) of this Section, if a complainant suffers from physical or mental incapacity that renders it impossible for him to give notice, his action shall not be barred if notice of claim is given by him or on his behalf within six months after the termination of his incapacity; provided, that minority shall not of itself constitute physical or mental incapacity. If the complainant is a minor, his action shall not be barred if notice of claim is given on his behalf within three years after the happening or the infliction of the injury complained of; or, if the minor suffers from physical or mental incapacity that renders it impossible for him to give notice, his action shall not be barred if notice of claim is given on his behalf within six months after termination of the incapacity, or within three years after the happening or the infliction of the injury complained of, whichever is the longer period. The city may at any time request the appointment of a next friend to represent any person having a potential claim against the city and known to be suffering from physical or mental incapacity.

"Sec. 13.2. Settlement of Claims by City Manager. The city manager may, with the approval of the city council, settle claims against the city for (1) personal injuries or damages to property when the amount involved does not exceed the sum of one hundred dollars ($100.00) and does not exceed the actual loss sustained, including loss of time, medical expenses, and any other expense actually incurred and (2) the taking of small portions of private property which are needed for the rounding of corners at intersections of streets, when the amount involved in any such settlement does not exceed five hundred dollars ($500.00) and does not exceed the actual loss sustained. Settlement of a claim by the city manager pursuant to this Section shall constitute a complete release of the city from any and all damages sustained by the person involved in such settlement in any manner arising out of the accident, occasion, or

taking complained of. All such settlements, and all such releases, shall be approved in advance by the city attorney."

Except as otherwise provided in this Act, or the laws of North Carolina, the City Council shall have authority to determine by whom and in what manner the powers granted by this Section shall be exercised.

Sec. 2. The enumeration of particular powers, rights, privileges, franchises, and immunities by this Charter shall not be held or deemed to be exclusive, but in addition to the powers enumerated or implied therein, or appropriate to the exercise thereof, the City shall have and may exercise all other powers which under the Constitution and law of North Carolina are now granted or may be granted in the future to municipalities. The powers herein granted are in addition to and not in substitution for existing powers or powers hereafter granted to municipal corporations under the Constitution and law of North Carolina. Except as limited or restricted or prohibited by the Constitution of North Carolina or this Charter, Bessemer City shall have and may exercise all municipal powers, functions, rights, privileges, and immunities of every name and nature whatsoever. All ordinances of the Town of Bessemer City that are in effect upon the ratification of this Act shall continue in full force and effect until amended or repealed by the City Council of Bessemer City.

Sec. 3. The corporate limits of Bessemer City shall be identical to the corporate limits now in existence. The City Manager, if any, or Mayor shall at all times maintain a map in his office showing the boundary lines of the corporate limits of Bessemer City and this shall be open to inspection to any person at any time during normal business hours. Provided, however, that Bessemer City shall have authority to extend its corporate limits in any fashion as provided for by the law of North Carolina.

Sec. 4. Except as otherwise provided for in this Charter, all powers and the general management and control of Bessemer City shall be vested in a City Council of six members and a Mayor elected by and from the qualified voters of the City of Bessemer City in the manner hereinafter provided, who shall exercise their power or powers in conformity to the provisions in this Charter and the provisions of the general law with reference to the powers and privileges of municipalities wherein no provision has been made in this Charter with respect thereto.

Sec. 5. The terms of office for all elected officials shall be for two years and until their successors are elected and qualified. Only qualified voters of the State of North Carolina and of Bessemer City shall be eligible to hold such offices. A vacancy shall exist when an elected officer shall fail, without good cause, to qualify within 30 days after his election, shall die, resign, remove himself from Bessemer City, be convicted of, or submit

to, a felonious charge, be judicially declared a lunatic, or be removed for cause by a court of competent jurisdiction, or by operation of law. Every such vacancy shall be filled for the remainder of the unexpired term by a majority vote of the remaining members of the City Council in regular or special meeting. The City Council shall have authority to fill any vacancy resulting from a failure of candidates filing.

Sec. 6. Upon ratification of this Act, the Board of Town Commissioners shall be known as the City Council, and the City Council and present Mayor shall continue in such office until the first Monday in July, 1967.

Sec. 7. On the first Monday in July, 1967, at 9:00 a.m. and biennially thereafter, the newly elected Mayor and members of the City Council shall meet at its usual place for holding its meetings in the City Hall in Bessemer City and the newly elected Mayor and members of the City Council shall take their oath of office and assume the duties of their office. Thereafter the City Council shall fix suitable times for its regular meetings by resolution or ordinance and shall convene for at least one regular meeting each month. The Mayor, or in the absence of the Mayor the Mayor Pro Tempore, or a majority of the City Council may at any time call a special session of the City Council by causing written notice of such special meeting to be given to all members of the governing body at least 24 hours before such special meeting. Meetings may also be held at any time the Mayor and all members of the City Council are present or consent thereto. A majority of the City Council shall constitute a quorum; in determining whether a quorum is present, the Mayor shall be counted as a member of the City Council. All meetings shall be public, and the Mayor, who shall be the official head of the City, shall preside, if present, but shall have no vote except in the case of a tie. A majority of the members present shall be sufficient to pass any motion, resolution, or ordinance unless otherwise set out herein. In the absence of the Mayor, the Mayor Pro Tempore, who shall be chosen at the first regular meeting following the regular municipal election by the City Council from its members, shall preside and shall vote when so presiding as herein provided for the Mayor, and in the absence of both, a Chairman Pro Tempore shall be chosen to preside at such meeting. The Clerk shall speak first to the governing body and shall keep records of the meeting. The governing body shall sit with open doors at all of its legislative sessions, and shall keep a journal of its proceedings, which shall be a public record.

Sec. 8. The City Council shall be the judge of the elections and qualifications of its members and the Mayor, and in such cases shall have power to subpoena witnesses and compel the production of all pertinent books, records, and papers; but the decision of the City Council in any case shall be subject to review by the court. The City Council shall determine its own rules and order of business.

Sec. 9. The City Council of Bessemer City, in its discretion, is authorized and empowered to appoint a City Manager, whose duties shall be as set forth in North Carolina G. S. 160-349; however, the City Manager shall not have any authority to hire or fire the City Clerk, City Attorney, Solicitor or Chief of Police. Said City Manager shall hold office at the

will and pleasure of the City Council, and shall receive such compensation as fixed by the Council.

Sec. 10. The salaries and compensation of the officers and employees of the City shall be fixed by the City Council and they shall perform such duties as may be required of them by the City Manager or City Council.

Sec. 11. The City is hereby divided into six wards, being described as follows:

Sec. 12. The qualified voters of the City, voting at large, shall elect one Councilman from each of the six wards. Each voter in the City shall be entitled to vote for one candidate from each ward, and the candidate

from each ward who receives the largest number of votes cast for Councilman from his ward shall be declared elected. Regular elections shall be held on the last Monday in June of each odd-numbered year.

Any qualified elector of the City who has been a resident of the ward from which he or she is elected for at least four months prior to election shall be eligible to serve as City Councilman. Sec. 16. Upon its passage each ordinance or resolution shall be authenticated by the signature of the City Clerk, and shall be recorded in a journal kept for that purpose. Within 10 days after passage, a notice setting forth in brief the substance of each ordinance shall be published or posted at least once in such manner as the City Council may prescribe; provided, however, that the provisions of this Section shall not apply to an ordinance authorizing bonds to the City of Bessemer City under the provisions of the Municipal Finance Act, 1921, as amended, but such ordinances shall be published as required by Section 160-384 of the General Statutes.

Sec. 17. That for the purpose of electing a Mayor, the several Councilmen and all other elective officers of the City of Bessemer City, there shall be held in said City, on the last Monday in June, 1967, and biennially thereafter, a regular municipal election. Sec. 24. The Recorder's Court of the City of Bessemer City, as authorized by Chapter 64 of the Private Laws of North Carolina, 1933, shall continue in existence and in operation with the identical powers, rights, and jurisdiction previously held by and conferred upon it prior to the ratification of this Charter so long as said prior powers and Acts do not conflict with this Charter. Specifically, the provisions of Chapter 1070 of the 1959 Session Laws of North Carolina and Chapter 224 of the 1959 Session Laws of North Carolina shall continue in full force and effect.

Sec. 25. The duties of the Clerk of the Recorder's Court shall be the same as are authorized by the General Statutes of North Carolina.

The Council is hereby allowed until September 1 of each year in which to adopt a financial budget for the next year.

Sec. 31. Before any person, firm, or corporation shall connect in any manner, except a sewer or water lateral from the meter to the premises, any privately owned water or sewer line or lines with any water or sewer line or lines of the City of Bessemer City, such person, firm, or corporation shall, by proper instrument, in consideration of making such connection and the benefits to be derived therefrom, dedicate, give, grant, and convey such water or sewer line or lines to Bessemer City whether such connection and line or lines be within or without the City of Bessemer City. No connection to any water or sewer line or lines or any other local public

utility shall be made without the express approval of the City, nor shall such connection be effected except by the forces or employees of the City of Bessemer City, for which a reasonable charge may be made. Should any person, firm, or corporation connect any privately owned water or sewer line or lines with any City water or sewer line or lines without first dedicating, giving, granting, and conveying same to the City, the act of connecting such water or sewer line or lines to the water or sewer line or lines of the City of Bessemer City shall be conclusively deemed and held to be a dedication, gift, grant, and conveyance of such water or sewer line or lines to the City of Bessemer City; provided that the City of Bessemer City may enter into contracts, when authorized by a majority of the whole City Council, with any person, firm, or corporation whereby sewer or water lines may be laid within or without the City and connected to the system of said City under such terms as may be agreed upon, notwithstanding any provisions of this Section.

Sec. 35. The City Council shall have a right to require a surety bond, in any amount they shall deem sufficient, from any officer or employee of the City who shall handle public funds.

AN ACT TO AUTHORIZE THE QUALIFIED VOTERS OF THE CITY OF GASTONIA TO DETERMINE WHETHER WINE AND BEER MAY BE LEGALLY SOLD AND ALCOHOLIC BEVERAGE CONTROL STORES OPERATED IN THE CITY OF GASTONIA.

The General Assembly of North Carolina do enact:

Section 1. The City Council of the City of Gastonia is hereby authorized, in its discretion, to call a special election to be held on the question of whether wine and beer may be legally sold in the City of Gastonia for off-premise consumption and Alcoholic Beverage Control Stores operated in said city. The city council may call the special election to be held on such date as it may determine. The cost of the special election shall be paid from the general fund of the city.

Sec. 2. A new registration for voters for such election shall not be necessary and all qualified voters who are properly registered prior to registration for the election and those who register for said election shall be entitled to vote in said election. Except as otherwise herein provided, if a special election is called, the special election authorized shall be conducted under the same statutes, rules and regulations applicable to general elections for the City of Gastonia.

Sec. 3. In the event said special election is called by the city council, the ballot shall contain the following proposition: "For the legal sale of beer and wine for off-premise consumption, and the establishment and operation of Alcoholic Beverage Control Stores in the City of Gastonia", "Against the legal sale of beer and wine for off-premise consumption, and the establishment and operation of Alcoholic Beverage Control Stores in the City of Gastonia".

Sec. 4. If a majority of the votes cast in such election shall be for the legal sale of beer and wine for off-premise consumption and the establishment and operation of Alcoholic Beverage Control Stores in the City of Gastonia, then the City Council of the City of Gastonia shall issue only "off-premises" license to sell beer and/or wine as defined in G. S. 18-64, as provided in Chapter 18 of the General Statutes, notwithstanding any public, special, local or private act to the contrary whether passed before or after the ratification of this Act; and it shall then be legal for Alcoholic Beverage Control Stores to be set up and operated in the City of Gastonia, but if a majority of the votes cast in such election shall be against Alcoholic Beverage Control Stores, no such stores shall be set up or operated in the City of Gastonia under the provisions of this Act.

Sec. 5. If a subsequent election shall be held and at such election a majority of the votes shall be cast "Against Alcoholic Beverage Control Stores", the Alcoholic Beverage Control Board shall within three months from the canvassing of such votes and the declaration of the results thereof, close said stores and shall thereafter cease to operate the same and within said three months the Alcoholic Beverage Control Board shall dispose of all alcoholic beverages on hand, all fixtures and all other property in the hands and under the control of said board and convert the same into cash and the same be deposited in the general fund of the City of Gastonia. Thereafter, all public, local and private laws applicable to the sale of intoxicating beverages within the City of Gastonia in force and effect prior to the authorization to operate Alcoholic Beverage Control Stores shall be in full force and effect the same as if such election had not been held, and until and unless another election is held under the provisions of the Act in which a majority of the votes shall be cast "For Alcoholic Beverage Control Stores".

Sec. 6. If the operation of City Alcoholic Beverage Control Stores is authorized under the provisions of this Act, the City Council of the City of Gastonia shall immediately create a City Board of Alcoholic Beverage Control, to be known and designated as the "City of Gastonia Board of Alcoholic Beverage Control", to be composed of five members, each of whom shall be residents of the City of Gastonia and shall be well known for their good character, ability and business acumen, and none of which shall be an employee of said board. The City Council of the City of Gastonia shall appoint one member to serve on said board for a term expiring June 30, 1968, two members to serve on said board for a term expiring June 30, 1969, and two members to serve on said board for a term expiring June 30, 1970, all terms to begin with the date of appointment. Thereafter, as the terms of the board members expire, their successors shall be appointed by the City Council of the City of Gastonia to serve for terms of

three years each. The City Council of the City of Gastonia shall designate from the membership of said board one member as chairman of said board to serve in said capacity for an initial term expiring June 30, 1968, and thereafter, as the term of the chairman of said board expires, his successor as chairman of said board shall be appointed by the City Council of the City of Gastonia from the membership of said board for a term of one year. The City Council of the City of Gastonia shall have the right to remove any member from said board for any cause it shall determine sufficient. Any vacancy occurring in the membership or chairmanship of said board by death, resignation or otherwise shall be filled by the City Council of the City of Gastonia for the unexpired term of the position in which such vacancy occurs. The compensation of the members and chairman of said board shall be fixed and determined by the City Council of the City of Gastonia.

Sec. 7. The City Board of Alcoholic Beverage Control shall have all the powers and duties prescribed for county boards of alcoholic control by G. S. 18-45, except the powers contained in G. S. 18-45(15), and shall be subject to the powers and authority of the State Board of Alcoholic Control to the same extent as are county boards of alcoholic control set forth in G. S. 18-39, except as to the powers and authority of said State Board contained in G. S. 18-39(10). The City of Gastonia Board of Alcoholic Beverage Control shall be subject to the provisions of Article 3 of Chapter 18 of the General Statutes except to the extent that such provisions may be in conflict with this Act. Wherever the word "county" board of alcoholic control appears in said Article it shall apply to and include the City of Gastonia Board of Alcoholic Beverage Control. The City of Gastonia Board of Alcoholic Beverage Control shall have authority to employ legal counsel, accountants, and such other agents or employees as it may deem necessary and fix their compensation.

Sec. 8. The City of Gastonia Board of Alcoholic Beverage Control shall, out of the gross revenue derived from the operation of Alcoholic Beverage Control Stores, pay all salaries, costs and operating expenses and retain a sufficient and proper working capital, the amount thereof to be determined by the City Board of Alcoholic Beverage Control. The remaining revenue, as determined by quarterly audit, shall be paid quarterly by the City of Gastonia Board of Alcoholic Beverage Control into the general fund of the City of Gastonia. The City Council of the City of Gastonia is hereby authorized to expend revenue derived from the operation of the Alcoholic Beverage Control Stores for any and all purposes for which it may expend tax and nontax revenue.

Sec. 9. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 10. This Act shall be in full force and effect from and after its ratification.

"G. S. 160-20.2. Law Enforcement Officers of One Political Subdivision of the State of North Carolina to Assist the Law Enforcement Officers of any Other Political Subdivision Upon Request.

"(a) The governing body of any political subdivision of the State upon the request of the governing body of any other political subdivision of the State may send any law enforcement officer or officers to assist the law enforcement officers of such requesting political subdivision in the performance of their duties in cases of emergency. A complete record of the request and sending together with the names of the officers sent shall be recorded in the minutes of the next regular or special meeting of the governing bodies of both the requesting and the sending political subdivisions.

"(b) Such assistance shall be rendered only in emergencies, and such emergency shall be declared by the chief elected official of the requesting political subdivision, or, in his absence, the person normally acting in his stead in case of absence. Provided, however, that no political subdivision shall request or send law enforcement officers unless the requesting and sending political subdivisions have an agreement to do so, which agreement shall be spread upon the minutes of both governing bodies and duly signed. CHAPTER 847

AN ACT TO PROVIDE FOR CONTRIBUTION AMONG JOINT TORTFEASORS AND JOINT OBLIGORS.

The General Assembly of North Carolina do enact:

Section 1. A new chapter is hereby inserted in the General Statutes to read as follows:

"CHAPTER 1B

"CONTRIBUTION

"Article 1

"Uniform Contribution Among Tortfeasors Act

"§ 1B-1. Right to Contribution. (a) Except as otherwise provided in this Article, where two or more persons become jointly or severally liable in tort for the same injury to person or property or for the same wrongful death, there is a right of contribution among them even though judgment has not been recovered against all or any of them.

"(b) The right of contribution exists only in favor of a tortfeasor who has paid more than his pro rata share of the common liability, and his total recovery is limited to the amount paid by him in excess of his pro rata share. No tortfeasor is compelled to make contribution beyond his own pro rata share of the entire liability.

"(c) There is no right of contribution in favor of any tortfeasor who has intentionally caused or contributed to the injury or wrongful death.

"(d) A tortfeasor who enters into a settlement with a claimant is not entitled to recover contribution from another tortfeasor whose liability for the injury or wrongful death has not been extinguished nor in respect to any amount paid in a settlement which is in excess of what was reasonable.

"(e) A liability insurer, who by payment has discharged in full or in part the liability of a tortfeasor and has thereby discharged in full its obligation as insurer, succeeds to the tortfeasor's right of contribution to the extent of the amount it has paid in excess of the tortfeasor's pro rata share of the common liability. This provision does not limit or impair any right of subrogation arising from any other relationship.

"(f) This Article does not impair any right of indemnity under existing law. Where one tortfeasor is entitled to indemnity from another, the right of the indemnity obligee is for indemnity and not contribution, and the indemnity obligor is not entitled to contribution from the obligee for any portion of his indemnity obligation.

"(g) This Article shall not apply to breaches of trust or of other fiduciary obligation."

"§ 1B-2. Pro Rata Shares. In determining the pro rata shares of tortfeasors in the entire liability (a) their relative degree of fault shall not be considered; (b) if equity requires, the collective liability of some as a group shall constitute a single share; and (c) principles of equity applicable to contribution generally shall apply."

"§ 1B-3. Enforcement. (a) Whether or not judgment has been entered in an action against two or more tortfeasors for the same injury or wrongful death, contribution may be enforced by separate action.

"(b) Where a judgment has been entered in an action against two or more tortfeasors for the same injury or wrongful death, contribution may be enforced in that action by judgment in favor of one against other judgment defendants by motion upon notice to all parties to the action.

"(c) If there is a judgment for the injury or wrongful death against the tortfeasor seeking contribution, any separate action by him to enforce contribution must be commenced within one year after the judgment has become final by lapse of time for appeal or after final judgment is entered in the trial court in conformity with the decisions of the appellate court.

"(d) If there is no judgment for the injury or wrongful death against the tortfeasor seeking contribution, his right of contribution is barred unless he has either (1) discharged by payment the common liability within the statute of limitations period applicable to claimant's right of action against him and has commenced his action for contribution within one year after payment, (2) agreed while action is pending against him to discharge the common liability and has within one year after the agreement paid the liability and commenced his action for contribution, or (3) while action is pending against him, joined the other tortfeasors as third-party defendants for the purpose of contribution.

"(e) The recovery of judgment against one tortfeasor for the injury or wrongful death does not of itself discharge the other tortfeasors from liability to the claimant. The satisfaction of the judgment discharges the other tortfeasors from liability to the claimant for the same injury or wrongful death, but does not impair any right of contribution.

"(f) The judgment of the court in determining the liability of the several defendants to the claimant for the same injury or wrongful death shall be binding as among such defendants in determining their right to contribution."

"§ 1B-4. Release or Covenant Not to Sue. When a release or a covenant not to sue or not to enforce judgment is given in good faith to one of two or more persons liable in tort for the same injury or the same wrongful death:

(1) It does not discharge any of the other tortfeasors from liability for the injury or wrongful death unless its terms so provide; but it reduces the claim against the others to the extent of any amount stipulated by the release or the covenant, or in the amount of the consideration paid for it, whichever is the greater; and,

(2) It discharges the tortfeasor to whom it is given from all liability for contribution to any other tortfeasor."

"§ 1B-5. Uniformity of Interpretation. This Article shall be so interpreted and construed as to effectuate its general purpose to make uniform the law of those states that enact it."

"§ 1B-6. Short Title. This Article may be cited as the Uniform Contribution Among Tortfeasors Act."

"Article 2

"Judgment Against Joint Obligors or Joint Tortfeasors

"§ 1B-7. Payment of Judgment by One of Several. (a) In all cases in the courts of this State wherein judgment has been, or may hereafter

be, rendered against two or more persons or corporations, who are jointly and severally liable for its payment either as joint obligors or joint tort-feasors, and the same has not been paid by all the judgment debtors by each paying his pro rata share thereof, if one or more of the judgment debtors shall pay the judgment creditor, either before or after execution has been issued, the full amount due on said judgment, and shall have entered on the judgment docket in the manner hereinafter set out a notation of the preservation of the right of contribution, such notation shall have the effect of preserving the lien of the judgment and of keeping the same in full force as against any judgment debtor who does not pay his pro rata share thereof to the extent of his liability thereunder in law and equity. Such judgment may be enforced by execution or otherwise in behalf of the judgment debtor or debtors who have so preserved the judgment.

"(b) The entry on the judgment docket shall be made in the same manner as other cancellations of judgment, and shall recite that the same has been satisfied, released and discharged, together with all costs and interest, as to the paying judgment debtor, naming him, but that the lien of the judgment is preserved as to the other judgment debtors for the purpose of contribution. No entry of cancellation as to such other judgment debtors shall be made upon the judgment docket or judgment index by virtue of such payment.

"(c) If the judgment debtors disagree as to their pro rata shares of the liability, on the grounds that any judgment debtor is insolvent or is a nonresident of the State and cannot be forced under the execution of the court to contribute to the payment of the judgment, or upon other grounds in law and equity, their shares may be determined upon motion in the cause and notice to all parties to the action. Issues of fact arising therein shall be tried by jury as in other civil actions."

"Article 3

"Cross Claims and Joinder of Third Parties for Contribution

"§ 1B-8. Cross Claims and Joinder of Third Parties. (a) A joint tortfeasor who is a party to an action may file a cross claim for contribution or indemnity from any other joint tortfeasor who is a party.

"(b) At any time before judgment is obtained a defendant tortfeasor, as a third-party plaintiff, may upon motion cause a summons and complaint to be served upon a person not a party to the action who is or may be liable to him for all or part of the plaintiff's claim against him. If the motion is granted and the summons and complaint are served, the person so served, hereinafter called the third-party defendant, shall make his defenses to the third-party plaintiff's claim and his counterclaims against the third-party plaintiff and cross claims against other third-party defendants. A third-party defendant may proceed under this subsection against any person not a party to the action who is or may be liable to him as a joint tortfeasor for all or a part of the claim made in the action against the third-party defendant."

Sec. 2. G. S. 1-240 and all laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 3. If any provision of this Act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or application of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

Sec. 3½. The provisions of this Act shall not apply to litigation pending on the effective date of this Act.

Sec. 4. This Act shall be in full force and effect from and after January 1, 1968.

AN ACT TO REWRITE CHAPTER 143, ARTICLE 8, GENERAL STATUTES OF NORTH CAROLINA.

The General Assembly of North Carolina do enact:

Section 1. G. S. 143, Article 8, is hereby rewritten as follows:

ARTICLE 8

PUBLIC BUILDING CONTRACTS

§ 143-128. Separate Specifications for Building Contracts; Responsible Contractors. Every officer, board, department, commission or commissions charged with the duty of preparing specifications or awarding or entering into contracts for the erection, construction or altering of buildings for the State, or for any county or municipality, when the entire cost of such work shall exceed twenty thousand dollars ($20,000.00), must have prepared separate specifications for each of the following branches of work to be performed:

(1) Heating, ventilating and/or air conditioning and accessories separately or combined into one conductive system.

(2) Plumbing and gas fittings and accessories.

(3) Electrical installations.

(4) Refrigeration for cold storage where the cooling load is 15 tons or more of refrigeration.

All such specifications must be so drawn as to permit separate and independent bidding upon each of the classes of work enumerated in the above subdivisions. All contracts hereafter awarded by the State or by a county or municipality, or a department, board, commissioner, or officer thereof, for the erection, construction or alterations of buildings, or any parts thereof, shall award the respective work specified in the above subdivisions separately to responsible and reliable persons, firms or corporations regularly engaged in their respective lines of work. When the estimated cost of work to be performed in any single subdivision is less than two thousand five hundred ($2,500.00), the same may be included in one of the several other contracts, irrespective of total project cost.

Each separate contractor shall be directly liable to the State of North Carolina, or to the county or municipality, and to the other separate contractors for the full performance of all duties and obligations due respectively under the terms of the separate contracts and in accordance with the plans and specifications, which shall specifically set forth the duties and obligations of each separate contractor. For the purpose of this Section, the wording, "separate contractor" is hereby deemed and held to mean any person, firm or corporation who shall enter into a contract with the State, or with any county or municipality, for the erection, construction or alteration of any building or buildings, or parts thereof.

§ 143-129. Procedure for Letting of Public Contracts; Purchases from Federal Government by State, Counties, etc. No construction or repair work requiring the estimated expenditure of public money in an amount equal to or more than seven thousand five hundred dollars ($7,500.00) or purchase of apparatus, supplies, materials, or equipment requiring an estimated expenditure of public money in an amount equal to or more than two thousand dollars ($2,000.00), except in cases of special emergency involving the health and safety of the people or their property, shall be performed, nor shall any contract be awarded therefor, by any board or governing body of the State, or of any institution of the State government, or of any county, city, town, or other subdivision of the State, unless the provisions of this Section are complied with.

Advertisement of the letting of such contracts shall be as follows:

Where the contract is to be let by a board or governing body of the State government, or of a State institution, as distinguished from a board or governing body of a subdivision of the State, proposals shall be invited by advertisement at least one week before the time specified for the opening of said proposals in a newspaper having general circulation in the State of North Carolina. Provided that the advertisements for bidders required by this Section shall be published at a time at least seven full days shall elapse between the date of publication of notice and the date of the opening of bids.

Where the contract is to be let by a county, city, town or other subdivision of the State, proposals shall be invited by advertisement at least one week before the time specified for the opening of said proposals in a newspaper having general circulation in such county, city, town or other subdivision; provided, if there is no newspaper published in the county and the estimated cost of the contract is less than seven thousand five hundred dollars ($7,500.00), such advertisement may be either published in some newspaper as required herein or posted at the courthouse door, not later than one week before the opening of the proposals in answer thereto, and in the case of a city, town or other subdivisions wherein there is no newspaper published and the estimated cost of the contract is less than seven thousand five hundred dollars ($7,500.00), such advertisement may be either published in some newspaper as required herein or posted at the courthouse door of the county in which such city, town or other subdivision is situated, and at least one public place in such city, town or other subdivision.

Such advertisement shall state the time and place where plans and specifications of proposed work or a complete description of the apparatus, supplies, materials or equipment may be had, and the time and place for opening of the proposals, and shall reserve to said board or governing body the right to reject any or all such proposals.

Proposals shall not be rejected for the purpose of evading the provisions of this Article. No board or governing body of the State or subdivision thereof shall assume responsibility for construction or purchase contracts, or guarantee the payments of labor or materials therefor except under provisions of this Article.

All proposals shall be opened in public and shall be recorded on the minutes of the board or governing body and the award shall be made to the lowest responsible bidder or bidders, taking into consideration quality, performance and the time specified in the proposals for the performance of the contract. In the event the lowest responsible bids are in excess of the funds available for the project, the responsible board or governing body is authorized to enter into negotiations with the lowest responsible bidder above mentioned, making reasonable changes in the plans and specification as may be necessary to bring the contract price within the funds available, and may award a contract to such bidder upon recommendation of the Department of Administration in the case of the State government or of a State institution or agency, or upon recommendation of the responsible commission, council or board in the case of a subdivision of the State, if such bidder will agree to perform the work at the negotiated price within the funds available therefor. If a contract cannot be let under the above conditions, the board or governing body is authorized to readvertise, as herein provided, after having made such changes in plans and specifications as may be necessary to bring the cost of the project within the funds available therefor. The procedure above specified may be repeated if necessary in order to secure an acceptable contract within the funds available therefor.

No proposal shall be considered or accepted by said board or governing body unless at the time of its filing the same shall be accompanied by a deposit with said board or governing body of cash, or a cashier's check, or a certified check on some bank or trust company insured by the Federal Deposit Insurance Corporation in an amount equal to not less than five per cent (5%) of the proposal. In lieu of making the cash deposit as above provided, such bidder may file a bid bond executed by a corporate surety licensed under the laws of North Carolina to execute such bonds, conditioned that the surety will upon demand forthwith make payment to the obligee upon said bond if the bidder fails to execute the contract in accordance with the bid bond, and upon failure to forthwith make payment the surety shall pay to the obligee an amount equal to double the amount of said bond. This deposit shall be retained if the successful bidder fails to execute the contract within 10 days after the award or fails to give satisfactory surety as required herein.

Bids shall be sealed if the invitation to bid so specifies and, in any event, the opening of a bid or the disclosure or exhibition of the contents of any bid by anyone without the permission of the bidder prior to the time set for opening in the invitation to bid shall constitute a general misdemeanor.

All contracts to which this Section applies shall be executed in writing, and the board or governing body shall require the person to whom the award of contract is made to furnish bond in some surety company authorized to do business in the State or require a deposit of money, certified check or government securities for the full amount of said contract for the faithful performance of the terms of said contract; and no such contract shall be altered except by written agreement of the contractor, the sureties on his bond, and the board or governing body. Such surety bond

or securities required herein shall be deposited with the treasurer of the branch of government for which the work is to be performed until the contract has been carried out in all respects: Provided, that in the case of contracts for the purchase of apparatus, supplies, materials, or equipment, the board or governing body may waive the requirement for the deposit of a surety bond or securities as required herein.

The owning agency or the Department of Administration, in contracts involving a State agency, and the owning agency or the governing board, in contracts involving a political subdivision of the State, may reject the bonds of any surety company against which there is pending any unsettled claim or complaint made by a State agency or the owning agency or governing board of any political subdivision of the State arising out of any contract under which State funds, in contracts with the State, or funds of political subdivision of the State, in contracts with such political subdivision, were expended, provided such claim or complaint has been pending more than 180 days.

Nothing in this Section shall operate so as to require any public agency to enter into a contract which will prevent the use of unemployment relief labor paid for in whole or in part by appropriations or funds furnished by the State or Federal government.

Any board or governing body of the State or of any institution of the State government or of any county, city, town, or other subdivision of the State may enter into any contract with (i) the United Sates of America or any agency thereof, or (ii) any other government unit or agency thereof within the United States, for the purchase, lease, or other acquisition of any apparatus, supplies, materials, or equipment without regard to the foregoing provisions of this Section or to the provisions of any other Section of this Article.

The Director of the Department of Administration or the governing board of any county, city, town, or other subdivision of the State may designate any officer or employee of the State, county, city, town or subdivision to enter a bid or bids in its behalf at any sale of apparatus, supplies, materials, equipment or other property owned by (i) the United States of America or any agency thereof, or (ii) any other governmental unit or agency thereof within the United States, and may authorize such officer or employee to make any partial or down payment or payment in full that may be required by regulations of the government or agency disposing of such property.

§ 143-130. Allowance for Convict Labor Must Be Specified. In cases where the board or governing body of a State agency or of any political subdivision of the State may furnish convict or other labor to the contractor, manufacturer, or others entering into contracts for the performance of construction work, installation of apparatus, supplies, materials or equipment, the specifications covering such projects shall carry full information as to what wages shall be paid for such labor or the amount of allowance for same.

§ 143-131. When Counties, Cities, Towns and Other Subdivisions May Let Contracts on Informal Bids. All contracts for construction or repair work or for the purchase of apparatus, supplies, materials, or equipment,

involving the expenditure of public money in the amount of five hundred dollars ($500.00) or more, but less than the limits prescribed in G. S. 143-129, made by any officer, department, board, or commission of any county, city, town, or other subdivision of this State shall be made after informal bids have been secured. All such contracts shall be awarded to the lowest responsible bidder, taking into consideration quality, performance, and the time specified in the bids for the performance of the contract. It shall be the duty of any officer, department, board, or commission entering into such contract to keep record of all bids submitted, and such record shall be subject to public inspection at any time.

§ 143-132. Minimum Number of Bids for Public Contracts. No contracts to which G. S. 143-129 applies for construction or repairs shall be awarded by any board or governing body of the State, or any subdivision thereof, unless at least three competitive bids have been received from reputable and qualified contractors regularly engaged in their respective lines of endeavor; however, this Section shall not apply to contracts which are negotiated as provided for in G. S. 143-129. Provided that if after advertisement for bids as required by G. S. 143-129, not as many as three competitive bids have been received from reputable and qualified contractors regularly engaged in their respective lines of endeavor, said board or governing body of the State agency or of a county, city, town or other subdivision of the State shall again advertise for bids; and if as a result of such second advertisement, not as many as three competitive bids from reputable and qualified contractors are received, such board or governing body may then let the contract to the lowest responsible bidder submitting a bid for such project, even though only one bid is received.

§ 143-133. No Evasion Permitted. No bill or contract shall be divided for the purpose of evading the provisions of this Article.

§ 143-134. Applicable to State Highway Commission and Prison Department; Exceptions. This Article shall apply to the State Highway Commission and the Prison Department except in the construction of roads, bridges and their approaches; provided however, that whenever the Director of the Budget determines that the repair or construction of a building by the State Highway Commission or by the Prison Department can be done more economically through use of employees of the State Highway Commission, and/or prison inmates than by letting such repair or building construction to contract, the provisions of this Article shall not apply to such repair or construction.

§ 143-134.1. Interest on Final Payments Due to Prime Contractors. On all public construction contracts which are let by a board or governing body of the State government or any political subdivision thereof, except the construction of roads, highways, bridges and their approaches, the balance due prime contractors shall be paid in full within 45 days after respective prime contracts of the project have been accepted by the owner, certified by the architect, engineer or designer to be completed in accordance with terms of the plans and specifications, or occupied by the owner and used for the purpose for which the project was constructed, whichever occurs first. Provided, however, that whenever the architect or consulting engineer in charge of the project determines that delay in completion of

the project in accordance with terms of the plans and specifications is the fault of the contractor, the project may be occupied and used for the purposes for which it was constructed without payment of any interest on amounts withheld past the 45 day limit. No payment shall be delayed because of the failure of another prime contractor on such project to complete his contract. Should final payment to any prime contractor beyond the date such contracts have been certified to be completed by the designer or architect, accepted by the owner, or occupied by the owner and used for the purposes for which the project was constructed, be delayed by more than 45 days, said prime contractor shall be paid interest, beginning on the 46th day, at the rate of six per cent (6%) per annum on such unpaid balance as may be due. Funds for payment of such interest on State-owned projects shall be obtained from the current budget of the owning department, institution, or agency. Where a conditional acceptance of a contract exists, and where the owner is retaining a reasonable sum pending correction of such conditions, interest on such reasonable sum shall not apply.

§ 143-135. Limitation of Application of Article. This Article shall not apply to the State or to subdivisions of the State of North Carolina in the expenditure of public funds when the total cost of any repairs, completed project, building, or structure shall not exceed the sum of twenty-five thousand dollars ($25,000.00), if the repairs, completed project, building, or structure are performed or accomplished by or through duly elected officers or agents using force account qualified labor on the permanent payroll of the agency concerned; provided, that such force account work shall be subject to the approval of the Director of the Department of Administration in the case of State agencies, or approval of the responsible commission, council or board in the case of subdivisions of the State.

§ 143-135.1. State Buildings Exempt From Municipal Building Requirements; Consideration of Recommendations by Municipalities. Buildings constructed by the State of North Carolina or any agency or institution of the State under plans and specifications approved by the Department of Administration shall not be subject to inspection by any municipal authorities and shall not be subject to municipal building codes and requirements. Inspection fees fixed by municipalities shall not be applicable to such construction, except where inspection by municipal authorities is requested by the owning agency. Municipal authorities may, however, inspect any plans or specifications for any such construction and all recommendations made by them with respect thereto shall be given careful consideration by the Department of Administration.

§ 143-135.2. Contracts for Restoration of Historic Buildings With Private Donations. This Article shall not apply to building contracts let by a State agency for restoration of a historic building or structure where the funds for the restoration of such building or structure are provided entirely by funds donated from private sources.

§ 143-135.3. Procedure for Settling Controversies Arising From Contracts; Civil Actions on Disallowed Claims. Upon completion of any contract for construction or repair work awarded by any State board to any contractor, under the provisions of this Article, should the contractor fail

to receive such settlement as he claims to be entitled to under terms of his contract, he may, within 60 days from the time of receiving written notice as to the disposition to be made of his claim, submit to the Director of the Department of Administration a written and verified claim for such amount as he deems himself entitled to under the terms of said contract, setting forth the facts upon which said claim is based. In addition, the claimant, either in person or through counsel, may appear before the Director of the Department of Administration and present any additional facts and arguments in support of his claim. Within 90 days from the receipt of the said written claim, the Director of the Department of Administration shall make an investigation of the claim and may allow all or any part or may deny said claim and shall have the authority to reach a compromise agreement with the contractor and shall notify the contractor in writing of his decision.

As to such portion of the claim which may be denied by the Director of the Department of Administration, the contractor may, within six months from receipt of the decision, institute a civil action for such sum as he claims to be entitled to under said contract by the filing of a verified complaint and issuance of summons in the Superior Court of Wake County or in the Superior Court of any county wherein the work under said contract was performed. The procedure shall be the same as in all civil actions except as herein and as hereinafter set out.

All issues of law and fact and every other issue shall be tried by the judge, without jury; provided that the matter may be referred in the instances and in the manner provided for in Article 20 of Chapter 1 of the General Statutes.

The submission of the claim to the Director of the Department of Adminstration within the time set out in this Section and the filing of an action in the Superior Court within the time set out in this Section shall be a condition precedent to bringing an action under this Section and shall not be a statute of limitations.

The provisions of this Section shall be deemed to enter into and form a part of every contract entered into between any board of the State and any contractor, and no provision in said contracts shall be valid that is in conflict herewith.

The word "board" as used in this Section shall mean the State of North Carolina or any board, bureau, commission, institution, or other agency of the State, as distinguished from a board or governing body of a subdivision of the State.

"A contract for construction or repair work", as used in this Section, is defined as any contract for the construction of buildings and appurtenances thereto, including, but not by way of limitation, utilities, plumbing, heating, electrical, air conditioning, elevator, excavation, grading, paving, roofing, masonry work, tile work and painting, and repair work.

§ 143-135.4. Nothing contained in this Article shall be construed as contravening or repealing any authorities given by statute to the Purchase and Contract Division of the Department of Administration.

Sec. 2. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 3. This Act shall be in full force and effect from and after its ratification.

In the General Assembly read three times and ratified, this the 21st day of June, 1967.

H. B. 907 CHAPTER 861

AN ACT TO PROVIDE FOR THE EFFECTIVENESS OF AFTER-ACQUIRED PROPERTY CLAUSES AFFECTING REAL ESTATE.

The General Assembly of North Carolina do enact:

Section 1. Chapter 47 of the General Statutes is hereby amended by inserting therein, immediately after § 47-20, the following Section:

"§ 47-20.1. Real Property; Effectiveness of After-Acquired Property Clause. (a) As used in this Section, 'after-acquired property clause' means any provision or provisions in an instrument which create a security interest in real property acquired by the grantor of the instrument subsequent to its execution.

"(b) As used in this Section, 'after-acquired property', and 'property subsequently acquired' mean any real property which the grantor of a security instrument containing an after-acquired property clause acquires subsequent to the execution of such instrument, and in which the terms of the after-acquired property clause would create a security interest.

"(c) An after-acquired property clause is effective to pass after-acquired property as against lien creditors or purchasers for a valuable consideration from the grantor of the instrument containing the after-acquired property clause only from the time of registration of the instrument as provided in this Article. It is then effectively registered as to real property subsequently acquired for a period of not more than five years from such registration, unless there is an extension as provided in subsection (d); provided, however, that such five-year limitation shall not apply to an after-acquired property clause in an instrument which creates a security interest made by a public utility as defined in G. S. 62-3(23) or by electric or telephone membership corporations incorporated or domesticated in North Carolina.

"(d) The effectiveness of the registration of an after-acquired property clause may be extended by the registration of a notice of extension. A notice of extension may be registered within six months prior to the expiration of the five-year period specified in subsection (c). Upon the timely registration of a notice of extension, the effectiveness of the registration of the after-acquired property clause is continued for five years after the last date to which the registration was effective, whereupon it becomes ineffective as provided in subsection (c) unless another notice of extension is registered.

"(e) The notice of extension shall

(1) Show that effective registration of the after-acquired property clause is extended,

(2) Include the names of the parties to the instrument containing the after-acquired property clause,

(3) Refer to the book and page where the instrument containing the after-acquired property clause is registered, and

(4) Be signed by the grantee or the person secured by the instrument containing the after-acquired property clause or his successor in interest.

"(g) The Register of Deeds shall index the notice of extension in the same manner as the instrument containing the after-acquired property clause."

Sec. 2. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 3. This Act shall become effective at midnight on June 30, 1967. It applies to all instruments registered after that date.

"Any dealer transferring title to, or an interest in, a new vehicle shall deliver the manufacturer's certificate of origin duly assigned in accordance with the foregoing provision to the transferee at the time of delivering the vehicle, except that where a security interest is obtained in the motor vehicle from the transferee in payment of the purchase price or otherwise, the transferor shall deliver the manufacturer's certificate of origin to the lienholder and the lienholder shall forthwith forward the manufacturer's certificate of origin together with the transferee's application for certificate of title and necessary fees to the Department. "(b) (1) A joint tenancy in shares of corporate stock or investment securities as provided by this Section shall exist when such shares or securities indicate that they are owned with the right of survivorship, or otherwise clearly indicate an intention that upon the death of either spouse the interest of the decedent shall pass to the surviving spouse.

"(2) Such a joint tenancy may also exist when a broker or custodian holds the shares or securities for the joint tenants and by book entry or otherwise indicates (i) that the shares or securities are owned with the right of survivorship, or (ii) otherwise clearly indicates that upon the death of either spouse the interest of the decedent shall pass to the surviving spouse. Money in the hands of such broker of custodian derived from the sale of, or held for the purchase of, such shares or securities shall be treated in the same manner as such shares or securities.

"(c) Upon the death of a joint tenant his interest shall pass to the surviving joint tenant. The interest of the deceased joint tenant, even though it has passed to the surviving joint tenant, remains liable for the debts of the decedent in the same manner as the personal property included in his estate, and recovery thereof shall be made from the surviving joint tenant when the decedent's estate is insufficient to satisfy such debts.

"(d) Nothing herein contained shall be construed to repeal or modify

H. B. 1134 CHAPTER 875

AN ACT TO AUTHORIZE THE BOARD OF COUNTY COMMISSIONERS OF BUNCOMBE COUNTY TO CALL A SPECIAL OR GENERAL ELECTION TO AUTHORIZE THE LEVY OF AN ADDITIONAL SUPPLEMENTAL TAX NOT TO EXCEED FORTY CENTS ON EACH ONE HUNDRED DOLLARS VALUATION OF TAXABLE PROPERTY IN BUNCOMBE COUNTY TO PROVIDE FOR THE CONSTRUCTION, MAINTENANCE, SUPPORT AND OPERATION OF THE PUBLIC SCHOOLS OF THE CITY OF ASHEVILLE AND COUNTY OF BUNCOMBE.

The General Assembly of North Carolina do enact:

Section 1. The Board of County Commissioners of Buncombe County is authorized and empowered to call a special or general election to be held on or before June 1, 1968, to submit to a vote of the qualified registered voters of each of the various public school districts within Buncombe County the question of levying and collecting annually an ad valorem tax which shall be an additional supplemental tax not to exceed forty cents (40¢) on each one hundred dollars ($100.00) valuation of taxable property within each of the various public school districts within Buncombe County to provide for the construction, maintenance, support and operation of the public schools of the City of Asheville and the County of Buncombe. Solely for the purpose of this tax election and for that purpose only, the Asheville City Administrative School Unit shall be deemed to be one of the public school districts within the contemplation and meaning of this Act.

Sec. 2. There shall be a special registration of voters within each of the various public school districts within Buncombe County for such election. The registration books shall be open for the purpose of the

registration of voters in each of the various public school districts within Buncombe County as provided by the general election laws for the election of members of the General Assembly. If the additional tax levy be approved by a majority of all the qualified voters in Buncombe County who shall vote on such question, the Board of County Commissioners of Buncombe County is authorized to levy and collect such additional tax not to exceed forty cents (40¢) on each one hundred dollars ($100.00) valuation of taxable property in Buncombe County. If the additional tax levy be not approved by a majority of all the qualified voters in Buncombe County who shall vote on such question, the Board of County Commissioners of Buncombe County is authorized to levy and collect such additional tax not to exceed forty cents (40¢) on each one hundred dollars ($100.00) valuation of taxable property within each of the said public school districts within which the additional tax levy is approved by a majority of the qualified voters who shall vote on such question within said public school district. The amount of said tax to be levied and collected annually shall be decided by the Board of County Commissioners of Buncombe County and included in each year's budget, but the amount of said tax to be levied and collected shall be the same amount on each one hundred dollars ($100.00) valuation of taxable property in each public school district in which a majority of the voters in said election approve said levy. The General Assembly does hereby give its special approval to the levy of the tax for the purposes referred to in this Act.

Sec. 3. If the approval by a majority of all the qualified voters within Buncombe County who shall vote on such question is obtained, the levy may be made for the taxable year next beginning after such election and the supplemental tax so collected shall be apportioned between the Buncombe County Board of Education and the Asheville City Board of Education on a per capita enrollment basis which shall be determined by the State Board of Education and certified to each administrative unit involved. In the event the approval of a majority of all the qualified voters within Buncombe County who shall vote on such question is obtained in such election, that portion of the supplemental tax collected during the first fiscal year in which said tax is levied and apportioned to the Buncombe County Board of Education may be used by the said Buncombe County Board of Education for the construction or improvement of school buildings or other capital expenditures, and all other taxes collected and apportioned shall be used to supplement any item of expenditure in the school budgets.

If the approval by a majority of all the qualified voters within Buncombe County who vote on such question is not obtained, the levy may be made for the taxable year next beginning after such election in each of the public school districts in which a majority of the qualified voters who vote on said question approve said additional tax levy and the supplemental tax so collected shall be used by the appropriate Board of Education solely within the public school district in which the tax is collected to supplement any item of expenditure in the school budgets; provided, however, that the portion of the supplemental tax collected during the first fiscal year in which said tax is levied and allocated to the Buncombe

County Board of Education may be used by the said Buncombe County Board of Education for the construction or improvement of school buildings or other capital expenditures solely within the public school district in which the said supplemental tax is collected.

Sec. 4. In the event the approval of a majority of the qualified voters within Buncombe County or within any public school district who shall vote on such question in said election is not obtained, the presently existing supplemental school taxes previously authorized for the benefit of any administrative unit, district or other school area shall not be impaired and the Board of County Commissioners of Buncombe County is hereby authorized in such event to continue to levy and collect such taxes; provided, however, that the levy of additional supplemental school taxes authorized hereunder, if approved, shall replace any existing supplemental school taxes previously authorized within the same administrative unit.

Sec. 5. The special or general election provided for in this Act shall be held on or before June 1, 1968, and shall be conducted by the Buncombe County Board of Elections under the applicable provisions of the general election laws of the State providing for the election of members of the General Assembly, and no other question shall be presented to the voters at said election.

The Buncombe County Board of Elections shall have the power and authority, for the purposes of this tax election, to create new voting precincts whenever in its discretion the said Board deems said new voting precincts to be necessary and the said precincts may be created in whatsoever section or area of the county that the said Board of Elections in its judgment considers proper. The said Board of Elections of Buncombe County shall also have the power and authority to appoint the requisite number of election officials for said election, including those necessary for new precincts, and to establish such books and records as may be necessary and to establish all regulations and procedures for the proper conduct of said tax election, including the questions to be printed on the ballot and submitted to the voters.

Sec. 6. If the Asheville City Board of Education shall cause an election to be held within the Asheville City Administrative Unit on the question of whether or not an additional local supplemental tax shall be levied within the Asheville City Administrative Unit prior to June 1, 1968, then and in that event the provisions of this Act shall not apply to the Asheville City Administrative Unit, and it shall not be considered as a public school district for the purposes of this Act. If, however, no election is held in the Asheville City Administrative Unit on the question of the levy of an additional supplemental tax, then this Act shall apply to the Asheville City Administrative Unit, and it shall continue to be considered as a public school district for the purposes of an election under this Act and as set forth in Section 1 of this Act. If an election on the levy of an additional supplemental tax is held in the Asheville City Administrative Unit prior to June 1, 1968, then this Act shall apply to the Buncombe County School Administrative Unit and the public school districts therein, and said election on whether or not said supplemental tax shall be levied shall be conducted in the public school districts within the Buncombe

County School Administrative Unit according to the procedures set forth herein.

Sec. 7. All laws and clauses of laws in conflict with the provisions of this Act are hereby repealed; however, the powers granted by this Act are in addition to and not in substitution for existing powers heretofore granted to Buncombe County and the Board of County Commissioners thereof.

Sec. 8. This Act shall be in full force and effect from and after its ratification.

In the General Assembly read three times and ratified, this the 21st day of June, 1967.

H. B. 1137 CHAPTER 876

AN ACT PROVIDING FOR THE LEASE OF STATE-OWNED BOTTOMS FOR OYSTER AND CLAM CULTIVATION.

The General Assembly of North Carolina do enact:

Section 1. There is hereby enacted a statute to be codified as G. S. 113-202 and to read as follows:

"Sec. 113-202. New Leases and Renewal Leases of Oyster and Clam Bottoms; Termination of Leases Issued Prior to January 1, 1966. (a) In order to encourage oyster and clam culture in North Carolina, the Board, upon the recommendation of the Commissioner, may lease to residents any of the public bottoms underlying coastal fishing waters which do not contain a natural oyster or clam bed, in accordance with the provisions of this Article. A natural oyster or clam bed is an area of public bottom where oysters or clams are to be found growing in sufficient quantities to be valuable to the public.

"(b) The area leased may not be less than one acre nor more than 50 acres, except that in the open waters of Pamlico Sound leases may not be less than five acres nor more than 200 acres. For the purposes of this Section, the open waters of Pamlico Sound are those waters more than two miles from the shore line.

"(c) No person may lease more than a total of 50 acres of public bottom outside the open water of Pamlico Sound. In no event may any person lease more than a total of 200 acres within the State.

"(d) Any person desiring to apply for a lease must make written application to the Commissioner on forms prepared by him containing such information as deemed necessary to determine the desirability of granting or not granting the lease requested. Except in the case of renewal leases, the application must be accompanied by a survey, made at the expense of the applicant, showing the area proposed to be leased.

"The survey must conform to standards prescribed by the Commissioner concerning accuracy of survey and the amount of detail that must be shown. If on the basis of the application information and survey the Commissioner deems that granting the lease would benefit the oyster and clam culture of North Carolina, the Commissioner, in the case of initial lease applications, must order an investigation of the bottom proposed to be leased. The investigation is to be made by the Commissioner or his

authorized agent and by a qualified assistant appointed by the board of county commissioners of the county in which the bottom, or the greater portion of the bottom, is located to determine whether there is a natural oyster or clam bed within the bounds of the proposed lease. In the event a natural oyster or clam bed is encountered, the Commissioner in his discretion may either recommend that the lease be denied or that it be amended so as to exclude such bed. In the event the Commissioner authorizes amendment of the application, the applicant must furnish a new survey meeting requisite standards showing the area proposed to be leased under the amended application. At the time of making application for an initial lease, the applicant must pay a filing fee of twenty-five dollars ($25.00).

"(e) The area of bottom applied for in the case of an initial lease or amended initial lease must be as compact as possible, taking into consideration the shape of the body of water, the consistency of the bottom, and the desirability of separating the boundaries of a leasehold by a sufficient distance from any known natural oyster or clam bed to prevent the likelihood of disputes arising between the leaseholder and members of the public taking oysters or clams from the natural bed.

"(f) Upon determination by the Commissioner that the results of the investigation, if required, are satisfactory and that the application for lease and the accompanying survey are in order, and that the proper filing fee has been tendered, the Commissioner must within a reasonable time notify the applicant whether he recommends approval, disapproval, or modification of the lease application. In the event the Commissioner recommends approval or a modification to which the applicant agrees, the Commissioner must publish at least two notices of intention to lease in a newspaper of general circulation in the county or counties in which the proposed leasehold lies. The first publication must precede by more than 30 days the meeting of the Board at which the granting of the lease or renewal of lease is to be made; the second publication must follow the first by seven to 11 days. The notice of intention to lease must contain a sufficient description of the area of the proposed leasehold that its boundaries may be established with reasonable ease and certainty and must also contain the date of the meeting at which the Board is slated to act upon the application for lease or renewal of lease.

"(g) Protests to the granting of the proposed lease may be filed with the Commissioner in writing under oath prior to the granting of the lease by the Board. Protests cannot be considered unless accompanied by a filing fee of twenty-five dollars ($25.00). The Commissioner must evaluate the sufficiency of the grounds stated in the protest and make such investigation as he deems necessary. In the interest of making a just evaluation, he may recommend that the Board postpone consideration of the lease to a subsequent meeting. The Commissioner as a result of his evaluation may recommend denial or amendment of the lease or the granting of it in its original form, in the best interests of the oyster and clam culture of North Carolina, except that no lease may be granted which embraces a known or suspected natural oyster or clam bed. The lease applicant must furnish any additional or amended survey required in the event the protest results in a modification of the lease. In the event the protest does not

prevail and the lease is granted in its original form, the twenty-five dollars ($25.00) deposited with the protest must be forfeited to the use of the Department. In the event the protest is successful in causing a denial or modification of the lease, the twenty-five dollar ($25.00) deposit must be returned to the person protesting.

"(h) The Board in its discretion may lease or decline to lease public bottoms for oyster or clam culture in accordance with its duty to conserve the marine and estuarine resources of the State. The Commissioner must present all lease applications to the Board as to which he has published a notice of intention to lease more than 30 days prior to the meeting of the Board. In the event there was a protest that did not prevail before the Commissioner as to any lease recommended by him, the Commissioner must notify the Board of such protest. Persons whose lease applications are not recommended or are recommended in amended form by the Commissioner may appeal to the Board. In the event the Board sustains the appeal in whole or in part, it may order the Commissioner to take the steps necessary to comply with its decisions and effect a reprocessing of the lease application prior to the next Board meeting or such other time as it may direct.

"(i) After a lease is granted by the Board and the Director is satisfied that the survey submitted meets the criteria and that all fees and rent due in advance have been paid, the Director must execute the lease on forms approved by the Attorney General. The leaseholder must erect markers complying with regulations of the Board in order to define the bounds of the leased area. The Commissioner shall have authority, in his discretion, with the approval of the lessee, to amend an existing lease by reducing the area under lease or by combining existing contiguous leases.

"(j) Initial leases begin upon the issuance of the lease by the Director and expire at noon on the first day of April following the tenth anniversary of the granting of the lease. Renewal leases are issued for a period of 10 years effective from the time of expiration of the previous lease. The rental for initial leases is one dollar ($1.00) per acre for all leases entered into before July 1, 1965, and for all other leases until noon on the first day of April following the first anniversary of the lease. Thereafter, for initial leases entered into after July 1, 1965, and from the beginning for renewals of leases entered into after said date, the rental is five dollars ($5.00) per acre per year. Rental must be paid annually in advance prior to the first day of April each year. Upon initial granting of a lease, the pro rata amount for the portion of the year left until the first day of April must be paid in advance at the rate of one dollar ($1.00) per acre per year; then, on or before the first day of April next, the lessee must pay the rental for the next full year.

"(k) Except as restricted by this subchapter, leaseholds granted under this Section are to be treated as if they were real property and are subject to all laws relating to taxation, sale, devise, inheritance, gift, seizure and sale under execution or other legal process, and the like. Leases properly acknowledged and probated are eligible for recordation in the same manner as instruments conveying an estate in real property. Within 15 days after transfer of beneficial ownership of all or any portion of or interest in a leasehold to another, the new owner must notify the

Commissioner of such fact. Such transfer is not valid until notice is furnished the Commissioner. In the event such transferee is a nonresident, the Commissioner must initiate proceedings to terminate the lease.

"(l) Upon receipt of notice by the Commissioner of any of the following occurrences, he must commence action to terminate the leasehold:

(1) Failure to pay the annual rent in advance.

(2) Failure to file information required by the Commissioner upon annual remittance of rental.

(3) Failure by new owner to report a transfer of beneficial ownership of all or any portion of or interest in the leasehold.

(4) Failure to mark the boundaries in the leasehold and to keep them marked as required in the regulations of the Board.

(5) Failure to utilize the leasehold on a continuing basis for the commercial production of oysters or clams.

(6) Transfer of all or part of the beneficial ownership of a leasehold to a nonresident.

(7) Substantial breach of compliance with the provisions of this Article or of regulations of the Board governing use of the leasehold.

"The Board is authorized to make regulations defining commercial production of oysters and clams, based upon the productive potential of particular areas, climatic or biological conditions at particular areas or particular times, availability of seed oysters and clams, availability for purchase by lessees of shells or other material to which oyster spat may attach, and the like. Commercial production may be defined in terms of planting effort made as well as in terms of quantities of oysters and clams harvested. Provided, however, that if a lessee has made a diligent effort to effectively and efficiently manage his lease according to accepted standards and practices in such management, and because of reasons beyond his control, such as acts of God, such lessee has not and cannot meet the requirements set out by the Board under the provisions of this paragraph of this subsection, his leasehold shall not be terminated under part (5) of this subsection.

"(m) After receipt of notice of any occurrence listed in subsection (l), the Commissioner must mail the leaseholder a letter by registered or certified mail, return receipt requested, informing him of his intention to terminate and of the reason for the action. In the event the leaseholder takes steps within 30 days to remedy the situation upon which the notice of intention to terminate was based and the Commissioner is satisfied that continuation of the lease is in the best interests of the oyster and clam culture of the State, the Commissioner may discontinue termination procedures. Where there is no discontinuance of termination procedures, the leaseholder may appeal to the Director, and, if dissatisfied, to the Board. Where there is no appeal, or where an appeal does not prevail, the Director must send a final letter of termination to the leaseholder by registered or certified mail, return receipt requested. The final letter of termination may not be mailed sooner than 30 days after receipt by the leaseholder of the Commissioner's notice of intention to terminate, as evidenced by the return receipt. The lease is terminated effective at midnight on the day the final notice of termination is received by the leaseholder, as evidenced by the return receipt. The final notice of termination

may not be issued pending hearing of any appeal by the Director or by the Board.

"(n) Upon final termination of any leasehold, the bottom in question is thrown open to the public for use in accordance with laws and regulations governing use of public grounds generally. Agents of the Commissioner are required as soon as possible after termination of lease to remove all markers denominating the area of the leasehold as a private bottom.

"(o) Every year between January 1 and February 15 the Commissioner must mail to all leaseholders a notice of the annual rental due and include forms designed by him for determining the amount of shellfish or shells planted on the leasehold during the preceding calendar year, the amount of harvest gathered, and the names and addresses of those to whom the harvest was sold or delivered. Such forms may contain other pertinent questions relating to the utilization of the leasehold in the best interest of the oyster and clam culture of the State, and must be executed and returned by the leaseholder with payment of his rental. Any leaseholder or his agent executing such forms for him who knowingly makes a false statement on such forms is guilty of a misdemeanor punishable in the discretion of the court.

"(p) All leases and renewal leases granted after the effective date of this Article are made subject to this Article and to reasonable amendment of governing statutes, regulations of the Board, and requirements imposed by the Commissioner or his agents in regulating the use of the leasehold or in processing applications or rentals. This includes such statutory increase in rentals as may be necessitated by changing conditions and refusal to renew lease after expiration, in the discretion of the Board. No increase in rentals, however, may be given retroactive effect.

"The General Assembly declares it to be contrary to public policy for the oyster and clam bottoms which were leased prior to January 1, 1966, and which are not being used to produce oysters and clams in commercial quantities to continue to be held by private individuals, thus depriving the public of a resource which belongs to all the people of the State. Therefore, when the Commissioner determines, after due notice to the lessee, and after opportunity for the lessee to be heard, that oysters or clams are not being produced in commercial quantities, due to the lessee's failure to make diligent effort to produce oysters and clams in commercial quantities, the Commissioner may decline to renew, at the end of the current term, any oyster or clam bottom lease which was executed prior to January 1, 1966. The lessee may appeal the denial of the Commissioner to renew the lease to the Board in which event the lessee shall be granted an opportunity to be heard, de novo, by the Board and the burden of proof, by the greater weight of the evidence, shall be on the lessee. The Board, by majority vote, may affirm or reverse the action of the Commissioner. No appeal shall be allowed from the action of the Board."

Sec. 2. This Act shall not apply to Brunswick County.

Sec. 3. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 4. This Act shall become effective upon its ratification.

In the General Assembly read three times and ratified, this the 21st day of June, 1967.

statutory authority and responsibilities. The Board shall determine its own internal organization and methods of procedure and shall have an official seal which shall be judicially noticed. Subject to other provisions of this Article, which deal with the appointment of the Director and an Assistant Director, the Board is authorized in accordance with the provisions of the Personnel Act to appoint, fix the compensation, and prescribe the duties and powers of all officers, agents, auditors, accountants, experts and any and all other persons that may be necessary in order to perform the duties required by the Board in the administration of its statutory responsibilities. The Board may delegate to any officer, agent or employee so appointed by the Board such power and authority as it deems reasonable and proper for the effective administration of its statutory responsibilities, and may, in its discretion, bond any person handling moneys or signing checks hereunder. The Board may appoint subdivisions or committees from its membership, the number of members on said subdivisions or committees being fixed by the Board, for the purpose of holding hearings and reporting same to the Board for decision, for the purpose of making investigations, for the purpose of transacting such business and carrying out such policies as the Board shall fix and direct.

"(f) Director. The Board, with the approval of the Governor, shall appoint a full-time Director, who shall be a well qualified engineer, experienced and knowledgeable in the fields of water and air resource management. The Director shall be the administrative officer of the Board and shall perform in the name of the Board such functions and duties of the Board as shall be delegated to him by formal resolution. The Director shall be paid such salary as shall be fixed by the Governor, with the approval of the Advisory Budget Commission and shall serve at the pleasure of the Board. The Director shall attend all meetings, but without the power of voting, shall keep or cause to be kept an accurate and complete record of all meetings, hearings, correspondence, laboratory studies, technical work, and shall make these records available for public inspection at all reasonable times. In the administration of either private or federal funds, the Board shall have authority to formulate plans and projects for federal approval or for the approval of foundations and to enter into such contracts and agreements as may be necessary for such purposes or to enter into joint agreements with any other agency or division of government for such purposes and to furnish such information as may be requested for any project or program related to or conducted pursuant to such plans and contracts. Such funds received by the Board pursuant to this provision shall be deposited in the State Treasury to the account of the Board and shall remain in such account until used by the Board.

"(i) Assistant Director. The Board, with the approval of the Governor, shall appoint an Assistant Director who shall be a registered engineer in the State of North Carolina. He shall be well qualified and knowledgeable in the principles of water and air pollution control. The Assistant Director appointed under this provision shall be paid a salary fixed by the Governor and approved by the Advisory Budget Commission. The Assistant Director, under the general supervision of the Director, shall carry out the administrative duties and policies with respect to the water and air pollution control programs, shall direct the work of the department in the absence of the Director and shall perform such other duties as may be delegated to him, and the duties of said Assistant Director shall be fixed by resolution of the Board. The Assistant Director shall supervise the work of the employees assigned to the water and air pollution control programs and shall have the authority to review and approve all plans, specifications and reports as may be required in connection with applications for permits and other documents of approval authorized pursuant to the provisions of this Article as same relate to the water and air pollution control programs.

"(j) Advisory Councils. There is hereby authorized the establishment of a Water Control Advisory Council and an Air Control Advisory Council, hereinafter referred to as the Advisory Councils. Each Council shall consist of nine members appointed by the Governor. The membership of each Advisory Council shall include one registered professional engineer knowledgeable in matters of water or air pollution, depending upon which Council he serves on, as well as one representative from municipal government, one representative from county government, one representative of public health, two representatives from industry providing they are from different industries, one representative of agriculture, one licensed physician knowledgeable in the health aspects of water or air pollution depending upon which Council he serves on and one practicing biologist knowledgeable in the principles of water quality management. The Assistant Director shall serve as secretary to the Advisory Councils. The Councils shall meet either separately or jointly at the request of the Chairman of the Board or any three members of the Board. Such administrative services and moneys as may be made available to or for the

Advisory Councils shall be charges on the Board. Members of the Advisory Councils shall serve at the pleasure of the Governor. The members shall serve without compensation but shall receive regular State subsistence and travel expenses during the performance of their duties. The Advisory Councils shall assist the Board in the development of rules, regulations, and quality standards for water and air as may be considered necessary to achieve the purposes of this Article and may consider other matters related to the purposes of this Act, which may be submitted to it by the Board.

"Sec. 143-214.1. Water; Water Quality Standards and Classifications; Duties of Board. (a) The Board is hereby directed and empowered, as rapidly as possible within the limits of funds and facilities available to it, and subject to the procedural requirements of this Article:

"(1) To develop and adopt, after proper study, a series of classifications and the standards applicable to each such classification, which will be appropriate for the purpose of classifying each of the waters of the State in such a way as to promote the policy and purposes of this Article most effectively;

"(2) To survey all the waters of the State and to separately identify all such waters as the Board believes ought to be classified separately in order to promote the policy and purposes of this Article, omitting only such waters, as in the opinion of the Board, are insufficiently important to justify classification or control under this Article; and

"(3) To assign to each identified water of the State such classification, from the series adopted as specified above, as the Board deems proper in order to promote the policy and purposes of this Article most effectively.

"(b) Criteria for Classification. In developing and adopting classifications, and the standards applicable to each, the Board shall recognize that a number of different classifications should be provided for (with different standards applicable to each) so as to give effect to the need for balancing conflicting considerations as to usage and other variable factors; that different classifications with different standards applicable thereto may frequently be appropriate for different segments of the same water; and that each classification and the standards applicable thereto should be adopted with primary reference to the best usage to be made of the waters to which such classification will be assigned.

"(c) Criteria for Standards. In establishing the standards applicable to each classification, the Board shall consider and the standards when finally adopted and published shall state: The extent to which any physical, chemical, or biological properties should be prescribed as essential to the contemplated best usage.

"(d) Criteria for Assignment of Classifications. In assigning to each identified water the appropriate classifications (with its accompanying standards), the Board shall consider, and the decision of the Board when finally adopted and published shall contain its conclusions with respect to the following factors as related to such identified waters:

"(1) The size, depth, surface area covered, volume, direction and rate of flow, stream gradient and temperature of the water;

"(2) The character of the district bordering said water, including any peculiar suitability such district may have or any dominant economic in-

terest or development which has become established in relation to or by reason of any particular use of such water;

"(3) The uses and extent thereof which have been made, are being made, or may in the future be made, of such water for domestic consumption, bathing, fish or wildlife and their culture, industrial consumption, transportation, fire prevention, power generation, the disposal of sewage, industrial wastes and other wastes, or any other uses.

"(e) Proposed Adoption and Assignment of Classification. Prior to the adoption by the Board of the series of classifications and standards applicable thereto as specified in subparagraph (a) (1) of this Section, prior to the assignment by the Board of any such classifications to any waters as specified in subparagraph (a) (3) of this Section, and prior to any modification of any of such actions previously taken by the Board, the Board shall give notice of its proposed action and shall conduct one or more public hearings with respect to any such proposed action in accordance with the following requirements:

"(1) Notice of any such hearing shall be given not less than 20 days before the date of such hearing and shall state the date, time, and place of hearing, the subject of the hearing, and the action which the Board proposes to take. The notice shall either include details of such proposed action, or where such proposed action, as in the case of proposed assignments of classifications to identified waters, is too lengthy for publication, as hereinafter provided for, the notice shall specify that copies of such detailed proposed action can be obtained on request from the office of the Board in sufficient quantity to satisfy the requests of all interested persons.

"(2) Any such notice shall be published at least once in one newspaper of general circulation circulated in each county of the State in which the water area affected is located, and a copy of such notice shall be mailed to each person on the mailing list required to be kept by the Board pursuant to the provisions of Section 143-215.4.

"(3) Any person who desires to be heard at any such public hearing shall give notice thereof in writing to the Board on or before the first date set for the hearing. The Board is authorized to set reasonable time limits for the oral presentation of views by any one person at any such public hearing. The Board shall permit anyone who so desires to file a written argument or other statement with the Board in relation to any proposed action of the Board any time within 30 days following the conclusion of any public hearing or within any such additional time as the Board may allow by notice given as prescribed in this Section.

"(f) Final Adoption and Assignment of Classification. Upon completion of hearings and consideration of submitted evidence and arguments with respect to any proposed action of the Board pursuant to this Section, the Board shall adopt its final action with respect thereto and shall publish such final action as part of its official regulations. When final action has been adopted and is published with respect to the assignment of classifications applicable to the identified waters of any one or more watersheds within the State, the Board shall likewise publish as part of its official regulations, the effective date for the application of the provisions of Section 143-215.1 and 143-215.2 to persons within such watershed or watersheds.

"(g) Board's Power to Modify or Revoke. The Board is empowered to modify or revoke from time to time any final action previously taken by it pursuant to the provisions of this part; any such modification or revocation, however, to be subject to the procedural requirements of this Article.

"Sec. 143-215. Air Quality Standards and Classifications. (a) The Board is hereby directed and empowered, as rapidly as possible within the limits of funds and facilities available to it, and subject to the procedural requirements of this Article:

"(1) To prepare and develop, after proper study, a comprehensive plan or plans for the prevention, abatement and control of air pollution in the State or in any designated area of the State.

"(2) To determine by means of field sampling and other studies, including the examination of available data collected by any local, State or federal agency or any person, the degree of air contamination and air pollution in the State and the several areas of the State.

"(3) To develop and adopt, after proper study, air quality standards applicable to the State as a whole or to any designated area of the State as the Board deems proper in order to promote the policies and purposes of this Article most effectively.

"(4) To develop and adopt classifications for use in classifying air contaminant sources, which in the judgment of the Board may cause or contribute to air pollution, according to levels and types of emissions and other characteristics which relate to air pollution and may require reporting for any such class or classes. Such classifications may be for application to the State as a whole or to any designated area of the State, and shall be made with special reference to effects on health, economic and social factors, and physical effects on property. Any person operating or responsible for the operation of air contaminant sources of any class for which the Board requires reporting shall make reports containing such information as may be required by the Board concerning location, size, and height of contaminant outlets, processes employed, fuels used, and the nature and time periods or duration of emissions, and such other information as is relevant to air pollution and available or reasonably capable of being assembled.

"(5) To develop and adopt such emission control standards as in the judgment of the Board may be necessary to prohibit, abate or control air pollution commensurate with established air quality standards. Such standards may be applied uniformly to the State as a whole or to any area of the State designated by the Board.

"(b) Criteria for Standards. In developing air quality and emission control standards, the Board shall recognize varying local conditions and requirements and may prescribe different standards for different areas, as may be necessary and appropriate to facilitate accomplishment of the stated purposes of this Article.

"(c) Proposed Adoption of Standards and Classifications. Prior to the adoption by the Board of air quality standards, emission control standards and classifications for air contaminant sources, and prior to any modification of any such actions previously taken, the Board shall give notice of its proposed action and shall conduct one or more public hearings with respect

to any such proposed action in accordance with the procedure set forth in subparagraphs (e) (1), (e) (2), and (e) (3) of Section 143-214.1.

"(d) Final Adoption of Air Quality Standards, Emission Control Standards and Classifications for Air Contaminant Sources. Upon completion of hearings and consideration of submitted evidence and arguments concerning any proposed action by the Board with respect to the adoption of air quality standards, emission control standards and classifications for air contaminant sources, the Board shall adopt its final action with respect thereto and shall publish such final action as a part of its official regulations. When final action has been adopted and is published with respect to the aforestated standards and classifications, the Board shall likewise publish as a part of its official regulations, the effective date for the application of the provisions of Sections 143-215.1 and 143-215.2 to persons within the State as a whole or within any designated area of the State.

"(e) Board's Power to Modify or Revoke. The Board is hereby empowered to modify or revoke from time to time any final action previously taken by it pursuant to the provisions of this part, any such modification or revocation, however, to be subject to the procedural requirements of this Article.

"Sec. 143-215.1. Control of New Sources of Air and Water Pollution; Permits Required. (a) Water. After the effective date applicable to any watershed established pursuant to Section 143-214.1, no person shall do any of the following things or carry out any of the following activities until or unless such person shall have applied for and shall have received from the Board a permit therefor and shall have complied with such conditions, if any, as are prescribed by such permit:

"(1) Make any new outlets into the water of such watershed;

"(2) Construct or operate any new sewer system, treatment works or disposal system within such watershed;

"(3) Alter, extend, or change the construction or the method of operation of any existing sewer system, treatment works or disposal system within such watershed;

"(4) Increase the quantity (determined by such method of measurement as the Board shall prescribe by its official regulations) of sewage, industrial waste, or other waste discharged through any existing outlet or processed in any existing treatment works or disposal system to an extent which would adversely affect the condition of the receiving water within such watershed in relation to any of the standards applicable to such water, or to an extent beyond such minimum limits as the Board may prescribe, by way of general exemption from the provisions of this paragraph, by its official regulations;

"(5) Change the nature of the sewage, industrial waste or other waste discharged through any existing disposal system in any way which would adversely affect the condition of the receiving water within such watershed in relation to any of the standards applicable to such water.

"In connection with the above, no such permit shall be granted for the disposal of wastes into waters classified as sources of public water supply, where the State Board of Health determines and advises the Board that such disposal is sufficiently close to the intake works of a public water supply as to have an adverse effect thereon, until the Board has referred

the complete plans and specifications to the State Board of Health and has received advice in writing that same are approved in accordance with the provisions of G. S. 130-161. In any case where the Board denies a permit, it shall state in writing the reason for such denial and shall also state the Board's estimate of the changes in the applicant's proposed activities or plans which will be required in order that the applicant may obtain a permit.

"(b) Air. After the effective date applicable to any air quality or emission control standards established pursuant to Section 143-215, no person shall do any of the following things or carry out any of the following activities which would contravene or be likely to contravene such standards until or unless such person shall have applied for and shall have received from the Board a permit therefor and shall have complied with such conditions, if any, as are prescribed by such permit:

"(1) Establish or operate any new air contaminant source;

"(2) Build, erect, use or operate any new equipment which may result in the emission of air contaminants or which is likely to cause air pollution;

"(3) Alter or change the construction or method of operation of any existing equipment or process from which air contaminants are or may be emitted.

"(4) Enter into a contract for the construction and installation of any air cleaning device, or allow or cause such device to be constructed, installed, or operated.

"Any plant, facility, equipment or air cleaning device which on the effective date of such control standards is under construction or being installed, or is the subject of a contract for construction, installation or purchase, shall not be considered within the meaning of subsection (b) to be a new air contaminant source, new equipment or a new air cleaning device.

"(c) Board's Power as to Permits. The Board shall act upon all applications for permits so as to effectuate the purpose of this Section, by preventing, so far as reasonably possible, any pollution or any increased pollution of the waters and air of the State from any additional or enlarged sources.

"The Board shall have the power:

"(1) To grant a permit with such conditions attached as the Board believes necessary to achieve the purposes of this Section;

"(2) To grant any temporary permit for such period of time as the Board shall specify even though the action allowed by such permit may result in pollution or increase pollution where conditions make such temporary permit essential; and

"(3) To modify or revoke any permit upon not less than 60 days' written notice to any person affected.

"No permit shall be denied and no condition shall be attached to the permit, except when the Board finds such denial or such conditions necessary to effectuate the purposes of this Section.

"(d) Procedure as to Application and Permits. All applications for permits and all permits issued by the Board, or decisions denying any applications for a permit, shall be in writing. The Board shall act on all applications for permits as rapidly as possible. The Board shall have

power to request such information from an applicant and to conduct such inquiry or investigation as it may deem necessary prior to acting on any application for a permit. Failure of the Board to take action on an application for a permit within 90 days shall be treated as approval of such application. The Board shall adopt such forms and rules as it deems necessary, to be published as part of its rules of procedure, with respect to the application for the grant or denial of permits pursuant to this Section. Such rules may require the submission of plans and specifications and other information as the Board deems necessary to the proper evaluation of the application for a permit.

"(e) Hearings and Appeals. Any person whose application for a permit is denied, or is granted subject to conditions which are unacceptable to such person, or whose permit is modified or revoked, shall have the right to a hearing before the Board upon making demand therefor within 30 days following the giving of notice by the Board as to its decision on such application. Unless such a demand for a hearing is made, the decision of the Board on the application shall be final and binding. If demand for a hearing is made, the procedure with respect thereto and with respect to all further proceedings shall be as specified in Section 143-215.4 and in any applicable rules of procedure of the Board.

"Sec. 143-215.2. Abatement of Existing Pollution; Required Compliance with Special Orders. (a) After the effective date applicable to any watershed, or established for any air quality standards or emission control standards, no person shall discharge any sewage, industrial waste, or other waste into the waters of such watershed or any air contaminants into the outdoor atmosphere of the State of any designated area thereof in violation of, or except upon compliance with the terms of, any special order, or other appropriate instrument, issued by the Board to such person in accordance with the procedure specified by this Article.

"(b) Board's Powers as to Special Orders. The Board is hereby empowered, after the effective date applicable to any watershed, or established for any air quality standards or emission control standards, to issue (and from time to time to modify or revoke) a special order, or other appropriate instrument, to any person whom it finds responsible for causing or contributing to any pollution of water within such watershed or pollution of the air within the area for which standards have been established. Such an order or instrument may direct such person to take, or refrain from taking such action, or to achieve such results, within a period of time specified by such special order, as the Board deems necessary and feasible in order to alleviate or eliminate such pollution. No such special order shall be issued against a person, or, if issued, the time for compliance therewith by such person shall be extended to the extent necessary, where the Board concludes, after investigation, or where it is demonstrated after a hearing, that it is impossible or, for the time being, not feasible for such person to correct or eliminate the activities causing or contributing to any such pollution. Such a situation shall be deemed to exist where no adequate or practical method of disposal, control, or treatment is known for the particular waste or air contaminant for which such person is responsible, or where the cost of any such known method of disposal, control or treatment is unduly burdensome in comparison with the pollu-

tion abatement results which can be achieved, or where a known method of disposal, abatement, or treatment cannot be adopted because of financial inability (due to statutory restriction on borrowing power or otherwise), or where there is reason to believe that diligent research and experimentation is being carried on to such an extent as to justify postponement of the adoption of relatively inefficient known methods of disposal, abatement, or treatment until further opportunity is given for the discovery of more effective methods. The burden of proof as to any of such conditions or any other conditions alleged to exist as a reason for the nonissuance of a special order or for extension of the time of compliance therewith shall be upon the person alleging such conditions.

"(c) Procedure as to Special Orders. No special order shall be issued by the Board (unless issued upon the consent of a person affected thereby) except after a hearing in accordance with the procedural requirements specified in Section 143-215.4 and in any applicable rules of procedure of the Board. Any special order shall be based on and shall set forth the findings of fact resulting from evidence presented at such hearing and shall specify the time within which the person against whom such order is issued shall achieve the results required by the special order.

"(d) Appeals. Any person against whom a special order is issued shall have the right to appeal in accordance with the provisions of Section 143-215.5. Unless such appeal is taken within the prescribed time limit, the special order of the Board shall be final and binding.

"(e) Encouragement of Voluntary Action. The powers conferred by this Section are granted for the purpose of enabling the Board to carry out a State-wide program of water and air pollution abatement to the end that ultimately the purposes of this Article will be achieved. It is the intent of this Section, however, that the Board should seek to obtain the cooperative effort of all persons contributing to each situation involving water or air pollution in remedying such situation, and that the powers granted by this Section shall be exercised only when the objective of this Section cannot be otherwise achieved within a reasonable time.

"(f) Equality of Enforcement Action. It is the intent of this Article that a comprehensive all-inclusive effort be made to accomplish the purpose of this Article and to that end it is specifically provided that whenever more than one person is found to be responsible for a condition involving pollution of the air of any area of the State or water of any segment of any particular water as identified and classified under Sections 143-214.1 and 143-215 that the Board shall endeavor to obtain the cooperative effort of all such persons and that if this cannot be accomplished and the Board deems it necessary to take enforcement action to correct such pollution, by invoking the power granted by this Article, such action shall be taken against all persons who share responsibility for such condition, to the extent that such persons have not voluntarily undertaken satisfactory remedial measures or have not agreed, by consenting to the issuance of special orders pursuant to this Section to undertake such measures.

"When an order of the Board to abate a water or air pollution problem is served upon a municipality, upon a metropolitan sewerage district, or upon a sanitary district, the governing board of such municipality, metropolitan sewerage district, or sanitary district shall, unless said order be

reversed on appeal, proceed to provide funds, using any or all means necessary and available therefor by law, by issuance of bonds secured by the full faith and credit of such municipality or district or by issuance of revenue bonds or otherwise, for financing the cost of all things necessary for full compliance with said order and shall thereby comply with said order: Provided, nothing herein shall be construed to supersede or modify the provisions of the Local Government Act or of the Revenue Bond Act of 1938 with respect to approval or disapproval of bonds by the Local Government Commission and to the sale of bonds by said Commission.

"(g) Voluntary Projects; Applications for Certificate of Approval; Installation of Treatment Works or Air Cleaning Devices and Approval Thereof. Prior to the effective date applicable to any watershed or established for any air quality standards or emission control standards, any person who is discharging or who proposes to discharge sewage, industrial waste, or other waste into any waters of the State or who is discharging or who proposes to discharge any air contaminants into the air of the State may submit to the Board proposed plans for the installation of treatment works with respect to such sewage, industrial waste or other waste, or for the installation of air cleaning devices, with respect to such air contaminants and apply to the Board for approval thereof. Such applications shall be in such form as the Board may prescribe in its rules of procedure, shall describe in precise detail the nature and volume of the sewage, industrial waste, other waste, or air contaminant which the applicant discharges or proposes to discharge, and shall contain or be supplemented by any information or plans and specifications whatsoever which the Board may request. The applicant may submit the opinion of any independent expert as to the probable effectiveness and results of such treatment works or air cleaning devices and the Board may request that the opinion of experts or additional experts be obtained in any case where it considers the same necessary, the expense in connection therewith to be borne by the applicant. Such an application may be filed by any person irrespective of whether any proceedings involving such person have been taken or are pending under any other provision of this Article.

"(h) Voluntary Projects, Conditions for Issuance of Certificate. The Board shall make a thorough investigation of any application filed pursuant to this Section before acting thereon, and may require the applicant to submit any statements in support of such application under oath. The Board shall not issue a certificate of approval to any applicant, unless it finds that the proposed treatment works or air cleaning devices, if installed and operated in accordance with the plans submitted to the Board:

"(1) Will provide an effective method of preventing or abating actual or potential pollution of the waters or air into which the applicant is discharging or proposes to discharge any air contaminants or sewage, industrial waste, or other waste; and

"(2) Will require such expenditure by the applicant, in relation to the air cleaning or waste treatment problem to be remedied and the size and nature of the applicant's activities resulting in such problem, that it is fair to give the applicant reasonable protection against being required by law, at some later date, to make further capital expenditures in connection with the same air cleaning or waste treatment problem.

"(i) Voluntary Projects, Effect of Certificate of Approval. If the Board approves the proposed air cleaning devices or waste treatment works, with any modifications it may recommend, it shall have the power to issue to the applicant a certificate of approval which shall have the following effect and be subject to the following limitations:

"(1) Such certificate shall give the person to whom it is issued binding assurance that, for the period specified in the certificate and so long as such person complies with all the terms of the certificate, he will not be required to take or refrain from any further action nor be required to achieve any further results under the terms of this or any other State law relating to the control of water or air pollution, for the purpose of alleviating or eliminating any pollution or alleged pollution resulting from the sewage, industrial waste, other waste, or air contaminants, which such person is discharging into any water or the atmosphere.

"(2) Such certificate shall be effective from the date of its issuance for such period of time as the Board deems fair and reasonable in the light of all the circumstances.

"(3) Such certificate shall provide that it shall become void unless the applicant completes the proposed air cleaning devices or waste treatment works within a time limit specified in such certificate, and unless the proposed air cleaning devices or waste treatment works are constructed and at all times operated in accordance with the plans and specifications approved by the Board pursuant to this Section.

"(4) Such certificate shall be effective only with respect to the nature and volume of air contaminants or sewage, industrial waste or other waste described in the application or in the certificate itself after treatment by the proposed treatment works or air cleaning devices.

"(5) Such certificate shall inure to the benefit of any successors or assigns of the applicant subject to the same conditions as are applicable to the applicant.

"(6) Such certificate may impose any other limitations on its effectiveness as the Board may deem necessary or appropriate.

"(j) Voluntary Projects, Procedure. The Board by rules of procedure, not inconsistent with this Article, may specify any further rules applicable to the granting of certificates of approval pursuant to this Section. Any action by the Board on an application for a certificate of approval is a matter of discretion and consequently there shall be no right to a hearing nor to an appeal with respect to any refusal of the Board to grant any certificate of approval, or to the terms thereof. The Board shall have power to entertain and act on applications for modification of any certificate of approval. The Board shall have no power to revoke or modify a certificate of approval which has been issued, except by agreement, or except where the terms of such certificate have been violated or have not been fulfilled.

"(k) Nonvoluntary Projects, Effect of Compliance. Any person who installs a treatment works or an air cleaning device for the purpose of alleviating or eliminating water or air pollution in compliance with the terms of, or as a result of conditions specified in, a permit issued pursuant to Section 143-215.1 or a special order issued pursuant to Section 143-215.2 or a final decision of the Board or a court rendered decision pursuant to

either of said Sections, shall not be required to take or refrain from any further action nor be required to achieve any further results under the terms of this or any other State law relating to the control of water or air pollution, for a period to be fixed by the Board or court as it shall deem fair and reasonable in the light of all the circumstances after the date when such special order or decision or the conditions of such permit become finally effective, if:

"(1) The treatment works or air cleaning devices result in the elimination or alleviation of water or air pollution to the extent required by such permit, special order or decision and complies with any other terms thereof; and

"(2) Such person complies with the terms and conditions of such permit, special order or decision within the time limit, if any, specified thereby or as the same may be extended, and thereafter remains in compliance.

"Sec. 143-215.3. General Powers of Board; Auxiliary Powers. (a) In addition to the specific powers prescribed elsewhere in this Article, and for the purpose of carrying out its duties, the Board shall have the power:

"(1) To adopt from time to time and to modify and revoke official regulations interpreting and applying the provisions of this Article and rules of procedure establishing and amplifying the procedures to be followed in the administration of this Article: Provided, that no regulations and no rules of procedure shall be effective nor enforceable until published and filed as prescribed by Section 143-215.4;

"(2) To conduct such investigations as it may reasonably deem necessary to carry out its duties as prescribed by this Article, and for this purpose to enter at reasonable times upon any property, public or private, for the purpose of investigating the condition of any waters and the discharge therein of any sewage, industrial waste or other waste or for the purpose of investigating the condition of the air, air pollution, air contaminant sources, emissions or the installation and operation of any air cleaning devices, and to require written statements or the filing of reports under oath, with respect to pertinent questions relating to the operation of any air cleaning device, sewer system, disposal system or treatment works: Provided, that no person shall be required to disclose any secret formula, processes, or methods used in any manufacturing operation or any confidential information concerning business activities carried on by him or under his supervision. No person shall refuse entry or access to any authorized representative of the Board who requests entry for purposes of inspection, and who presents appropriate credentials, nor shall any person obstruct, hamper or interfere with any such representative while in the process of carrying out his official duties;

"(3) To conduct public hearings in accordance with the procedures prescribed by this Article;

"(4) To delegate such of the powers of the Board as the Board deems necessary to one or more of its members, to its Director, Assistant Director, or to any other qualified employee of the Board; provided, that the provisions of any such delegation of power shall be set forth in the official regulations of the Board; and provided further that the Board shall not delegate to persons other than its own members and its own qualified em-

ployees the power to conduct hearings with respect to the classification of waters, the assignment of classifications, air quality standards, air contaminant source classifications, emission control standards, or the issuance of any special order except in the case of an emergency under subsection 143-215.3 (a) (12) for the abatement of existing water or air pollution. Any employee of the Board to whom a delegation of power is made to conduct a hearing shall report the hearing with its evidence and record to the Board for decision;

"(5) To institute such actions in the Superior Court in the county in which any defendant resides, or has his or its principal place of business, as the Board may deem necessary for the enforcement of any of the provisions of this Article or of any official actions of the Board, including proceedings to enforce subpoenas or for the punishment of contempt of the Board;

"(6) To agree upon or enter into any settlements or compromises of any actions and to prosecute any appeals or other proceedings.

"(7) To investigate any killing of fish and wildlife which, in the opinion of the Board, is of sufficient magnitude to justify investigation and is known or believed to have resulted from the pollution of the waters or air as defined in this Article, and whenever any person, whether or not he shall have been issued a certificate of approval, permit or other document of approval authorized by this or any other State law, has negligently, or carelessly or unlawfully, or wilfully and unlawfully, caused pollution of the waters or air as defined in this Article, in such quantity, concentration or manner that fish or wildlife are killed as the result thereof, the Board may recover, in the name of the State, damages from such person. The measure of damages shall be the amount determined by the Board and the North Carolina Wildlife Resources Commission or the North Carolina Department of Conservation and Development, whichever has jurisdiction over the first or wildlife destroyed, to be the replacement costs thereof plus the cost of all reasonable and necessary investigations made or caused to be made by the State in connection therewith. Upon receipt of the estimate of damages caused, the Board shall notify the persons responsible for the destruction of the fish or wildlife in question and may effect such settlement as it deems proper and reasonable, and if no settlement is reached within a reasonable time, the Board shall bring a civil action to recover such damages in the Superior Court in the county in which the discharge took place. Upon such action being brought the Superior Court shall have jurisdiction to hear and determine all issues or questions of law or fact, arising on the pleadings, including issues of liability and the amount of damages.

"The State of North Carolina shall be deemed the owner of the fish or wildlife killed and all actions for recovery shall be brought by the Board on behalf of the State as the owner of the fish or wildlife. The fact that the person or persons alleged to be responsible for the pollution which killed the fish or wildlife holds or has held a certificate of approval, permit or other document of approval authorized by this Article or any other law of the State shall not bar any such action. The proceeds of any recovery had, less the cost of investigations, recovered and retained or otherwise disbursed by the Board to the appropriate investigating agencies, shall be

paid to the appropriate State agency to be used to replace, insofar as and as promptly as possible, the fish and wildlife killed, or in cases where replacement is not practicable, the proceeds shall be used in whatever manner the responsible agency deems proper for improving the fish and wildlife habitat in question. Any such funds received are hereby appropriated for these designated purposes. Nothing in this paragraph shall be construed in any way to limit or prevent any other action which is now authorized by this Article.

"(8) To make a continuing study of the effects of the emission of air contaminants from motor vehicles on the quality of the outdoor atmosphere of the State and the several areas thereof, and make recommendations to the General Assembly and other appropriate public and private bodies for the control of such air contaminants.

"(9) Consult, upon request, with any person, proposing to construct, install, or otherwise acquire an air or water pollution source, air cleaning device or waste disposal system for the control of air contaminants or waste discharges concerning the efficacy of such device or disposal system, or the air or water pollution problem which may be related to such source, device or disposal system; provided, however, that nothing in any such consultation shall be construed to relieve any person from compliance with this Article, rules and regulations adopted pursuant thereto, or any other provision of law.

"(10) To encourage local units of government to handle air pollution problems within their respective jurisdictions and on a cooperative basis, and to provide such local units technical and consultative assistance to the maximum extent possible.

"(11) Local Air Pollution Control Programs. (a) To review and have general oversight and supervision over all existing or proposed local air pollution control programs and to this end shall review and certify such programs as being adequate to meet the requirements of this Article and any applicable standards and rules and regulations pursuant thereto. The Board shall certify any local program which:

"1. Provides by ordinance or local law for requirements compatible with those imposed by the provisions of this Article, and the standards and rules and regulations issued pursuant thereto; provided, however, the Board upon request of a municipality or other local unit may grant special permission for the governing body of such unit to adopt a particular class of air contaminant regulations which would result in more effective air pollution control than applicable standards, rules, or regulations promulgated by the Board.

"2. Provides for the adequate enforcement of such requirements by appropriate administrative and judicial process;

"3. Provides for an adequate administrative organization, staff, financial and other resources necessary to effectively and efficiently carry out its programs; and

"4. Is approved by the Board as adequate to meet the requirements of this Article and any applicable rules and regulations pursuant thereto.

"(b) No municipality, county, local board or commission or group of municipalities and counties may establish and administer an air pollution

control program unless such program meets the requirements of paragraph 11 of subsection (a) of this Section and is so certified by the Board.

"(c) If the Board finds that the location, character or extent of particular concentrations of population, air contaminant sources, the geographic, topographic or meteorological considerations, or any combinations thereof, are such as to make impracticable the maintenance of appropriate levels of air quality without an area-wide air pollution control program, the Board may determine the boundaries within which such program is necessary and require such area-wide program as the only acceptable alternative to direct State administration.

"(d) 1. If the Board has reason to believe that a local air pollution control program certified and in force pursuant to the provisions of this Section is inadequate to abate or control air pollution in the jurisdiction to which such program relates, or that such program is being administered in a manner inconsistent with the requirements of this Article, the Board shall, upon due notice, conduct a hearing on the matter.

"2. If, after such hearing the Board determines that an existing local air pollution control program or one which has been certified by the Board is inadequate to abate or control air pollution in the municipality, county, or municipalities or counties to which such program relates, or that such program is not accomplishing the purposes of this Article, it shall set forth in its findings the corrective measures necessary for continued certification and shall specify a reasonable period of time, not to exceed one year, in which such measures must be taken if certification is not to be rescinded.

"3. If the municipality, county, local board or commission or municipalities or counties fail to take such necessary corrective action within the time specified, the Board shall rescind any certification as may have been issued for such program and shall administer within such municipality, county, or municipalities or counties all of the regulatory provisions of this Article. Such air pollution control program shall supersede all municipal, county or local laws, regulations, ordinances and requirements in the affected jurisdiction.

"4. If the Board finds that the control of a particular class of air contaminant source because of its complexity or magnitude is beyond the reasonable capability of the local air pollution control authorities or may be more efficiently and economically performed at the State level, it may assume and retain jurisdiction over that class of air contaminant source. Classification pursuant to this paragraph may be either on the basis of the nature of the sources involved or on the basis of their relationship to the size of the communities in which they are located.

"5. Any municipality or county in which the Board administers its air pollution control program pursuant to paragraph (3) of this subsection may, with the approval of the Board, establish or resume a municipal, county, or local air pollution control program which meets the requirements for certification by the Board.

"6. Nothing in this Article shall be construed to supersede or oust the jurisdiction of any local air pollution control program in operation on the effective date of this Article; provided that within two years from such date any such program shall meet all requirements of this Article for

certification by the Board as an approved local air pollution control program. Any certification required from the Board shall be deemed granted unless the Board takes specific action to the contrary.

"7. Any municipality, county, local board or commission or municipalities or counties or designated area of this State for which a local air pollution control program is established or proposed for establishment may make application for, receive, administer and expend federal grant funds for the control of air pollution or the development and administration of programs related to air pollution control; provided that any such application is first submitted to and approved by the Board. The Board shall approve any such application if it is consistent with this Article and other applicable requirements of law.

"(12) To declare an emergency when it finds that a generalized condition of water or air pollution which is causing imminent danger to the health or safety of the public. Regardless of any other provisions of law, if the department finds that such a condition of water or air pollution exists and that it creates an emergency requiring immediate action to protect the public health and safety or to protect fish and wildlife, the Assistant Director, with the approval of the Director and the concurrence of the Governor, shall order persons causing or contributing to the water or air pollution in question to reduce or discontinue immediately the emission of air contaminants or the discharge of wastes. Immediately after the issuance of such order, the Chairman of the Board shall fix a place and time for a hearing before the Board to be held within 24 hours after issuance of such order, and within 24 hours after the commencement of such hearing, and without adjournment thereof, the Board shall either affirm, modify or set aside the order of the Assistant Director.

"In the absence of a generalized condition of air or water pollution of the type referred to above, if the Assistant Director finds that the emissions from one or more air contaminant sources or the discharge of wastes from one or more sources of water pollution is causing imminent danger to human health and safety or to fish and wildlife, he may with the approval of the Director and the concurrence of the Governor order the person or persons responsible for the operation or operations in question to immediately reduce or discontinue the emissions of air contaminants or the discharge of wastes or to take such other measures as are, in his judgment, necessary, without regard to any other provisions of this Article. In such event, the requirements for hearing and affirmance, modification or setting aside of such orders set forth in the preceding paragraph of this provision shall apply.

"Nothing in this subsection shall be construed to limit any power which the Governor or any other officer may have to declare an emergency and act on the basis of such declaration, if such power is conferred by statute or constitutional provision, or inheres in the office.

"(b) Research Functions. The Board shall have the power to conduct scientific experiments, research, and investigations to discover economical and practical corrective methods for air pollution and waste disposal problems. To this end, the Board may cooperate with any public or private agency or agencies in the conduct of such experiments, research, and investigations, and may, when funds permit, establish research studies in

any North Carolina educational institution, with the consent of such institution. In addition, the Board shall have the power to cooperate and enter into contracts with technical divisions of State agencies, institutions and with municipalities, industries, and other persons in the execution of such surveys, studies, and research as it may deem necessary in fulfilling its functions under this Article. All State departments shall advise with and cooperate with the Board on matters of mutual interest.

"(c) Relation with the Federal Government. The Board as official water and air pollution control agency for the State is delegated to act in local administration of all matters covered by any existing federal statutes and future legislation by Congress relating to water and air quality control.

"(d) Relations With Other States. The Board may, with the approval of the Governor, consult with qualified representatives of adjoining states relative to the establishment of regulations for the protection of waters and air of mutual interest, but the approval of the General Assembly shall be required to make any regulations binding.

"Sec. 143-215.4. General Provisions as to Procedure; Seal. (a) Persons Entitled to Notice, Mailing List. In all proceedings pursuant to Sections 143-214.1 and 143-215, the Board shall give notice as provided by that Section, and it shall also give notice of all its official acts (such as the adoption of regulations or rules of procedure) which have, or are intended to have, general application and effect, to all persons on its mailing list on the date when such action is taken. It shall be the duty of the Board to keep such a mailing list on which it shall record the name and address of each person who requests listing thereon, together with the date of receipt of such request. Any person may, by written request to the Board, ask to be permanently recorded on such mailing list.

One copy of each such action shall at the same time be mailed to all persons then on the mailing list, and additional copies shall at all times be kept at the office of the Board in sufficient numbers to satisfy all reasonable requests therefor. The Board shall codify its regulations and rules and from time to time shall revise and bring up to date such codifications.

"(c) Notices. All notices which are required to be given by the Board or by any party to a proceeding shall be given by registered or certified mail to all persons entitled thereto, including the Board. The date of receipt for such registered or certified mail shall be the date when such notice is deemed to have been given. Notice by the Board may be given to any person upon whom a summons may be served in accordance with the provisions of law covering civil actions in the Superior Courts of this

State. Any notice shall be sufficient if it reasonably sets forth the action requested or demanded or gives information as to action taken. The Board by its rules of procedure may prescribe other necessary practices and procedures with regard to the form, content and procedure as to any particular notices.

"(d) Hearings. The following provisions, together with any additional provisions not inconsistent herewith which the Board may prescribe, shall be applicable in connection with hearings pursuant to this Article, except where other provisions are applicable in connection with specific types of hearings:

"(1) Any hearing held pursuant to Sections 143-215.1 and 143-215.2 or 143-215.3, except those held pursuant to subsection (a) (12) of Section 143-215.3, whether called at the instance of the Board or of any person, shall be held upon not less than 30 days' written notice given by the Board to any person who is, or is entitled to be, a party to the proceedings with respect to which such hearing is to be held, unless a shorter notice is agreed upon by all such parties.

In case of a refusal to obey a notice of hearing or subpoena issued by the Board, application may be made to the Superior Court of the appropriate county for enforcement thereof.

"(6) The burden of proof at any hearing shall be upon the person or the Board, as the case may be, at whose instance the hearing is being held.

"(7) No decision or order of the Board shall be made in any proceeding unless the same is supported by competent, material and substantial evidence upon consideration of the whole record.

"(8) Following any hearing, the Board shall afford the parties thereto a reasonable opportunity to submit within such time as prescribed by the Board proposed findings of fact and conclusions of law and any brief in connection therewith. The record in the proceeding shall show the Board's ruling with respect to each such requested finding of fact and conclusion of law.

In addition, if any person is adjudged to have committed such violation willfully, the court may determine that each day during which such violation continued constitutes a separate violation subject to the foregoing penalty: Provided, however, that where a vote of the people is required to effectuate the intent and purpose of this Article by a municipality or other political subdivision of the State and the vote on the referendum is against the means or machinery for carrying the same into effect, then, and only then, this Section shall not apply to the elected officials or to any duly authorized appointed officials or employees, of said municipality or political subdivision.

"Sec. 143-215.7. Effect on Laws Applicable to Public Water Supplies and the Sanitary Disposal of Sewage. The deduction provided herein shall apply to the facilities or equipment of private or public utilities built and installed primarily for the purpose of providing sewer service to residential and outlying areas. The deduction provided for in this subsection shall be allowed by the Commissioner only upon condition that the person, firm or corporation, claiming such allowance shall furnish to the Commissioner a certificate from the Board of Water and Air Resources certifying that said Board has found as a fact that the waste treatment plant, air cleaning

The General Assembly of North Carolina do enact:

Section 1. Upon the completion of a thorough study and investigation made by the State Board of Education through its administrative officers as to the feasibility of operating all the public schools in Lincoln County, including the schools located in the Lincolnton City Administrative Unit, under one board of education, the Board of County Commissioners of Lincoln County is authorized and empowered to submit to the voters of Lincoln County in a referendum or election the necessary questions to determine the will of the voters as to whether said consolidation and merger shall take place. The assistant secretary shall have authority to attest all contracts, conveyances, and other instruments which are required by law to be attested by the secretary. The secretary, or in his absence the assistant secretary, shall keep the minutes of all meetings of the said Board and it shall be the duty of such secretary or assistant secretary to furnish each member of the said Board with a copy of the minutes as soon after any meeting as may be reasonably practicable. In addition to the election of a superintendent of schools in the manner provided by the general law, the said Board may employ such associate superintendents and assistant superintendents and such other administrative officers as it may deem necessary and proper, and prescribe their duties. Except as modified by other provisions of this Act, all principals and teachers shall be elected in the manner prescribed by the general law. The Board may delegate to the superintendent of schools, or to one or more associate superintendents or assistant superintendents or to other administrative officers, authority to employ and prescribe the duties of all other employees or classes of employees, including janitors and maids, and to fix the compensation within such limits as the Board may prescribe and to determine the terms or periods for which they shall be employed. The compensation of administrative officers of the Board shall be fixed by the Board. Out of any local supplement the Board may pay to any employee or employees such compensation, in addition to compensation paid such employee or employees by the State, as it may deem proper.

Sec. 9. The Gaston County Board of Education as herein created may appoint school committees for some or all of the schools within Gaston County in accordance with the provisions of the general public school law, but said Board shall not be required to appoint school committees for all schools, and for any school for which no school committee is appointed, the Board itself shall exercise those functions which are given to school committees under the general law. Such committees as may be appointed shall serve in an advisory capacity only.

Sec. 10. Title to all property of the Gastonia City Board of Education and the Cherryville City Board of Education and all property of the Gaston County Board of Education, both real and personal, of every kind and description, shall be vested in the Interim Gaston County Board of Education as of the first Monday following the certification of election results and to its successors as hereinafter provided in this Act. The Gastonia City Board, the Cherryville City Board and the Gaston County Board shall have full and ample authority after date of election and prior to such date to execute all such deeds and other writings as may be deemed necessary to vest record title to any such property in the Gaston County Board of Education. All claims and demands of every kind which the Gastonia City Board, the Cherryville City Board and the Gaston County Board may have as of such date shall pass and be transferred to the Gaston County Board of Education, and said Board of Education shall have the same power and authority to enforce said claims and demands as the Gastonia City Board, the Cherryville City Board and the Gaston County Board would have had in the event of their continuing existence. Any obligations and liabilities of the Gastonia City Board, the Cherryville City Board and the Gaston County Board existing as of such date shall be and become the obligations and liabilities of the Gaston County Board of Education, and such obligations and liabilities may be enforced against said Gaston County Board of Education to the same extent that they might have been enforced against the Gastonia City Board, the Cherryville City Board or the Gaston County Board had they continued in existence. All unexpended taxes collected by the auditor or other proper officer of Gaston County on account of school supplement levies made within the Gastonia City Administrative Unit, the Cherryville City Unit and the Gaston County Unit, prior to such date, shall be paid by the said auditor or other proper officer to the treasurer of the Gaston County School Fund as soon as practicable.

Sec. 11. All funds or moneys now being paid to either the Gastonia City Board, the Cherryville City Board or the Gaston County Board from any sources shall be paid to the Interim Board when it assumes authority or control of the public schools as provided by this Act, and on and after the first Monday in December, 1968, all funds derived from any source for school purposes shall be paid to the Gaston County Board of Education.

Sec. 12. The compensation of the members of the Interim Gaston County Board of Education and thereafter of the Gaston County Board of Education is hereby fixed at fifteen dollars ($15.00) per meeting per member not to exceed 12 meetings per year.

Sec. 13. The Gastonia City Board of Education, the Cherryville City Board of Education and the Gaston County Board of Education, by majority vote of each of said Boards, may jointly petition the Board of Commissioners for the County of Gaston to call a county-wide election as hereinafter provided for the purpose of voting upon (a) the reorganization and consolidation of the Gastonia City School Administrative Unit, the Cherryville City School Administrative Unit and the Gaston County School Administrative Unit into one administrative unit with one Board of Education as its governing body to the end that all of the public schools of Gaston County shall be administered and operated by one Board, (b) the

authorization of not exceeding twenty million dollars ($20,000,000.00) school building bonds of the County of Gaston and (c) the levying of a county-wide supplemental school tax not to exceed fifty cents ($.50) per one hundred dollars ($100.00) assessed valuation.

Sec. 14. Upon receipt of such petitions it shall be the duty of the Board of Commissioners for the County of Gaston to call an election to be held not later than June 30, 1968, for the purpose of submitting to the qualified voters of said County three questions in substantially the following form:

1. If a majority of the qualified voters of the County of Gaston who shall vote thereon shall vote for the approval of the order authorizing not exceeding twenty million dollars ($20,000,000.00) school building bonds and the levying of a county-wide supplemental school tax not to exceed fifty cents ($.50) per one hundred dollars ($100.00) assessed valuation, shall the Gastonia City Administrative Unit, the Cherryville City Administrative Unit and the Gaston County Administrative Unit be reorganized and consolidated into one administrative unit with one Board of Education as its governing body to the end that all of the public schools of Gaston County shall be administered and operated by one Board.

2. If a majority of the qualified voters of the County of Gaston who shall vote thereon shall vote for the approval of the reorganization and consolidation of the administrative units into one administrative unit with one Board of Education and for the levying of the supplemental school tax, shall an order passed by the Board of Commissioners for the County of Gaston authorizing not exceeding twenty million dollars ($20,000,000.00) school building bonds of said County for the purpose of providing funds, with any other available funds, for construction, remodeling and additions to the physical facilities of the consolidated school system of Gaston County, be approved.

3. If a majority of the qualified voters of the County of Gaston who shall vote thereon shall vote for the approval of the reorganization and consolidation of the administrative units into one administrative unit with one Board of Education and for the approval of the order authorizing not exceeding twenty million dollars ($20,000,000.00) school building bonds, shall the Board of Commissioners of Gaston County be authorized to levy a county-wide supplemental school tax not to exceed fifty cents ($.50) per one hundred dollars ($100.00) assessed valuation.

The school building bonds in an amount not exceeding twenty million dollars ($20,000,000.00) hereinabove mentioned shall be issued pursuant to and in compliance with the County Finance Act, as amended, being Article 9 of Chapter 153 of the General Statutes, and shall be issued for the purposes therein provided in G. S. 153-77(1).

Such election shall be held and conducted, in accordance with the applicable provisions of the General Statutes of North Carolina, in the same manner as elections are held to determine the question of the issuance of bonds. The form of the ballot shall be determined by the Board of Commissioners of said County and voting machines may be used.

The Board of Commissioners shall prepare a statement showing the number of votes cast for and against each question and declaring the result of the election, which statement shall be signed by a majority of the

members of said Board and delivered to the clerk or recording officer who shall record it in the minutes of such Board and file the original in his office and publish it once in a newspaper of general circulation in Gaston County.

Sec. 15. If all of the conditions prerequisite to the issuance of bonds set forth in this Act are not complied with and satisfied, no school building bonds shall be issued under this Act and the Board of Commissioners for the County of Gaston shall repeal the order authorizing such school building bonds if such order shall have been approved by the voters.

Nothing contained in this Act shall limit or restrict the power of the County of Gaston to authorize and issue bonds for school purposes pursuant to and in compliance with the County Finance Act, as amended, including the issuance of bonds for the same purpose and in the same amount as may be authorized pursuant to the provisions of this Act.

Sec. 16. All general or public laws inconsistent with and in conflict with this Act are hereby repealed.

Sec. 17. All Special, Local, Public-Local or Private Laws inconsistent with and in conflict with this Act are hereby repealed.

Sec. 18. If any clause, sentence, paragraph or provision of this Act shall for any reason be adjudged by any court to be unconstitutional or invalid, such judgment shall not affect or invalidate the remainder of this Act but shall be confined in its operation to the clause, sentence, paragraph or provisions adjudged unconstitutional or invalid.

Sec. 19. This Act shall be in full force and effect from and after its ratification.

WHEREAS, these areas are one of the State's most valuable recreational resources and tourist attractions and must be protected from destruction by unauthorized means; and

WHEREAS, the protection of marsh lands, tidelands and navigable waters is becoming a continuing problem and no record of dredge and dragline owners and operators working in such areas is available and a continuing series of damages is occurring, the following addition to Chapter 146 is necessary to provide a means of protecting this important part of North Carolina's natural resources: Now, therefore,

The General Assembly of North Carolina do enact:

Sec. 3. Registration of equipment as provided herein shall be renewed annually. A fee of three dollars ($3.00) shall be charged for the registration of each machine, and a fee of three dollars ($3.00) shall be charged for each annual renewal. Any change of ownership of equipment registered under this Act, whether by lease, sale, or other disposition shall be reported in writing to the Department of Water Resources or its successor, which report shall include the name and address of the person, firm or corporation to whom the transfer is made, and such person, firm or corporation shall within 10 days from the date of transfer, register such equipment with the Department of Water Resources as heretofore set forth.

Sec. 5. Nothing contained herein shall be construed to prevent use of any and all equipment for emergency use in repairing damage caused by hurricanes or like catastrophe, whether or not such equipment is registered and a permit issued as herein provided.

Sec. 6. The Department of Water Resources or its successor shall be responsible for the administration of this Act.

Sec. 7. AN ACT TO PROVIDE FOR PROMPT CERTIFICATION OF INSURANCE COVERAGE BY INSURANCE COMPANIES.

WHEREAS, the laws of North Carolina require owners and operators of motor vehicles titled or registered in North Carolina to maintain proof of financial responsibility; and

WHEREAS, when requested by the North Carolina Department of Motor Vehicles to establish proof of financial responsibility an owner who fails to do so within a limited period of time may have his license tag revoked; and

WHEREAS, certification by an insurance carrier that said motor vehicle was covered by a policy of liability insurance which was in full force and effect on the day in question is proof accepted by the Department of Motor Vehicles; and

WHEREAS, the prompt certification by insurance carriers to the North Carolina Department of Motor Vehicles upon proper request by the insured can avoid embarrassment, inconvenience and minimize financial loss to insureds who have coverage in force: Now, therefore,

The General Assembly of North Carolina do enact:

Upon the receipt by an insurance company at its Home Office of a registered letter from an insured requesting that it certify to the North Carolina Department of Motor Vehicles whether or not a previously issued policy of automobile liability insurance was in full force and effect on a designated day, it shall be the duty of such insurance company to forward such certification within seven days.

Sec. 2. S. B. 514 **CHAPTER 909**

AN ACT PROHIBITING UNAUTHORIZED INSURERS FROM TRANSACTING INSURANCE BUSINESS IN THIS STATE, DEFINING ACTS WHICH CONSTITUTE THE TRANSACTION OF BUSINESS IN THIS STATE; PROVIDING A METHOD OF OBTAINING JURISDICTION OVER UNAUTHORIZED INSURERS AND PRESCRIBING PENALTIES AND OTHER REMEDIES FOR VIOLATION OF THE LAW BY UNAUTHORIZED INSURERS.

The General Assembly of North Carolina do enact:

Section 1. Chapter 58 of the General Statutes of North Carolina is hereby amended by adding immediately after Article 3B thereof a new Article to be designated as "Article 3C" and reading as follows:

"ARTICLE 3C

"Unauthorized Insurers

"§ 58-54.20. Purpose of Act. It is the purpose of this Act to abate and prevent the practices of unauthorized insurers within the State of North Carolina, and to provide methods for effectively enforcing the laws of this State against such practices. The General Assembly finds that there is within this State a substantial amount of insurance business being transacted by insurers who have not complied with the laws of this State and have not been authorized by the Commissioner of Insurance to do business. These practices by unauthorized insurers are deemed to be harmful and contrary to public welfare of the citizens of this State. The difficulties which arise from the acts and practices of unauthorized insurers is compounded by the fact that such companies are licensed in foreign jurisdictions and conduct a long-range business without having personal representatives or agents in proximity to insureds. The General Assembly further declares that it is a subject of vital public interest to the State that unlicensed and unauthorized companies have been and are now engaged in soliciting by way of direct mail and other advertising media, insurance risks within this State, and that such companies enjoy the many benefits and privileges provided by the State as well as the protection afforded to citizens under exercise of the police powers of the State, without themselves being subject to the laws designed to protect the insurance consuming public. The provisions of this Article are in addition to all other statutory provisions of Chapter 58 relating to unauthorized insurers and do not replace, alter, modify or repeal such existing provisions.

"§ 58-54.21. Transacting Business Without Certificate of Authority Prohibited; Exceptions. Except as hereinafter provided, it shall be unlawful for any company to enter into a contract of insurance as an insurer or to transact insurance business in this State as set forth in § 58-54.22 of this Article, without a certificate of authority issued by the Commissioner of Insurance. This Section shall not apply to the following acts or transactions:

(a) The procuring of a policy of insurance upon a risk within this State where the applicant is unable to procure coverage in the open market with admitted companies and is otherwise in compliance with § 58-53.1;

(b) Contracts of reinsurance;

(c) Transactions in this State involving a policy lawfully solicited, written and delivered outside of this State covering only subjects of insurance not resident, located or expressly to be performed in this State at the time of issuance, and which transactions are subsequent to the issuance of such policy;

(d) Transactions in this State involving group or blanket insurance and group annuities where the master policy of such group insurance was lawfully issued and delivered in a state where the company was authorized to transact business;

(e) Transactions in this State involving all policies of insurance issued prior to the effective date of this Act;

(f) The procuring of contracts of insurance issued to an 'industrial insured' as hereinafter defined.

"For the purposes of this Section, an 'industrial insured' is an insured (1) who procures the insurance of any risk or risks by use of the services of a full-time employee acting as an insurance manager or buyer, (2) whose aggregate annual premiums for insurance on all risks total at least twenty-five thousand dollars ($25,000.00), and (3) who has at least 25 full-time employees: Provided, nothing herein shall relieve such industrial insured from complying with the provisions of § 58-53.1.

"§ 58-54.22. Acts or Transactions Deemed to Constitute Transacting Insurance Business in this State. The following acts, if performed in this State, shall be included among those deemed to constitute transacting insurance business in this State:

1. (a) Maintaining any agency or office where any acts in furtherance of an insurance business are transacted, including, but not limited to the execution of contracts of insurance with citizens of this or any other state;

(b) Maintaining files or records of contracts of insurance; or

(c) Receiving payments of premiums for contracts of insurance.

2. Likewise, any of the following acts in this State, whether effected by mail or otherwise by an unauthorized insurer, is included among those deemed to constitute transacting insurance business in this State;

(a) The issuance or delivery of contracts of insurance to residents of this State or to corporations authorized to do business therein;

(b) The soliciting of applications for contracts of insurance through the use of the United States mail or any other media, method or device;

(c) The collections of premiums, membership fees, assessments or other considerations for such contracts; or

(d) The transaction of any matters prior to or subsequent to the execution of such contracts in contemplation thereof or arising out of them.

"Any company violating any of the provisions of this Section, by doing any of the foregoing acts or transactions while not authorized to do business within this State, shall be subject to penalty of not less than one hundred dollars ($100.00) nor more than one thousand dollars ($1,000.00) for each offense; such penalty shall be payable to the Commissioner of Insurance, who shall in turn forward the same to the county or counties wherein the violation or violations occur, for the use of the public schools of such county or counties: Provided, that each day in which a violation occurs shall constitute a separate offense. The Attorney General of the State of North Carolina at the request of and upon information from the Insurance Commissioner shall initiate a civil action in behalf of the Commissioner in any county of the State wherein a violation under this Section occurs to recover the penalty provided. Service of process upon the unauthorized insurer shall be had as is provided in § 58-54.25.

"§ 58-54.23. Validity of Acts or Contracts of Unauthorized Company Shall not Impair Obligation of Contract as to the Company; Maintenance of Suits; Right to Defend. The failure of a company to obtain a certificate of authority shall not impair the validity of any acts or contracts of the company. Any person or insured holding contracts of insurance of an unauthorized insurer may bring an action in the courts of this State under the provisions of G. S. 58-153.1, known as the 'Unauthorized Insurers

Process Act', for the enforcement of any rights pursuant to the contract of insurance. The failure of the insurance company to obtain a certificate of authority shall not prevent such company from defending any action at law or suit in equity in any court of this State so long as the said company fully complies with the provisions of Section 58-153.1(c), but no company transacting insurance business in this State without a certificate of authority shall be permitted to maintain an action at law or in equity in any court of this State to enforce any right, claim or demand arising out of the transaction of such business until such company shall have obtained a certificate of authority. Nor shall an action at law or in equity be maintained in any court of this State by any successor or assignee of such company on any such right, claim or demand originally held by such company until a certificate of authority shall have been obtained by the company or by a company which has acquired all or substantially all of its assets. Nothing in this Section shall be construed to abrogate the conditions of admission into this State nor to impair the authority of the Commissioner of Insurance with respect to the issuance of certificates of authority. The Commissioner of Insurance in considering the issuance of a certificate of authority shall take into consideration the acts or transactions which an unauthorized company has engaged in in this State prior to its application for a certificate of authority.

"§ 58-54.24. Commissioner Empowered to Enjoin Unauthorized Companies. Whenever the Commissioner of Insurance, from evidence satisfactory to him, has reasonable grounds for believing that any foreign or alien company is violating or is about to violate the provisions of § 58-54.21, the Commissioner may through the Attorney General of this State cause a complaint to be filed in the Superior Court of Wake County to enjoin and restrain such company from continuing such violations or engaging therein, or doing any act in furtherance thereof. The court shall have jurisdiction of the proceedings and shall have the power to make and enter an appropriate order or judgment granting preliminary or final injunctive relief as in its discretion is proper: Provided, however, that the company alleged to be in violation shall have been served with process as is provided hereinafter.

"§ 58-54.25. Service of Process Upon Unauthorized Company by Commissioner of Insurance. (a) Any act of entering into a contract of insurance as an insurer or transacting insurance business in this State, as set forth in G. S. 58-54.22 by an unauthorized, foreign or alien company, shall be equivalent to and shall constitute an appointment by such company of the Secretary of State to be its true and lawful attorney upon whom may be served all lawful process in any action or proceeding against it arising out of a violation of G. S. 58-54.21, and any of said acts shall be a signification of its agreement that any such process against it, which is so served, shall be of the same legal force and validity as if in fact served upon the company.

(b) Service of process on the Secretary of State shall be made by the sheriff delivering to and leaving with the Secretary of State duplicate copies of such process, notice or demand. Service shall be deemed complete when the Secretary of State is so served. The Secretary of State shall endorse upon both copies the time of receipt and shall forthwith send one

of such copies by registered mail, with return receipt requested, to such insurer at its last known principal place of business as shown on the process, notice or demand served on the Secretary of State. The Insurance Commissioner and the Attorney General shall see that such address is included on the process, notice or demand which is served upon the Secretary of State. A copy of the complaint or order of the clerk extending the time for filing the complaint must be mailed to the insurer with the copy of the summons. When a copy of the complaint is not mailed with the summons, the Secretary of State shall mail a copy of the complaint when it is served on him in the same manner as the copy of summons is required to be mailed.

(c) Upon the return to the Secretary of State of the requested return receipt showing delivery and acceptance of such registered mail, or upon the return of such registered mail showing refusal thereof by such foreign or alien insurer, the Secretary of State shall note thereon the date of such return to him and shall attach either the return receipt or such refused mail including the envelope, as the case may be, to the copy of the process, notice or demand theretofore retained by him and shall mail the same to the clerk of the court in which such action or proceeding is pending and in respect of which such process, notice or demand was issued. Such mailing, in addition to the return by the sheriff, shall constitute the due return required by law. The clerk of the court shall thereupon file the same as a paper in such action or proceeding.

(d) Service made under this Section shall have the same legal force and validity as if the service had been made personally in this State. The refusal of any such foreign or alien insurer to accept delivery of the registered mail provided for in subsection (b) of this Section or the refusal to sign the return receipt shall not affect the validity of such service; and any foreign or alien insurer refusing to accept delivery of such registered mail shall be charged with knowledge of the contents of any process, notice or demand contained therein.

(e) Whenever service of process is made upon the Secretary of State as herein provided the defendant foreign or alien insurer shall have 30 days from the date when the defendant receives or refuses to accept the registered mail containing the copy of the complaint sent as in this Section provided in which to appear and answer the complaint in the action or proceeding so instituted. Entries on the defendant's return receipt or the refused registered mail shall be sufficient evidence of such date. If the date of acceptance or refusal to accept the registered mail cannot be determined from the entries on the return receipt or from notations of the postal authorities on the envelope, then the date when the defendant accepted or refused to accept the registered mail shall be deemed to be the date that the return receipt or the registered mail was received back by the Secretary of State.

(f) The court in any action or proceeding in which service is made in the manner provided in the above paragraph may, in its discretion, order such postponement as may be necessary to afford such company reasonable opportunity to defend such action or proceeding.

(g) The Secretary of State shall keep a summarized record of all processes, notices and demands served upon him under this Section, and

shall record therein the time of such service and his action with reference thereto.

(h) Nothing herein contained shall limit or affect the right to serve any process, notice or demand to be served upon an insurer in any other manner now or hereafter permitted by law.

(i) No judgment by default shall be entered in any such action or proceeding until the expiration of 30 days from the date of the filing of the affidavit of compliance.

"§ 58-54.25.1. The provisions of Section 58-54.21 and Section 58-54.22 shall not apply to a life insurance company already organized as a corporation or association and operating without profit to any private shareholder or individual, exclusively for the purpose of aiding educational or scientific institutions by providing directly from the home office of such corporation or association, without agents or representatives in this State, contracts of insurance and annuities to educational or scientific institutions organized and operated without profit to any private shareholder or individual or to individuals engaged in the service of such educational or scientific institution; nor shall the provisions of Sections 58-54.21 and 58-54.22 apply to any insurance or annuity contracts issued by such life insurance company."

Sec. 2. If any provision of this Act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

Sec. 3. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 4. This Act shall be effective on and after July 1, 1967, but the same shall not apply to any contracts of insurance in effect before the effective date of this Act.

In the General Assembly read three times and ratified, this the 23rd day of June, 1967.

S. B. 465

CHAPTER 933

AN ACT TO GRANT LIMITED REGULATORY AUTHORITY TO THE NORTH CAROLINA BOARD OF WATER RESOURCES REGARDING THE USE OF WATER AND FOR RELATED PURPOSES.

The General Assembly of North Carolina do enact:

Section 1. Short Title. This Act shall be known and may be cited as the Water Use Act of 1967.

Sec. 2. Declaration of Purpose. It is hereby declared that the general welfare and public interest require that the water resources of the State be put to beneficial use to the fullest extent to which they are capable, subject to reasonable regulation in order to conserve these resources and to provide and maintain conditions which are conducive to the development and use of water resources.

Sec. 3. Declaration of Capacity Use Areas. (a) The Board may declare and delineate from time to time, and may modify, capacity use areas of the State where it finds that the use of ground water or surface water

or both require coordination and limited regulation for protection of the interests and rights of residents or property owners of such areas or of the public interest.

(b) Within the meaning of this Act "a capacity use area" is one where the Board finds that the aggregate uses of ground water or surface water, or both, in or affecting said area (1) have developed or threatened to develop to a degree which requires coordination and regulation, or (2) exceed or threaten to exceed, or otherwise threaten or impair, the renewal or replenishment of such waters or any part of them.

(c) The Board may declare and delineate capacity use areas in accordance with the following procedures:

(1) Whenever the Board believes that a capacity use situation exists or may be emerging in any area of the State, it may direct the Department to investigate and report to the Board thereon.

(2) In conducting its investigation the Department shall consult with all interested persons, groups and agencies; may retain consultants; and shall consider all factors relevant to the conservation and use of water in the area, including established or pending water classifications under the Stream Sanitation law and the criteria for such classifications. Following its investigation the Department shall render a written report to the Board. This report shall include the Department's findings and recommendations as to whether the water use problems of the area involve surface waters, ground waters or both; whether effective measures can be employed limited to surface water or to ground water; and whether timely action by any agency or person may preclude the need for additional regulation at that time. The report shall also include such other findings and recommendations as the Department deems appropriate, including recommended boundaries for any capacity use area that may be proposed.

(3) If the Board finds, following its review of the departmental report (or thereafter following its evaluation of measures taken falling short of regulation) that a capacity use area should be declared, it may adopt an order declaring said capacity use area. Prior to adopting such an order the Board shall give notice of its proposed action and shall conduct one or more public hearings with respect to such proposed action.

(4) Such notice shall be given not less than 30 days before the date of such hearing and shall state the date, time, and place of hearing, the subject of the hearing, and the action which the Board proposes to take. The notice shall either include details of such proposed action, or where such proposed action is too lengthy for publication the notice shall specify that copies of such detailed proposed action shall be obtained on request from the office of the Board in sufficient quantity to satisfy the requests of all interested persons.

(5) Any such notice shall be published at least once in one newspaper of general circulation circulated in each county of the State in which the water area affected is located, and a copy of such notice shall be mailed to each person on the mailing list required to be kept by the Board pursuant to the provisions of Section 5 of this Act.

(6) Any person who desires to be heard at any such public hearing shall give notice thereof in writing to the Board on or before the first

date set for the hearing. The Board is authorized to set reasonable time limits for the oral presentation of views by any one person at any such public hearing. The Board shall permit anyone who so desires to file a written argument or other statement with the Board in relation to any proposed action of the Board any time within 30 days following the conclusion of any public hearing or within any such additional time as the Board may allow by notice given as prescribed in this Section.

(7) Upon completion of hearings and consideration of submitted evidence and arguments with respect to any proposed action by the Board pursuant to this paragraph, the Board shall adopt its final action with respect thereto and shall publish such final action as part of its official regulations. The Board is empowered to modify or revoke from time to time any final action previously taken by it pursuant to the provisions of this Section, any such modification or revocation, however, to be subject to the procedural requirements of this Act, including notice and hearing. If the Board finds and orders that a capacity use area shall be declared, its order shall include a delineation of the boundary of said area, and the Board shall instruct the Director of the Department to prepare proposed regulations consistent with the provisions of this Act and commensurate with the degree of control needed from among the classes of permissible regulations set forth in Section 4.

Sec. 4. Regulations Within Capacity Use Areas: Scope and Procedures. (a) Following the declaration of a capacity use area by the Board, it shall prepare proposed regulations to be applied in said area, containing such of the following provisions as the Board finds appropriate concerning the use of surface waters or ground waters or both:

(1) Provisions requiring water users within the area to submit reports not more frequently than at 30-day intervals concerning quantity of water used or withdrawn, sources of water and the nature of the use thereof.

(2) With respect to surface waters, ground waters, or both: provisions concerning the timing of withdrawals; provisions to protect against or abate salt water encroachment; provisions to protect against or abate unreasonable adverse effects on other water users within the area, including but not limited to adverse effects on public use.

(3) With respect to ground waters: provisions concerning well spacing controls; and provisions establishing a range of prescribed pumping levels (elevations below which water may not be pumped) or maximum pumping rates, or both, in wells or for the aquifer or for any part thereof based on the capacities and characteristics of the aquifer.

(4) Such other provisions not inconsistent with this Act as the Board finds necessary to implement the purposes of this Act.

(b) The Board shall conduct one or more hearings upon the proposed regulations, upon notice, in accordance with the requirements of paragraphs (4) - (6) of Section 3 (c) of this Act. Upon completion of the hearings and consideration of submitted evidence and arguments with respect to any proposed regulation, the Board shall adopt its final action with respect thereto, and shall publish such final action as part of its official regulations. The Board is empowered to modify or revoke from

time to time any final action previously taken by it pursuant to the provisions of this Section, any such modifications or revocations, however, to be subject to the procedural requirements of this Act, including notice and hearing.

Sec. 5. Permits for Water Use Within Capacity Use Areas: Procedures. (a) In areas declared by the Board to be capacity use areas no person shall (after the expiration of such period, not in excess of six months, as the Board may designate) withdraw, obtain, or utilize surface waters or ground waters or both, as the case may be, in excess of 100,000 gallons per day for any purpose unless such person shall first obtain a permit therefor from the Board.

(b) When sufficient evidence is provided by the applicant that the water withdrawn or used from a stream or the ground is not consumptively used, a permit therefor shall be issued by the Board without a hearing and without the conditions provided in subsection (c) of this Section. Applications for such permits shall set forth such facts as the Board shall deem necessary to enable it to establish and maintain adequate records of all water uses within the capacity use area.

(c) In all cases in which sufficient evidence of a non-consumptive use is not presented the Board shall notify each person required by this Act to secure a permit of the Board's proposed action concerning such permit, and shall transmit with such notice a copy of any permit it proposes to issue to such persons, which permit will become final unless a request for a hearing is made within 15 days from the date of service of such notice. The Board shall have the power: (1) to grant such permit with conditions as the Board deems necessary to implement the regulations adopted pursuant to Section 4 of the Act; (2) to grant any temporary permit for such period of time as the Board shall specify where conditions make such temporary permit essential, even though the action allowed by such permit may not be consistent with the Board's regulations applicable to such capacity use area; (3) to modify or revoke any permit upon not less than 60 days' written notice to any person affected; and (4) to deny such permit if the application therefor or the effect of the water use proposed or described therein upon the water resources of the area is found to be contrary to public interest. Any water user wishing to contest the proposed action shall be entitled to a hearing upon request therefor.

(d) In any proceeding pursuant to this Section or Section 6 the Board shall give notice with respect to all steps of the proceeding only to each person directly affected by such proceeding who shall be made a party thereto. In all proceedings pursuant to Sections 3 or 4 the Board shall give notice as provided by these Sections, and it shall also give notice of all its official acts (such as the adoption of regulations or rules of procedure) which have, or are intended to have, general application and effect, to all persons on its mailing list on the date when such action is taken. It shall be the duty of the Board to keep such a mailing list on which it shall record the name and address of each person who requests listing thereon, together with the date of receipt of such request. Any person may, by written request to the Board ask to be permanently recorded on such mailing list.

(e) All notices which are required to be given by the Board or by any party to a proceeding shall be given by registered or certified mail to all persons entitled thereto, including the Board. The date of receipt or refusal for such registered or certified mail shall be the date when such notice is deemed to have been given. Notice by the Board may be given to any person upon whom a summons may be served in accordance with the provisions of law covering civil actions in the Superior Courts of this State. The Board may prescribe the form and content of any particular notice.

(f) The following provisions shall be applicable in connection with hearings pursuant to this Act:

(1) Any hearing held pursuant to this Section or Section 6, whether called at the instance of the Board or of any person, shall be held upon not less than 30 days' written notice given by the Board to any person who is a party to the proceedings with respect to which such hearing is to be held, unless a shorter notice is agreed upon by all such parties.

(2) All hearings under this Act shall be before the Board, or before one or more of its own members or before one or more of its own qualified employees, and shall be open to the public. Any member or employee of the Board to whom a delegation of power is made to conduct a hearing shall report the hearing with its evidence and record to the Board for decision.

(3) A full and complete record of all proceedings at any hearing under this Act shall be taken by a reporter appointed by the Board or by other method approved by the Attorney General. Any party to a proceeding shall be entitled to a copy of such record upon the payment of the reasonable cost thereof as determined by the Board.

(4) The Board and its duly authorized agents shall follow generally the procedures applicable in civil actions in the Superior Court insofar as practicable, including rules and procedures with regard to the taking and use of depositions, the making and use of stipulations, and the entering into of agreed settlements and consent orders.

(5) The Board, or the duly authorized agent of such Board, may administer oaths and may issue subpoenas for the attendance of witnesses and the production of books, papers, and other documents belonging to the said person.

(6) Subpoenas issued by the Board, in connection with any hearing under this Act shall be directed to any officer authorized by law to serve process, and the further procedures and rules of law applicable with respect thereto shall be prescribed in connection with subpoenas to the same extent as if issued by a court of record. In case of a refusal to obey a subpoena issued by the Board, application may be made to the Superior Court of the appropriate county for enforcement thereof.

(7) The burden of proof at any hearing under this Act shall be upon the person or the Board, as the case may be, at whose instance the hearing is being held.

(8) No decision or order of the Board shall be made in any proceeding unless the same is supported by competent, material and substantial evidence upon consideration of the whole record.

(9) Following any hearing, the Board shall afford the parties thereto a reasonable opportunity to submit within 30 days or within such additional time as prescribed by the Board, proposed findings of fact and conclusions of law and any brief in connection therewith.

(10) All orders and decisions of the Board shall set forth separately the Board's findings of fact and conclusions of law and shall, wherever necessary, cite the appropriate provision of law or other source of authority on which any action or decision of the Board is based.

(11) The Board shall have the authority to adopt a seal which shall be the seal of said Board and which shall be judicially noticed by the courts of the State. Any document, proceeding, order, decree, special order, rule, regulation, rule of procedure or any other official act or records of the Board or its minutes may be certified by the Director or Assistant Director of the Department under his hand and the seal of the Board and when so certified shall be received in evidence in all actions or proceedings in the courts of the State without further proof of the identity of the same if such records are competent, relevant and material in any such action or proceeding. The Board shall have the right to take judicial notice of all studies, reports, statistical data or any other official reports or records of the federal government or of any sister state and all such records, reports and data may be placed in evidence by the Board or by any other person or interested party where material, relevant and competent.

(g) Any person against whom any final order or decision has been made except where no appeal is allowed as provided by Section 143-215.2(j) shall have a right of appeal to the Superior Court of Wake County or of the county where the order or decision is effective within 30 days after such order or decision has become final. Upon such appeal the Board shall send a certified transcript of all testimony and exhibits introduced before the Board, the order or decision, and the notice of appeal to the Superior Court. The matter on appeal shall be heard and determined de novo on the transcript certified to the court and any evidence or additional evidence as shall be competent under rules of evidence then applicable to trials in the Superior Court without a jury upon any question of fact; provided, the court shall allow any party to introduce evidence or additional evidence upon any question of fact. At the conclusion of the hearing, the judge shall make findings of fact and enter his decision thereto. Appeals from the judgment and orders of the Superior Court shall lie to the Supreme Court. No bond shall be required of the Board to the Supreme Court.

(1) Upon appeal filed by any party, the Board shall forthwith furnish each party to the proceeding with a copy of the certified transcript and exhibits filed with the Board. A reasonable charge shall be paid the Board for said copies.

(2) Within 15 days after receipt of copy of certified transcript and exhibits, any party may file with the court exceptions to the accuracy or omissions of any evidence or exhibits included in or excluded from said transcript.

(h) In adopting any regulations pursuant to the provisions of Section 4 of this Act, and in considering permit applications, revocations or modifications under this Section, the Board shall consider:

(1) the number of persons using an aquifer or stream and the object, extent and necessity of their respective withdrawals or uses;

(2) the nature and size of the stream or aquifer;

(3) the physical and chemical nature of any impairment of the aquifer or stream, adversely affecting its availability or fitness for other water uses (including public use);

(4) the probable severity and duration of such impairment under foreseeable conditions;

(5) the injury to public health, safety or welfare which would result if such impairment were not prevented or abated;

(6) the kinds of businesses or activities to which the various uses are related;

(7) the importance and necessity of the uses claimed by permit applicants (under this Section), or of the water uses of the area (under Section 4), and the extent of any injury or detriment caused or expected to be caused to other water uses (including public use);

(8) diversion from or reduction of flows in other water courses or aquifers; and

(9) any other relevant factors.

Sec. 6. Permits for Water Use Within Capacity Use Areas: Duration, Transfer, Reporting, Measurement, Present Use, Fees and Penalties. No permit under Section 5 shall be issued for a longer period than the longest of the following: (i) 10 years, or (ii) the duration of the existence of a capacity use area, or (iii) the period found by the Board to be necessary for reasonable amortization of the applicant's water withdrawal and water using facilities. Permits may be renewed following their expiration upon compliance with the provisions of Section 5 of this Act.

(b) Permits shall not be transferred except with the approval of the Board.

(c) Every person in a capacity use area who is required by this Act to secure a permit shall file with the Board in the manner prescribed by the Board a certified statement of quantities of water used and withdrawn, sources of water, and the nature of the use thereof not more frequently than 30-day intervals. Such statements shall be filed on forms furnished by the Board within 90 days after the adoption of an order by the Board declaring a capacity use area. Water users in a capacity use area not required to secure a permit shall comply with procedures established to protect and manage the water resources of the area. Such procedures shall be adapted to the specific needs of the area, shall be within the provisions of this and other North Carolina water resource Acts, and shall be adopted after public hearing in the area. The requirements embodied in the two preceding sentences shall not apply to individual domestic water use.

(d) If any person who is required to secure a permit under this Act is unable to furnish accurate information concerning amounts of water being withdrawn or used, or if there is evidence that his certified statement is false or inaccurate or that he is withdrawing or using a larger quantity of water or under different conditions than has been authorized by the Board, the Board shall have the authority to require such person to install water meters, or some other more economical means for measuring water use acceptable to the Board. In determining the amount of water being

withdrawn or used by a permit holder or applicant the Board may use the rated capacity of his pumps, the rated capacity of his cooling system, data furnished by the applicant, or the standards or methods employed by the U. S. Geological Survey in determining such quantities or by any other accepted method.

(e) In any case where a permit applicant can prove to the Board's satisfaction that the applicant was withdrawing or using water prior to the date of declaration of a capacity use area, the Board shall take into consideration the extent to which such prior use or withdrawal was reasonably necessary in the judgment of the Board to meet its needs, and shall grant a permit which shall meet those reasonable needs. Provided, however, that the granting of such permit shall not have unreasonably adverse effects upon other water uses in the area, including public use, and including potential as well as present use.

(f) The Board shall also take into consideration in the granting of any permit the prior investments of any person in lands, and plans for the usage of water in connection with such lands which plans have been submitted to the Board within a reasonable time after the effective date of this Act. Provided, however, that the granting of such permit shall not have unreasonably adverse effects upon other water uses in the area, including public use, and including potential as well as present use.

(g) It is the intention of the General Assembly that if the provisions of subsection (e) or subsection (f) of this Section are held invalid as a grant of an exclusive or separate emolument or privilege, within the meaning of Article 1, Section 7 of the North Carolina Constitution, the remainder of this Act shall be given effect without the invalid provision or provisions.

(h) Pending the issuance or denial of a permit pursuant to subsection (e) or (f) of this Section, the applicant may continue the same withdrawal or use which existed prior to the date of declaration of the capacity use area.

Sec. 7. Violations. (a) Penalties for violations. Any person who shall be adjudged to have violated any provision of this Act shall be guilty of a misdemeanor and shall be liable to a penalty of not less than one hundred dollars ($100.00) nor more than one thousand dollars ($1,000.00) for each violation. In addition, if any person is adjudged to have committed such violation wilfully, the court may determine that each day during which such violation continued constitutes a separate violation subject to the foregoing penalty.

(b) In addition, upon violation of any of the provisions of this Act, or the regulations of the Board hereunder, the Director of the Department may, either before or after the institution of proceedings for the collection of the penalty imposed by this Act for such violation, institute a civil action in the Superior Court in the name of the State upon relation of the Director of the Department for injunctive relief to restrain the violation and for such other or further relief in the premises as said court shall deem proper. Neither the institution of the action nor any of the proceedings thereon shall relieve any party to such proceedings from the penalty prescribed by this Act for any violation of the same.

Sec. 8. Map or Description of Boundaries of Capacity Use Areas. (a) The Board in designating and the Department in recommending the boundaries of any capacity use area may define such boundaries by showing them on a map or drawings, by a written description, or by any combination thereof, to be designated appropriately and filed permanently with the Department. Alterations in these lines shall be indicated by appropriate entries upon or additions to such map or description. Such entries shall be made under the direction of the Director of the Department. Photographic, typed or other copies of such map or description, certified by the Director, shall be admitted in evidence in all courts and shall have the same force and effect as would the original map or description. If the boundaries are changed pursuant to other provisions of this Act, the Department may provide for the redrawing of any such map. A redrawn map shall supersede for all purposes the earlier map or all maps which it is designated to replace.

(b) The Department shall file with the Secretary of State a certified copy of the map, drawings, description or combination thereof, showing the boundaries of any capacity use area designated by the Board; and a certified copy of any redrawn or altered map or drawing, and of any amendments or additions to written descriptions, showing alterations to said boundaries. The filings required by this subsection shall constitute compliance with the requirements of Article 18 of Chapter 143 of the General Statutes.

Sec. 9. Rights of Investigation, Entry, Access and Inspection. The Board shall have the right to conduct such investigations as may reasonably be necessary to carry out its duties prescribed in this Act, and for this purpose to enter at reasonable times upon any property, public or private, for the purpose of investigating the condition, withdrawal or use of any waters, investigating water sources, or investigating the installation or operation of any well or surface water withdrawal or use facility, and to require written statements or the filing of reports under oath, with respect to pertinent questions relating to the installation or operation of any well or surface water withdrawal or use facility; provided, that no person shall be required to disclose any secret formula, processes or methods used in any manufacturing operation or any confidential information concerning business activities carried on by him or under his supervision. No person shall refuse entry or access to any authorized representative of the Board who requests entry for purposes of a lawful inspection, and who presents appropriate credentials, nor shall any person obstruct, hamper or interfere with any such representative while in the process of carrying out his official duties consistent with the provisions of this Act.

Sec. 10. Rules and Regulations. The Board may adopt and modify from time to time rules and regulations consistent with the provisions of this Act to implement the provisions of this Act. All such rules and regulations, and modifications thereof, shall be filed with the Secretary of State as required by Article 18 of Chapter 143 of the General Statutes.

Sec. 11. Definitions. Unless the context otherwise requires, the following terms as used in this Act are defined as follows:

(1) "Department" means the Department of Water Resources, or its successor.

(2) "Board" means the Board of Water Resources or its successor.

(3) "Person" shall mean any and all persons, including individuals, firms, partnerships, associations, public or private institutions, municipalities or political subdivisions, governmental agencies, or private or public corporations organized under the laws of this State or any other state or country.

Sec. 12. Law of Riparian Rights Not Changed. Nothing contained in this Act shall change or modify existing common or statutory law with respect to the relative rights of riparian owners concerning the use of surface water in this State.

Sec. 13. Codification. The various Sections of this Act shall be given appropriate numbers and codified by the Attorney General in Article 21 of Chapter 143 of the General Statutes of North Carolina. Sec. 14. Severability. If any provision of this Act or its application to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provisions or applications, and to this end the provisions of this Act are declared to be severable.

Sec. 15. All laws and clauses of laws in conflict with this Act are hereby repealed.

AN ACT TO PROHIBIT DOMESTIC INSURERS FROM TRANSACTING INSURANCE BUSINESS IN STATES AND JURISDICTIONS WHERE THEY ARE NOT AUTHORIZED TO DO A BUSINESS OF INSURANCE AND PRESCRIBING PENALTIES FOR VIOLATION OF PROHIBITED ACT AND TRANSACTION.

The General Assembly of North Carolina do enact:

Section 1. Chapter 58 of the General Statutes of North Carolina is hereby amended by adding after Article 3C a new Article to be designated as Article 3D and to read as follows:

"ARTICLE 3D

"UNAUTHORIZED INSURANCE BY DOMESTIC COMPANIES

"§ 58-54.26. Purpose of Act. It is the purpose of this Act to effectively control and regulate the activities of domestic insurance companies so as to prevent them from engaging in and transacting insurance business in states and jurisdictions in which they are not authorized to do a business of insurance. The General Assembly recognizes that insofar as domestic companies of this State engage in transacting insurance business in states and jurisdictions in which they are not authorized to do business that such activity subjects the domestic companies of this State to the penalties for such unlawful activities in other states and jurisdictions, and that such activities tend to substantially impair the effectiveness of the domestic companies in this State. The General Assembly also recognizes that the practices of unauthorized insurers could be largely corrected if each state would effectively regulate the activities of its domestic companies. The provisions of this Act are in addition to all other statutory provisions designed to control the activities of domestic companies and nothing herein shall be construed to amend, modify or repeal the provisions of existing laws.

"§ 58-54.27. Domestic Insurers Prohibited From Transacting Business in Foreign States Without Authorization; Exceptions. Except as hereinafter provided, no domestic insurer organized under the laws of this State shall transact or attempt to transact or solicit business in any manner or accept risks in any jurisdiction in which such insurer is not licensed in accordance with the laws of such jurisdiction. There is excepted from the terms of this Section the following acts and transactions:

(a) Contracts entered into by a domestic company insuring a risk within a foreign state or jurisdiction, where the law of the foreign state or jurisdiction permits an unauthorized insurer to so contract;

(b) Contracts entered into where the prospective insured is personally present in the state in which the insurer is authorized to transact business when he signs the application;

(c) Contracts of reinsurance between a licensed insurer of the foreign state or jurisdiction and a domestic company;

(d) The issuance of certificates under a lawfully transacted group life or group disability policy, where the master policy was entered into in a state in which the insurer was then authorized to transact business;

(e) The renewal or continuance in force, with or without modification, of contracts otherwise lawful and which were not originally executed in violation of this Section.

"§ 58-54.28. Domestic Insurers; Advertising; Exceptions. No domestic insurer shall knowingly solicit or advertise its insurance business in a state or jurisdiction in which it is not licensed as an authorized insurer. Provided, however, that this Section shall not prohibit a domestic insurer from advertising through publications, radio or television if such advertising is not expressly directed toward the residents or subjects of insurance in a foreign state or other jurisdiction. Nor shall this Section apply to trade journals or directories.

"§ 58-54.29. Penalties Provided for Unauthorized Acts. Whenever any domestic insurer shall knowingly engage in the practice of soliciting, advertising or making contracts for insurance in states or jurisdictions in which it is not licensed, the North Carolina Insurance Commissioner shall be authorized, as hereinafter provided, to issue an order requiring such company to cease and desist from engaging in such activities and, for the purposes of this Section, the acts prohibited by G. S. 58-54.28 and the foregoing Sections, are declared to be an unfair trade practice within the meaning of G. S. 58-54.4 and G. S. 58-54.9. Provided; whenever the Commissioner shall have reason to believe that any domestic company has been engaged or is engaging in the practice of knowingly soliciting, advertising or writing contracts of insurance on risks within a state or jurisdiction in which it is not licensed, he shall proceed to serve such company with notice of hearing and the hearing shall in all respects conform with the hearing procedure set forth in G. S. 58-54.6. Any action taken by the Commissioner of Insurance after such hearing shall be in compliance with G. S. 58-54.7, and any company aggrieved by an order of the Commissioner shall be entitled to that judicial review as is provided in G. S. 58-54.8."

Sec. 2. G. S. 58-54.4 is hereby amended by adding after the present subdivision (9) thereof a new subdivision to be designated as subdivision "(10) and to read as follows:

"(10) Soliciting, advertising or entering into insurance contracts in foreign states and any other jurisdiction in which such domestic insurer is not licensed in accordance with the laws of such state or jurisdiction, except as provided in G. S. 58-54.27."

Sec. 3. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

Sec. 4. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 5. This Act shall be effective on and after July 1, 1967, but the same shall not apply to any contracts of insurance in effect before the effective date of this Act.

In the General Assembly read three times and ratified, this the 27th day of June, 1967.

Sec. 2. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 3. This Act shall be in full force and effect from and on its ratification.

In the General Assembly read three times and ratified, this the 27th day of June, 1967.

Act shall not apply to those engaged in repairing, remaking, refinishing, swapping, selling, purchasing, or reselling used watches and clocks.

All moneys received by the board under this Act shall be paid to the secretary of the board, who shall give a proper receipt for the same and shall deposit the same in a depository designated by the board. No expenditures of funds of the board shall be made except pursuant to the direction of, or pursuant to the rules and regulations of, the board, with respect thereto. Neither the board nor any officer or employee thereof shall have any power or authority to make or incur any expense, debt or other financial obligation binding upon the State of North Carolina.

Sec. 6. Compensation. Each member of the board shall receive fifteen dollars ($15.00) for each day actually engaged in the discharge of his official duties plus ten dollars ($10.00) per day for subsistence and ten

Any investigator of the board shall have authority to enter upon and to inspect any place of business conducted as a watch repair business at any time during business hours; provided, however, that no such inspection may be had without there first being a written complaint directed to the board wherein complaint is made of the operations or practices of the enterprise to be inspected or investigated. A copy of the rules and regulations as adopted by the board shall be furnished by the board to the owner or manager of each such place of business and to the general public upon request; provided, further, all appeals from the decisions of the board shall be as provided in Article 33 of Chapter 143 of the General Statutes.

Sec. 8. Apprentice Qualifications; License. Any person 16 years of age or over of good moral character indentured to a registered watchmaker in accordance with the terms of this Act may engage in watchmaking, subject to the provisions of this Act, upon obtaining from the board license as an apprentice watchmaker, which license shall be conspicuously displayed at all times in the place of employment of the licensee.

Such examination shall be written or oral, or both, as the board may determine. A duplicate license will be issued upon the filing of a statement covering the loss of a license verified by the oath of the applicant, and the payment of five dollars ($5.00) for the issuance of same. Each duplicate license shall have the word "duplicate" stamped across the face thereof, and will bear the same number as the license that it was issued in lieu of. All such licenses shall expire as of December 31 of each calendar year. Upon the failure of any applicant to satisfactorily pass the examination for a license, he shall be privileged to take a subsequent examination at any other examination period upon the payment of seven dollars and fifty cents ($7.50). All those applicants satisfactorily passing the examination for a license shall be given their respective license without additional cost other than the examination fee, for that year in which such examination was satisfactorily passed.

Sec. 14. Refusal to Issue; Revocation or Suspension of License; Grounds. The board may refuse to issue, and is empowered to revoke or suspend, any license if the applicant or holder shall:

(9) Not comply within 30 days with any order, rule, or regulation of the State Board created under this Act.

Either causes (1) or (9) shall, on proof to the board, be sufficient ground for revocation, suspension, or denial of a certificate of registration. As to each of the other several causes for action by the board enumerated above, on the first offense the registrant or applicant shall be admonished, but on any subsequent offense the board shall have power to act as in the cases of causes (1) and (9). In no case shall there be any disciplinary action taken by the board without first having before it written charges and having delivered or mailed by registered mail to the person charged a true copy of the charges preferred, and having given the person charged an opportunity to be heard in his defense.

Any person who has been so enjoined who shall violate such injunction shall be punished as for contempt of court; provided, that such injunction shall not relieve such person or persons, firm or corporation so engaging in watchmaking or watch repairing contrary to the provisions of this Act from a criminal prosecution therefor as provided for herein, but such remedy by injunction shall be in addition to any other remedy providing for the criminal prosecution of such offender.

Sec. 17. Watchmakers of Other States; Recognition. The board may recognize licenses issued to watchmakers by state boards of watchmakers of other states, and upon presentation of such licenses may issue to the lawful holders thereof the watchmaker's license herein provided upon the payment of a license fee of twenty-five dollars ($25.00) for the first year.

The General Assembly of North Carolina do enact:

Section 1. Chapter 58 of the General Statutes of North Carolina is hereby amended by adding a new Article to subchapter II, designated as Article 6A to read as follows:

"Article 6A

"Exchange of Stock

"G. S. 58-86.2. Exchange of Securities. Any domestic insurance company with capital stock (hereinafter referred to as 'domestic company') may adopt a plan of exchange providing for the exchange by its shareholders of their stock in the domestic company for (i) shares of stock issued by any other domestic stock insurance company or other domestic

stock corporation organized or reorganized under the laws of this State—such other corporation being hereinafter referred to as the 'acquiring corporation'; (ii) other securities issued by the acquiring corporation; (iii) cash; (iv) other consideration; (v) any combination of such stock, such other securities, cash or other consideration. For the purpose of this Article, a 'domestic company' or 'domestic stock insurance company' shall mean a business corporation or a stock insurance company, respectively, organized and existing under the laws of the State of North Carolina.

"G. S. 58-86.3. Procedure for Exchange. Subject to the provisions of G. S. 58-86.2, any domestic company may adopt a plan of exchange with any acquiring corporation providing for the exchange of the outstanding stock of the domestic company for shares of stock or other securities issued by the acquiring corporation or cash or other consideration or any combination thereof in the following manner:

"(a) Approval of the Boards of Directors. The boards of directors of the domestic company and of the acquiring corporation by resolutions shall adopt a plan of exchange which shall set forth the terms and conditions of the exchange and the mode of carrying the same into effect and such other provisions with respect to the exchange as may be deemed necessary or desirable.

"(b) Insurance Commissioner's Approval. The domestic company and the acquiring corporation shall submit to the Commissioner of Insurance three copies of the plan of exchange certified by an officer of each as having been adopted in accordance with subsection (a) of this Section. Such copies of the plan of exchange shall be accompanied by (i) financial statements of the domestic company and the acquiring corporation for the last preceding fiscal year, (ii) pro forma financial statements of each corporation based on the assumption that the plan of exchange was effective as proposed at the end of the last preceding fiscal year of the domestic company, (iii) an estimate of expenses already incurred and of expenses expected to be incurred in connection with the proposed plan of exchange, (iv) a written statement which sets forth for each corporation the identity of officers and directors of the domestic company and of the acquiring corporation, and (v) any other information which the Commissioner may require with respect to such plan.

"No director, officer, member or subscriber of the domestic company or of the acquiring corporation, except as is expressly provided by the plan filed with the Commissioner of Insurance, shall receive any fee, commission, other compensations or valuable considerations whatever, for in any manner aiding, promoting, or assisting in the promotion of the plan of exchange.

"The Commissioner of Insurance shall hold a public hearing upon the terms, conditions and provisions of the proposed plan of exchange to determine if the proposed plan of exchange is reasonable, fair and in the public interest. At such hearing the shareholders and the policyholders of the domestic company and the shareholders of the acquiring corporation and also the policyholders of the acquiring corporation, if it is an insurance company, and any other interested parties shall have the right to appear and to become parties to the proceedings.

"Such hearing shall be commenced not less than 30 days after the date on which the plan of exchange is presented to the Commissioner. The hearing shall be held at such place, date and time as the Commissioner shall specify. Notice of the hearing shall be published in a newspaper of general circulation in the city or cities wherein are located the registered office of the domestic company and of the acquiring corporation once a week for two successive weeks, the last publication of such notice to be not more than two weeks prior to the hearing date. Written notice of the hearing shall be mailed at least ten days prior to the hearing by the domestic company and by the acquiring corporation to all of their respective shareholders. All expenses of publication shall be borne by the domestic company or the acquiring corporation or both, as shall be specified in the plan of exchange, and the Commissioner may charge the domestic company or the acquiring corporation, or both, with such of the costs of the hearing as he may deem reasonable.

"The Commissioner shall issue a written order approving the plan of exchange as delivered to him by the domestic company and the acquiring corporation and such modification therein as the board of directors of each such corporation shall approve, if he finds (i) that the plan, including all such modification, if effected, will not tend adversely to affect the financial stability or management of the domestic company or the general capacity or intention to continue the safe and prudent transaction of the insurance business of the domestic company, or of the acquiring corporation, if it is a domestic insurance company; (ii) that the interests of the policyholders and shareholders of the domestic company, and, if the acquiring corporation is a domestic insurance company, the policyholders of the acquiring corporation are protected; (iii) that the terms and conditions of the plan of exchange and the proposed issuance and exchange are fair and reasonable; and (iv) that the plan of exchange is consistent with the law and will not conflict with the public interest. If the Commissioner fails to approve the plan, he shall state his reasons for such failure in his order made on such hearing.

"Any order issued by the Commissioner hereunder shall be subject to court review in accordance with the provisions of G. S. 58-9.3.

"(c) Approval of Shareholders. The plan of exchange as approved by the Commissioner of Insurance shall then be submitted to a vote of the shareholders of the domestic company at an annual or special meeting of the shareholders. Notice of the submission of the plan to the shareholders shall be included in the notice of such annual or special meeting. The plan shall be approved by the shareholders of the domestic company upon receiving the affirmative votes representing at least two-thirds of the outstanding capital stock of the domestic company or such larger proportion as may be specified in the plan of exchange. Notwithstanding shareholder adoption of the plan of exchange and at any time prior to the filing of the certificate setting forth the plan of exchange pursuant to G. S. 58-86.4, the plan of exchange may be abandoned pursuant to a provision for such abandonment, if any, contained in the plan of exchange.

"(d) Objections. Any shareholder of the domestic company may, by following the procedure set forth in G. S. 55-113 (b) object to the plan of

exchange and become entitled, if the plan becomes effective, to be paid by the domestic company or the acquiring corporation the fair value of his shares in the domestic company. Such payment and the amount thereof shall be determined in accordance with the provisions of G. S. 55-113(d), (e), (f), (g) and (h).

"G. S. 58-86.4. Filing Plan of Exchange. Not earlier than 31 days after the date of the meeting of shareholders of the domestic company at which the plan of exchange was approved by such shareholders, a certificate setting forth (a) the plan of exchange and (b) the vote by which such plan was adopted by the shareholders of the domestic company, or (c) that the plan of exchange has been abandoned, shall be signed on behalf of the domestic company by its president or a vice president and also by its secretary or an assistant secretary and shall then be presented in triplicate to the Commissioner of Insurance. If the certificate indicates that the plan of exchange has been approved by the domestic company's shareholders as required by G. S. 58-86.3(c) and that the facts otherwise conform to the law, he shall endorse his approval on the certificate and the same shall then be filed as provided in G. S. 55-4. Upon the filing of such certificate, the plan of exchange and the issuance and exchange provided for therein shall become effective, unless a later date and time is specified in the plan of exchange, in which event the plan of exchange and issuance and exchange provided for therein shall become effective upon such later date and time.

"G. S. 58-86.5. Effect of Exchange. "G. S. 58-86.6. Authorized Insurance Business and Regulatory Authority. (a) Nothing contained in this Article shall be construed to authorize any insurance company to engage in any kind or kinds of in-

surance business not authorized by its articles of incorporation, or to authorize any acquiring corporation which is not an insurance company to engage directly in the business of insurance. Subsequent to the effective date of the plan of exchange, the Commissioner having regard to the findings stated in subsection (b) of G. S. 58-86.3, shall have the authority to require that the affairs of the domestic company be conducted in such manner as to assure the continuing safe conduct and transaction of the domestic company's business of insurance.

"(b) If at any time the Commissioner finds, after due notice and opportunity to be heard as provided by G. The cost of the examination shall be borne by the acquiring corporation at the same rate as is provided for under G. S. 58-63(3).

AN ACT TO ENACT THE INTERSTATE MINING COMPACT.

The General Assembly of North Carolina do enact:

Section 1. The Interstate Mining Compact is hereby enacted into law and entered into by this State with all other jurisdictions legally joining therein in the form substantially as follows:

"INTERSTATE MINING COMPACT

ARTICLE I. FINDINGS AND PURPOSES

(a) The party states find that:

1. Mining and the contributions thereof to the economy and well-being of every state are of basic significance.

2. The effects of mining on the availability of land, water and other resources for other uses present special problems which properly can be approached only with due consideration for the rights and interests of those engaged in mining, those using or proposing to use these resources for other purposes, and the public.

3. Measures for the reduction of the adverse effects of mining on land, water and other resources may be costly and the devising of means to deal with them are of both public and private concern.

4. Such variables as soil structure and composition, physiography, climatic conditions, and the needs of the public make impracticable the

application to all mining areas of a single standard for the conservation, adaptation, or restoration of mined land, or the development of mineral and other natural resources; but justifiable requirements of law and practice relating to the effects of mining on land, water, and other resources may be reduced in equity or effectiveness unless they pertain similarly from state to state for all mining operations similarly situated.

5. The states are in a position and have the responsibility to assure that mining shall be conducted in accordance with sound conservation principles, and with due regard for local conditions.

(b) The purposes of this compact are to:

1. Advance the protection and restoration of land, water and other resources affected by mining.

2. Assist in the reduction or elimination or counteracting of pollution or deterioration of land, water and air attributable to mining.

3. Encourage, with due recognition of relevant regional, physical, and other differences, programs in each of the party states which will achieve comparable results in protecting, conserving, and improving the usefulness of natural resources, to the end that the most desirable conduct of mining and related operations may be universally facilitated.

4. Assist the party states in their efforts to facilitate the use of land and other resources affected by mining, so that such use may be consistent with sound land use, public health, and public safety, and to this end to study and recommend, wherever desirable, techniques for the improvement, restoration or protection of such land and other resources.

5. Assist in achieving and maintaining an efficient and productive mining industry and in increasing economic and other benefits attributable to mining.

ARTICLE II. DEFINITIONS

As used in this compact, the term:

(a) 'Mining' means the breaking of the surface soil in order to facilitate or accomplish the extraction or removal of minerals, ores, or other solid matter; any activity or process constituting all or part of a process for the extraction or removal of minerals, ores, and other solid matter from its original location; and the preparation, washing, cleaning, or other treatment of minerals, ores, or other solid matter so as to make them suitable for commercial, industrial, or construction use; but shall not include those aspects of deep mining not having significant effect on the surface, and shall not include excavation or grading when conducted solely in aid of on site farming or construction.

(b) 'State' means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or a Territory or Possession of the United States.

ARTICLE III. STATE PROGRAMS

Each party state agrees that within a reasonable time it will formulate and establish an effective program for the conservation and use of mined land, by the establishment of standards, enactment of laws, or the continuing of the same in force, to accomplish:

1. The protection of the public and the protection of adjoining and other landowners from damage to their lands and the structures and other

property thereon resulting from the conduct of mining operations or the abandonment or neglect of land and property formerly used in the conduct of such operations.

2. The conduct of mining and the handling of refuse and other mining wastes in ways that will reduce adverse effects on the economic, residential, recreational or aesthetic value and utility of land and water.

3. The institution and maintenance of suitable programs for adaptation, restoration, and rehabilitation of mined lands.

4. The prevention, abatement and control of water, air and soil pollution resulting from mining, present, past and future.

ARTICLE IV. POWERS

In addition to any other powers conferred upon the Interstate Mining Commission, established by Article V of this compact, such commission shall have power to:

1. Study mining operations, processes and techniques for the purpose of gaining knowledge concerning the effects of such operations, processes and techniques on land, soil, water, air, plant and animal life, recreation, and patterns of community or regional development or change.

2. Study the conservation, adaptation, improvement and restoration of land and related resources affected by mining.

3. Make recommendations concerning any aspect or aspects of law or practice and governmental administration dealing with matters within the purview of this compact.

4. Gather and disseminate information relating to any of the matters within the purview of this compact.

5. Cooperate with the federal government and any public or private entities having interests in any subject coming within the purview of this compact.

6. Consult, upon the request of a party state and within resources available therefor, with the officials of such state in respect to any problem within the purview of this compact.

7. Study and make recommendations with respect to any practice, process, technique, or course of action that may improve the efficiency of mining or the economic yield from mining operations.

8. Study and make recommendations relating to the safeguarding of access to resources which are or may become the subject of mining operations to the end that the needs of the economy for the products of mining may not be adversely affected by unplanned or inappropriate use of land and other resources containing minerals or otherwise connected with actual or potential mining sites.

ARTICLE V. THE COMMISSION

(a) There is hereby created an agency of the party states to be known as the 'Interstate Mining Commission', hereinafter called 'the commission'. The commission shall be composed of one commissioner from each party state who shall be Governor thereof. Pursuant to the laws of his party state, each Governor shall have the assistance of an advisory body (including membership from mining industries, conservation interests, and

such other public and private interests as may be appropriate) in considering problems relating to mining and in discharging his responsibilities as the commissioner of his state on the commission. In any instance where a Governor is unable to attend a meeting of the commission or perform any other function in connection with the business of the commission, he shall designate an alternate, from among the members of the advisory body required by this paragraph, who shall represent him and act in his place and stead. The designation of an alternate shall be communicated by the Governor to the commission in such manner as its bylaws may provide.

(b) The commissioners shall be entitled to one vote each on the commission. No action of the commission making a recommendation pursuant to Article IV-3, IV-7, and IV-8 or requesting, accepting or disposing of funds, services, or other property pursuant to this paragraph, Articles V (g), V (h), or VII shall be valid unless taken at a meeting at which a majority of the total number of votes on the commission is cast in favor thereof. All other action shall be by a majority of those present and voting: provided that action of the commission shall be only at a meeting at which a majority of the commissioners, or their alternates, is present. The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

(c) The commission shall have a seal.

(d) The commission shall elect annually, from among its members, a chairman, a vice-chairman, and a treasurer. The commission shall appoint an executive director and fix his duties and compensation. Such executive director shall serve at the pleasure of the commission. The executive director, the treasurer, and such other personnel as the commission shall designate shall be bonded. The amount or amounts of such bond or bonds shall be determined by the commission.

(e) Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director with the approval of the commission, shall appoint, remove or discharge such personnel as may be necessary for the performance of the commission's functions, and shall fix the duties and compensation of such personnel.

(f) The commission may establish and maintain independently or in conjunction with a party state, a suitable retirement system for its employees. Employees of the commission shall be eligible for social security coverage in respect of old age and survivor's insurance provided that the commission takes such steps as may be necessary pursuant to the laws of the United States, to participate in such program of insurance as a governmental agency or unit. The commission may establish and maintain or participate in such additional programs of employee benefits as it may deem appropriate.

(g) The commission may borrow, accept or contract for the services of personnel from any state, the United States, or any other governmental agency, or from any person, firm, association or corporation.

(h) The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment,

supplies, materials and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the commission pursuant to this paragraph or services borrowed pursuant to paragraph (g) of this Article shall be reported in the annual report of the commission. Such report shall include the nature, amount and conditions, if any, of the donation, grant or services borrowed and the identity of the donor or lender.

(i) The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

(j) The commission annually shall make to the Governor, legislature and advisory body required by Article V (a) of each party state a report covering the activities of the commission for the preceding year, and embodying such recommendations as may have been made by the commission. The commission may make such additional reports as it may deem desirable.

ARTICLE VI. ADVISORY, TECHNICAL AND REGIONAL COMMITTEES

The commission shall establish such advisory and technical, and regional committees as it may deem necessary, membership on which shall include private persons and public officials, and shall cooperate with and use the services of any such committees and the organizations which the members represent in furthering any of its activities. Such committees may be formed to consider problems of special interest to any party states, problems dealing with particular commodities or types of mining operations, problems related to reclamation, development, or use of mined land, or any other matters of concern to the commission.

ARTICLE VII. FINANCE

(a) The commission shall submit to the Governor or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that party state for presentation to the legislature thereof.

(b) Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The total amount of appropriations requested under any such budget shall be apportioned among the party states as follows: one-half in equal shares; and the remainder in proportion to the value of minerals, ores, and other solid matter mined. In determining such values, the commission shall employ such available public source or sources of information as, in its judgment, present the most equitable and accurate comparisons among the party states. Each of the commission's budgets of estimated expenditures and requests for ap-

propriations shall indicate the source or sources used in obtaining information concerning value of minerals, ores, and other solid matter mined.

(c) The commission shall not pledge the credit of any party state. The commission may meet any of its obligations in whole or in part with funds available to it under Article V (h) of this compact: provided that the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it under Article V (h) hereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

(d) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. All receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant and the report of the audit shall be included in and become part of the annual report of the commission.

(e) The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

(f) Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

ARTICLE VIII. ENTRY INTO FORCE AND WITHDRAWAL

(a) This compact shall enter into force when enacted into law by any four or more states. Thereafter, this compact shall become effective as to any other state upon its enactment thereof.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the Governor of the withdrawing state has given notice in writing of the withdrawal to the Governors of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

ARTICLE IX. EFFECT ON OTHER LAWS

Nothing in this compact shall be construed to limit, repeal or supersede any other law of any party state.

ARTICLE X. CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating herein, the compact shall remain

in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters."

Sec. 2. (a) The "Mining Council", hereinafter called the council, is hereby established in the office of the Governor. The council shall be the advisory body referred to in Article V (a) of the Interstate Mining Compact. The General Assembly of North Carolina do enact:

Section 1. A new chapter is hereby inserted in the General Statutes of North Carolina, to read as follows:

"Chapter 1A

§ 1A-1. Rules of Civil Procedure. The Rules of Civil Procedure are as follows:

ARTICLE 1

Scope of Rules—One Form of Action

Rule 1

SCOPE OF RULES

These Rules shall govern the procedure in the Superior and District Courts of the State of North Carolina in all actions and proceedings of a civil nature except when a differing procedure is prescribed by statute.

Rule 2

ONE FORM OF ACTION

There shall be in this State but one form of action for the enforcement or protection of private rights or the redress of private wrongs, which shall be denominated a civil action.

ARTICLE 2

Commencement of Action; Service of Process, Pleadings, Motions, and Orders

Rule 3

A civil action is commenced by filing a complaint with the court. The clerk shall enter the date of filing on the original complaint, and such entry shall be prima facie evidence of the date of filing.

A civil action may also be commenced by the issuance of a summons

NOTE: This Act is not effective until July 1, 1969.

when (1) a person makes application to the court stating the nature and purpose of his action and requesting permission to file his complaint within 20 days and (2) the court makes an order stating the nature and purpose of the action and granting the requested permission. The summons and the court's order shall be served in accordance with the provisions of Rule 4. When the complaint is filed it shall be served in accordance with the provisions of Rule 4 or by registered mail if the plaintiff so elects. If the complaint is not filed within the period specified in the clerk's order, the action shall abate.

Rule 4

PROCESS

(a) Summons: Issuance; Who May Serve. Upon the filing of the complaint, summons shall be issued forthwith, and in any event within five days. The complaint and summons shall be delivered to some proper person for service. In this State, such proper person shall be the sheriff of the county where service is to be attempted or some other person duly authorized by law to serve summons. Outside this State, such proper person shall be anyone duly authorized to serve summons by the law of the place where service is to be attempted. Upon request of the plaintiff separate or additional summons shall be issued against any defendants. A summons is issued when, after being filled out and dated, it is signed by the officer having authority to do so. The date the summons bears shall be prima facie evidence of the date of issue.

(b) Summons: Contents. The summons shall run in the name of the State and be dated and signed by the clerk, assistant clerk, or deputy clerk of the court in the county in which the action is commenced. It shall contain the title of the cause and the name of the court and county wherein the action has been commenced. It shall be directed to the defendant or defendants and shall notify each defendant to appear and answer within 30 days after its service upon him and further that if he fails so to appear, the plaintiff will apply to the court for the relief demanded in the complaint. It shall set forth the name and address of plaintiff's attorney, or if there be none, the name and address of plaintiff.

(c) Summons: Return. Personal service or substituted personal service of summons as prescribed by Rule 4(j) (1) a and b, must be made within 30 days after the date of the issuance of summons, except that in tax and assessment foreclosures under G. S. 105-391 or G. S. 105-414 the time allowed for service is 60 days. But failure to make service within the time allowed shall not invalidate the summons. If the summons is not served within the time allowed upon every party named in the summons, it shall be returned immediately upon the expiration of such time by the officer to the clerk of the court who issued it with notation thereon of its nonservice and the reasons therefor as to every such party not served, but failure to comply with this requirement shall not invalidate the summons.

(d) Summons: Extension; Endorsement, Alias and Pluries. When any defendant in a civil action is not served within the time allowed for service,

NOTE: This Act is not effective until July 1, 1969.

the action may be continued in existence as to such defendant by either of the following methods of extension:

(1) The plaintiff may secure an endorsement upon the original summons for an extension of time within which to complete service of process. Return of the summons so endorsed shall be in the same manner as the original process. Such endorsement may be secured within 90 days after the issuance of summons or the date of the last prior endorsement, or

(2) The plaintiff may sue out an alias or pluries summons returnable in the same manner as the original process. Such alias or pluries summons may be sued out at any time within 90 days after the date of issue of the last preceding summons in the chain of summonses or within 90 days of the last prior endorsement.

Provided, in tax and assessment foreclosures under G. S. 105-391 and G. S. 105-414, the first endorsement may be made at any time within two years after the issuance of the original summons, and subsequent endorsements may thereafter be made as in other actions; or an alias or pluries summons may be sued out at any time within two years after the issuance of the original summons, and after the issuance of such alias or pluries summons, the chain of summonses may be kept up as in any other action.

Provided, further, the methods of extension may be used interchangeably in any case and regardless of the form of the preceding extension.

(e) Summons: Discontinuance. When there is neither endorsement by the clerk nor issuance of alias or pluries summons within the time specified in Rule 4 (d), the action is discontinued as to any defendant not theretofore served with summons within the time allowed. Thereafter, alias or pluries summons may issue, or an extension be endorsed by the clerk, but, as to such defendant, the action shall be deemed to have commenced on the date of such issuance or endorsement.

(f) Summons: Date of Multiple Summonses. If the plaintiff shall cause separate or additional summonses to be issued as provided in Rule 4 (a), the date of issuance of such separate or additional summonses shall be considered the same as that of the original summons for purposes of endorsement or alias summons under Rule 4 (d).

(g) Summons: Docketing by Clerk. The clerk shall keep a record in which he shall note the day and hour of issuance of every summons, whether original, alias, pluries, or endorsement thereon. When the summons is returned, the clerk shall note on the record the date of the return and the fact as to service or non-service.

(h) Summons: When Proper Officer Not Available. If at any time there is not in a county a proper officer, capable of executing process, to whom summons or other process can be delivered for service, or if a proper officer refuses or neglects to execute such process, or if such officer is a party to or otherwise interested in the action or proceeding, the clerk of the issuing court, upon the facts being verified before him by written affidavit of the plaintiff or his agent or attorney, shall appoint some suitable person who, after he accepts such process for service, shall execute such process in the same manner, with like effect, and subject to

NOTE: This Act is not effective until July 1, 1969.

the same liabilities, as if such person were a proper officer regularly serving process in that county.

(i) Summons: Amendment. At any time, before or after judgment, in its discretion and upon such terms as it deems just, the court may allow any process or proof of service thereof to be amended, unless it clearly appears that material prejudice would result to substantial rights of the party against whom the process issued.

(j) Process: Manner of Service to Exercise Personal Jurisdiction. In any action commenced in a court of this State having jurisdiction of the subject matter and grounds for personal jurisdiction as provided in G. S. 1-75.4, the manner of service of process shall be as follows:

(1) Natural Person. Except as provided in subsection (2) below, upon a natural person:

b. If with reasonable diligence the defendant cannot be served under paragraph a, then by leaving a copy of the summons and of the complaint at the defendant's usual place of abode with some person of suitable age and discretion then residing therein.

c. If with reasonable diligence the defendant cannot be served under paragraph a or b, and if the plaintiff files with the court an affidavit to that effect, then process may be served by publication and mailing. Service of process by publication shall consist of publishing a notice of service of process by publication in a newspaper published in this State likely to give notice to the defendant once a week for three successive weeks. If the defendant's post office address is known or can with reasonable diligence be ascertained, there shall be mailed to the defendant at or immediately prior to the first publication a copy of the notice of service of process by publication. The mailing may be omitted if the post office address cannot be ascertained with reasonable diligence.

The notice of service of process by publication shall (i) designate the court in which the action has been commenced and the title of the action which title may be indicated sufficiently by the name of the first plaintiff and the first defendant; (ii) be directed to the defendant sought to be served; (iii) state either that a pleading seeking relief against the person to be served has been filed or has been required to be filed therein not later than a date specified in the notice; (iv) state the nature of the relief being sought; (v) require the defendant being so served to make defense to such pleading, within 40 days after a date stated in the notice, exclusive of such date, which date so stated shall be the date of the first publication of notice, or the date when the complaint is required to be filed, whichever is later, and notify the defendant that upon his failure to do so the party seeking service of process by publication will apply to the court for the relief sought; (vi) be subscribed by the party seeking service or his attorney and give the post office address of such party or his attorney; and (vii) be substantially in the following form:

(b) Service: How Made. A pleading setting forth a counterclaim or crossclaim shall be filed with the court and a copy thereof shall be served on the party against whom it is asserted or on his attorney of record in the manner provided for service of process in Rule 4. Written return shall be made by the officer making or attempting to make service thereof, but failure to make return shall not invalidate the service. With respect to all other pleadings subsequent to the original complaint and other papers required or permitted to be served, service with due return may be made in the manner provided for service and return of process in Rule 4 and may be made upon either the party or, unless service upon the party himself is ordered by the court, upon his attorney of record. With respect to such other pleadings and papers, service upon the attorney or upon a party may also be made by delivering a copy to him or by mailing it to him at his last known address or, if no address is known, by filing it with the clerk of court. ative defense contained therein shall be deemed to be denied or avoided by all other parties and that the filing of any such pleading and service thereof upon the plaintiff constitutes due notice of it to the parties. A copy of every such order shall be served upon the parties in such manner and form as the court directs.

(d) Filing. All pleadings subsequent to the complaint shall be filed with the court. All other papers required to be served upon a party shall be filed with the court either before service or within five days thereafter. With respect to all pleadings and other papers as to which service and return has not been made in the manner provided in Rule 4, proof of service shall be made by filing with the court a certificate either by the attorney or the party that the paper was served in the manner prescribed by this Rule, or a certificate of acceptance of service by the attorney or the party to be served. Such certificate shall show the date and method of service or the date of acceptance of service.

(e) Filing With the Court Defined. The filing of pleadings and other papers with the court as required by these Rules shall be made by filing them with the clerk of the court, except that the judge may permit the papers to be filed with him, in which event he shall note thereon the filing date and forthwith transmit them to the office of the clerk.

Rule 6

TIME

(a) Computation. In computing any period of time prescribed or allowed by these Rules, by order of court, or by any applicable statute, including Rules, orders or statutes respecting publication of notices, the day of the act, event, default or publication after which the designated period of time begins to run is not to be included. The last day of the period so computed is to be included, unless it is a Saturday, Sunday or a legal holiday, in which event the period runs until the end of the next day which is not a Saturday, Sunday, or a legal holiday. When the period of time prescribed or allowed is less than seven days, intermediate Saturdays, Sundays, and holidays shall be excluded in the computation. A half holiday shall be considered as other days and not as a holiday.

(b) Enlargement. When by these Rules or by a notice given thereunder or by order of court an act is required or allowed to be done at or within a specified time, the court for cause shown may at any time in its discretion with or without motion or notice order the period enlarged if request therefor is made before the expiration of the period originally prescribed or as extended by a previous order. Upon motion made after the expiration of the specified period, the judge may permit the act to be done where the failure to act was the result of excusable neglect. Notwithstanding any other provisions of this Rule, the parties may enter into binding stipulations without approval of the court enlarging the time, not to exceed in the aggregate 30 days, within which an act is required or allowed to be done under these Rules, provided, however, that neither the court nor the parties may extend the time for taking any action under

Rules 50(b), 52, 59(b), (d), (e), 60(b), except to the extent and under the conditions stated in them.

(c) Unaffected by Expiration of Session. The period of time provided for the doing of any act or the taking of any proceeding is not affected or limited by the continued existence or expiration of a session of court. The continued existence or expiration of a session of court in no way affects the power of a court to do any act or take any proceeding, but no issue of fact shall be submitted to a jury out of session.

(d) For Motions; Affidavits. A written motion, other than one which may be heard ex parte, and notice of the hearing thereof shall be served not later than five days before the time specified for the hearing, unless a different period is fixed by these Rules or by order of the court. Such an order may for cause shown be made on ex parte application. When a motion is supported by affidavit, the affidavit shall be served with the motion; and except as otherwise provided in Rule 59(c), opposing affidavits may unless the court permits them to be served at some other time be served not later than one day before the hearing.

(e) Additional Time After Service by Mail. Whenever a party has the right to do some act or take some proceedings within a prescribed period after the service of a notice or other paper upon him and the notice or paper is served upon him by mail, three days shall be added to the prescribed period.

ARTICLE 3

Pleadings and Motions

Rule 7

PLEADINGS ALLOWED; FORM OF MOTIONS

(a) Pleadings. There shall be a complaint and an answer; a reply to a counterclaim denominated as such; an answer to a crossclaim, if the answer contains a crossclaim; a third-party complaint, if a person who was not an original party is summoned under the provisions of Rule 14; and a third-party answer, if a third-party complaint is served. No other pleading shall be allowed except that the court may order a reply to an answer or a third-party answer.

(b) Motions and Other Papers.

(1) An application to the court for an order shall be by motion which, unless made during a hearing or trial or at a session at which a cause is on the calendar for that session, shall be made in writing, shall state the grounds therefor, and shall set forth the relief or order sought. The requirement of writing is fulfilled if the motion is stated in a written notice of the hearing of the motion.

(2) The Rules applicable to captions, signing, and other matters of form of pleadings apply to all motions and other papers provided for by these Rules.

(3) A motion to transfer under G. S. 7A-258 shall comply with the directives therein specified but the relief thereby obtainable may also be sought in a responsive pleading pursuant to Rule 12(b).

NOTE: This Act is not effective until July 1, 1969.

(c) Demurrers, Pleas, Etc., Abolished. Demurrers, pleas, and exceptions for insufficiency shall not be used.

(d) Pleadings Not Read to Jury. Unless otherwise ordered by the judge, pleadings shall not be read to the jury.

Rule 8

GENERAL RULES OF PLEADINGS

(a) Claims for Relief. A pleading which sets forth a claim for relief, whether an original claim, counterclaim, crossclaim, or third-party claim, shall contain (1) a short and plain statement of the claim sufficiently particular to give the court and the parties notice of the transactions, occurrences, or series of transactions or occurrences, intended to be proved showing that the pleader is entitled to relief, and (2) a demand for judgment for the relief to which he deems himself entitled. Relief in the alternative or of several different types may be demanded.

(b) Defenses; Form of Denials. A party shall state in short and plain terms his defenses to each claim asserted and shall admit or deny the averments upon which the adverse party relies. If he is without knowledge or information sufficient to form a belief as to the truth of an averment, he shall so state and this has the effect of a denial. Denials shall fairly meet the substance of the averments denied. When a pleader intends in good faith to deny only a part of or a qualification of an averment, he shall specify so much of it as is true and material and shall deny only the remainder. Unless the pleader intends in good faith to controvert all the averments of the preceding pleading, he may make his denials as specific denials of designated averments or paragraphs, or he may generally deny all the averments except such designated averments or paragraphs as he expressly admits; but, when he does so intend to controvert all its averments, he may do so by general denial subject to the obligations set forth in Rule 11.

(c) Affirmative Defenses. In pleading to a preceding pleading, a party shall set forth affirmatively accord and satisfaction, arbitration and award, assumption of risk, contributory negligence, discharge in bankruptcy, duress, estoppel, failure of consideration, fraud, illegality, injury by fellow servant, laches, license, payment, release, res judicata, statute of frauds, statute of limitations, truth in actions for defamation, usury, waiver, and any other matter constituting an avoidance or affirmative defense. Such pleading shall contain a short and plain statement of any matter constituting an avoidance or affirmative defense sufficiently particular to give the court and the parties notice of the transactions, occurrences, or series of transactions or occurrences, intended to be proved. When a party has mistakenly designated a defense as a counterclaim or a counterclaim as a defense, the court, on terms, if justice so requires, shall treat the pleading as if there had been a proper designation.

(d) Effect of Failure to Deny. Averments in a pleading to which a responsive pleading is required, other than those as to the amount of damage, are admitted when not denied in the responsive pleading. Aver-

NOTE: This Act is not effective until July 1, 1969.

ments in a pleading to which no responsive pleading is required or permitted shall be taken as denied or avoided.

(e) Pleading to be Concise and Direct; Consistency. (1) Each averment of a pleading shall be simple, concise, and direct. No technical forms of pleading or motions are required.

(2) A party may set forth two or more statements of a claim or defense alternatively or hypothetically, either in one count or defense or in separate counts or defenses. When two or more statements are made in the alternative and one of them if made independently would be sufficient, the pleading is not made insufficient by the insufficiency of one or more of the alternative statements. A party may also state as many separate claims or defenses as he has regardless of consistency and whether based on legal or on equitable grounds or on both. All statements shall be made subject to the obligations set forth in Rule 11.

(f) Construction of Pleadings. All pleadings shall be so construed as to do substantial justice.

Rule 9

PLEADING SPECIAL MATTERS

(a) Capacity. Any party not a natural person shall make an affirmative averment showing its legal existence and capacity to sue. Any party suing in any representative capacity shall make an affirmative averment showing his capacity and authority to sue. When a party desires to raise an issue as to the legal existence of any party or the capacity of any party to sue or be sued or the authority of a party to sue or be sued in a representative capacity, he shall do so by specific negative averment, which shall include such supporting particulars as are peculiarly within the pleader's knowledge.

(b) Fraud, Duress, Mistake, Condition of the Mind. In all averments of fraud, duress or mistake, the circumstances constituting fraud or mistake shall be stated with particularity. Malice, intent, knowledge, and other condition of mind of a person may be averred generally.

(c) Conditions Precedent. In pleading the performance or occurrence of conditions precedent, it is sufficient to aver generally that all conditions precedent have been performed or have occurred. A denial of performance or occurrence shall be made specifically and with particularity.

(d) Official Document or Act. In pleading an official document or official act it is sufficient to aver that the document was issued or the act done in compliance with law.

(e) Judgment. In pleading a judgment, decision or ruling of a domestic or foreign court, judicial or quasi-judicial tribunal, or of a board or officer, it is sufficient to aver the judgment, decision or ruling without setting forth matter showing jurisdiction to render it.

(f) Time and Place. For the purpose of testing the sufficiency of a pleading, averments of time and place are material and shall be considered like all other averments of material matter.

(g) Special Damage. When items of special damage are claimed each shall be averred.

NOTE: This Act is not effective until July 1, 1969.

(h) Private Statutes. In pleading a private statute or right derived therefrom it is sufficient to refer to the statute by its title or the day of its ratification, and the court shall thereupon take judicial notice of it.

(i) Libel and Slander. (1) In an action for libel or slander it is not necessary to state in the complaint any extrinsic facts for the purpose of showing the application to the plaintiff of the defamatory matter out of which the claim for relief arose, but it is sufficient to state generally that the same was published or spoken concerning the plaintiff; and if such allegation is controverted, the plaintiff is bound to establish on trial that it was so published or spoken.

(2) The defendant may in his answer allege both the truth of the matter charged as defamatory, and any mitigating circumstances to reduce the amount of damages; and whether he proves the justification or not, he may give in evidence the mitigating circumstances.

Rule 10

FORM OF PLEADINGS

(a) Caption; Names of Parties. Every pleading shall contain a caption setting forth the division of the court in which the action is filed, the title of the action, and a designation as in Rule 7(a). In the complaint the title of the action shall include the names of all the parties, but in other pleadings it is sufficient to state the name of the first party on each side with an appropriate indication of other parties.

(b) Paragraphs; Separate Statement. All averments of claim or defense shall be made in numbered paragraphs, the contents of each of which be limited as far as practicable to a statement of a single set of circumstances; and a paragraph may be referred to by number in all succeeding pleadings. Each claim founded upon a separate transaction or occurrence and each defense other than denials shall be stated in a separate count or defense whenever a separation facilitates the clear presentation of the matters set forth.

(c) Adoption by Reference; Exhibits. Statements in a pleading may be adopted by reference in a different part of the same pleading or in another pleading or in any motion in the action. A copy of any written instrument which is an exhibit to a pleading is a part thereof for all purposes.

Rule 11

SIGNING AND VERIFICATION OF PLEADINGS

(a) Signing by Attorney. Every pleading of a party represented by an attorney shall be signed by at least one attorney of record in his individual name, whose address shall be stated. A party who is not represented by an attorney shall sign his pleading and state his address. Except when otherwise specifically provided by these Rules or by statute, pleadings need not be verified or accompanied by affidavit. The signature of an attorney constitutes a certificate by him that he has read the pleading; that to the best of his knowledge, information, and belief there is good

NOTE: This Act is not effective until July 1, 1969.

ground to support it; and that it is not interposed for delay. If a pleading is not signed or is signed with intent to defeat the purpose of this Rule, it may be stricken as sham and false and the action may proceed as though the pleading had not been served.

(b) Verification of Pleadings by a Party. In any case in which verification of a pleading shall be required by these Rules or by statute, it shall state in substance that the contents of the pleading verified are true to the knowledge of the person making the verification, except as to those matters stated on information and belief, and as to those matters he believes them to be true. Such verification shall be by affidavit of the party, or if there are several parties united in interest and pleading together, by at least one of such parties acquainted with the facts and capable of making the affidavit. Such affidavit may be made by the agent or attorney of a party in the cases and in the manner provided in Section (c) of this Rule.

(c) Verification of Pleadings by an Agent or Attorney. Such verification may be made by the agent or attorney of a party for whom the pleading is filed, if the action or defense is founded upon a written instrument for the payment of money only and the instrument or a true copy thereof is in the possession of the agent or attorney, or if all the material allegations of the pleadings are within the personal knowledge of the agent or attorney. When the pleading is verified by such agent or attorney, he shall set forth in the affidavit: (1) that the action or defense is founded upon a written instrument for the payment of money only and the instrument or a true copy thereof is in his possession, or

(2)(a) that all the material allegations of the pleadings are true to his personal knowledge and

(b) the reasons why the affidavit is not made by the party.

(d) Verification by Corporation or the State. When a corporation is a party the verification may be made by any officer, or managing or local agent thereof upon whom summons might be served; and when the State or any officer thereof in its behalf is a party, the verification may be made by any person acquainted with the facts.

Rule 12

DEFENSES AND OBJECTIONS—WHEN AND HOW PRESENTED BY PLEADING OR MOTION

MOTION FOR JUDGMENT ON PLEADING

(a) (1) When Presented. A defendant shall serve his answer within 30 days after service of the summons and complaint upon him. A party served with a pleading stating a crossclaim against him shall serve an answer thereto within 30 days after service upon him. The plaintiff shall serve his reply to a counterclaim in the answer within 30 days after service of the answer or, if a reply is ordered by the court, within 30 days after service of the order, unless the order otherwise directs. Service of a motion permitted under this Rule alters these periods of time as follows,

NOTE: This Act is not effective until July 1, 1969.

unless a different time is fixed by order of the court: (1) if the court denies the motion or postpones its disposition until the trial on the merits, the responsive pleading shall be served within 20 days after notice of the court's action; (2) if the court grants a motion for a more definite statement, the responsive pleading shall be served within 20 days after service of the more definite statement.

(2) Cases Removed to United States District Court. Upon the filing in a district court of the United States of a petition for the removal of a civil action or proceeding from a court in this State and the filing of a copy of the petition in the State court, the State court shall proceed no further therein unless and until the case is remanded. If it shall be finally determined in the United States courts that the action or proceeding was not removable or was improperly removed, or for other reason should be remanded, and a final order is entered remanding the action or proceeding to the State court, the defendant or defendants, or any other party who would have been permitted or required to file a pleading had the proceedings to remove not been instituted, shall have 30 days after the filing in such State court of a certified copy of the order of remand to file motions and to answer or otherwise plead.

(b) How Presented. Every defense, in law or fact, to a claim for relief in any pleading, whether a claim, counterclaim, crossclaim, or third-party claim, shall be asserted in the responsive pleading thereto if one is required, except that the following defense may at the option of the pleader be made by motion: (1) lack of jurisdiction over the subject matter, (2) lack of jurisdiction over the person, (3) improper venue or division, (4) insufficiency of process, (5) insufficiency of service of process, (6) failure to state a claim upon which relief can be granted, (7) failure to join a necessary party. A motion making any of these defenses shall be made before pleading if a further pleading is permitted. The consequences of failure to make such a motion shall be as provided in Sections (g) and (h). No defense or objection is waived by being joined with one or more other defenses or objections in a responsive pleading or motion. If a pleading sets forth a claim for relief to which the adverse party is not required to serve a responsive pleading, he may assert at the trial any defense in law or fact to that claim for relief. If, on a motion asserting the defense, numbered (6), to dismiss for failure of the pleading to state a claim upon which relief can be granted, matters outside the pleading are presented to and not excluded by the court, the motion shall be treated as one for summary judgment and disposed of as provided in Rule 56, and all parties shall be given reasonable opportunity to present all material made pertinent to such a motion by Rule 56.

(c) Motion for Judgment on the Pleadings. After the pleadings are closed but within such time as not to delay the trial, any party may move for judgment on the pleadings. If, on a motion for judgment on the pleadings, matters outside the pleadings are presented to and not excluded by the court, the motion shall be treated as one for summary judgment and disposed of as provided in Rule 56, and all parties shall be given reason-

NOTE: This Act is not effective until July 1, 1969.

able opportunity to present all material made pertinent to such a motion by Rule 56.

(d) Preliminary Hearings. The defenses specifically enumerated (1) through (7) in Section (b) of this Rule, whether made in a pleading or by motion, and the motion for judgment on the pleadings mentioned in Section (c) of this Rule shall be heard and determined before trial on application of any party, unless the judge orders that the hearing and determination thereof be deferred until the trial.

(e) Motion for More Definite Statement. If a pleading to which a responsive pleading is permitted is so vague or ambiguous that a party cannot reasonably be required to frame a responsive pleading, he may move for a more definite statement before interposing his responsive pleading. The motion shall point out the defects complained of and the details desired. If the motion is granted and the order of the judge is not obeyed within 20 days after notice of the order or within such other time as the judge may fix, the judge may strike the pleading to which the motion was directed or make such order as he deems just.

(f) Motion to Strike. Upon motion made by a party before responding to a pleading or, if no responsive pleading is permitted by these Rules, upon motion made by a party within 30 days after the service of the pleading upon him or upon the judge's own initiative at any time, the judge may order stricken from any pleading any insufficient defense or any redundant, irrelevant, immaterial, impertinent, or scandalous matter.

(g) Consolidation of Defenses in Motion. A party who makes a motion under this Rule may join with it any other motions herein provided for and then available to him. If a party makes a motion under this Rule but omits therefrom any defense or objection then available to him which this Rule permits to be raised by motion, he shall not thereafter make a motion based on the defense or objection so omitted, except a motion as provided in Section (h) (2) hereof on any of the grounds there stated.

(h) Waiver or Preservation of Certain Defenses. (1) A defense of lack of jurisdiction over the person, improper venue, insufficiency of process, or insufficiency of service of process is waived (i) if omitted from a motion in the circumstances described in Section (g), or (ii) if it is neither made by motion under this Rule nor included in a responsive pleading or an amendment thereof permitted by Rule 15 (a) to be made as a matter of course.

(2) A defense of failure to state a claim upon which relief can be granted, a defense of failure to join a necessary party, and an objection of failure to state a legal defense to a claim may be made in any pleading permitted or ordered under Rule 7(a), or by motion for judgment on the pleadings, or at the trial on the merits.

(3) Whenever it appears by suggestion of the parties or otherwise that the court lacks jurisdiction of the subject matter, the court shall dismiss the action.

NOTE: This Act is not effective until July 1, 1969.

Rule 13

COUNTERCLAIM AND CROSSCLAIM

(a) Compulsory Counterclaims. A pleading shall state as a counterclaim any claim which at the time of serving the pleading the pleader has against any opposing party, if it arises out of the transaction or occurrence that is the subject matter of the opposing party's claim and does not require for its adjudication the presence of third parties of whom the court cannot acquire jurisdiction. But the pleader need not state the claim if (1) at the time the action was commenced the claim was the subject of another pending action, or (2) the opposing party brought suit upon his claim by attachment or other process by which the court did not acquire jurisdiction to render a personal judgment on that claim, and the pleader is not stating any counterclaim under this Rule.

(b) Permissive Counterclaims. A pleading may state as a counterclaim any claim against an opposing party not arising out of the transaction or occurrence that is the subject matter of the opposing party's claim.

(c) Counterclaim Exceeding Opposing Claim. A counterclaim may or may not diminish or defeat the recovery sought by the opposing party. It may claim relief exceeding in amount or different in kind from that sought in the pleading of the opposing party.

(d) Counterclaim Against the State of North Carolina. These Rules shall not be construed to enlarge beyond the limits fixed by law the right to assert counterclaims or to claim credit against the State of North Carolina or an officer or agency thereof.

(e) Counterclaim Maturing or Acquired After Pleading. A claim which either matured or was acquired by the pleader after serving his pleading may, with the permission of the court, be presented as a counterclaim by supplemental pleading.

(f) Omitted Counterclaim. When a pleader fails to set up a counterclaim through oversight, inadvertence, or excusable neglect, or when justice requires, he may by leave of court set up the counterclaim by amendment.

(g) Crossclaim Against Co-Party. A pleading may state as a crossclaim any claim by one party against a co-party arising out of the transaction or occurrence that is the subject matter either of the original action or of a counterclaim therein or relating to any property that is the subject matter of the original action. Such crossclaim may include a claim that the party against whom it is asserted is or may be liable to the crossclaimant for all or part of a claim asserted in the action against the crossclaimant.

(h) Additional Parties May be Brought in. When the presence of parties other than those to the original action is required for the granting of complete relief in the determination of a counterclaim or crossclaim, the court shall order them to be brought in as defendants as provided in these Rules, if jurisdiction of them can be obtained.

(i) Separate Trial; Separate Judgment. If the court orders separate trials as provided in Rule 42(b), judgment on a counterclaim or crossclaim

NOTE: This Act is not effective until July 1, 1969.

may be rendered in accordance with the terms of Rule 54(b) when the court has jurisdiction so to do, even if the claims of the opposing party have been dismissed or otherwise disposed of.

Rule 14

THIRD-PARTY PRACTICE

(a) When Defendant May Bring in Third Party. At any time after commencement of the action a defendant, as a third-party plaintiff, may cause a summons and complaint to be served upon a person not a party to the action who is or may be liable to him for all or part of the plaintiff's claim against him. Leave to make the service need not be obtained if the third-party complaint is filed not later than five days after the answer to the complaint is served. Otherwise leave must be obtained on motion upon notice to all parties to the action. The person served with the summons and third-party complaint, hereinafter called the third-party defendant, shall make his defense to the third-party plaintiff's claim as provided in Rule 12 and his counterclaims against the third-party plaintiff and cross-claims against other third-party defendants as provided in Rule 13. The third-party defendant may assert against the plaintiff any defenses which the third-party plaintiff has to the plaintiff's claim. The third-party defendant may also assert any claim against the plaintiff arising out of the transaction or occurrence that is the subject matter of the plaintiff's claim against the third-party plaintiff. The plaintiff may assert any claim against the third-party defendant arising out of the transaction or occurrence that is the subject matter of the plaintiff's claim against the third-party plaintiff, and the third-party defendant thereupon shall assert his defenses as provided in Rule 12 and his counterclaims and crossclaims as provided in Rule 13. Any party may move for severance, separate trial, or dismissal of the third-party claim. A third-party defendant may proceed under this Rule against any person not a party to the action who is or may be liable to him for all or part of the claim made in the action against the third-party defendant.

(b) When Plaintiff May Bring in Third Party. When a counterclaim is asserted against a plaintiff, he may cause a third party to be brought in under circumstances which under this Rule would entitle a defendant to do so.

Rule 15

AMENDED AND SUPPLEMENTAL PLEADINGS

(a) Amendments. A party may amend his pleading once as a matter of course at any time before a responsive pleading is served or, if the pleading is one to which no responsive pleading is permitted and the action has not been placed upon the trial calendar, he may so amend it at any time within 30 days after it is served. Otherwise a party may amend his pleading only by leave of court or by written consent of the adverse party; and leave shall be freely given when justice so requires. A party

NOTE: This Act is not effective until July 1, 1969.

shall plead in response to an amended pleading within 30 days after service of the amended pleading, unless the court otherwise orders.

(b) Amendments to Conform to the Evidence. When issues not raised by the pleadings are tried by the express or implied consent of the parties, they shall be treated in all respects as if they had been raised in the pleadings. Such amendment of the pleadings as may be necessary to cause them to conform to the evidence and to raise these issues may be made upon motion of any party at any time, either before or after judgment, but failure so to amend does not affect the result of the trial of these issues. If evidence is objected to at the trial on the ground that it is not within the issues raised by the pleadings, the court may allow the pleadings to be amended and shall do so freely when the presentation of the merits of the action will be served thereby and the objecting party fails to satisfy the court that the admission of such evidence would prejudice him in maintaining his action or defense upon the merits. The court may grant a continuance to enable the objecting party to meet such evidence.

(c) Relation Back of Amendments. A claim asserted in an amended pleading is deemed to have been interposed at the time the claim in the original pleading was interposed, unless the original pleading does not give notice of the transactions, occurrences, or series of transactions or occurrences, to be proved pursuant to the amended pleading.

(d) Supplemental Pleadings. Upon motion of a party the court may, upon reasonable notice and upon such terms as are just, permit him to serve a supplemental pleading setting forth transactions or occurrences or events which may have happened since the date of the pleading sought to be supplemented, whether or not the original pleading is defective in its statement of a claim for relief or defense. If the court deems it advisable that the adverse party plead thereto, it shall so order, specifying the time therefor.

Rule 16

PRE-TRIAL PROCEDURE; FORMULATING ISSUES

In any action, the judge may in his discretion direct the attorneys for the parties to appear before him for a conference to consider

(1) The simplification and formulation of the issues;

(2) The necessity or desirability of amendments to the pleadings;

(3) The possibility of obtaining admissions of fact and of documents which will avoid unnecessary proof;

(4) The limitation of the number of expert witnesses;

(5) The advisability or necessity of a reference of the case, either in whole or in part;

(6) Matters of which the court is to be asked to take judicial notice;

(7) Such other matters as may aid in the disposition of the action.

If a conference is held, the judge may make an order which recites the action taken at the conference, the amendments allowed to the pleadings, and the agreements made by the parties as to any of the matters considered, and which limits the issues for trial to those not disposed of by admissions or agreements of counsel; and such order when entered controls

NOTE: This Act is not effective until July 1, 1969.

the subsequent course of the action, unless modified at the trial to prevent manifest injustice. If any issue for trial as stated in the order is not raised by the pleadings in accordance with the provisions of Rule 8, upon motion of any party, the order shall require amendment of the pleadings.

ARTICLE 4

Parties

Rule 17

PARTIES PLAINTIFFS AND DEFENDANT; CAPACITY

(a) Real Party in Interest. Every claim shall be prosecuted in the name of the real party in interest; but an executor, administrator, guardian, trustee of an express trust, a party with whom or in whose name a contract has been made for the benefit of another, or a party authorized by statute may sue in his own name without joining with him the party for whose benefit the action is brought; and when a statute of the State so provides, an action for the use or benefit of another shall be brought in the name of the State of North Carolina.

(b) Infants, Incompetents, Etc.:

(1) Infants, Etc., Sue by Guardian or Guardian Ad Litem. In actions or special proceedings when any of the parties plaintiff are infants or incompetent persons, whether residents or nonresidents of this State, they must appear by general or testamentary guardian, if they have any within the State or by guardian ad litem appointed as hereinafter provided; but if the action or proceeding is against such guardian, or if there is no such known guardian, then such persons may appear by guardian ad litem. The duty of the State solicitors to prosecute in the cases specified in Chapter 33 of the General Statutes, entitled 'Guardian and Ward', is not affected by this Section.

(2) Infants, Etc., Defend by Guardian Ad Litem. In actions or special proceedings when any of the defendants are infants or incompetent persons, whether residents or nonresidents of this State, they must defend by general or testamentary guardian, if they have any within this State or by guardian ad litem appointed as hereinafter provided; and if they have no known general or testamentary guardian in the State, and any of them have been summoned, the court in which said action or special proceeding is pending, upon motion of any of the parties, may appoint some discreet person to act as guardian ad litem, to defend in behalf of such infants, or incompetent persons, and fix and tax his fee as part of the costs. The guardian so appointed shall, if the cause is a civil action, file his answer to the complaint within the time required for other defendants, unless the time is extended by the court; and if the cause is a special proceeding, a copy of the complaint, with the summons, must be served on him. After 20 days' notice of the summons and complaint in the special proceeding, and after answer filed as above prescribed in the civil action, the court may proceed to final judgment as effectually and in the

NOTE: This Act is not effective until July 1, 1969.

same manner as if there had been personal service upon the said infant or incompetent persons or defendants.

(3) Appointment of Guardian Ad Litem Notwithstanding the Existence of a General or Testamentary Guardian. Notwithstanding the provisions of subsections (b) (1) and (b) (2), a guardian ad litem for an infant or incompetent person may be appointed in any case when it is deemed by the court in which the action is pending expedient to have the infant, or insane or incompetent person so represented, notwithstanding such person may have a general or testamentary guardian.

(4) Appointment of Guardian Ad Litem for Unborn Persons. In all actions in rem and quasi in rem and in all actions and special proceedings which involve the construction of wills, trusts and contracts or any instrument in writing, or which involve the determination of the ownership of property or the distribution of property, if there is a possibility that some person may thereafter be born who, if then living, would be a necessary or proper party to such action or special proceeding, the court in which said action or special proceeding is pending, upon motion of any of the parties or upon its own motion, may appoint some discreet person guardian ad litem to defend on behalf of such unborn person. Service upon the guardian ad litem appointed for such unborn person shall have the same force and effect as service upon such unborn person would have had if such person had been living. All proceedings by and against the said guardian ad litem after appointment shall be governed by all provisions of the law applicable to guardians ad litem for living persons.

(5) Appointment of Guardian Ad Litem for Corporations, Trusts, or Other Entities Not in Existence. In all actions which involve the construction of wills, trusts, contracts or written instruments, or the determination of the ownership of property or the disposition or distribution of property pursuant to the provisions of a will, trust, contract or written instrument, if such will, trust, contract or written instrument provides benefits for dispositions or distribution of property to a corporation, a trust, or an entity thereafter to be formed for the purpose of carrying into effect some provision of the said will, trust, contract or written instrument, the court in which said action or special proceeding is pending, upon motion of any of the parties or upon its own motion, may appoint some discreet person guardian ad litem for such corporation, trust or other entity. Service upon the guardian ad litem appointed for such corporation, trust or other entity shall have the same force and effect as service upon such corporation, trust or entity would have had if such corporation, trust or other entity had been in existence. All proceedings by and against the said guardian ad litem after appointment shall be governed by all provisions of the law applicable to guardians ad litem for living persons.

(6) Miscellaneous Provisions. The provisions of this Rule are in addition to any other remedies or procedures authorized or permitted by law, and it shall not be construed to repeal or to limit the doctrine of virtual representation or any other law or rule of law by which unborn persons or nonexistent corporations, trusts or other entities may be represented in or bound by any judgment or order entered in any action or

NOTE: This Act is not effective until July 1, 1969.

special proceeding. This Rule shall apply to all pending actions and special proceedings to which it may be constitutionally applicable. All judgments and orders heretofore entered in any action in which a guardian or guardians ad litem have been appointed for any unborn person or persons or any nonexistent corporations, trusts or other entities, are hereby validated as of the several dates of entry thereof in the same manner and to the full extent that they would have been valid if this Rule had been in effect at the time of the appointment of such guardians ad litem; provided, however, that the provisions of this sentence shall be applicable only in such cases and to the extent to which the application thereof shall not be prevented by any constitutional limitation.

(c) Guardian Ad Litem for Infants, Insane or Incompetent Persons; Appointment Procedure. When a guardian ad litem is appointed to represent an infant or insane or incompetent person, he must be appointed as follows:

(1) When an infant or insane or incompetent person is plaintiff, the appointment shall be made at any time prior to or at the time of the commencement of the action, upon the written application of any relative or friend of said infant or insane or incompetent person or by the court on its own motion.

(2) When an infant is defendant and service under Rule 4(j) (1)a or Rule 4(j) (1)b is made upon him the appointment may be made upon the written application of any relative or friend of said infant, or, if no such application is made within 10 days after service of summons, upon the written application of any other party to the action or, at any time by the court on its own motion.

(3) When an infant or insane or incompetent person is defendant and service can be made upon him only by publication, the appointment may be made upon the written application of any relative or friend of said infant, or upon the written application of any other party to the action, or by the court on its own motion, at any time after the filing of the affidavit required by Rule 4(j) (1)c and before completion of publication, whereupon service of the summons with copy of the complaint shall be made forthwith upon said guardian so appointed requiring him to make defense at the same time that the defendant is required to make defense in the notice of publication.

(4) When an insane or incompetent person is defendant and service by publication is not required, the appointment may be made upon the written application of any relative or friend of said defendant, or upon the written application of any other party to the action, or by the court on its own motion, prior to or at the time of the commencement of the action, and service upon the insane or incompetent defendant may thereupon be dispensed with by order of the court making such appointment.

(d) Guardian Ad Litem for Persons Not Ascertained or for Persons, Trusts or Corporations Not in Being. When under the terms of a written instrument, or for any other reason, a person or persons who are not in being, or any corporation, trust, or other legal entity which is not in being, may be or may become legally or equitably interested in any property,

NOTE: This Act is not effective until July 1, 1969.

real or personal, the court in which an action or proceeding of any kind relative to or affecting such property is pending, may, upon the written application of any party to such action or proceeding or of other person interested, appoint a guardian ad litem to represent such person or persons not ascertained or such persons, trusts or corporations not in being.

(e) Duty of Guardian Ad Litem; Effect of Judgment or Decree Where Party Represented by Guardian Ad Litem. Any guardian ad litem appointed for any party pursuant to any of the provisions of this Rule shall file and serve such pleadings as may be required within the times specified by these Rules, unless extension of time is obtained. After the appointment of a guardian ad litem under any provision of this Rule and after the service and filing of such pleadings as may be required by such guardian ad litem, the court may proceed to final judgment, order or decree against any party so represented as effectually and in the same manner as if said party had been under no legal disability, had been ascertained and in being, and had been present in court after legal notice in the action in which such final judgment, order or decree is entered.

Rule 18

JOINDER OF CLAIMS AND REMEDIES

(a) Joinder of Claims. The plaintiff in his complaint or in a reply setting forth a counterclaim and the defendant in an answer setting forth a counterclaim may join either as independent or as alternate claims as many claims either legal or equitable or both as he may have against an opposing party. There may be a like joinder of claims when there are multiple parties if the requirements of Rules 19, 20, and 22 are satisfied. There may be a like joinder of crossclaims or third-party claims if the requirements of Rules 13 and 14 are satisfied.

(b) Joinder of Remedies; Fraudulent Conveyances. Whenever a claim is one heretofore cognizable only after another claim has been prosecuted to a conclusion, the two claims may be joined in a single action; but the court shall grant relief in that action only in accordance with the relative substantive rights of the parties. In particular, a plaintiff may state a claim for money and a claim to have set aside a conveyance fraudulent as to him, without first having obtained a judgment establishing the claim for money.

Rule 19

NECESSARY JOINDER OF PARTIES

(a) Necessary Joinder. Subject to the provisions of Rule 23, those who are united in interest must be joined as plaintiffs or defendants; but if the consent of anyone who should have been joined as plaintiff cannot be obtained he may be made a defendant, the reason therefor being stated in the complaint; provided, however, in all cases of joint contracts, a claim may be asserted against all or any number of the persons making such contracts.

NOTE: This Act is not effective until July 1, 1969.

(b) Joinder of Parties Not United in Interest. The court may determine any claim before it when it can do so without prejudice to the rights of any party or to the rights of others not before the court; but when a complete determination of such claim cannot be made without the presence of other parties, the court shall order such other parties summoned to appear in the action.

(c) Same: Names of Omitted Persons and Reasons for Nonjoinder to be Pleaded. In any pleading in which relief is asked, the pleader shall set forth the names, if known to him, of persons who ought to be parties if complete relief is to be accorded between those already parties, but who are not joined, and shall state why they are omitted.

Rule 20

PERMISSIVE JOINDER OF PARTIES

(a) Permissive Joinder. All persons may join in one action as plaintiffs if they assert any right to relief jointly, severally, or in the alternative in respect of or arising out of the same transaction, occurrence, or series of transactions or occurrences and if any question of law or fact common to all parties will arise in the action. All persons may be joined in one action as defendants if there is asserted against them jointly, severally, or in the alternative, any right to relief in respect of or arising out of the same transaction, occurrence, or series of transactions or occurrences and of any question of law or fact common to all parties will arise in the action. A plaintiff or defendant need not be interested in obtaining or defending against all the relief demanded. Judgment may be given for one or more of the plaintiffs according to their respective rights to relief, and against one or more defendants according to their respective liabilities.

(b) Separate Trial. The court shall make such orders as will prevent a party from being embarrassed, delayed, or put to expense by the inclusion of a party against whom he asserts no claim and who asserts no claim against him, and shall order separate trials or make other orders to prevent delay or prejudice.

Rule 21

PROCEDURE UPON MISJOINDER AND NONJOINDER

Neither misjoinder of parties nor misjoinder of parties and claims is ground for dismissal of an action; but on such terms as are just parties may be dropped or added by order of the court on motion of any party or on its own initiative at any stage of the action. Any claim against a party may be severed and proceeded with separately.

Rule 22

INTERPLEADER

Persons having claims against the plaintiff may be joined as defendants and required to interplead when their claims expose or may expose the plaintiff to double or multiple liability. It is not ground for objection to the

NOTE: This Act is not effective until July 1, 1969.

joinder that the claims of the several claimants or the titles on which their claims depend do not have a common origin or are not identical but are adverse to and independent of one another, or that the plaintiff avers that he is not liable in whole or in part to any or all of the claimants. A defendant exposed to similar liability may obtain such interpleader by way of crossclaim or counterclaim. The provisions of this Rule supplement and do not in any way limit the joinder of parties permitted in Rule 20.

Rule 23

CLASS ACTIONS

(a) Representation. If persons constituting a class are so numerous as to make it impracticable to bring them all before the court, such of them, one or more, as will fairly insure the adequate representation of all may, on behalf of all, sue or be sued.

(b) Secondary Action by Shareholders. In an action brought to enforce a secondary right on the part of one or more shareholders or members of a corporation or an unincorporated association because the corporation or association refuses to enforce rights which may properly be asserted by it, the complaint shall be verified by oath.

(c) Dismissal or Compromise. A class action shall not be dismissed or compromised without the approval of the judge. In an action under this Rule, notice of a proposed dismissal or compromise shall be given to all members of the class in such manner as the judge directs.

Rule 24

INTERVENTION

(a) Intervention of Right. Upon timely application anyone shall be permitted to intervene in an action: (1) when a statute confers an unconditional right to intervene; or (2) when the applicant claims an interest relating to the property or transaction which is the subject of the action and he is so situated that the disposition of the action may as a practical matter impair or impede his ability to protect that interest, unless the applicant's interest is adequately represented by existing parties.

(b) Permissive Intervention. Upon timely application anyone may be permitted to intervene in an action: (1) when a statute confers a conditional right to intervene; or (2) when an applicant's claim or defense and the main action have a question of law or fact in common. When a party to an action relies for ground of claim or defense upon any statute or executive order administered by a federal or State governmental officer or agency or upon any regulation, order, requirement, or agreement issued or made pursuant to the statute or executive order, such officer or agency upon timely application may be permitted to intervene in the action. In exercising its discretion the court shall consider whether the intervention will unduly delay or prejudice the adjudication of the rights of the original parties.

NOTE: This Act is not effective until July 1, 1969.

(c) Procedure. A person desiring to intervene shall serve a motion to intervene upon all parties affected thereby. The motion shall state the grounds therefor and shall be accompanied by a pleading setting forth the claim or defense for which intervention is sought. The same procedure shall be followed when a statute gives a right to intervene, except when the statute prescribes a different procedure.

Rule 25

SUBSTITUTION OF PARTIES UPON DEATH, INCOMPETENCY OR TRANSFER OF INTEREST; ABATEMENT

(a) Death. No action abates by reason of the death of a party if the cause of action survives. In such case, the court, on motion at any time within one year thereafter, or afterwards on a supplemental complaint, may order the substitution of said party's personal representative or successor in interest and allow the action to be continued by or against the substituted party.

(b) Insanity or Incompetency. No action abates by reason of the incompetency or insanity of a party. If such incompetency or insanity is adjudicated, the court, on motion at any time within one year after such adjudication, or afterwards on a supplemental complaint, may order that said party be represented by his general guardian or trustee or a guardian ad litem, and, allow the action to be continued. If there is no adjudication, any party may suggest such incompetency or insanity to the court and it shall enter such order in respect thereto as justice may require.

(c) Abatement Ordered Unless Action Continued. At any time after the death, insanity or incompetency of a party, the court in which an action is pending, upon notice to such person as it directs and upon motion of any party aggrieved, may order that the action be abated, unless it is continued by the proper parties, within a time to be fixed by the court, not less than six nor more than 12 months from the granting of the order.

(d) Transfer of Interest. In case of any transfer of interest other than by death, the action shall be continued in the name of the original party; but, upon motion of any party, the court may allow the person to whom the transfer is made to be joined with the original party.

(e) Death of Receiver of Corporation. No action against a receiver of a corporation abates by reason of his death, but, upon suggestion of the facts on the record, it continues against his successor or against the corporation in case a new receiver is not appointed and such successor or the corporation is automatically substituted as a party.

(f) Public Officers; Death or Separation From Office. (1) When a public officer is a party to an action in his official capacity and during its pendency dies, resigns or otherwise ceases to hold office, the action does not abate and his successor is automatically substituted as a party. Proceedings following the substitution shall be in the name of the substituted party, but any misnomer not affecting substantial rights of the parties shall be disregarded. An order of substitution may be entered at any time, but the omission to enter such an order shall not affect the substitution.

NOTE: This Act is not effective until July 1, 1969.

(2) When a public officer sues or is sued in his official capacity, he may be described as a party by his official title rather than by name; but the court may require his name to be added.

(g) No Abatement After Verdict. After a verdict is rendered in any action, the action does not abate by reason of the death of a party, whether or not the cause of action upon which it is based is of a type which survives.

ARTICLE 5

Depositions and Discovery

Rule 26

DEPOSITIONS IN A PENDING ACTION

(a) When Depositions May be Taken. After the commencement of an action and before a final judgment, any party may take the testimony of any person, including a party, by deposition upon oral examination or written interrogatories for the purpose of discovery or for use as evidence in the action or for both purposes. The deposition may be taken without leave of court, except that leave, granted with or without notice, must be obtained if notice of the taking is served by the plaintiff within 30 days after commencement of the action. The attendance of witnesses may be compelled by the use of subpoena as provided in Rule 45. Depositions shall be taken only in accordance with these Rules. The deposition of a person confined in prison or of a patient in an institution or hospital for the mentally ill, mentally handicapped, or epileptic, or any other hospital, home, or institution, may be taken only by leave of court on such terms as the court prescribes.

(b) Scope of Examination. Unless otherwise ordered by the judge as provided by Rule 30(b) or (d), the deponent may be examined regarding any matter, not privileged, which is relevant to the subject matter in the pending action, whether it relates to the claim or defense of the examining party or to the claim or defense of any other party, including the existence, description, nature, custody, condition and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of relevant facts. It is not ground for objection that the testimony will be inadmissible at the trial if the testimony sought appears reasonably calculated to lead to the discovery of admissible evidence nor is it ground for objection that the examining party has knowledge of the matters as to which testimony is sought. But the deponent shall not be required to produce or submit for inspection any writing obtained or prepared by the adverse party, his attorney, surety, indemnitor, or agent in anticipation of litigation or in preparation for trial unless the judge otherwise orders on the ground that a denial of production or inspection will result in an injustice or undue hardship; but, in no event shall the deponent be required to produce or submit for inspection any part of a writing which reflects an attorney's mental impressions, conclusions, opinions or legal theories, or except as provided in Rules 35, the conclusions of an expert.

NOTE: This Act is not effective until July 1, 1969.

(c) Examination and Cross-Examination. Examination and cross-examination of deponents may proceed as permitted at the trial under the provisions of Rule 43(b).

(d) Use of Depositions. Any part or all of a deposition, so far as admissible under the rules of evidence, may be used at the trial or upon the hearing of a motion or an interlocutory proceeding or upon a hearing before a referee, against any party who was present or represented at the taking of the deposition or who had due notice thereof, as follows:

(1) When the deponent is a party adverse to the party offering the deposition in evidence or is a person who at the time of taking the deposition was an officer, director or managing agent of a public or private corporation, partnership, or association which is a party adverse to the party offering the deposition in evidence, the deposition may be used for any purpose, whether or not deponent testifies at the trial or hearing.

(2) When the deponent testifies at the trial or hearing, the deposition may be used

(i) by any party adverse to the party calling deponent as a witness, for the purpose of impeaching or contradicting the testimony of deponent as a witness, or as substantive evidence, and

(ii) by the party calling deponent as a witness, as substantive evidence of such facts stated in the deposition as are in conflict with or inconsistent with the testimony of deponent as a witness.

(3) Except as provided in paragraphs (1) and (2) of this Section of this Rule, a deposition may be used only if the court finds: (i) that the deponent is dead; or (ii) that the deponent is at a greater distance than 75 miles from the place of trial or hearing, unless it appears that the absence of the deponent was procured by the party offering the depositions; or (iii) that the deponent is a physician who either resides or maintains his office outside the county where the trial or hearing is held; or (iv) that the deponent is unable to attend or testify because of age, sickness, infirmity, or imprisonment; or (v) that the party offering the deposition has been unable to procure the attendance of the witness by subpoena; or (vi) upon motion and notice, that such exceptional circumstances exist as to make it desirable, in the interest of justice and with due regard to the importance of presenting the testimony of witnesses orally in open court, to allow the deposition to be used. If the court makes any such finding, the deposition may be used by any party for any purpose, whether or not deponent is a party.

(4) If only a part of a deposition is offered in evidence by a party, any party may require him to introduce all of it which is relevant to the part introduced, and any party may introduce any other part.

Substitution of parties does not affect the right to use depositions previously taken; and, when an action in any court of this State or of any other State or of the United States has been dismissed and another action involving the same subject matter is afterward brought between the same parties or their representatives or successors in interest, all depositions lawfully taken and duly filed in the former action may be used in the later action as if originally taken therefor.

NOTE: This Act is not effective until July 1, 1969.

(e) Effect of Taking or Using Depositions. A party shall not be deemed to make a person his own witness for any purpose by taking his deposition. The introduction in evidence of the deposition or any part thereof for any purpose other than that of contradicting or impeaching the deponent makes the deponent the witness of the party introducing the deposition, but this shall not apply to the use by an adverse party of a deposition as described in Section (d) (1). At the trial or hearing any party may rebut any relevant evidence contained in a deposition whether introduced by him or by any other party.

Rule 27

DEPOSITIONS BEFORE ACTION OR PENDING APPEAL

(a) Before Action.

(1) Petition. A person who desires to perpetuate his own testimony or that of another person regarding any matter may file a verified petition in the court in the county where any expected adverse party resides.

The petition shall be entitled in the name of the petitioner and shall show (1) that the petitioner expects that he, or his personal representative, heirs, legatees, or devisees, will be a party to an action cognizable in any court, but that he is presently unable to bring it or cause it to be brought, (2) the subject matter of the expected action and his interest therein, (3) the facts which he desires to establish by the proposed testimony and his reasons for desiring to perpetuate it, (4) the names or a description of the persons he expects will be adverse parties and their addresses so far as known, and (5) the names and addresses of the person to be examined and the substance of the testimony which he expects to elicit from each, and shall ask for an order authorizing the petitioner to take the depositions of the persons to be examined named in the petition, for the purpose of perpetuating their testimony.

(2) Notice and Service. The petitioner shall thereafter serve a notice upon each person named in the petition as an expected adverse party, together with a copy of the petition, stating that the petitioner will apply to the court, at a time and place named therein, for the order described in the petition. At least 20 days before the date of hearing, or within such time as the court may direct, the notice shall be served in the appropriate manner provided in Rule 4(j) (1) or (2) for service of summons; but if such service cannot with due diligence be made upon any expected adverse party named in the petition, the court may make such order as is just for service by publication or otherwise, and shall appoint, for persons not served in the manner provided in Rule 4(j) (1) or (2), an attorney who shall represent them. If any expected adverse party is a minor or incompetent, the provisions of Rule 17(c) shall apply.

(3) Order and Examination. If the court is satisfied that the perpetuation of the testimony may prevent a failure or delay of justice, it shall make an order designating or describing the persons whose depositions may be taken and specifying the subject matter of the examination

NOTE: This Act is not effective until July 1, 1969.

and whether, the depositions shall be taken upon oral examination or written interrogatories. The depositions may then be taken in accordance with these Rules; and the court may make orders of the character provided for by Rules 34 and 35. For the purpose of applying these Rules to depositions for perpetuating testimony, each reference therein to the court in which the action is pending shall be deemed to refer to the court in which the petition for such deposition was filed.

(4) Use of Deposition. If a deposition to perpetuate testimony is taken under these Rules or if, although not so taken, it would be admissible in evidence in the courts of the United States or the state in which it is taken, it may be used in any action involving the same subject matter subsequently brought in a court of this State in accordance with the provisions of Rule 26(d).

(b) Depositions Before Action for Obtaining Information to Prepare a Complaint.

(1) Petition. A person who expects to commence an action but who desires to obtain information from an expected adverse party or from any person for whose immediate benefit the expected action will be defended for the purpose of preparing a complaint may file a verified petition in the county where any expected adverse party resides or in the county where resides any person for whose immediate benefit the expected action will be defended. If an expected adverse party is not a natural person, the petition may be filed in the county where the expected adverse party has its principal office or place of business.

The petition shall be entitled in the name of the petitioner and shall show (1) that the petitioner expects to commence an action cognizable in a court of this State, (2) the names and addresses of the expected adverse parties, (3) the nature and purpose of the expected action, (4) the subject matter of the expected action and the petitioner's interest therein, (5) why the petitioner is unable to prepare a complaint with the information presently available, and (6) that the petition is filed in good faith. The petition shall also designate with reasonable particularity the matters as to which information will be sought.

(2) Notice and Service. After the petition is filed, proceedings shall be in conformity with Section (a)(2).

(3) Order and Examination. If the court finds that the facts are as set forth in the petition and that the examination of an expected adverse party or such party's officer, agent or employee is necessary to enable the petitioner to prepare a complaint, it shall make an order designating or describing the persons whose depositions may be taken and specifying the subject matter of the examination and whether the deposition shall be taken upon oral examination or written interrogatories. The depositions may then be taken in accordance with these Rules; and the court may make orders of the character provided for by Rules 34 and 35. For the purpose of applying these Rules to depositions for obtaining information to prepare a complaint, each reference therein to the court in which the action is pending shall be deemed to refer to the court in which the petition for such deposition was filed.

NOTE: This Act is not effective until July 1, 1969.

(4) Use of Deposition. If a deposition to obtain information to prepare a complaint is taken under these Rules, it may be used in any action involving the same subject matter subsequently brought in a court of this State in accordance with the provisions of Rule 26(d).

(c) Pending Appeal. If an appeal has been taken from the determination of any court or petition for review has been filed or before the taking of an appeal or the filing of a petition if the time therefor has not expired, the court in which the determination was made may allow the taking of the depositions of witnesses to perpetuate their testimony for use in the event of further proceedings in the court. In such case the party who desires to perpetuate the testimony may make a motion in the court for leave to take the depositions, upon the same notice and service thereof as if the action was pending in the court. The motion shall show (1) the names and addresses of persons to be examined and the substance of the testimony which he expects to elicit from each, (2) the reasons for perpetuating their testimony. If the court finds that the perpetuation of the testimony is proper to avoid a failure or delay of justice, it may make an order allowing the depositions to be taken and may make orders of the character provided for by Rules 34 and 35, and thereupon the depositions may be taken and used in the same manner and upon the same conditions as are prescribed in these Rules for depositions taken in actions pending in the court.

(d) Perpetuation by Action. This Rule does not limit the power of a court to entertain an action to perpetuate testimony.

Rule 28

PERSONS BEFORE WHOM DEPOSITIONS MAY BE TAKEN

(a) Within the United States. Within the United States or within a territory or insular possession subject to the dominion of the United States, depositions shall be taken (1) before a person authorized to administer oaths by the laws of this State or of the United States or of the place where the examination is held, or (2) before such person as may be appointed by the court in which the action is pending.

(b) In Foreign Countries. In a foreign state or country depositions shall be taken (1) on notice before a secretary of embassy or legation, consul general, consul, vice consul, or consular agent of the United States, or (2) before such person or officer as may be appointed by commission or under letters rogatory. A commission or letters rogatory shall be issued only when necessary or convenient, on application and notice, and on such terms and with such directions as are just and appropriate. Officers may be designated in notices or commissions either by name or descriptive title and letters rogatory may be addressed 'To the Appropriate Judicial Authority in (here name the country).'

(c) Disqualifications for Interest. No deposition shall be taken before a person who is a relative or employee or attorney or counsel of any of the parties, or is a relative or employee of such attorney or counsel, or is

NOTE: This Act is not effective until July 1, 1969.

financially interested in the action, unless the parties otherwise agree by stipulation as provided in Rule 29.

(d) Depositions to be Used Outside This State.

(1) A person desiring to take depositions in this State to be used in proceedings pending in the courts of any other state or country may present to a judge of the superior or district court a commission, order, notice, consent, or other authority under which the deposition is to be taken, whereupon it shall be the duty of the judge to issue the necessary subpoenas pursuant to Rule 45. Orders of the character provided in Rules 30(b), 30(d), and 45(b) may be made upon proper application therefor by the person to whom such subpoena is directed. Failure by any person without adequate excuse to obey a subpoena served upon him pursuant to this Rule may be deemed a contempt of the court from which the subpoena issued.

(2) The commissioner herein provided for shall not proceed to act under and by virtue of his appointment until the party seeking to obtain such deposition has deposited with him a sufficient sum of money to cover all costs and charges incident to the taking of the deposition, including such witness fees as are allowed to witnesses in this State for attendance upon the superior courts. From such deposit the commissioner shall retain whatever amount may be due him for services, pay the witness fees and other costs that may have been incurred by reason of taking such deposition, and if any balance remains in his hands, he shall pay the same to the party by whom it was advanced.

Rule 29

STIPULATIONS REGARDING THE TAKING OF DEPOSITIONS

If the parties so stipulate in writing, depositions may be taken before any person, at any time or place, upon any notice, and in any manner, and when so taken, may be used in the same manner as other depositions.

Rule 30

DEPOSITIONS UPON ORAL EXAMINATIONS

(a) Notice of Examination: Time and Place. A party desiring to take the deposition of any person upon oral examination shall give notice in writing to every other party to the action. The notice shall state the time and place for taking the deposition and the name and address of each person to be examined, if known, and, if the name is not known, a general description sufficient to identify him or the particular class or group to which he belongs. The notice shall be served on all parties at least 15 days prior to the taking of the deposition when any party required to be served resides without the State and shall be served on all parties at least 10 days prior to the taking of the deposition when all of the parties required to be served reside within the State.

(b) Orders for the Protection of Parties and Deponents. After notice is served for taking a deposition by oral examination, upon motion season-

NOTE: This Act is not effective until July 1, 1969.

ably made by any party or by the person to be examined and upon notice and for good cause shown, the judge of the court in which the action is pending may make an order that the deposition shall not be taken, or that it may be taken only at some designated time or place other than that stated in the notice, or that it may be taken only on written interrogatories, or that certain matters shall not be inquired into, or that the scope of the examination shall be limited to certain matters, or that the examination shall be held with no one present except the parties to the action and their officers or counsel, or that after being sealed the deposition shall be opened only by order of the judge or that secret processes, developments, or research need not be disclosed, or that the parties shall simultaneously file specified documents or information enclosed in sealed envelopes to be opened as directed by the court; or the court may make any other order which justice requires to protect the party or witness from unreasonable annoyance, embarrassment, expense, or oppression.

(c) Record of Examination; Oath; Objections. The person before whom the deposition is to be taken shall administer an oath to the deponent and shall personally, or by someone acting under his direction and in his presence, record the testimony of the deponent. The testimony shall be taken stenographically or by some method by which the testimony is written or typed as it is given and transcribed unless the parties agree otherwise. Where transcription is requested by a party other than the one taking the deposition, the court may order the expense of transcription or a portion thereof paid by the party making the request. All objections made at the time of the examination to the qualifications of the person before whom the deposition is taken, or to the manner of taking it, or to the evidence presented, or to the conduct of any party, and any other objection to the proceedings, shall be noted upon the deposition by the person before whom the deposition is taken. Subject to the limitation imposed by an order under Section (b) or Section (d), evidence objected to shall be taken subject to the objections. In lieu of participating in the oral examination, parties served with notice of taking a deposition may transmit written interrogatories to the officer, who shall propound them to the deponent and record the answers verbatim.

(d) Motion to Terminate or Limit Examination. At any time during the taking of the deposition, on motion of any party or of the deponent and upon a showing that the examination is being conducted in bad faith or in such manner as unreasonably to annoy, embarrass, or oppress the deponent or party, a judge of the court in which the action is pending or any judge in the county where the deposition is being taken may order the person before whom the deposition is being taken to cease taking the deposition, or may limit the scope and manner of the taking of the deposition as provided in Section (b). If the order made terminates the examination, it shall be resumed thereafter only upon the order of the judge of the court in which the action is pending. Upon demand of the objecting party or deponent, the taking of the deposition shall be suspended for the time

NOTE: This Act is not effective until July 1, 1969.

necessary to make a motion for an order. In granting or refusing such order the judge may impose upon either party or upon the deponent the requirement to pay such costs or expenses as the judge may deem reasonable.

(e) Submission to Deponent; Changes; Signing. When the deposition is transcribed, it need not be submitted to the deponent for his examination and signature unless one of the parties or the deponent makes a request therefor. When such request is made, the deposition shall be submitted to the deponent for examination, and any changes in form or substance which the deponent desires to make shall be entered upon the deposition by the person before whom the deposition is taken with a statement of the reasons given by the deponent for making them. The deposition shall then be signed by the deponent unless he refuses to sign. If the deponent refuses to sign, the person before whom the deposition is taken shall state on the record the fact that the deponent refused to sign, together with the reason, if any, given therefor; and the deposition may then be used as fully as though signed, unless on motion to suppress under Rule 32(d) the judge holds that the reasons given for the refusal to sign require rejection of the deposition in whole or in part.

(f) Certification and Filing; Copies; Notice of Filing.

(1) When a deposition is transcribed, the person before whom it was taken shall certify on the deposition that the deponent was duly sworn by him and that the deposition is a true record of the testimony given by the deponent. He shall then securely seal the original of the deposition in an envelope endorsed with the title of the action and marked 'Deposition of [here insert name of deponent]' and shall promptly file it and one copy with the court in which the action is pending or send it and one copy by registered mail to the clerk thereof for filing.

(2) Upon payment of reasonable charges therefor, the officer shall furnish a copy of the deposition to any party or to the deponent.

(3) The party taking the deposition shall give prompt notice of its filing and furnish a copy to all other parties.

(g) Failure to Attend or to Serve Subpoenas; Expenses.

(1) If the party giving the notice of the taking of a deposition fails to attend and proceed therewith and another party attends in person or by attorney pursuant to the notice, the judge may order the party giving the notice to pay to such other party the amount of the reasonable expenses incurred by him and his attorney in so attending, including reasonable attorney's fees.

(2) If the party giving the notice of the taking of a deposition of a witness fails to serve a subpoena upon him and the witness because of such failure does not attend, and if another party attends in person or by attorney because he expects the deposition of that witness to be taken, the judge may order the party giving the notice to pay to such other party the amount of the reasonable expenses incurred by him and his attorney in so attending, including reasonable attorney's fees.

(h) Judge, Definition.

NOTE: This Act is not effective until July 1, 1969.

(1) In respect to actions in the superior court, a judge of the court in which the action is pending shall, for the purposes of this Rule, and Rule 31, Rule 33, Rule 34, Rule 35, Rule 36 and Rule 37, be either a resident judge of the judicial district or a judge regularly presiding over the courts of the district or any special superior court judge holding court within the judicial district or residing therein.

(2) In respect to actions in the district court, a judge of the court in which the action is pending shall, for the purposes of this Rule, Rule 31, Rule 33, Rule 34, Rule 35, Rule 36 and Rule 37, be the chief district judge or any judge designated by him pursuant to G. S. 7A-192.

(3) In respect to actions in either the superior court or the district court, a judge of the court in the county where the deposition is being taken shall, for the purposes of this Rule, be either a resident judge of the judicial district or a judge regularly presiding over the courts, or any special superior court judge holding court within the judicial district or residing therein, or the chief judge of the district court or any judge designated by him pursuant to G. S. 7A-192.

Rule 31

DEPOSITIONS OF WITNESSES UPON WRITTEN INTERROGATORIES

(a) Serving Interrogatories; Notice. A party desiring to take the deposition of any person upon written interrogatories shall serve them upon every other party with a notice stating the name and address of the person who is to answer them and the name or descriptive title and address of the officer before whom the deposition is to be taken. Within 10 days thereafter a party so served may serve cross interrogatories upon the party proposing to take the deposition. Within five days thereafter the latter may serve redirect interrogatories upon a party who has served cross interrogatories. Within three days after being served with redirect interrogatories, a party may serve recross interrogatories upon the party proposing to take the deposition.

(b) Person to Take Responses and Prepare Record. A copy of the notice and copies of all interrogatories served shall be delivered by the party taking the deposition to the person designated to take the deposition, who shall proceed promptly, in the manner provided by Rule 30(c), (e) and (f), to take the testimony of the witnesses in response to the interrogatories and to prepare, certify, and file or mail the deposition, attaching thereto the copy of the notice and the interrogatories received by him.

(c) Notice of Filing. When the deposition is filed, the party taking it shall give prompt notice of its filing and furnish a copy to all other parties.

(d) Orders for the Protection of Parties and Deponents. After the service of interrogatories and prior to the taking of the testimony of the deponent, a judge of the court in which the action is pending as defined in Rule 30(h), on motion promptly made by a party or a deponent, upon notice and good cause shown, may make any order specified in Rule 30

NOTE: This Act is not effective until July 1, 1969.

which is appropriate and just or an order that the deposition shall not be taken before the officer designated in the notice or that it shall not be taken except upon oral examination.

Rule 32

ERRORS AND IRREGULARITIES IN DEPOSITIONS

(a) As to Notice. All errors and irregularities in the notice for taking a deposition are waived unless written objection is promptly served upon the party giving the notice.

(b) As to Disqualification of Person Before Whom Taken. Objection to taking a deposition because of disqualification of the person before whom it is to be taken is waived unless made before the taking of the deposition begins or as soon thereafter as the disqualification becomes known or could be discovered with reasonable diligence.

(c) As to Taking of Deposition.

(1) Objections to the competency of a witness or to the competency, relevancy, or materiality of testimony are not waived by failure to make them before or during the taking of the deposition.

(2) Objections to the form of written interrogatories submitted under Rule 31 are waived unless served in writing upon the party propounding them within the time allowed for serving the succeeding cross or other interrogatories and within three days after service of the last interrogatories authorized.

(d) As to Completion and Return of Deposition. Errors and irregularities in the manner in which the testimony is transcribed or the deposition is prepared, signed, sealed, endorsed, transmitted, filed, or otherwise dealt with by the person before whom the deposition is taken under Rules 30 and 31 are waived unless a motion to suppress the deposition or some part thereof is made with reasonable promptness after such defect is, or with due diligence might have been ascertained.

(e) Objection to Deposition Before Trial. The clerk shall file the deposition with the other papers in the action and notify all parties that it is on file and open for inspection. Except as otherwise provided by this Rule, any party may file written exceptions to the deposition either in whole or in part for any good cause. Such exceptions shall be passed upon by the judge on motion day or at pretrial.

Rule 33

INTERROGATORIES TO PARTIES

Any party may serve upon any adverse party written interrogatories to be answered by the party served or, if the party served is a public or private corporation or a partnership or association, by any officer or agent, who shall furnish such information as is available to the party. Interrogatories may be served after commencement of the action and without leave of court, except that, if service is made by the plaintiff within 30 days after such commencement, leave of court granted with or without notice

NOTE: This Act is not effective until July 1, 1969.

must first be obtained. The interrogatories shall be answered separately and fully in writing under oath. The answers shall be signed by the person making them; and the party upon whom the interrogatories have been served shall serve a copy of the answers on the party submitting the interrogatories within 15 days after the service of the interrogatories, unless the court, on motion and notice and for good cause shown, enlarges or shortens the time. Within 10 days after service of interrogatories a party may serve written objections thereto together with a notice of hearing the objections at the earliest practicable time. Answers to interrogatories to which objection is made shall be deferred until the objections are determined, but the making of objections to certain interrogatories shall not delay the answering of interrogatories to which objection is not made. If the objections are overruled, the court shall fix the time for answering the interrogatories.

Interrogatories may relate to any matters which can be inquired into under Rule 26(b), and the answers may be used to the same extent as provided in Rule 26(d) for the use of the deposition of a party. Interrogatories may be served after a deposition has been taken, and a deposition may be sought after interrogatories have been answered, but a judge of the court in which the action is pending, as defined by Rule 30(h), on motion of the deponent or the party interrogated, may make such protective order as justice may require. The number of interrogatories or of sets of interrogatories to be served is not limited except as justice requires to protect the party from annoyance, expense, embarrassment, or oppression. The provisions of Rule 30(b) are applicable for the protection of the party from whom answers to interrogatories are sought under this Rule.

Rule 34

DISCOVERY AND PRODUCTION OF DOCUMENTS AND THINGS FOR INSPECTION, COPYING, OR PHOTOGRAPHING

(a) Discovery on Court Order. Upon motion of any party showing good cause therefor and upon notice to all other parties, and subject to the provisions of Rule 30(b), the clerk of the court in which an action is pending or a judge of the court in which an action is pending, as defined by Rule 30(h) may (1) order any party to produce and permit the inspection and copying or photographing, by or on behalf of the moving party, of any designated documents, papers, books, accounts, letters, photographs, objects, or tangible things, not privileged, which constitute or contain evidence relating to any of the matters within the scope of the examination permitted by Rule 26(b) and which are in his possession, custody, or control; or (2) order any party to permit entry upon designated land or other property in his possession or control for the purpose of inspecting, measuring, surveying, or photographing the property or any designated object or operation thereon within the scope of the examination permitted by Rule 26(b). The order shall specify the time, place, and manner of making the inspection and taking the copies and photographs and may prescribe such terms and conditions as are just.

NOTE: This Act is not effective until July 1, 1969.

(b) Discovery Without Court Order. Copies of such designated documents or other things listed in Section (a) (1) as are subject to discovery without a showing of necessity or justification may be obtained without a court order by requiring such copies to be attached to the answers to interrogatories under Rule 33 or produced in response to a subpoena under Rule 45(d). In lieu of furnishing copies of such documents or other things, the party against whom discovery is sought may afford an opportunity for their examination and copying. Copies of statements concerning the action or its subject matter previously given by the party seeking such statement shall be obtainable without court order in accord with the procedure of this subdivision.

Rule 35

PHYSICAL AND MENTAL EXAMINATION OF PERSONS

(a) Order for Examination. In an action in which the mental or physical condition or the blood relationship of a party, or of an agent or a person in the custody or under the legal control of a party, is in controversy, a judge of the court in which the action is pending as defined by Rule 30(h), may order the party to submit to a physical or mental or blood examination by a physician, or to produce for such examination his agent or the person in his custody or legal control. The order may be made only on motion for good cause shown and upon notice to the person to be examined and to all parties and shall specify the time, place, manner, conditions, and scope of the examination and the person or persons by whom it is to be made.

(b) Report of Findings.

(1) If requested by the party against whom an order is made under Section (a) or by the person examined, the party causing the examination to be made shall deliver to him a copy of a detailed written report of the examining physician setting out his findings and conclusions, together with like reports of all earlier examinations of the same condition. After such request and delivery the party causing the examination to be made shall be entitled upon request to receive from the party or person examined a like report of any examination, previously or thereafter made, of the same condition. If the party or person examined refuses to deliver such report, the judge on motion and notice may make an order requiring delivery on such terms as are just, and if a physician fails or refuses to make such a report, the judge may exclude his testimony if offered at the trial.

(2) By requesting and obtaining a report of the examination so ordered or by taking the deposition of the examiner, the party examined waives any privilege he may have in that action or any other involving the same controversy, regarding the testimony of every other person who has examined or may thereafter examine him in respect of the same condition.

NOTE: This Act is not effective until July 1, 1969.

Rule 36

ADMISSION OF FACTS AND OF GENUINENESS OF DOCUMENTS

(a) Request for Admission. After commencement of an action a party may serve upon any other party a written request for the admission by the latter of the genuineness of any relevant documents described in and exhibited with the request or of the truth of any relevant matters of fact set forth in the request. If a plaintiff desires to serve a request within 10 days after commencement of the action, leave to do so must be obtained. Such leave may be granted with or without notice, and by the clerk of the court in which the action is pending or by a judge of the court in which the action is pending, as defined by Rule 30(h). Copies of the documents shall be served with the request unless copies have already been furnished. Each of the matters of which an admission is requested shall be deemed admitted unless, within a period designated in the request, not less than 20 days after service thereof or within such shorter or longer time as may be allowed on motion and notice, the party to whom the request is directed serves upon the party requesting the admission either (1) a sworn statement denying specifically the matters of which an admission is requested or setting forth in detail the reasons why he cannot truthfully admit or deny those matters or (2) written objections on the ground that some or all of the requested admissions are privileged or irrelevant or that the request is otherwise improper in whole or in part. If written objections to a part of the request are made, the remainder of the request shall be answered within the period designated in the request. A denial shall fairly meet the substance of the requested admission, and when good faith requires that a party deny only a part or a qualification of a matter of which an admission is requested, he shall specify so much of it as is true and deny only the remainder. If a request is refused because of lack of information or knowledge upon the part of the party to whom the request is directed, he shall also show in his sworn statement that the means of securing the information or knowledge are not reasonably within his power.

(b) Procedure on Objections. If written objections are made, the party serving the request may, on motion and notice to all other parties, apply to a judge of the court in which the action is pending, as defined by Rule 30(h), for an order directing the objecting party to respond to the request. The party serving the request may apply, in like manner, for a similar order when he regards the reasons set forth for neither admitting or denying the request as insufficient.

(c) Use of Admissions; Effect Thereof. Objection to the use of an admission obtained under this Rule at the trial or hearing may be made irrespective of whether there has been prior objection. Any admission made pursuant to this Rule is for the purpose of the pending action only and neither constitutes an admission by the party for any other purpose nor may the admission be used against him in any other proceeding.

NOTE: This Act is not effective until July 1, 1969.

Rule 37

FAILURE TO MAKE DISCOVERY; CONSEQUENCES

(a) Failure to Answer. If a party or other deponent does not answer any question propounded upon oral examination, the examination shall be completed on other matters and then adjourned. Thereafter, on five days' notice to all persons affected thereby, the proponent may apply to a judge of the court in which the action is pending or a judge of the court in the county where the deposition is being taken, as defined by Rule 30(h), for an order compelling an answer. Upon the failure of a deponent to answer any interrogatory submitted under Rule 31 or upon the failure of a party to answer any interrogatory submitted under Rule 33, the proponent may on like notice make like application for such an order. If the motion is granted, the order shall fix a time and place for further examination or a time for responding to the interrogatory as the case may be. No additional notice of examination need be given.

(b) Failure to Comply With Order or to Answer After Denial of Protective Order.

(1) If a party or other witness fails without good cause to be sworn or fails without good cause to answer any question or interrogatory after being directed to do so by the judge, such failure may be considered a contempt of court.

(2) Other consequences:

If any party or an officer or managing agent of a party fails without good cause to obey an order made under Section (a) of this Rule requiring him to answer designated questions or interrogatories, or an order made under Rule 34, Rule 35 or Rule 36, the judge may make such orders in respect to the failure to answer as are just. The relief granted may include, if just, the following:

(i) An order that the matters regarding which the questions were asked, or the character or description of the thing or land, or the contents of the paper, or the physical or mental or blood condition sought to be examined, or any other designated facts shall be taken to be established for the purposes of the action in accordance with the claim of the party obtaining the order.

(ii) An order refusing to allow the disobedient party to support or oppose designated claims or defenses, or prohibiting him from introducing in evidence designated documents or things or items of testimony, or from introducing evidence of the physical or mental or blood condition sought to be examined.

(iii) An order striking out pleadings or parts thereof, or staying further proceedings until the order is obeyed or the question or interrogatory is answered, or dismissing the action or proceeding or any part thereof, or rendering a judgment by default against the disobedient party.

(iv) When a party has failed to comply with an order under Rule 35(a) requiring him to produce another for examination, such orders as are listed in subdivisions (i), (ii) and (iii) of this subdivision of this

NOTE: This Act is not effective until July 1, 1969.

Rule unless the party failing to comply shows that he is unable to produce such person for examination.

(c) Expenses on Refusal to Admit. If a party, after being served with a request under Rule 36 to admit the genuineness of any documents or the truth of any matters of fact, serves a sworn denial thereof and if the genuineness of any such document or the truth of any such matter of fact is thereafter established by the admission of such party, or by the verdict of the jury, or by a finding by the court when there is a trial without a jury, he may apply to the judge for an order requiring the other party to pay him the reasonable expenses incurred in making such proof, excluding attorney's fees. If the judge finds that there were no good reasons for the denial and that the admissions sought were of substantial importance, the order shall be made.

(d) Failure of Party to Attend or Serve Answers. If a party or an officer or managing agent of a party without good cause fails to appear before the person before whom the deposition is to be taken, after being served with a proper notice, or without good cause fails to serve answers to interrogatories submitted under Rule 33, after proper service of such interrogatories, a judge of the court in which the action is pending, as defined by Rule 30(h), on motion and notice may make such orders as may be just including, among others, the striking of all or any part of any pleading of that party, or dismissing the action or proceeding or any part thereof, or the entry of a judgment by default against that party.

ARTICLE 6

Trials

Rule 38

JURY TRIAL OF RIGHT

(a) Right Preserved. The right of trial by jury as declared by the Constitution or statutes of North Carolina shall be preserved to the parties inviolate.

(b) Demand. Any party may demand a trial by jury of any issue triable of right by a jury by serving upon the other parties a demand therefor in writing at any time after commencement of the action and not later than 10 days after the service of the last pleading directed to such issue. Such demand may be made in the pleading of the party or endorsed on the pleading.

(c) Demand: Specification of Issues. In his demand a party may specify the issues which he wishes so tried; otherwise, he shall be deemed to have demanded trial by jury for all the issues so triable. If a party has demanded trial by jury for only some of the issues, any other party within 10 days after service of the last pleading directed to such issues or within 10 days after service of the demand, whichever is later, or such lesser time as the court may order, may serve a demand for trial by jury of any other or all of the issues in the action.

NOTE: This Act is not effective until July 1, 1969.

(d) Waiver. Except in actions wherein jury trial cannot be waived, the failure of a party to serve a demand as required by this Rule and file it as required by Rule 5(d) constitutes a waiver by him of trial by jury. A demand for trial by jury as herein provided may not be withdrawn without the consent of the parties who have pleaded or otherwise appear in the action.

Rule 39

TRIAL BY JURY OR BY THE COURT

(a) By Jury. When trial by jury has been demanded and has not been withdrawn as provided in Rule 38, the action shall be designated upon the docket as a jury action. The trial of all issues so demanded shall be by jury, unless (1) the parties who have pleaded or otherwise appeared in the action or their attorneys of record, by written stipulation filed with the court or by an oral stipulation made in open court and entered in the minutes, consent to trial by the court sitting without a jury, or (2) the court upon motion or of its own initiative finds that a right of trial by jury of some or all of those issues does not exist under the Constitution or statutes.

(b) By the Court. Issues not demanded for trial by jury as provided in Rule 38 shall be tried by the court; but, notwithstanding the failure of a party to demand a trial by jury in an action in which such a demand might have been made of right, the court in its discretion upon motion or of its own initiative may order a trial by jury of any or all issues.

(c) Advisory Jury and Trial by Consent. In all actions not triable of right by a jury the court upon motion or of its own initiative may try any issue or question of fact with an advisory jury or the court, with the consent of the parties, may order a trial with a jury whose verdict has the same effect as if trial by jury had been a matter of right. In either event the jury shall be selected in the manner provided by Rule 47(a).

Rule 40

ASSIGNMENT OF CASES FOR TRIAL

The resident judge of any judicial district senior in point of continuous service on the superior court may provide by rule for the calendaring of actions for trial in the superior court division of the various counties within his district. Calendaring of actions for trial in the district court shall be in accordance with G. S. 7A-146. Precedence shall be given to actions entitled thereto by any statute of this State.

Rule 41

DISMISSAL OF ACTIONS

(a) Voluntary Dismissal; Effect Thereof.

(1) By Plaintiff; by Stipulation. Subject to the provisions of Rule 23(c) and of any statute of this State, an action or any claim therein may be dismissed by the plaintiff without order of court (i) by filing a notice

NOTE: This Act is not effective until July 1, 1969.

of dismissal at any time before service by the adverse party of an answer or of a motion for summary judgment or of any motion treated as a motion for summary judgment under these Rules, whichever first occurs, or (ii) by filing a stipulation of dismissal signed by all parties who have appeared in the action. Unless otherwise stated in the notice of dismissal or stipulation, the dismissal is without prejudice, except that a notice of dismissal operates as an adjudication upon the merits when filed by a plaintiff who has once dismissed in any court of this or any other state or of the United States, an action based on or including the same claim. If a claim is dismissed without prejudice under (i) of this subsection (1), a new action based on the same claim may be commenced within one year after such dismissal.

(2) By Order of Judge. Except as provided in subsection (1) of this Section, an action or any claim therein shall not be dismissed at the plaintiff's instance save upon order of the judge and upon such terms and conditions as justice requires. Unless otherwise specified in the order, a dismissal under this subsection is without prejudice. If any action or claim is dismissed without prejudice under this subsection (2), a new action based on the same claim may be commenced within one year after such dismissal unless the judge shall specify a shorter time.

(b) Involuntary Dismissal; Effect Thereof. For failure of the plaintiff to prosecute or to comply with these Rules or any order of court, a defendant may move for dismissal of an action or of any claim against him. After the plaintiff has completed the presentation of his evidence, the defendant, without waiving his right to offer evidence in the event the motion is not granted, may move for a dismissal on the ground that upon the facts and the law the plaintiff has shown no right to relief. In an action tried by the court without a jury the court as trier of the facts may then determine them and render judgment against the plaintiff or may decline to render any judgment until the close of all the evidence. If the court renders judgment on the merits against the plaintiff, the court shall make findings as provided in Rule 52(a). Unless the court in its orders for dismissal otherwise specifies, a dismissal under this Section operates as an adjudication upon the merits. If the dismissal is not on the merits, the time within which a new action based on the same claim may be commenced shall be determined by the judge, but in no event shall the time exceed one year from the entry of the judgment of dismissal.

(c) Dismissal of Counterclaim, Crossclaim, or Third-Party Claim. The provisions of this Rule apply to the dismissal of any counterclaim, crossclaim, or third-party claim. A voluntary dismissal by the claimant alone pursuant to Section (a) shall be made before a motion for summary judgment or any motion so treated under these Rules, or before a responsive pleading is served by the adverse party, or, if there is none, before the introduction of evidence at the trial or hearing.

(d) Costs. A plaintiff who dismisses an action or claim under Section (a) of this Rule shall be taxed with the costs of the action unless the action was brought in forma pauperis. If a plaintiff who has once dismissed an

NOTE: This Act is not effective until July 1, 1969.

action in any court commences an action based upon or including the same claim against the same defendant before the payment of the costs of the action previously dismissed, unless such previous action was brought in forma pauperis, the court, upon motion of the defendant, shall dismiss the action.

Rule 42

CONSOLIDATION; SEPARATE TRIALS

(a) Consolidation. When actions involving a common question of law or fact are pending in one division of the court, the judge may order a joint hearing or trial of any or all the matters in issue in the actions; he may order all the actions consolidated; and he may make such orders concerning proceedings therein as may tend to avoid unnecessary costs or delay. When actions involving a common question of law or fact are pending in both the superior and the district court of the same county, a judge of the superior court in which the action is pending may order all the actions consolidated, and he may make such orders concerning proceedings therein as may tend to avoid unnecessary costs or delay.

(b) Separate Trials. The court may in furtherance of convenience or to avoid prejudice and shall for considerations of venue upon timely motion order a separate trial of any claim, crossclaim, counterclaim, or third-party claim, or of any separate issue or of any number of claims, cross-claims, counterclaims, third-party claims, or issues.

Rule 43

EVIDENCE

(a) Form. In all trials the testimony of witnesses shall be taken orally in open court, unless otherwise provided by these Rules.

(b) Examination of Hostile Witnesses and Adverse Parties. A party may interrogate any unwilling or hostile witness by leading questions and may contradict and impeach him in all respects as if he had been called by the adverse party. A party may call an adverse party or an agent or employee of an adverse party, or an officer, director, or employee of a public or private corporation or of a partnership or association which is an adverse party, or an officer, agent or employee of a State, county or municipal government or agency thereof which is an adverse party, and interrogate him by leading questions and contradict and impeach him in all respects as if he had been called by the adverse party.

(c) Record of Excluded Evidence. In an action tried before a jury, if an objection to a question propounded to a witness is sustained by the court, the court on request of the examining attorney shall order a record made of the answer the witness would have given. The court may add such other or further statement as clearly shows the character of the evidence, the form in which it was offered, the objection made and the ruling thereon. In actions tried without a jury the same procedure may be followed, except that the court upon request shall take and report the

NOTE: This Act is not effective until July 1, 1969.

evidence in full, unless it clearly appears that the evidence is not admissible on any grounds or that the witness is privileged.

(d) Affirmation in Lieu of Oath. Whenever under these Rules an oath is required to be taken, a solemn affirmation may be accepted in lieu thereof.

(e) Evidence on Motions. When a motion is based on facts not appearing of record the court may hear the matter on affidavits presented by the respective parties, but the court may direct that the matter be heard wholly or partly on oral testimony or depositions.

Rule 44

PROOF OF OFFICIAL RECORD

(a) Authentication of Copy. An official record or an entry therein, when admissible for any purpose, may be evidenced by an official publication thereof or by a copy attested by the officer having the legal custody of the record, or by his deputy, and accompanied with a certificate that such officer has the custody. If the office in which the record is kept is without the State of North Carolina but within the United States or within a territory or insular possession subject to the dominion of the United States, the certificate may be made by a judge of a court of record of the political subdivision in which the record is kept, authenticated by the seal of the court, or may be made by any public officer having a seal of office and having official duties in the political subdivision in which the record is kept, authenticated by the seal of his office. If the office in which the record is kept is in a foreign state or country, the certificate may be made by a secretary of embassy or legation, consul general, consul, vice consul, or consular agent or by any officer in the foreign service of the United States stationed in the foreign state or country in which the record is kept, and authenticated by the seal of his office.

(b) Proof of Lack of Record. A written statement signed by an officer having the custody of an official record or by his deputy that after diligent search no record or entry of a specified tenor is found to exist in the records of his office, accompanied by a certificate as above provided, is admissible as evidence that the records of his office contain no such record or entry.

(c) Other Proof. This Rule does not prevent the proof of official records specified in Title 28, U. S. C. §§ 1738 and 1739 in the manner therein provided; nor of entry or lack of entry in official records by any method authorized by any other applicable statute or by the rules of evidence at common law.

Rule 45

SUBPOENA

(a) For Attendance of Witnesses; Issuances; Form. A subpoena for the purpose of obtaining the testimony of a witness in a pending cause shall, except as hereinafter provided, be issued at the request of any party by the clerk of superior court for the county in which the hearing

NOTE: This Act is not effective until July 1, 1969.

or trial is to be held. A subpoena shall be directed to the witness, shall state the name of the court and the title of the action, the name of the party at whose instance the witness is summoned, and shall command the person to whom it is directed to attend and give testimony at a time and place therein specified. The clerk shall issue a subpoena, or a subpoena for the production of documentary evidence, signed but otherwise in blank, to a party requesting it, who shall fill it in before service.

(b) Issuance by a Judge. Such subpoena may also be issued by any judge of the superior court, judge of the district court, or magistrate.

(c) For Production of Documentary Evidence. A subpoena may also command the person to whom it is directed to produce the records, books, papers, documents, or tangible things designated therein; but the judge, upon motion made promptly and in any event at or before the time specified in the subpoena for compliance therewith, may (1) quash or modify the subpoena if it is unreasonable and oppressive and in such case may order the party in whose behalf the subpoena is issued to pay the person to whom the subpoena is directed part or all of his reasonable expenses including attorneys' fees or (2) grant the motion unless the party in whose behalf the subpoena is issued advances the reasonable cost of producing the records, books, papers, documents, or tangible things.

(d) Subpoena for Taking Depositions; Place of Examination.

(1) Proof of service of a notice to take a deposition as provided in Rules 30(a) and 31(a) constitutes a sufficient authorization for the issuance by the clerk of the superior court for the county in which the deposition is to be taken of subpoenas for the persons named or described therein. The subpoena may command the person to whom it is directed to produce designated records, books, papers, documents, or tangible things which constitute or contain evidence relating to any of the matters within the scope of the examination permitted by Rule 26(b), but in that event the subpoena will be subject to the provisions of Section (b) of Rule 30 and Section (c) of this Rule.

(2) A resident of the State may be required to attend for examination by deposition only in the county wherein he resides or is employed or transacts his business in person. A nonresident of the State may be required to attend for such examination only in the county wherein he is served with a subpoena, or within 40 miles from the place of service, or at such other convenient place as is fixed by an order of court.

(e) Service. All subpoenas may be served by the sheriff, by his deputy, by a constable, by a coroner or by any other person who is not a party. Service may be made only by the delivery of a copy to the person named therein by any person authorized in this subdivision to serve subpoenas, or by telephone communication with the person named therein by any process officer as specified in this Section, or by mailing the subpoena, registered or certified mail, return receipts requested, by any process officer specified in this Section. Personal service shall be proved by return of the process officer making service and by return under oath of any other person making service. Service by telephone communication shall be proved by return of the process officer noting the method of service. Service

NOTE: This Act is not effective until July 1, 1969.

by registered or certified mail shall be proved by filing the return receipt with the return.

(f) Punishment for Failure to Obey. Failure by any person without adequate cause to obey a subpoena served upon him may be deemed a contempt of the court from which the subpoena issued. Failure by a party without adequate cause to obey a subpoena served upon him shall also subject such party to the sanctions provided in Rule 37(d).

Rule 46

OBJECTIONS AND EXCEPTIONS

(a) Rulings on Admissibility of Evidence.

(1) When there is objection to the admission of evidence on the ground that the witness is for a specified reason incompetent or not qualified or disqualified, it shall be deemed that a like objection has been made to any subsequent admission of evidence from the witness in question. Similarly, when there is objection to the admission of evidence involving a specified line of questioning, it shall be deemed that a like objection has been taken to any subsequent admission of evidence involving the same line of questioning.

(2) If there is proper objection to the admission of evidence and the objection is overruled, the ruling of the court shall be deemed excepted to by the party making the objection. If an objection to the admission of evidence is sustained or if the court for any reason excludes evidence offered by a party, the ruling of the court shall be deemed excepted to by the party offering the evidence.

(3) No objections are necessary with respect to questions propounded to a witness by the court or a juror but it shall be deemed that each such question has been properly objected to and that the objection has been overruled and that an exception has been taken to the ruling of the court by all parties to the action.

(b) Rulings and Orders Not Directed to the Admissibility of Evidence. With respect to rulings and orders of the court not directed to the admissibility of evidence, formal objections and exceptions are unnecessary. In order to preserve an exception to any such ruling or order or to the court's failure to make any such ruling or order, it shall be sufficient if a party, at the time the ruling or order is made or sought, makes known to the court his objection to the action of the court or makes known the action which he desires the court to take and his ground therefor; and if a party has no opportunity to object or except to a ruling or order at the time it is made, the absence of an objection or exception does not thereafter prejudice him.

(c) Instruction. If there is error, either in the refusal of the judge to grant a prayer for instructions, or in granting a prayer, or in his instructions generally, the same is deemed excepted to without the filing of any formal objections.

NOTE: This Act is not effective until July 1, 1969.

Rule 47

JURORS

Inquiry as to the fitness and competency of any person to serve as a juror and the challenging of such person shall be as provided in Chapter 9 of the General Statutes.

Rule 48

JURIES OF LESS THAN TWELVE—MAJORITY VERDICT

Except in actions in which a jury is required by statute, the parties may stipulate that the jury shall consist of any number less than 12 or that a verdict or a finding of a stated majority of the jurors shall be taken as the verdict or finding of the jury.

Rule 49

VERDICTS

(a) General and Special Verdicts. The judge may require a jury to return either a general or a special verdict and in all cases may instruct the jury, if it renders a general verdict, to find upon particular questions of fact, to be stated in writing, and may direct a written finding thereon. A general verdict is that by which the jury pronounces generally upon all or any of the issues, either in favor of the plaintiff or defendant. A special verdict is that by which the jury finds the facts only.

(b) Framing of Issues. Issues shall be framed in concise and direct terms, and prolixity and confusion must be avoided by not having too many issues. The issues, material to be tried, must be made up by the attorneys appearing in the action, or by the judge presiding, and reducing to writing, before or during the trial.

(c) Waiver of Jury Trial on Issue. If, in submitting the issues to the jury, the judge omits any issue of fact raised by the pleadings or by the evidence, each party waives his right to a trial by jury of the issue so omitted unless before the jury retires he demands its submission to the jury. As to an issue omitted without such demand the judge may make a finding; or, if he fails to do so, he shall be deemed to have made a finding in accord with the judgment entered.

(d) Special Finding Inconsistent with General Verdict. Where a special finding of facts is inconsistent with the general verdict, the former controls, and the judge shall give judgment accordingly.

Rule 50

MOTION FOR A DIRECTED VERDICT AND FOR JUDGMENT NOTWITHSTANDING THE VERDICT

(a) When Made; Effect. A party who moves for a directed verdict at the close of the evidence offered by an opponent may offer evidence in the event that the motion is not granted, without having reserved the right so to do and to the same extent as if the motion had not been made. A motion for a directed verdict which is not granted is not a waiver of trial

NOTE: This Act is not effective until July 1, 1969.

by jury even though all parties to the action have moved for directed verdicts. A motion for a directed verdict shall state the specific grounds therefor. The order granting a motion for a directed verdict shall be effective without any assent of the jury.

(b) Motion for Judgment Notwithstanding the Verdict. Whenever a motion for a directed verdict made at the close of all the evidence is denied or for any reason is not granted, the submission of the action to the jury shall be deemed to be subject to a later determination of the legal questions raised by the motion. Not later than 10 days after entry of judgment, a party who has moved for a directed verdict may move to have the verdict and any judgment entered thereon set aside and to have judgment entered in accordance with his motion for a directed verdict; or if a verdict was not returned such party, within 10 days after the jury has been discharged, may move for judgment in accordance with his motion for a directed verdict. In either case the motion shall be granted if it appears that the motion for directed verdict could properly have been granted. A motion for a new trial may be joined with this motion, or a new trial may be prayed for in the alternative. If a verdict was returned the judge may allow the judgment to stand or may set aside the judgment and either order a new trial or direct the entry of judgment as if the requested verdict had been directed. If no verdict was returned the judge may direct the entry of judgment as if the requested verdict had been directed or may order a new trial. No review of the failure to grant a motion for directed verdict shall be had unless the party also moves for judgment after submission of the action to the jury. But a motion to set aside or otherwise nullify a verdict or for a new trial shall be deemed to include a motion for judgment in accordance with the motion for a directed verdict as an alternative.

(c) Same; Conditional Rulings on Grant of Motion.

(1) If the motion for judgment notwithstanding the verdict, provided for in Section (b) of this Rule, is granted, the court shall also rule on the motion for new trial, if any, by determining whether it should be granted if the judgment is thereafter vacated or reversed, and shall specify the grounds for granting or denying the motion for the new trial. If the motion for new trial is thus conditionally granted, the order thereon does not affect the finality of the judgment. In case the motion for new trial has been conditionally granted and the judgment is reversed on appeal, the new trial shall proceed unless the appellate division has otherwise ordered. In case the motion for new trial has been conditionally denied, the appellee on appeal may assert error in that denial; and if the judgment is reversed on appeal, subsequent proceedings shall be in accordance with the order of the appellate division.

(2) The party whose verdict has been set aside on motion for judgment notwithstanding the verdict may serve a motion for a new trial pursuant to Rule 59 not later than 10 days after entry of the judgment notwithstanding the verdict.

(d) Same; Denial of Motion. If the motion for judgment notwithstanding the verdict is denied, the party who prevailed on that motion may,

NOTE: This Act is not effective until July 1, 1969.

as appellee, assert grounds entitling him to a new trial in the event the appellate division concludes that the trial court erred in denying the motion for judgment notwithstanding the verdict. If the appellate division reverses the judgment, nothing in this Rule precludes it from determining that the appellee is entitled to a new trial, or from directing the trial court to determine whether a new trial shall be granted.

Rule 51

INSTRUCTIONS TO JURY

(a) Judge to Explain Law but Give No Opinion on Facts. In charging the jury in any action governed by these Rules, no judge shall give an opinion whether a fact is fully or sufficiently proved, that being the true office and province of the jury, but he shall declare and explain the law arising on the evidence given in the case. The judge shall not be required to state such evidence except to the extent necessary to explain the application of the law thereto: provided, the judge shall give equal stress to the contentions of the various parties.

(b) Requests for Special Instructions. Requests for special instructions must be in writing, entitled in the cause, and signed by the counsel or party submitting them. Such requests for special instructions must be submitted to the judge before the judge's charge to the jury is begun. The judge may, in his discretion, consider such requests regardless of the time they are made. Written requests for special instructions shall, after their submission to the judge, be filed with the clerk as a part of the record.

(c) Judge Not to Comment on Verdict. The judge shall make no comment on any verdict in open court in the presence or hearing of any member of the jury panel; and if any judge shall make any comment as herein prohibited or shall praise or criticize any jury on account of its verdict, whether such praise, criticism or comment be made inadvertently or intentionally, such praise, criticism or comment by the judge shall for any party to any other action remaining to be tried constitute valid grounds as a matter of right for a continuance of any action to a time when all members of the jury panel are no longer serving. The provisions of this Section shall not be applicable upon the hearing of motions for a new trial or for judgment notwithstanding the verdict.

Rule 52

FINDINGS BY THE COURT

(a) Findings. In all actions tried upon the facts without a jury or with an advisory jury, the court shall find the facts specially and state separately its conclusions of law thereon and direct the entry of the appropriate judgment. Except as provided in Rule 41(b), findings of fact and conclusions of law are unnecessary on decisions of any motion unless requested by a party. Similarly, findings of fact and conclusions of law are unnecessary on the granting or denying of a temporary injunction or

NOTE: This Act is not effective until July 1, 1969.

any other provisional remedy except as otherwise provided by statute expressly relating to such remedy or unless requested by a party.

(b) Amendment. Upon motion of a party made not later than 10 days after entry of judgment the court may amend its findings or make additional findings and may amend the judgment accordingly. The motion may be made with a motion for a new trial pursuant to Rule 59.

(c) Review on Appeal. When findings of fact are made in actions tried by the court without a jury, the question of the sufficiency of the evidence to support the findings may be raised on appeal whether or not the party raising the question has made in the trial court an objection to such findings or has made a motion to amend them or a motion for judgment, or a request for specific findings.

Rule 53

REFEREES

(a) Kinds of Reference.

(1) By Consent. Any or all of the issues in an action may be referred upon the written consent of the parties except in actions to annul a marriage, and actions for divorce and separation.

(2) Compulsory. Where the parties do not consent to a reference, the court may, upon the application of any party or on its own motion, order a reference in the following cases:

(i) Where the trial of an issue requires the examination of a long or complicated account; in which case the referee may be directed to hear and decide the whole issue, or to report upon any specific question of fact involved therein.

(ii) Where the taking of an account is necessary for the information of the court before judgment, or for carrying a judgment or order into effect.

(iii) Where the case involves a complicated question of boundary, or requires a personal view of the premises.

(iv) Where a question of fact arises outside the pleadings, upon motion or otherwise, at any stage of the action.

(b) Jury Trial.

(1) Where the reference is by consent, the parties waive the right to have any of the issues within the scope of the reference passed on by a jury.

(2) A compulsory reference does not deprive any party of his right to a trial by jury, which right he may preserve by

(i) Objecting to the order of compulsory reference at the time it is made, and

(ii) By filing specific exceptions to particular findings of fact made by the referee within 30 days after the referee files his report with the clerk of the court in which the action is pending, and

(iii) By formulating appropriate issues based upon the exceptions taken and demanding a jury trial upon such issues. Such issues shall be tendered at the same time the exceptions to the referee's report are

NOTE: This Act is not effective until July 1, 1969.

filed. If there is a trial by jury upon any issue referred, the trial shall be only upon the evidence taken before the referee.

(c) Appointment. The parties may agree in writing upon one or more persons not exceeding three, and a reference shall be ordered to such person or persons in appropriate cases. If the parties do not agree, the court shall appoint one or more referees, not exceeding three, but no person shall be appointed referee to whom all parties in the action object.

(d) Compensation. The compensation to be allowed a referee shall be fixed by the court and charged in the bill of costs. After appointment of a referee, the court may from time to time order advancements by one or more of the parties of sums to be applied to the referee's compensation. Such advancements may be apportioned between the parties in such manner as the court sees fit. Advancements so made shall be taken into account in the final fixing of costs and such adjustments made as the court then deems proper.

(e) Powers. The order of reference to the referee may specify or limit his powers and may direct him to report only upon particular issues or to do or perform particular acts or to receive and report evidence only and may fix the time and place for beginning and closing the hearings and for the filing of the referee's report. Subject to the specifications and limitations stated in the order, every referee has power to administer oaths in any proceeding before him, and has generally the power vested in a referee by law. The referee shall have the same power to grant adjournments and to allow amendments to pleadings and to the summons as the judge and upon the same terms and with like effect. The referee shall have the same power as the judge to preserve order and punish all violations thereof, to compel the attendance of witnesses before him by attachment, and to punish them as for contempt for nonattendance or for refusal to be sworn or to testify. The parties may procure the attendance of witnesses before the referee by the issuance and service of subpoenas as provided in Rule 45.

(f) Proceedings.

(1) Meetings. When a reference is made, the clerk shall forthwith furnish the referee with a copy of the order of reference. Upon receipt thereof unless the order of reference otherwise provides, the referee shall forthwith set a time and place for the first meeting of the parties or their attorneys to be held within 20 days after the date of the order of reference and shall notify the parties or their attorneys. It is the duty of the referee to proceed with all reasonable diligence. Any party, on notice to all other parties and the referee, may apply to the court for an order requiring the referee to expedite the proceedings and to make his report. If a party fails to appear at the time and place appointed, the referee may proceed ex parte, or, in his discretion, may adjourn the proceedings to a future day, giving notice to the absent party of the adjournment.

(2) Statement of Accounts. When matters of accounting are in issue before the referee, he may prescribe the form in which the accounts shall be submitted and in any proper case may require or receive in

NOTE: This Act is not effective until July 1, 1969.

evidence a statement by a certified public accountant or other qualified accountant who is called as a witness. Upon objection of a party to any of the items thus submitted or upon a showing that the form of statement is insufficient, the referee may require a different form of statement to be furnished, or the accounts of specific items thereof to be proved by oral examination of the accounting parties or upon written interrogatories or in such other manner as he directs.

(3) Testimony Reduced to Writing. The testimony of all witnesses must be reduced to writing by the referee, or by someone acting under his direction and shall be filed in the cause and constitute a part of the record.

(g) Report.

(1) Contents and Filing. The referee shall prepare a report upon the matters submitted to him by the order of reference and shall include therein his decision on all matters so submitted. If required to make findings of fact and conclusions of law, he shall set them forth separately in the report. He shall file the report with the clerk of the court in which the action is pending and unless otherwise directed by the order of reference, shall file with it a transcript of the proceedings and of the evidence and the original exhibits. Before filing his report a referee may submit a draft thereof to counsel for all parties for the purpose of receiving their suggestions. The clerk shall forthwith mail to all parties notice of the filing.

(2) Exceptions and Review. All or any part of the report may be excepted to by any party within 30 days from the filing of the report. Thereafter, and upon 10 days' notice to the other parties, any party may apply to the judge for action on the report. The judge after hearing may adopt, modify or reject the report in whole or in part, render judgment, or may remand the proceedings to the referee with instructions. No judgment may be rendered on any reference except by the judge.

ARTICLE 7

Judgment

Rule 54

JUDGMENTS

(a) Definitions. A judgment is either interlocutory or the final determination of the rights of the parties.

(b) Judgment Upon Multiple Claims or Involving Multiple Parties. When more than one claim for relief is presented in an action, whether as a claim, counterclaim, crossclaim, or third-party claim, or when multiple parties are involved, the court may enter a final judgment as to one or more but fewer than all of the claims or parties only if there is no just reason for delay and it is so determined in the judgment. Such judgment shall then be subject to review by appeal or as otherwise provided by these Rules or other statutes. In the absence of entry of such a final judgment, any order or other form of decision, however designated, which adjudicates fewer than all the claims or the rights and liabilities of fewer

NOTE: This Act is not effective until July 1, 1969.

than all the parties shall not terminate the action as to any of the claims or parties and shall not then be subject to review either by appeal or otherwise except as expressly provided by these Rules or other statutes. Similarly, in the absence of entry of such a final judgment, any order or other form of decision is subject to revision at any time before the entry of judgment adjudicating all the claims and the rights and liabilities of all the parties.

(c) Demand for Judgment. A judgment by default shall not be different in kind from or exceed in amount that prayed for in the demand for judgment. Except as to a party against whom a judgment is entered by default, every final judgment shall grant the relief to which the party in whose favor it is rendered is entitled, even if the party has not demanded such relief in his pleadings.

Rule 55

DEFAULT

(a) Entry. When a party against whom a judgment for affirmative relief is sought has failed to plead or is otherwise subject to default judgment as provided by these Rules or by statute and that fact is made to appear by affidavit or otherwise, the clerk shall enter his default.

(b) Judgment. Judgment by default may be entered as follows:

(1) By the Clerk. When the plaintiff's claim against a defendant is for a sum certain or for a sum which can by computation be made certain, the clerk upon request of the plaintiff and upon affidavit of the amount due shall enter judgment for that amount and costs against the defendant, if he has been defaulted for failure to appear and if he is not an infant or incompetent person.

In all cases wherein, pursuant to this Rule, the clerk enters judgment by default upon a claim for debt which is secured by any pledge, mortgage, deed of trust or other contractual security in respect of which foreclosure may be had, or upon a claim to enforce a lien for unpaid taxes or assessments under G. S. 105-414, the clerk may likewise make all further orders required to consummate foreclosure in accordance with the procedure provided in Article 29A of Chapter 1 of the General Statutes, entitled 'Judicial Sales'.

(2) By the Judge. In all other cases the party entitled to a judgment by default shall apply to the judge therefor; but no judgment by default shall be entered against an infant or incompetent person unless represented in the action by a guardian ad litem or other such representative who has appeared therein. If the party against whom judgment by default is sought has appeared in the action, he (or, if appearing by representative, his representative) shall be served with written notice of the application for judgment at least three days prior to the hearing on such application. If, in order to enable the judge to enter judgment or to carry it into effect, it is necessary to take an account or to determine the amount of damages or to establish the truth of any averment by evidence or to take an investigation of any other matter, the judge may conduct such hearings or order such references as he deems necessary and proper and

NOTE: This Act is not effective until July 1, 1969.

shall accord a right of trial by jury to the parties when and as required by the Constitution or by any statute of North Carolina.

(c) Service by Publication or Without the State. When service of the summons has been made by published notice, no judgment shall be entered on default until the plaintiff shall have filed a bond, approved by the court, conditioned to abide such order as the court may make touching the restitution of any property collected or obtained by virtue of the judgment in case a defense is thereafter permitted and sustained; provided, that in actions involving the title to real estate or to foreclose mortgages thereon such bond shall not be required.

(d) Setting Aside Default. For good cause shown the court may set aside an entry of default, and, if a judgment by default has been entered, the judge may set it aside in accordance with Rule 60(b).

(e) Plaintiffs, Counterclaimants, Crossclaimants. The provisions of this Rule apply whether the party entitled to the judgment by default is a plaintiff, a third-party plaintiff, or a party who has pleaded a crossclaim or counterclaim. In all cases a judgment by default is subject to the limitations of Rule 54(c).

(f) Judgment Against the State of North Carolina. No judgment by default shall be entered against the State of North Carolina or an officer in his official capacity or agency thereof unless the claimant establishes his claim or right to relief by evidence.

Rule 56

SUMMARY JUDGMENT

(a) For Claimant. A party seeking to recover upon a claim, counterclaim, or crossclaim or to obtain a declaratory judgment may, at any time after the expiration of 30 days from the commencement of the action or after service of a motion for summary judgment by the adverse party, move with or without supporting affidavits for a summary judgment in his favor upon all or any part thereof.

(b) For Defending Party. A party against whom a claim, counterclaim, or crossclaim is asserted or a declaratory judgment is sought, may, at any time, move with or without supporting affidavits for a summary judgment in his favor as to all or any part thereof.

(c) Motion and Proceedings Thereon. The motion shall be served at least 10 days before the time fixed for the hearing. The adverse party prior to the day of hearing may serve opposing affidavits. The judgment sought shall be rendered forthwith if the pleadings, depositions, answers to interrogatories, and admissions on file, together with the affidavits, if any, show that there is no genuine issue as to any material fact and that any party is entitled to a judgment as a matter of law. A summary judgment, interlocutory in character, may be rendered on the issue of liability alone although there is genuine issue as to the amount of damages. Summary judgment, when appropriate, may be rendered against the moving party.

(d) Case Not Fully Adjudicated on Motion. If on motion under this Rule judgment is not rendered upon the whole case or for all the relief

NOTE: This Act is not effective until July 1, 1969.

asked and a trial is necessary, the court at the hearing of the motion, by examining the pleadings and the evidence before it and by interrogating counsel, shall if practicable ascertain what material facts exist without substantial controversy and what material facts are actually and in good faith controverted. It shall thereupon make an order specifying the facts that appear without substantial controversy, including the extent to which the amount of damages or other relief is not in controversy, and directing such further proceedings in the action as are just. Upon the trial of the action the facts so specified shall be deemed established.

(e) Form of Affidavits; Further Testimony; Defense Required. Supporting and opposing affidavits shall be made on personal knowledge, shall set forth such facts as would be admissible in evidence, and shall show affirmatively that the affiant is competent to testify to the matters stated therein. Sworn or certified copies of all papers or parts thereof referred to in an affidavit shall be attached thereto or served therewith. The court may permit affidavits to be supplemented or opposed by depositions, answers to interrogatories, or further affidavits. When a motion for summary judgment is made and supported as provided in this Rule, an adverse party may not rest upon the mere allegations or denials of his pleading, but his response, by affidavits or as otherwise provided in this Rule, must set forth specific facts showing that there is a genuine issue for trial. If he does not so respond, summary judgment, if appropriate, shall be entered against him.

(f) When Affidavits are Unavailable. Should it appear from the affidavits of a party opposing the motion that he cannot for reasons stated present by affidavit facts essential to justify his opposition, the court may refuse the application for judgment or may order a continuance to permit affidavits to be obtained or depositions to be taken or discovery to be had or may make such other order as is just.

(g) Affidavits Made in Bad Faith. Should it appear to the satisfaction of the court at any time that any of the affidavits presented pursuant to this Rule are presented in bad faith or solely for the purpose of delay, the court shall forthwith order the party employing them to pay to the other party the amount of the reasonable expenses which the filing of the affidavits caused him to incur, including reasonable attorney's fees.

Rule 57

DECLARATORY JUDGMENTS

The procedure for obtaining a declaratory judgment pursuant to Article 26, Chapter 1, General Statutes of North Carolina, shall be in accordance with these Rules, and the right to trial by jury may be demanded under the circumstances and in the manner provided in Rules 38 and 39. The existence of another adequate remedy does not preclude a judgment for declaratory relief in cases where it is appropriate. The court may order a prompt hearing of an action for a declaratory judgment and may advance it on the calendar.

NOTE: This Act is not effective until July 1, 1969.

Rule 58

ENTRY OF JUDGMENT

Subject to the provisions of Rule 54(b): Upon a jury verdict that a party shall recover only a sum certain or costs or that all relief shall be denied or upon a decision by the judge in open court to like effect, the clerk, in the absence of any contrary direction by the judge, shall make a notation in his minutes of such verdict or decision and such notation shall constitute the entry of judgment for the purposes of these Rules. The clerk shall forthwith prepare, sign, and file the judgment without awaiting any direction by the judge.

In other cases where judgment is rendered in open court, the clerk shall make a notation in his minutes as the judge may direct and such notation shall constitute the entry of judgment for the purposes of these Rules. The judge shall approve the form of the judgment and direct its prompt preparation and filing.

In cases where judgment is not rendered in open court, entry of judgment for the purposes of these Rules shall be deemed complete when an order for the entry of judgment is received by the clerk from the judge, the judgment is filed and the clerk mails notice of its filing to all parties. The clerk's notation on the judgment of the time of mailing shall be prima facie evidence of mailing and the time thereof.

Rule 59

NEW TRIALS; AMENDMENT OF JUDGMENTS

(a) Grounds. A new trial may be granted to all or any of the parties and on all or part of the issues for any of the following causes or grounds: (1) Any irregularity by which any party was prevented from having a fair trial; (2) Misconduct of the jury or prevailing party; (3) Accident or surprise which ordinary prudence could not have guarded against; (4) Newly discovered evidence material for the party making the motion which he could not, with reasonable diligence, have discovered and produced at the trial; (5) Manifest disregard by the jury of the instructions of the court; (6) Excessive or inadequate damages appearing to have been given under the influence of passion or prejudice; (7) Insufficiency of the evidence to justify the verdict or that the verdict is contrary to law; (8) Error in law occurring at the trial and objected to by the party making the motion, or (9) Any other reason heretofore recognized as grounds for new trial. On a motion for a new trial in an action tried without a jury, the court may open the judgment if one has been entered, take additional testimony, amend findings of fact and conclusions of law or make new findings and conclusions, and direct the entry of a new judgment.

(b) Time for Motion. A motion for a new trial shall be served not later than 10 days after entry of the judgment.

(c) Time for Serving Affidavits. When a motion for new trial is based upon affidavits they shall be served with the motion. The opposing party has 10 days after such service within which to serve opposing

NOTE: This Act is not effective until July 1, 1969.

affidavits, which period may be extended for an additional period not exceeding 20 days either by the court for good cause shown or by the parties by written stipulation. The court may permit reply affidavits.

(d) On Initiative of Court. Not later than 10 days after entry of judgment the court of its own initiative, on notice to the parties and hearing, may order a new trial for any reason for which it might have granted a new trial on motion of a party, and in the order shall specify the grounds therefor.

(e) Motion to Alter or Amend a Judgment. A motion to alter or amend the judgment under Section (a) of this Rule shall be served not later than 10 days after entry of the judgment.

Rule 60

RELIEF FROM JUDGMENT OR ORDER

(a) Clerical Mistakes. Clerical mistakes in judgments, orders or other parts of the record and errors therein arising from oversight or omission may be corrected by the judge at any time on his own initiative or on the motion of any party and after such notice, if any, as the judge orders. During the pendency of an appeal, such mistakes may be so corrected before the appeal is docketed in the appellate division, and thereafter while the appeal is pending may be so corrected with leave of the appellate division.

(b) Mistakes; Inadvertence; Excusable Neglect; Newly Discovered Evidence; Fraud, etc. On motion and upon such terms as are just, the court may relieve a party or his legal representative from a final judgment, order, or proceeding for the following reasons: (1) mistake, inadvertence, surprise, or excusable neglect; (2) newly discovered evidence which by due diligence could not have been discovered in time to move for a new trial under Rule 59(b); (3) fraud (whether heretofore denominated intrinsic or extrinsic), misrepresentation, or other misconduct of an adverse party; (4) the judgment is void; (5) the judgment has been satisfied, released, or discharged, or a prior judgment upon which it is based has been reversed or otherwise vacated, or it is no longer equitable that the judgment should have prospective application; or (6) any other reason justifying relief from the operation of the judgment. The motion shall be made within a reasonable time, and for reasons (1), (2) and (3) not more than one year after the judgment, order, or proceeding was entered or taken. A motion under this Section does not affect the finality of a judgment or suspend its operation. This Rule does not limit the power of a court to entertain an independent action to relieve a party from a judgment, order, or proceeding, or to set aside a judgment for fraud upon the court. The procedure for obtaining any relief from a judgment order or proceeding shall be by motion as prescribed in these Rules or by an independent action.

(c) Judgments Rendered by the Clerk. The clerk may, in respect of judgments rendered by himself, exercise the same powers authorized in

NOTE: This Act is not effective until July 1, 1969.

Sections (a) and (b). The judge has like powers in respect of such judgments. Where such powers are exercised by the clerk, appeals may be had to the judge in the manner provided by law.

Rule 61

HARMLESS ERROR

No error in either the admission or exclusion of evidence and no error or defect in any ruling or order or in anything done or omitted by any of the parties is ground for granting a new trial or for setting aside a verdict or for vacating, modifying, or otherwise disturbing a judgment or order, unless refusal to take such action amounts to the denial of a substantial right.

Rule 62

STAY OF PROCEEDINGS TO ENFORCE A JUDGMENT

(a) Automatic Stay; Exceptions—Injunctions and Receiverships. Except as stated herein, no execution shall issue upon a judgment nor shall proceedings be taken for its enforcement until the expiration of 10 days after its entry. Unless otherwise ordered by the court, an interlocutory or final judgment in an action for an injunction or in a receivership action shall not be stayed during the period after its entry and until an appeal is taken or during the pendency of an appeal. The provisions of Section (c) govern the suspending, modifying, restoring, or granting of an injunction during the pendency of an appeal.

(b) Stay on Motion for New Trial or for Judgment. In its discretion and on such conditions for the security of the adverse party as are proper, the court may stay the execution of or any proceedings to enforce a judgment pending the disposition of a motion for a new trial or to alter or amend a judgment made pursuant to Rule 59, or of a motion for relief from a judgment or order made pursuant to Rule 60, or of a motion for judgment made pursuant to Rule 50, or of a motion for amendment to the findings or for additional findings made pursuant to Rule 52(b).

(c) Injunction Pending Appeal. When an appeal is taken from an interlocutory or final judgment granting, dissolving, or denying an injunction, the court in its discretion may suspend, modify, restore, or grant an injunction during the pendency of the appeal upon such terms as to bond or otherwise as it considers proper for the security of the rights of the adverse party.

(d) Stay Upon Appeal. When an appeal is taken, the appellant may obtain a stay of execution, subject to the exceptions contained in Section (a), by proceeding in accordance with and subject to the conditions of G. S. 1-289, G. S. 1-290, G. S. 1-291, G. S. 1-292, G. S. 1-293, G. S. 1-294, and G. S. 1-295.

When stay is had by giving supersedeas bond, the bond may be given at or after the time of filing the notice of appeal or of procuring the order allowing the appeal as the case may be, and stay is then effective when the supersedeas bond is approved by the court.

NOTE: This Act is not effective until July 1, 1969.

(e) Stay in Favor of North Carolina or Agency Thereof. When an appeal is taken by the State of North Carolina or an officer in his official capacity or agency thereof or by direction of any department or agency of the State of North Carolina and the operation or enforcement of the judgment is stayed, no bond, obligation, or other security shall be required from the appellant.

(f) Power of Appellate Court Not Limited. The provisions of this Rule do not limit any power of an appellate court or of a judge or justice thereof to stay proceedings during the pendency of an appeal or to suspend, modify, restore, or grant an injunction during the pendency of an appeal or to make any order appropriate to preserve the status quo or the effectiveness of the judgment subsequently to be entered.

(g) Stay of Judgment as to Multiple Claims or Multiple Parties. When a court has ordered a final judgment under the conditions stated in Rule 54(b), the court may stay enforcement of that judgment until the entering of a subsequent judgment or judgments and may prescribe such conditions as are necessary to secure the benefit thereof to the party in whose favor the judgment is entered.

Rule 63

DISABILITY OF A JUDGE

If by reason of death, sickness, or other disability, a judge before whom an action has been tried is unable to perform the duties to be performed by the court under these Rules after a verdict is returned or findings of fact and conclusions of law are filed, then those duties may be performed: (1) In actions in the superior court by the judge senior in point of continuous service on the superior court regularly holding the courts of the district. If such judge is himself under a disability, then the resident judge of the district senior in point of service on the superior court may perform those duties. If a resident judge, while holding court in his own district suffers disability and there is no other resident judge of the district, such duties may be performed by a judge of the superior court designated by the Chief Justice of the Supreme Court. (2) In actions in the district court, by the chief judge of the district, or if the chief judge is disabled, by any judge of the district court designated by the Director of the Administrative Office of the Courts.

If the substituted judge is satisfied that he cannot perform those duties because he did not preside at the trial or for any other reason, he may in his discretion grant a new trial.

Rule 65

INJUNCTIONS

(a) Preliminary Injunctions; Notice. No preliminary injunction shall be issued without notice to the adverse party.

(b) Temporary Restraining Order; Notice; Hearing; Duration. A temporary restraining order may be granted without notice to the adverse party if it clearly appears from specific facts shown by affidavit or by verified complaint that immediate and irreparable injury, loss, or damage will result to the applicant before notice can be served and a hearing had thereon. Every temporary restraining order granted without notice shall be endorsed with the date and hour of issuance; shall be filed forthwith in the clerk's office and entered of record; shall define the injury and state why it is irreparable and why the order was granted without notice; and shall expire by its terms within such time after entry, not to exceed 10 days, as the judge fixes, unless within the time so fixed the order, for good cause shown, is extended for a like period or unless the party against whom the order is directed consents that it may be extended for a longer period. The reasons for the extension shall be entered of record. In case a temporary restraining order is granted without notice and a motion for a preliminary injunction is made, it shall be set down for hearing at the earliest possible time and takes precedence over all matters except older matters of the same character; and when the motion comes on for hearing, the party who obtained the temporary restraining order shall proceed with a motion for a preliminary injunction, and, if he does not do so, the judge shall dissolve the temporary restraining order. On two days' notice to the party who obtained the temporary restraining order without notice or on such shorter notice to that party as the judge may prescribe, the adverse party may appear and move its dissolution or modification and in that event the judge shall proceed to hear and determine such motion as expeditiously as the ends of justice require. Damages may be awarded in an order for dissolution as provided in Section (e).

(c) Security. No restraining order or preliminary injunction shall issue except upon the giving of security by the applicant, in such sum as the judge deems proper, for the payment of such costs and damages as may be incurred or suffered by any party who is found to have been wrongfully enjoined or restrained. No such security shall be required of the State of North Carolina or of any county or municipality thereof, or any officer or agency thereof acting in an official capacity, but damages may be awarded against such party in accord with this Rule. In suits between spouses relating to support, alimony, custody of children, separation, divorce from bed and board, and absolute divorce no such security shall be required of the plaintiff spouse as a condition precedent to the issuing of a temporary restraining order or preliminary injunction enjoining the defendant spouse from interfering with, threatening, or in any way molesting the plaintiff

NOTE: This Act is not effective until July 1, 1969.

spouse during pendency of the suit, until further order of the court, but damages may be awarded against such party in accord with this Rule.

A surety upon a bond or undertaking under this Rule submits himself to the jurisdiction of the court and irrevocably appoints the clerk of the court as his agent upon whom any papers affecting his liability on the bond or undertaking may be served. His liability may be enforced on motion without the necessity of an independent action. The motion and such notice of the motion as the court prescribes may be served on the clerk of the court, who shall forthwith mail copies to the persons giving the security and the sureties thereon if their addresses are known.

(d) Form and Scope of Injunction or Restraining Order. Every order granting an injunction and every restraining order shall set forth the reasons for its issuance; shall be specific in terms; shall describe in reasonable detail, and not by reference to the complaint or other document, the act or acts enjoined or restrained; and is binding only upon the parties to the action, their officers, agents, servants, employees, and attorneys, and upon those persons in active concert or participation with them who receive actual notice in any manner of the order by personal service or otherwise.

(e) Damages on Dissolution. An order or judgment dissolving an injunction or restraining order may include an award of damages against the party procuring the injunction and the sureties on his undertaking without a showing of malice or want of probable cause in procuring the injunction. The damages may be determined by the judge, or he may direct that they be determined by a referee or jury.

Rule 68

OFFER OF JUDGMENT AND DISCLAIMER

(a) Offer of Judgment. At any time more than 10 days before the trial begins, a party defending against a claim may serve upon the adverse party an offer to allow judgment to be taken against him for the money or property or to the effect specified in his offer, with costs then accrued. If within 10 days after the service of the offer the adverse party serves written notice that the offer is accepted, either party may then file the offer and notice of acceptance together with proof of service thereof and thereupon the clerk shall enter judgment. An offer not accepted within 10 days after its service shall be deemed withdrawn and evidence of the offer is not admissible except in a proceeding to determine costs. If the judgment finally obtained by the offeree is not more favorable than the offer, the offeree must pay the costs incurred after the making of the offer. The fact that an offer is made but not accepted does not preclude a subsequent offer.

(b) Conditional Offer of Judgment for Damages. A party defending

NOTE: This Act is not effective until July 1, 1969.

against a claim arising in contract or quasi contract may, with his responsive pleading, serve upon the claimant an offer in writing that if he fails in his defense, the damages shall be assessed at a specified sum; and if the claimant signifies his acceptance thereof in writing within 20 days of the service of such offer, and on the trial prevails, his damages shall be assessed accordingly. If the claimant does not accept the offer, he must prove his damages as if the offer had not been made. If the damages assessed in the claimant's favor do not exceed the sum stated in the offer, the party defending shall recover the costs in respect to the question of damages.

Rule 68.1

CONFESSION OF JUDGMENT

(a) For Present or Future Liability. A judgment by confession may be entered without action at any time in accordance with the procedure prescribed by this Rule. Such judgment may be for money due or for money that may become due. Such judgment may also be entered for alimony or for support of minor children.

(b) Procedure. A prospective defendant desiring to confess judgment shall file with the clerk of the superior court as provided in Section (c) a statement in writing signed and verified by such defendant authorizing the entry of judgment for the amount stated. The statement shall contain the name of the prospective plaintiff, his county of residence, the name of the defendant, his county of residence, and shall concisely show why the defendant is or may become liable to the plaintiff.

If either the plaintiff or defendant is not a natural person, for the purposes of this Rule its county of residence shall be considered to be the county in which it has its principal place of business, whether in this State or not.

(c) Where Entered. Judgment by confession may be entered only in the county where the defendant resides or has real property or in the county where the plaintiff resides but the entry of judgment in any county shall be conclusive evidence that this Section has been complied with.

(d) Form of Entry. When a statement in conformity with this Rule is filed with the clerk of the superior court, the clerk shall enter judgment thereon for the amount confessed, and docket the judgment as in other cases, with costs, together with disbursements. The statement, with the judgment, shall become the judgment roll.

(e) Force and Effect. Judgments entered in conformity with this Rule shall have the same effect as other judgments except that no judgment by confession shall be held to be res judicata as to any fact in any civil action except in an action on the judgment confessed. When such judgment is for alimony or support of minor children, the failure of the defendant to make any payments as required by such judgment shall subject him to such penalties as may be adjudged by the court as in any other case of contempt of its orders. Executions may be issued and enforced in the same manner as upon other judgments. When the full amount of the judgment is not all due, or is payable in installments, and

NOTE: This Act is not effective until July 1, 1969.

the installments are not all due, execution may issue upon such judgment for the collection of such sums as have become due and shall be in usual form. Notwithstanding the issue and satisfaction of such execution, the judgment remains as security for the sums thereafter to become due; and whenever any further sum becomes due, execution may in like manner be issued.

Rule 70

JUDGMENT FOR SPECIFIC ACTS; VESTING TITLE

If a judgment directs a party to execute a conveyance of land or to deliver deeds or other documents or to perform any other specific act and the party fails to comply within the time specified, the judge may direct the act to be done at the cost of the disobedient party by some other person appointed by the judge and the act when so done has like effect as if done by the party. On application of the party entitled to performance, the clerk shall issue a writ of attachment or sequestration against the property of the disobedient party to compel obedience to the judgment. The judge may also in proper cases adjudge the party in contempt. If real or personal property is within the State, the judge in lieu of directing a conveyance thereof may enter a judgment divesting the title of any party and vesting it in others and such judgment has the effect of a conveyance executed in due form of law. When any order or judgment is for the delivery of possession, the party in whose favor it is entered is entitled to execution upon application to the clerk upon payment of the necessary fees.
